Humanity Demands You to Act

YOUR HEALTH—
YOUR COMFORT—
YOUR CONVENIENCE—

All call for every possible precaution on our part to protect your coal supply for this winter.

We have done and are doing everything we can to protect you, but just consider this one problem:

In normal times it takes 4 or 5 days to ship a car of coal from the mines to our yards. In these abnormal times it is often 4, 5 and 6 weeks to come the same distance. With additional transportation difficulties in winter there is no telling how long it is going to take.

Coal is bulky—Coal is hard to handle—it costs money to store coal and storage facilities are lacking.

In thousands of homes—this very minute—there are empty storage bins.

If there is one in your home help now by putting in as much coal as you possibly can.

THE PEAK LOAD ON THE FARM

Plowing takes the biggest power plant in the United States 25,000,000 farm horses and mules. Yet they don't furnish power enough.

The ideal plowing season is too short. Land plowed at just the right time yields more profit. But the farmer already has all the horses he can afford. Even including the plowing season they average only three hours' work a day.

Adding still more horses to profit by ideal conditions would simply mean feeding them in idleness for fifty weeks—loss instead of gain.

Here is where the tractor fits in.

On the average farm it doesn't replace horses. The horse is too handy for every-day work. But when rush work means extra profits the tractor helps the horse, and together they swing the "peak load."

The wise farmer has learned the economy of having an auxiliary power plant. The combination proves cheaper than either horses or tractor alone.

Extreme cold days produce peak loads, too, right here in Cleveland. Even if it were possible to supply all the gas that could be used for heating at such times, the added cost of the necessary equipment would make Gas Service much more expensive and thus outweigh the advantages.

The economical way to heat homes, considering it the year 'round, is to have both Gas Service and auxiliary heating appliances. You will find the combination a cheap, convenient and complete protection against discomfort.

Our experts will gladly give you free advice on heating appliances.

Food Drying a Patriotic Duty

The National Emergency Food Garden Commission in their Manual for 1917 writes that "drying vegetables and fruits for winter use is one of the vital national needs of war time. As a national need it becomes a patriotic duty."

This is the season when foods for drying are abundant, beets, carrots, beans, corn, peaches, pears, apples, etc. The Harvey Evaporator is the easiest and most efficient method. Just prepare your food as directed—the evaporator does the work. Placed over a pan on one burner of the range, the food does not require constant watching and cannot burn. We have a complete demonstration of the many requirements for successful Evaporating and Canning, and our Demonstrator is prepared to answer your questions or offer suggestions and supply you with the Manual of the National Emergency Food Garden Commission. Five thousand of these have been furnished us by the U. S. Government for Distribution.

The Supply of Linen in This Country is Dwindling

Cotton may take the place of flax—but it will be an enforced substitution made necessary by the scarcity of flax. Cotton will never equal flax for certain uses. It hasn't the tensile strength it hasn't the silky lustre nor the mellow richness of flax.

No need for you to violate traditions by using cotton napery instead of linen—not while you may buy linen at these prices:

Pattern cloths, 2x2 yards, value $4.50, at $3.75
Pattern cloths, 2x2½ yards, value $5.50, at $4.45
Pattern cloths, 2x3 yards, value $6.50, at $5.29

REV. BRIGHT RETURNED TO WILLOUGHBY. OTHER CONFERENCE APPOINTMENTS

The recent session of the Northeastern Ohio conference of the Methodist Episcopal church, which convened at Warren, Ohio, came to a close last Monday at noon when Bishop McDowell, the presiding bishop, read the appointments which involved about two hundred ministers.

Revs. L. O. Eldridge, O. J. Moore and J. R. Jacobs, former pastors at Willoughby, were returned to Clyde, O., Wooster, O., and Wellsville, O., respectively. Rev. H. E. Bright has been returned to Willoughby for the third year. Rev. Q. E. Miller, formerly pastor of the First church, East Liverpool, O., was appointed to the Youngstown district and Rev. C. W. Danford, just closing his term of six years in the Youngstown district, was appointed to the Barnesville district. W. W. Deiterich is returned to Painesville and P. B. Schaffner to Mentor and Little Mountain, and T. F. Phillips to Mentor and Mentor Plains. H. E. Bright goes back to Willoughby and C. H. Stocking to Willoughby Ridge. E. W. Morton is retained at Delaware. W. S. Baker remains at Madison and F. R. Brown at Perry. W. B. Winters, former Painesville pastor, is still in Elyria.

The session of the conference was distinctive in that Dr. S. Parks Cadman of Brooklyn, N. Y., was present and delivered four splendid lectures. It is possible that he may return next year.

Conference Sabbath Rev. Bright assisted in the dedication of the new church at Kinsman. Rev. Bright served this charge for five years.

The people of Willoughby were pleased with the message of Rev. J. J. Dunbar last Sabbath morning.

ANNUAL INSPECTION WILLOUGHBY O. E. S. EMBRACES MANY INTERESTING FEATURES

The annual inspection of Willoughby Chapter O. E. S. occurred Wednesday evening at Masonic hall. Mrs. Maud Gilmer of Niles, O., the Worthy Grand Matron of the state of Ohio, was the inspecting officer. Members and guests numbering possibly 100, were in attendance.

The evening was one of enjoyment and instruction. The pleasure of the occasion was further enhanced by two solos by Miss Wasson, and also by the serving of dainty refreshments.

The Worthy Patron, Mr. Henry Sandburg, presented the Grand Matron with a Wallace Nutting picture in behalf of Willoughby Chapter. The degrees were conferred upon two candidates.

Mrs. Briggs, Mrs. Kirby and Mrs. Conley were an efficient committee on the refreshments.

MRS. COULBY PRESENTED WITH PIN BY CIRCLE

Much feeling was evinced by both the recipient and the doner, Friday last, when Mrs. Harry Coulby was presented with a beautiful pin by the Wickliffe Red Cross circle. The pin has the word "Wickliffe" with a Red Cross "1917," suspended. It is both dainty and beautiful. The work was done by Mr. Atwood, of Willoughby. Many speeches had been planned by the ladies of the Wickliffe Branch, to express their appreciation of Mrs. Coulby's cooperation, but none, it is reported, were made. The large heartedness that Judge Reynolds mentioned at the meeting in Painesville, Monday, just overflowed for a few minutes, and the set speeches were forgotten.

SON OF KIRTLAND HOTEL PROPRIETOR IN RAILWAY ACCIDENT.

Word was received this week to the effect that Thos. H. Brewster, son of Mrs. Brewster, of the Kirtland hotel, lost his right leg in a railway accident at Wheeling, W. Va., Tuesday. Mrs. Brewster went on to Wheeling at once, and he is doing well in the Glendale hospital there.

Mr. and Mrs. E. P. Hunt, former owners of the Coulby property at Wickliffe, visited the Red Cross circle at the Bay Tree House Friday last. They found a most industrious colony of workers there. Miss Julia Clark, old time friend of Mrs. Hunt, and well known Wickliffe resident is in the hospital at Cleveland, suffering from injuries sustained at the Geiger home from a fall upon the stairway. Mrs. Clark is now eighty years of age.

AUTOMOBILE ACCIDENT

John Flood, of Second street, was seriously injured when he was struck by an automobile Tuesday on Erie street at Second. He was attended by Dr. Kenning, who reports that Mr. Flood was quite seriously injured, but that it is likely no internal injuries occurred.

ATHLETIC CLUB ELECTS OFFICERS AT HIGH SCHOOL

Reed Fairley, senior class, was elected president of the athletic club at a meeting at the school, at which Prof. Otis presided, Wednesday morning. Elsie Spaller was elected vice-president. John Clair was nominated for secretary. Membership of 70 was recorded last year and most enthusiastic start has been made this year. The excellent care that the class has taken of the uniforms and the equipment received favorable mention. The club has been using the municipal field, and going ahead with their activities as usual although some changes have occurred. The absence of Wells and Wilbur is keenly felt. A great deal of enthusiasm has been evinced, and an excellent start for the year made.

Lake county Sunday school convention will be held in the Wickliffe church Friday, Sept. 28.

AMERICAN CLAY FOREMAN DIES SUDDENLY

Frank Kelley of Vine street, plate shop foreman at the American Clay passed away suddenly Wednesday night. Mr. Kelley worked as usual Wednesday, but had not been well for some time. Wednesday evening he called to see Dr. Tanner and starting home in Ernie Abbott's machine passed away before arriving there.

Mr. Kelley had been employed by the American Clay since 1903, and was highly esteemed by the company. Together with his son John, he had charge of the plating department, coming from Erie from a similar department there.

WICKLIFFE RED CROSS CIRCLE ENJOYS LUNCHEON

The Friday all day session of the Wickliffe Red Cross Circle was interrupted in a most pleasant manner, on the last occasion by a little luncheon. The luncheon was planned by Mrs. Coulby and carried out on a simple plan.

The ladies were asked to rise. The luncheon had been set forth on one of the large display work tables in self serve fashion, napkins first, trays, and the refreshments. A Victrola, unknown to the ladies had been concealed in one corner of the room. When the workers rose, "Tipperary" was struck up by Mrs. Squires on the phonograph, and to that tune they marched to the luncheon tables.

The small sewing tables were covered with new papers, and hot coffee and ice cream passed by help from the Coulby home.

LADIES' SOCIETIES TO HAVE JOINT MEETING

A meeting of all the officers of the Ladies Aid Society of the Methodist church will take place at the parsonage Monday. The gathering will also include the officers of the Foreign and Home Missionary Societies. Plans for holding joint meetings of the three societies each month, instead of separate, will be discussed.

MENTOR SCHOOL HAS AUSPICIOUS OPENING LIST OF TEACHERS

The Mentor Village schools began September 10, with much enthusiasm and interest. The teachers are: L. V. Mills, principal; Arline Rush, assistant and 8th grade; Edith E. Searles, 5th, 6th and 7th grades; N. Ethel Williams, 3rd and 4th grades; Mrs. Mabel M. Traver, 1st and 2nd grades; W. N. Cluney, music; Bessie Zanter, domestic science; Thomas Taylor, manual training. Miss Rush, Mrs. Traver and Mr. Taylor are the new teachers.

Miss Rush is a graduate of College for Women, class 1917, and lives at Wickliffe. Mrs. Traver, who lives at Willoughby, is a teacher well and favorably known in the county. Mr. Taylor was supervisor of wood work at Case School for several years.

The enrollment is as follows:

High school, 23; 8th grade, 8; 7th grade, 8; 6th grade, 11; 5th grade, 16; 4th grade, 22; 3rd grade, 14; 2nd grade, 13; 1st grade, 20, with a total of 138.

A carefully planned course of industrial training or hand work has been provided for. In the lower grades are clay modeling, paper folding and cutting, raffia work, sewing, weaving, etc. Domestic science and manual training under special teachers begins with the 7th grade and extends through the high school course.

The Mentor village schools were given first premium on the best exhibit of wood work at the recent county fair.

The board of education is as follows: T. D. Morley, president; L. H. Johnson, vice president; J. R. Roberts, Louis Merkel, C. P. Quigley, L. V. Mills, clerk.

The schools are under the supervision of County Superintendent F. H. Kendall and District Superintendent Fred Wood.

The enrollment at the Willoughby schools this year [illegible] the attendance increasing 132 pupils in the high school, eight in the normal, seventh grade, 36; sixth grade, 34; fifth grade, 39; fourth, 43; 37 in the third; 45 in the second, and sixty-one in the first. The largest [illegible] grade is [illegible] was 3[illegible]

There is an unusually large attendance of township pupils, especially from Wickliffe. The grade enrollment for this year numbers 363. Mrs. Viall has two grades, covering 45 in number. The present senior class numbers 19. The freshmen, or incoming class, includes 48, the largest in a number of years. The actual high school attendance is lower than one year ago.

WICKLIFFE PROMISES TO BE GOOD PACE MAKER IN RED CROSS ATTENDANCE CHALLENGE

Wickliffe may be little, but it promises to be an awfully good pace maker in the Red Cross attendance challenge which it expects to issue to the state. Further particulars will be given later.

THE ANDREWS SCHOOL TRUSTEES HOLD ADJOURNED MEETING AT STATLER

An adjourned regular meeting of the board of trustees of the Andrews Institute for Girls was held in the Hotel Statler Wednesday afternoon. Those present were A. H. Van Gorder, president, Hon. H. J. Emerson, Hon. W. J. Carmichael, E. N. Whitcomb, G. C. St. John, H. F. Kennedy, secretary, also H. F. Hammar, attorney for the Institute, S. S. Wilson, general manager, and S. D. Shankland, superintendent. Absent, Governor James M. Cox.

After the regular routine business, including the reading of reports of officers and minutes by the secretary were disposed of, the financial matters of the New York Steam company and its allied interests were discussed. Reports were read to the effect that the plan as offered by Mr. Goff was in process of being carried out and is now nearly completed. While all were loath to invest more money in the Steam company it seemed necessary to safeguard the large holdings represented in these companies.

It is expected that Mr. F. G. Stevenson of the Independent order of Foresters and his associates will complete the arrangements as previously agreed.

Minor matters were taken up and disposed of relative to the school's interest in the Jersey Meadow lands opposite New York city and also an apartment house on Elton avenue.

MAN INJURED AT CLEVELAND CRANE PLANT

Hugh Masterson met with a serious accident at the Cleveland Crane and Engineering Co. plant, Tuesday, when his left arm was taken off by a crane. Le Davis' ambulance took him to the Charity hospital. Mr. Masterson was a former resident of Vine street, Willoughby.

ROLF BROWN MEETS INJURY

Rolf Brown was thrown from his wagon Tuesday morning while making a turn at Maple street. The shafts of a second wagon attached to the one he was driving flew and struck him, throwing him to the ground. His nose was broken and other slight injuries received.

MENTOR HAS A NEW FIRE ENGINE

Mentor is the proud possessor of a new fire engine. It is a Ford chemical wagon, delivery having been made last week. Arrangements are being made to build a fire station and organize a fire company. The engine is now being kept in the town hall.

WOMAN OF NATIONAL INTEREST VISITS WILLOUGHBY

A woman of national interest visited Willoughby Monday when Mrs. Blanche VanLeuven Browne stopped at the Crowther garage for half a day. Interest in Mrs. Browne arises from the fact that crippled herself when a child by an attack of infantile paralysis, by the drugless method and ceaseless work upon the part of her mother, she was restored the use of her limbs and hands; and that later, although then herself deformed, she started a school for crippled children in Detroit which has become of national prominence. Due to her belief that cripples should not be operated upon, Mrs. Browne has severed her connection with the school she started, and is now on her way to a farm on the Hudson which has been donated by wealthy interests for her use.

Mrs. Browne has adopted as her own nine crippled children. They were with her in Willoughby, and two were unable to leave the machine. Mrs. Browne was at the Roycroft convention in July, at which time she addressed a large assemblage in the music room at The Roycroft Inn.

FAREWELL DINNER PARTY FOR DAN FLICKINGER GIVEN

A family dinner party was given at the home of Mrs. S. S. Clark, Cleveland Heights, Tuesday night, to welcome Dan Flickinger, and wish him God speed to France. Mrs. Flickinger received a telegram Saturday to the effect that her son had been called to France. She left immediately to see him, enroute from Fort Leavenworth, for a few hours at Indianapolis. By special permission, he stopped in Cleveland for a few hours to meet his relatives. He is First Lieutenant in the regular army, and was recently assigned to a regiment assembling at a point near New York.

WILLOUGHBY RED CROSS WORK

Mrs. W. J. Carmichael delivered a quantity of finished work to Painesville Saturday. It included 42 suits of pajamas, 33 dozen 9 inch compresses and 18 dozen surgical sponges.

UNION CLUB IMPROVES QUARTERS MEMBERSHIP TO BE INCREASED

At the regular meeting of the Union club it was decided to maintain the present quarters of the club and not to make a change in location as was previously debated. The present rooms will be remodeled and painted, making it very cosy and comfortable for its members' use this winter.

In view of the fact that quite a number of the club's member have enlisted, it was decided that the club solicit desirable members for the organization and Messrs. Cottrell, Kirk, Munger, Bratt and Kriss were appointed on that committee for the term ending Dec. 31, 1917.

Mr. J. E. Chesbro was elected to fill the vacancy of Mr. J. Katz, the former vice president. Jack Girard was elected secretary and treasurer upon the resignation of Mr. Chas. Brandenberger, who has accepted a position out of town.

The next regular meeting will be held Tuesday, Oct. 2, 1917.

LAKE COUNTY RED CROSS ELECTS OFFICERS. CHANGE IN DATE OF ANNUAL MEETING

The Lake county Red Cross organization held a meeting at the old town hall in Painesville, at 3 p. m. Monday afternoon. Judge Reynolds, who has held the office of chairman, stated that it was impossible for him to serve again. Harry Nolan was finally nominated and accepted, with Mrs. H. B. Knapp as vice chairman, Mr. Wyman treasurer, and Mrs. McLeod secretary. Judge Reynolds congratulated the members on the splendid record shown in Lake county. Membership has now reached 2500. The two ends of the county, Wickliffe and Unionville have vied with each other in their records. He referred to the excellent work done by Mr. Wyman as treasurer. He also mentioned the excellent work of the financial committee and the fact that 89% of the amount subscribed had been paid; whereas in Cleveland only one quarter of the amount subscribed has been paid in.

The annual meeting has been changed to the third Monday in May in order to conform to the date of the annual organization.

The board of directors will be elected and they will then select their officers, in accordance with the custom of business houses. The officers elected Saturday will hold their offices only until May, when the board of directors, which will consist of 12, then elected, will select their officers.

W. J. Gibson Says He Doesn't Need Any Flowers. Small Profits Please Him

TO MY CUSTOMERS:

People say they do not see how I can live, and sell so cheaply, but keep on coming. I will let you know when to send flowers, as I am satisfied with a small profit. Now I have the Shine Mitten duster which is chemically treated. You can dust off your car or household furniture without fear of scratching the varnish, and your car is clean and free from dust. Come in and get one; see it; and if you do not like it, your money is yours. I also have driving gloves at about half what others charge. Do not forget I am selling oils at less than they cost today. I have a full line of bumpers at prices so low you would hardly believe me, but they are yours at the price. In fact I have so many new things I can't tell you here. So come in and see for yourself as I have it, can get it or it isn't made.

HIGH LEVEL BRIGHT UP AGAIN

The matter of bringing up the question of the high level bridge again this fall, was discussed at some length. N. P. Crawford assured the assembly that all feeling in Kirtland against the bridge had been eliminated. It had, in fact, never really existed, he said; the belief prevailing being through a misunderstanding. Kirtland, he continued, would vote for a high level bridge. All was not harmonious however. Between the question of a new school or a high level bridge, there was some little argument. Mr. Van Gorder drew a deduction from the opinions presented that it seemed to be the belief that if we had a high level bridge we couldn't have another school. His inquiry was: why not have both? The sooner we have the bridge he said, the sooner the tax duplicate will increase, so that we may have the school.

ANNUAL OUTING

The time and place for an outing were discussed. Tentative plans seemed to indicate that the Kirtland hotel would be chosen for the place. The time was not decided.

WICKLIFFE TO HAVE AN EPISCOPAL MISSION

Next Sunday afternoon at four o'clock the Episcopal church will open a mission service at Wickliffe, Ohio. A brief survey of the territory has been made and enough families and communicants have been found to warrant starting a mission there. These services will be held every other Sunday for the present and it is hoped that every person in Wickliffe who prefers the Episcopal service or who is a communicant of the Episcopal church will feel it his or her religious duty to support this work heartily.

However, it is not intended that these services shall in any way interfere with the work of the Presbyterian church now in Wickliffe. But rather, it is felt that a church like to Episcopal church which ministers to its people in a somewhat different way will increase the religious energy of the community and help in its growth.

BLOWOUT CAUSES EXCITEMENT

Lucky blowout if a blowout could be called lucky as Hobarts folks were on a motor trip Sunday, week ago, when about 15 miles from home and going at a good rate of speed something like a pistol shot was heard, and near by a man was watering his cow in front of his house and he said he thought the cow would jump over the moon. Well as luck would have it an acquaintance came along with a little Ford and had three extra tires and said he'd lend us one and helped put it on. Now wasn't that a lucky blowout.

Important Changes

Which every prospective purchaser of an automobile must consider, have developed within the last three or four months. Previous to this time one could find a half dozen or more desirable cars offered at a price within easy reach. Not so today.

Dodge Brothers Cars

are practically left alone in this field. Investigation will prove that most of the inferior and formerly low-priced cars now cost as much as a Dodge Brothers. Other really desirable cars have made such sharp advance in price that they are practically out of reach.

After careful thought one must conclude that Dodge Brothers is THE car, and at no advance in price. Touring or Roadster $850.00.

POISON OF ALCOHOL CAUSES DRINK HABIT

NEAL TREATMENT ELIMINATES THIS POISON

Wonderful Results in Three Days at The Neal Institute

Physicians and layman alike who do not know, are very likely to scout the idea that it is possible in three days time for a drinker of long standing to take Neal Treatment and turn away from alcohol and keep away.

Skeptics who investigate, however, immediately become the most earnest advocates of the greatest of all aids for victims to quickly rid themselves of all desire and craving for drink.

The assertion is not only made, but proved, the drink habit, instead of being a disease or inherited affliction, is entirely due to alcoholic poison stored up in the system, the result of excessive and long continued use of intoxicating liquors. Every drink taken puts some poison in the system. When indulgence in drink is frequent or excessive more poison is taken in than Nature can throw off.

This stored-up "dynamo" of poison in the system is what causes that fierce craving and internal gnawing for liquor which everyone thus afflicted thinks can be helped by taking another drink of liquor. That one drink always calls for another and another until the unfortunate person finds himself or herself in the clutches of the drink habit, recognized as the worst affliction of mankind. Lake any person poisoned by some insidious poison he is "sick unto death," and the poison must be moved.

He needs the help that is certain to be found in the Neal Treatment, which consists of the administration by regular physicians who are in constant attendance, of a perfectly harmless vegetale remedy taken internally, with positively no hypodermic injections.

The Cleveland Institute, once the homestead of John D. Rockefeller, is now one of the many similar institutions throughout American, all of which are doing grand work in the cause of better manhood and happier homes.

At the Cleveland Institute guests enjoy all the previleges and comforts of home. Names of patients are never divulged. If you have a friend who drinks to excess, and you would like to help save him from the drink habit, write, wire or phone the Neal Institute 3920 Euclid Ave., Cleveland, Ohio. WANT THE UKELELE

The ukelele and the guitar are becoming more popular and the demand for both instruments is becoming insistent. The McMillin company at 2053 East 9th strtet, Cleveland, is making special bargains in these goods.

During the sale just opened the the McMillin company will sell ukeleles for $4.75 which are valued at $5.75. Guitars may be purchased at the same reduced prices. The McMillin Company is the largest music store in Cleveland and handles the best lines of musical instruments and always at the most reasonable prices.

What is more alluring than a tune on the ukelele, what is more lively than a "song" on the guitar?

And what gives more real pleasure when a happy house party is gathered in a beautiful home than to listen to the combined music on those soul-stirring instruments?

Winter coming on apace. Now is the time to buy your favorite instrument of the McMillins and be fully fortified when guests drop in unexpectedly.

A profane coachman, pointing to one of his horses, said to a traveler, "That horse, sir, knows when I swear at him."

"Yes," replied the traveler, "and so does his Maker."

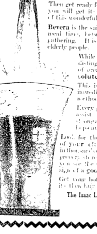
BEVERA
THE DRINK THAT SATISFIES



Watch the Snap and Vim

in every bottle of Bevera as you pour it into a glass.

Then get ready for a real exhilarating drink, for you will get it every time you open a bottle of this wonderful beverage.

Bevera is the suitable drink for any occasion meal time, between meals, or at any social gathering. It is good for young folks and elderly people.

While Bevera has many prominent distinguishing qualities the first is of greatest importance. It is absolutely pure.

This is because of the wholesome ingredients and the sanitary methods used.

Every glass of Bevera you drink will assist materially in keeping you strong and well, because of the barley, hops and distilled water it contains.

Look for the Bevera signs in the stores of your city. They are to be found in thousands of drug stores, soda fountains, grocery stores and confectioneries. When you see the sign you will know it is the sign of a good drink.

Get your bottle today—you will enjoy it—then buy by the box tomorrow.

WARMTH Means HEALTH Plus COMFORT

During the winter days which are coming you will want your home warm and comfortable. A warm comfortable house means HEALTH INSURANCE and adds to the pleasure of your home.

Home heating must be efficient to be satisfactory.

There are many heating devices on the market but we know we can solve your heating problem with a High Efficiency Gas or Coal Furnace the sort that has MADE GOOD.

We also carry the Humphrey Automatic Water Heater and the Pennsylvania Floor Heater.

Oil and Gas Heaters

For the cool fall mornings and evenings before the furnace fires are lighted one of these small stoves is most convenient.

Small enough to carry from room to room, cost of operating either gas or oil heater is very small and there is no dirt or extra labor.

Hot Spot Gas Heaters, grate design, made of heavy steel double top heating radiator produces maximum heat for gas consumed.

The Gas Shortage

WHO IS RESPONSIBLE FOR IT?

The Scientific Heater Company are preparing a booklet upon this subject. It will gladly be mailed to anyone interested for the asking.

Every gas furnace user, every builder, architect, landlord and tenant who use gas or want to use gas for heating should have a copy.

Cleveland should know the truth of this situation. It is high time that this problem should be settled in an efficient scientific way.

Gas is the cheapest, cleanest, most convenient, sanitary and healthful fuel. Cleveland should be able to enjoy gas heating without the worry of a shortage in cold weather.

Drop a postal and get your copy.

HAVING IT OVER WITH

"Wha are you whipping Runt for?" asked Mrs. Johnson. "Wha has he been doing?"

"Nothing that I know of," replied Mr. Gap Johnson of Rumpus Ridge, Ark. "But I'm going to town this evening and he's sure to cut up some devilment before I get back. So I'm just licking him now to have it over with.—Judge.

Does Her Own Housework Since Tanlac Has Built Up Her Run-Down System

"I am now doing my own housework and it doesn't tire me out like it used to," said Mrs. John A. Kozsey, 503 E. 23rd st., in telling what Tanlac did for her after she was all run down.

"I was troubled with my stomach for a long time," she continued. "After meals gas formed on my stomach, which made me feel bloated and uncomfortable. I often had dizzy spells and headaches and sometimes I would have [illegible] spells. My circulation was poor, too, and I had that tired feeling most of the time. No matter how tired I was, however, I couldn't sleep soundly because I was nervous.

"Since taking Tanlac I feel much better. I am not troubled with my stomach, and I don't lie awake nights like I used to. The dizzy spells have disappeared and I feel better all around. Tanlac is certainly a good medicine. I am well please with it."

Tanlac is a purely vegetable tonic made of roots, barks and berries and is especially designed to build up run-down people. If you are in need of a good tonic get it today. It will do for you what it has done for thousands of others.

You can get Tanlac at any good drug store in Cleveland. The Tanlac representative at the Standard Drug's Old Arcade store, 411 Euclid ave., will be glad to explain all about this wonderful tonic to you.—Advt.

Over the Top

Here she comes!

Like a comet out of a clear sky dashes the crack transcontinental limited thunders up with shrieking brakes and a trail of sparks the solid steel Juggernaut halts!

At the foot of the Great Divide—the snow-clad Rockies towering above—this distance-destroyer pauses, panting, balked at last by one of Nature's obstacles.

Every western traveler will remember the outcome—the helper engine hooking on to boost the giant easily over the grade.

The roadway problems have been met and solved by master minds of transportation. But even with the last word in equipment, power and track there must be a helper engine to put the limited over the top.

Now YOUR problem—WINTER COMFORT

In your home you have the most convenient and economical heat in the world—Gas Service.

Yet there comes a time—be it ever so brief—when fierce wintry blizzards fold you and yours in their benumbing grasp.

To "get over the top" of these few record-breaking fits of Nature, have a "helper" heating appliance along WITH your Gas Service. The combination spells comfort AS WELL as economy.

Let our experts help you free of charge with your heating problem.

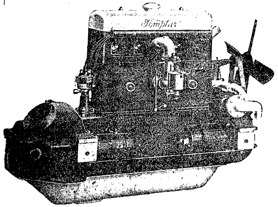
THE MEN IN TEMPLAR MOTORS
WHO THEY ARE AND WHAT THEY ARE DOING



The Templar valve-in-head motor has more GO in it than any other four-cylinder commercial motor ever built

On the Road to Bedford

TEMPLAR SHOWS POWER ON HILLS IN SOUTHERN OHIO

Takes Four Passengers Over St. Clairsville Rise at Minimum Speed of 16 Miles.

Much comment has been heard on the performance of the new Templar over the St. Clairsville hill climb since the first test was made Friday morning. The Templar made the entire climb with four passengers in high gear. The speed was 16 miles an hour at the top.

Rounding the sharpest turns a little slacking up was necessary as the car is able to negotiate sharp turns with little difficulty. The lowest speed in the trip was eight miles per hour, and on every straightway the [illegible] was noticeable.

On the second test, the factory representative, Mr. Ash, accompanied by a News reporter in the Templar, [illegible] the speed was sixteen miles per hour [illegible] When the top was reached the speed was nineteen miles per hour. This second test [illegible] time of [illegible] minutes and thirty-six seconds in climbing the entire distance.

The Templar car is now made in a four-cylinder model, having a design of motor which can be duplicated in no car now made. It was designed after a thorough inspection and trial of all engine models now being built, and is proving one of the most satisfactory now used. With less than 200 cubic inches of piston displacement, it ranks highest in this type car for the accomplishments which it has made. At one time during the above drive, the machine was accelerated from eight to forty miles per hour in a very few seconds, and the ease with which the increased speed was attained was a surprise to those who were riding in the car.—Wheeling Daily News, Sept. 9, 1917.

ASK YOUR BANKER ABOUT THE MEN BACK OF TEMPLAR MOTORS

No matter how good the product it takes men—good men—to make the business of testing that product and marketing it a success.

The men in Templar Motors are already reputedly successful in a big way, and they are in Templar Motors to make Templar Motors the biggest success of all.

It is a rare banker who will take the responsibility of recommending which stocks you buy.

But your banker will tell you and be glad to tell you something of the men in any organization he knows anything about.

And every banker in Cleveland knows something of the men in the Templar Motors Corporation.

TEMPLAR IN NEW YORK AND CHICAGO

The Templar Corporation has opened offices at 1339 Michigan avenue, Chicago, and 20 Broadway, New York.

Prominent Men in West Virginia in Templar Motors

E. T. England, of Wheeling; attorney general of West Virginia, is among the month's new stockholders in Templar Motors.

C. P. Donovan, secretary and treasurer of the Coal River Coal and Coke Company of Huntington, is another prominent West Virginia man who has bought during August.

EX-PACKARD MAN IS MANAGER OF TEMPLAR SHOPS

J. H. Weller, formerly superintendent of the Whitney Manufacturing Company, Hartford, Connecticut, will join the Templar Motors Corporation this month as production manager.

Mr. Weller was assistant to Harry Schepler, at that time manager of the Willys-Overland at Toledo. He was with the Packard Motor Car Company at Detroit for five years, and quit as manager of production for the passenger car division of that company to go to the Whitney people, manufacturers of chains, Woodruff keys, milling machines, etc. Mr. Weller is a graduate of bicycle manufacturing days and was with the Pope Manufacturing Company when they began automobile construction in 1905. He was also superintendent of the Matheson Company for three years.

Mr. Weller will at once start the installation of the equipment in the first unit of the Templar factory.

TEMPLAR MOTORS PASSES $1,000,000 MARK IN STOCK

First Cars on Road, Factory Nearing Completion and Business Good, Says Manager Cooper.

More than one million dollars in stock to 4,000 stockholders is the record of the Templar Motors Corporation in the nine months it has been in business.

The first block of $10 shares was over subscribed $[illegible].

The $11 block was oversubscribed in [illegible] days.

The stock is selling now at $12 a share.

"With cars on the road and reports coming in every day of their really wonderful performance, the first unit of our factory building nearing completion, and the contracts let covering our material up to July 1st, the Templar Motors Corporation may well be said to be an actuality," said W. O. Cooper, Organization Manager, yesterday afternoon.

"We have done no national advertising, but we are getting inquiries every day from all over the United States, from men who want to be Templar dealers. We had them from California, Texas and Alabama on Tuesday. We have them also from New York, Pennsylvania, Kansas, Minnesota, Illinois—probably a total of twenty states, with a natural preponderance in Ohio.

"The first thousand cars we make will go to stockholders only—and though we won't start quarterly production until November, we have sold practically our entire output to March 1st.

"We paid $3000 an acre for our factory site on Madison avenue at Halstead, and have been made a bona fide offer at $6000 an acre—a profit of about $60,000, which naturally we couldn't afford to take."

The Templar Motors Corporation executive and sales offices are 736-737-738 Guardian building. The engineering, purchasing and advertising departments are on the eleventh floor—1130-1131-1132 and 1134.

BIG SIX OWNER DRIVES TEMPLAR; DESIGNATES COUPE

On one of those roads which start at the bottom and go to the top, a Cleveland man was driving a big six touring car when along came a man with a smaller car—a car that had the lines that commanded and got that second look, and the power that took it up with any of them.

That big six owner has bought fourteen cars in the past ten years, and he knows all the cars on the road. He saw that this car was new, brand new, on the market. And he stopped the man who had it. He wanted to drive it, and the two changed wheels.

"It handles prettier than anything I ever sat in," he said, "and power—it's got it and got it strong." He asked for an order blank, and designated the coupe body.

Templar Goes Up Akron North Hill All Way on High

The new Templar was driven over to Akron the other day and that valve-in-head motor pulled up the notorious North Hill on high, at 18 miles an hour at the top.

What makes this place hard climbing is that there's no chance to get a running start.

WONDERFUL POSSIBILITIES IN CAR MAKING, SAYS FINANCIER

Newton Dagg, of Dagg & Conshafter, Chicago and Milwaukee, who has had a wide experience in the financial world, is enthusiastic over the outlook for the automobile manufacturer who is building cars in the medium price class. Mr. Dagg specializes in automobile financing. Coming to America equipped with a broad financial experience gained in Edinburgh and London, he has made himself a power in the financial world here.

"I have unbounded faith in the future of the automobile industry," said Mr. Dagg. "I believe it is still in its infancy.

"There is also an increased demand in foreign countries for the American motor car and it must be vastly greater when the war ends. Russia, Japan, China, South America and all other countries all afford the American motor car manufacturers a market with tremendous possibilities. The manner in which the big banking interests and financial men of the country have taken hold of the automobile industry augurs a bright future for the wide-a-wake manufacturer, who makes liberal use of newspaper space and has an efficient organization.

"I have in mind a motor car manufacturer who has on the books orders for 5,500 cars more than they will be able to deliver before January, 1918."—Pittsburg Commercial Gazette, August 26.

WAR OPENS UP NEW FIELD FOR CARS, SAYS JAPANESE; TAKES TEMPLAR

Because he saw a Templar on the street and liked the lines and the sound of the motor, a foreigner got in connection with the driver with the result that the Templar Motors Corporation has established connections with its first over-sea agency.

The foreigner, who by the way is Japanese, says that the demand for American cars is heavy at all times, but that formerly the demand has been for the two extremes in price—as low as they make them and as high as they make them.

"But times have changed," he says. "The war has put lots of money into the hands of the middle class people, opening a new market. They want cars—good looking and durable cars, but at a medium price. I have just what they want in the Templar."

He was promised a car during the holidays.

TWENTIETH YEAR—NO. 35. WILLOUGHBY, O., SEPTEMBER 28, 1917. ONE DOLLAR A YEAR IN ADVANCE

C. P. & E. OFFICIAL CHOSEN FOR ELECTRIC PACKAGE MANAGER

At a meeting of the directors of the C. P. and E. Monday the resignation of Mr. J. Jordan, as vice president and general manager of the road, was accepted. The resignation will go into effect October 1st. At that time Mr. Jordan will assume his new duties as general manager and treasurer of the Electric Package Co. Mr. Hyman, former manager of the Electric Package, resigned suddenly with the intention of going to California, and Mr. E. W. Moore thereupon requested Mr. Jordan to take the position and he accepted. Mr. Jordan has witnessed many changes around the C. P. and E. station and in Willoughby since coming here. The road was only a year old when he arrived and business was conducted in a residence near the present station, the latter site then being occupied by the Ward home, and occupied by Mrs. Williams. Mr. Jordan planned and designed the present station, which was built eight years ago this fall.

Mr. Jordan has made many friends during his twenty years connection with the road and relations with the company and the public have always been most pleasure.

He is succeeded by Mr. W. H. Douglas, who was appointed vice president and general manager at the same meeting at which the resignation of Mr. Jordan was accepted. Mr. Douglas comes from Akron, where he acted as superintendent of the Northern Ohio Traction and Light Co.

LOCAL BOYS LEAVE FOR CAMPS

All the Painesville stores closed from 10 to 1 o'clock Wednesday when the Co. M boys left. A parade headed by Judge Reynolds and Harry Nolan, representing the Red Cross, and Mayor Huntington, representing the city, was a rousing feature. About 500 automobiles brought up the rear.

The Willoughby boys leaving included:

Co. M., 5th Infantry
Llewellyn P. Barbour, Aloysius Bauman, Willard J. E. Daniels, George Federius, Thomas R. Milliken, Thomas McGee, John Polly, Carl W. Roberts, John D. Spindle, Verne Wilbur, Joe. Ginley.

The train bearing the boys passed through Willoughby at 1:10 Wednesday.

LOCAL EASTERN STARS VISIT CLEVELAND

A number of local Eastern Stars to the number of twelve or fourteen attended the Woodland Chapter Wednesday evening evening, when past matrons and patrons of the association of District No. 3 exemplified the work of the Mystic Tie. It was very beautifully done.

Mrs. Harry Hall of Nottingham, and Mrs. Cora Gaines Carrel of Willoughby, were guests of honor.

ASTER BED BRINGS RETURN

An aster bed planted by Lyman E. Wightman this spring has brought him financial returns, as well as affording much pleasure to his many friends. This was not a good year for asters and out of a bed of 300 Mr Wightman raised 100. Out of the plants and blooms sold he realized $22.00. The bed covered an 8x12 space. Mr. Wightman is endeavoring to figure out how much he would have realized if he had planted an acre.

WILLOUGHBY HAS WAR BRIDE

It is believed that Willoughby's first war bride is Miss Mamie Daniels, who has been employed at the home of Mrs. Cora Gaines Carrel. Miss Daniels was married at the Congregational Parsonage in Painesville Saturday to Mr. Archie Scott. Wednesday Mr. Scott left for Alabama. He is ranked as sergeant and serves as chief cook of Co. "E."

WICKLIFFE FOLKS ASKED TO HAVE MAGAZINES AND NEWSPAPERS READY.

Arrangements are made to call for the magazines and newspapers which the Red Cross are collecting, Monday, October 1st. It is requested that the reading matter be tied and bundled, and placed upon the porches. Telephone Mrs. Honeywell for conveyance to call.

BOOKS FOR THE SOLDIER BOYS

Everyone knows what it is to want something to read. Mostly everyone here can gratify that desire very easily. The newspapers come regularly. The library is accessible; magazines are numerous and readily obtained.

But, supposing you were suddenly transfered to a strange section, with strange people as the soldier boys have been; a wave of something, that might be diaganosed as homesickness came over you; and in an effort to over come it, you looked for something, any thing to read; and found nothing? But supposing, on the other hand, you found near at hand, a well equipped library, and in a book picked out by chance, you should find incribed: This book is the gift of Mary Jones of Maple street, and supposing again that Mary proved to be an old neighbor, or friend,—don't you suppose a little thrill of pleasure would be derived from the incident?

Well, that is the reason why pamphlets are being distributed, and cards placed this week, giving Willoughby the opportunity to give money for books for the soldier boys. Later, an opportunity will be given to give books.

The need of books is felt by everyone. Only $500.00 is required as Willoughby's quota, and it is a safe guess that this will be forthcoming before Saturday night.

MOTHER TO WICKLIFFE PASSES

"Mother to Wickliffe," they called her. She was everybody's "first Sunday school teacher," they said.

Those were some of the comments heard at the passing of Miss Julia Clark, aged 80, in the 79th street hospital Thursday. Miss Clark had fallen from the top of the stairs at the Geiger home, where she was stopping, two weeks ago and never recovered consciousness.

Her last visit to the Red Cross circle of which she was a most interested member, was at the time of the luncheon given by Mrs. Coulby, which she enjoyed greatly. The Red Cross sent a beautiful floral remembrance at the time of the funeral service Sunday last.

Miss Clark was a member of all the clubs of Wickliffe, was president of the missionary society and was active and interested in any detail of the village life. She was not happy when she went to Cleveland. To her there was no place like Wickliffe.

"I need Wickliffe," she said upon returning, "whether Wickliffe needs me or not."

"She was Wickliffe's 'grand old lady,'" they said affectionately.

Wickliffe has lost a friend in the passing of Miss Julia Clark.

SON OF E. S. FAIRLEY SUMMONED TO COLORS. ENGAGEMENT ANNOUNCED.

An engagement of much local interest was announced last week, when one of the Bellevue, Pa., papers contained the following item.

"Mrs M. E. Schaffnit has announced the engagement of her daughter, Miss Mary Edna Shaffnit, to Edwin Stanton Fairley, son of Mr. and Mrs. Edwin S. Fairley, of Willoughby, formerly of Bellevue, Pa."

Since the engagement was announced the young man has been called to the colors, leaving for Camp Lee, Petersburg, Va., Friday last. Sunday a week ago Mr. Fairley visited his parents here, accompanied by his fiancee.

KIRTLAND PAVING TO BE FINISHED THIS FALL

From the outlook now, it is reported that the paving at Kirtland will probably bef inished this fall.

GRANVILLE HARMON ESTATE SOLD

An interesting sale of real estate in Kirtland was consummated recently when the Granville Harmon estate was sold to Mrs.   , Cleveland woman, who has been interested in the war gardens of Kirtland. Mr. Harmon expects to make his home in Iowa. He was born in Kirtland and is one of the old residents. The property sold is a part of the Reuben Harmon estate and located in the picturesque section at the foot of the hills where the old covered bridge was located, which probably led its purchaser to desire its acquisition for a home site.

WILLOUGHBY SOLDIER BOY WRITES LETTER FROM FRANCE

One of our Willoughby friends has very kindly turned over to the Republican a letter received from her brother in France. We believe all of our readers will read with interest this boyish and realistic letter. We are indebted to our friend for the privilege of publishing.

France, Aug. 18, 1917.

Dear Sister: Will write you now to let you know I arrived in France the 22nd of June, with most of the battalion. Some of them were left in England.

And as I am writing this in my dug out to [illegible] in a while a [illegible] is dropping a shell to let us know he is alive yet. And say, it is quite lively at times. I've been in Fritz's dug-outs that we have taken away from him, and one that I was in was 30 feet under ground, with steps running down to it and tunnels running from room to room, just like a house under ground.

But some of them have not been cleaned out and are not safe to go into.

A couple I was in were full of dead Germans. The stench was terrible, and there were rats running all over. All the light I had was a candle.

There were rifles and all sorts of German junk but it was no good to us, as it was too heavy to lug around with us.

The soldiers are all in dug-outs on account of the shelling.

I'm writing this in an old cellar, the house having been all shot away. And all the towns are the same.

There are eight of us in a place 12x15. I'm sitting on my bunk with a board on my knee and a candle on corner of the board for light.

Must close now, but will write you as often as I can.

Your loving brother,
F. W. T.

AKRON MAN ACTIVE IN MENTOR KNITTING MILLS SALE

The Mentor Knitting Mills, situated between the New York Central and the Nickel Plate railroads in Mentor, have been transferred to the Lake Shore [illegible] Co., in which Frank Seiberling and John MacFadyean of the Goodyear Tire & Rubber Co. of Akron and some New York financiers are interested. The deal was brought about by the Joseph Laronge Co.

About a year ago the Mentor Knitting plant was purchased by Ben Hopkins of the Belt & Terminal Realty Co. That deal also was handled through the offices of the Joseph Laronge Co.

The reopening of this plant means the employing of a large number of men, and should act as a boom to the community. The Mentor Knitting Mills employed 350 men. It is understood the new company will spend about $20,000 to equip the chemical works.

Two large gas wells were discovered on this property recently. Both wells are producing a heavy flow of gas.

FARMERS MARKET INAUGURATED HERE

A farmers market, on the order of the ones recently inaugurated in Cleveland and other points, will be launched here Saturday a. m. It is planned to have a public curb market on the River St. side of the park. It is anticipated that many will take advantage of the opportunity to bring their baskets and buy at moderate figures, the fresh produce offered. The farmer is offered the opportunity to sell his produce in Willoughby. The farmer, too, has needs, and being in Willoughby, his trade naturally graviates to the sellers there.

Thus merchants as well as the house wife, may profit by a farmers' market here. It is expected that a banner over the park will announce the location of the new activity Saturday morning. The affair is under the auspices of the Patriotic Federation.

COUNTY COMMISSIONERS ENDEAVOR TO PURCHASE PROPERTY

The County Commissioners have been endeavoring to purchase the home of Mrs. Holt near the cemetery at Kirtland. It is desired in order to make a road for the Davidson and McFarland properties, which were cut off by the grading in front.

A MILLION BOOKS FOR A MILLION SOLDIERS AND SAILORS

At a meeting at the library Monday and Wednesday evenings, plan for the week's campaign to secure "a million books for a million soldiers and sailors" were inaugurated. Literature giving the full data may be secured at the library, and has been well distributed, also. Miss Georgia Crobaugh, at the library will receive contributions. Mr Rush at Wickliffe, S. D. and Frank Shankland, A. H. Van Gorder, Mrs Viall and E. M. Otis, are others who will be active in the canvass for the required amount to be raised here this week.

PRIVATE MUSICALE GIVEN

A private musicale and luncheon was given by Mrs. Ralph Fuller at her home at Wickliffe on the Lake Friday last. James McMahon, local singer, was upon the program. The affair was a delightful one in all details.

PROGRESS AT THE WILLOUGHBY MANUAL TRAINING SCHOOL

Many folks would find a trip to the Willoughby Manual Traing school department here of much interest. Prof. Otis is planning to follow some of the new ideas absorbed at the Columbia University this summer. Although handicapped to some extent, on account of being obliged to turn over the regular manual training room to the grade classes, Mr. Otis expects to be able to carry out many of the contemplated inovations. Instead of using merely the wood-working features, as is customary, it is intended to have the room or alloted space devoted to shop work, electric work, woodwork and at a later date, some printing. This gives the boys an opportunity to show the tendency of their mind and talents, and thereby be given a chance to develop along the lines of the work best suited to them. It is an idea fraught with excellent possibilities.

ODD FELLOWS HAVE HOME COMING AT PAINESVILLE

The Odd Fellows Lodge Corn Copia, No. 212, had their annual "home coming" at Painesville Wednesday night. About 120 were in attendance. Mayor Carmichael and E. F. Blakely each gave interesting patriotic talks. During the evening they "passed the hat" and incidentally took up a collection of $11.50, which will be contributed towards Painesville's quota for the sailors' and soldiers' book fund campaign now under way.

PETITION CIRCULATED BY THE W. C. T. U. IN LAKE COUNTY

The Republican takes pleasure in publishing the petition now being circulated by the W. C. T. U. in Lake county, also the accompanying letter from Mrs. Nellie Sherman, chairman.

"We, the undersigned women of Lake County, conscious of the needs of our country and its high call to service and sacrifice; and believing the protection of homes, the saving of material resources, and most of all the conserving of citizenship to be the first duty of every loyal American, do petition the voters of Lake County as a patriotic service to the state to vote for a dry Ohio on November 6, 1917."

To The Willoughby Republican.

Dear Editor: The above petition is being circulated through Lake county by the women in the intrest of the Dry Federation.

Scores of women are gladly affixing their names and assuring us that their prayers are going up to Almighty God for a victory to the dry cause and that they stand ready to help in any possible way to put away the curse which has so long broken hearts, ruined homes and destroyed manhood.

Thanking you for the stand you have taken in this matter and for the publicity work you have done, I am,

Very truly yours,
NELLIE F. SHERMAN, Chairman
Lake County Woman's Dry Federation.

TO MY CUSTOMERS:

People say they do not see how I can live, and sell so cheaply, but keep on coming. I will let you know when to send flowers, as I am satisfied with a small profit. Now I have the Shino Mitten duster which is chemically treated. You can dust off your car or household furniture without fear of scratching the varnish, and your car is clean and free from dust. Come in and get one; see it; and if you do not like it, your money is yours. I also have driving gloves at about half what others charge. Do not forget I am selling oils at less than they cost today. I have a full line of bumpers at prices so low you would hardly believe me, but they are yours at the price. In fact I have so many new things I can't tell you here. So come in and see for yourself as I have it, can get it or it isn't made.

OLD LAKE COUNTY RESIDENT WRITES ABOUT BUTTE, MONTANA

Our Waite Hill correspondent has received the following letter from her sister, Mrs. Myra Hadden Craine. Our correspondent has very kindly passed it on to the Republican and we believe our readers will find it of interest:

Butte, Montana, Sept. 12, 1917.

Dear Sister:

Your letter received, and in answer to your question about the Republican will say the only papers I have received are the ones you mailed—two came the other day, however, one addressed in your writing, the other unfamiliar to me. Am sorry it hasn't been coming regularly, as it is such a nice paper, so newsy and bright, giving a general idea of what is going on in Willoughby and the neighboring towns of my girlhood to me.

You ask me to tell you about this city of ours, Butte. Well, I will try, but when I get through I can say "the half has not been told."

To begin with, you know Butte is strictly a mining town, having the richest copper mines in the U. S. Of course, we also have some gold and silver and zinc, but they are only just a side issue compared with the copper. Just now

Mr. W. N. Cheney of Ashtabula Presents to the People of Willoughby

A Recital of Song and Elocution

High School Auditorium, Monday, Oct. 1, 1917

8 P. M. Eastern Time By the Following Artists

Miss Frankie Wetzel has a very swet soprano voice with a great range. She has been singing in public for years and always pleases.

Miss Jackson, the reader is one of the best on the platform. She catches the audience from the first and her interpretation is wonderful.

Mr. Branch, the tenor is called the second McCormic. He possesses a gift of a rare tenor voice with great range and quality. He has many calls to go into lyceum work, but on account of the war has not accepted any positions.

Mr. Miller, the basso is a wonder. Enough cannot be said in his favor. His solo "Neptune" is well worth the price of any entertainment. You will miss a great opportunity if you do not hear him.

Miss Peebles the pianist, is a great soloist, and as an accompanist she has but few equals. She is a graduate from some of the best schools in the country.

TEMPERANCE SPEAKERS TO ADDRESS GATHERING

Rev. Rutledge of Cleveland will address the people at the Friends church next Sunday evening September 30th on the cause of temperance. Everybody should turn out and hear this interesting speaker and to help along the dry federation. The war is taking off so many of our young men we surely want what are left to be sober temperate men, so we must all vote the dry ticket.

THE TRUTH ABOUT TAXES

Every year the saloons of Ohio pay $6,162,000 to the state, and those who refused to think for themselves were led to believe that if Ohio went dry the loss of this license matter would make their taxes higher.

Nowhere in Any Industry Has the Taxpayer Been so Completely Misled as by the Liquor Business

When you think of the six millions that the saloons pay to the state, and if you will look to those states that have adopted prohibition, you will find the claim of the liquor interests that the saloons lower taxes, is an exploded theory.

Kansas, without liquor revenue for many years, is free from debt.

West Virginia, during her three dry years has reduced her state tax rate from 14c to 9c.

Right here in Ohio the big wet centers with their high tax rates and heavy indebtedness haven't enough money to pay running expenses.

While the city of Findlay, with all her civic improvements, without saloons for eight years, has the lowest tax rate of any city in the state.

The auditor of the state of Ohio, in his annual report for the year ending June 30, 1916, recognized the fact that taxes paid by the liquor interests do not meet the public expenses they cause. He says in his official report:

"The saloon tax is to cover the expenses of regulating the traffic and to meet as far as possible the maintenance of those who become public charges as the result of intoxicating liquors."

These are local matters, and the expense necessarily has to be met by the local sub-division where the saloons are located."

"Why should the state rob these communities that need every cent of this license tax?"

More than all the money received by the state or by the city or by the county from the saloon tax is used to take care of its victims. So that this license money **does not reduce** taxes, but the destructive influences of the saloons increase them. and in addition to all this, wreck the lives of thousands of men, women and children every year.

The man who votes wet to save taxes is being fooled. He is being robbed of a greater amount than he saves, and he is harming himself and every other resident of his state. **Vote for Lower Taxes.** Vote for the elimination of an industry which is only partly paying the actual cost of restoring the damage it does.

THE REAL ONE-MAN-TOP OF THE STANDARD "8"

"The tribulations of making the average one-man-top perform, absolutely vanish when you become an owner of the Standard Eight," according to Mr. L. W. Phillips, located at 2027 Euclid avenue, Cleveland, dealer here for the Standard Eight.

"This one-man-top is true to its name in two distinct ways. One expert workman devotes an entire day to the production of a single one-man-top in the Butler factory of the Standard Steel Car Company," he continued.

"I have stood and marveled at the patient, exacting manner in which these craftsmen build, shape and fit the Standard Eight one-man-top. The painstaking care with which he fits his material to his framework resembles the nicety of a fashionable tailor fitting his customer.

"The eighteen coats of paint which Standard Eight craftsmen lay on the bodies of their cars, illustrate another detail of the careful finish of Standard Eights. Wilton rugs are put on the floors.

"Right now we are having a run on Standard Eight closed car models. The power of this eight-cylinder, magneto-equipped car, its great performance on hills, and its remarkable ability to accelerate on high gear, have captured the admiration of judges of motor merit."

Increased production plans, adds the dealer, enable him to promise deliveries on most models at this time.

Brennan and Mary Ryan, if deceased, and the unknown heirs, administrators, devisees and legatees of James J. Brennan, deceased, and the unknown heirs of said Edward J. Conway, deceased, defendants, will take notice that John W. Leahy, administrator of the estate of Edward J. Conway, deceased, on the 15th day of June, 1917, filed his petition in the Probate Court of Cuyahoga County, Ohio, being case No. 87821, against the above named defendants and others, alleging that the personal estate of said decedent is insufficient to pay his debts and the charges of administering his estate; that he died seized in fee simple of the following described real estate, to-wit:

Situated in the City of Lakewood, County of Cuyahoga and State of Ohio, and known as being Sub-lot No. one hundred and twenty-three (123) in the Northwood Park Subdivision of part of original Rockport Township, Section No. 23, as shown by the recorded plat of said Subdivision, in Volume 29 of Maps, Page 27 of Cuyahoga County Records. Said Sub-lot No. 123 has a frontage of 40 feet on the Southerly side of Northwood avenue and extends back between parallel lines, 104 feet, as appears by said plat.

That Mary Ann Conklin and John W. Leahy, executor of the last Will and Testament of Bridget Conklin, deceased, claim to hold a mortgage on said real estate for one thousand dollars for purchase money of said premises.

The prayer of the petition is that said mortgagees be required to answer setting forth the particulars of their mortgage lien on said premises, and that said alleged relatives of Edward J. Conway, deceased, may be required to answer in said cause and disclose their kinship, if any, to said decedent and show what, if any right or interest, they may have in or to the property and estate of said decedent, and in default thereof be forever barred from asserting any interest in or claim against said decedent's estate, and that said premises be sold to pay the debts and charges aforesaid. The aforesaid defendants and each and every one of them are required to answer said petition herein on or before the 17th day of November, 1917.

Kollie and Quay H. Findley as Executors of the Last Will and Testament of Frank Van Hofen, deceased, have filed a petition against them and others in the Probate Court of Cuyahoga County, Ohio, alleging that on the 20th day of February, A. D. 1914, the said Frank Van Hofen, then in full life, entered into a contract in writing with Walter A. Hartory and Martha F. Hartory for the sale of all the interest of said decedent, Frank Van Hofen, in the following described real estate, to-wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being the Southerly thirty-five (35) feet of lots Nos. 14, 15, and 16 in John Van Driel's Allotment of part of original Lot No. 383, as shown by the recorded plat Volume 7, Page 31, of Cuyahoga County Records, and being 35 feet front on the Easterly side of E. 80th Street, formerly Seedle Avenue, and One Hundred and twenty-two (122) feet deep.

Said petition further alleges that on the 12th day of August, 1916, said Walter A. Hartory and Martha F. Hartory did sell, transfer and assign all their right, title and interest in and to said land contract to John Fink and Sophia Fink; that said assignment is written on the margin of said contract and recorded September 10, 1917.

The petition alleges that the defendants, John Fink and Sophia Fink are now ready and willing to pay the balance due on said contract and perform all of the agreements in said contract by them to be performed, as soon as valid deeds can be made to them; that the defendants first above mentioned are all interested in said estate, as heirs or legatees.

The prayer of said petition is that the executors, Louis C. Kollie and Quay H. Findley be authorized to execute a good and sufficient deed in fee simple for said premises, for and on behalf of the heirs of said decedent Frank Van Hofen and all other persons interested, and for relief.

Said petition is No. 89955, and the defendants first above named are required to answer the same on or before the 10th day of November, A. D. 1917.

HIPPODROME

Over sixty people will be engaged in the various vaudeville acts which are to be presented at B. F. Keith's Hippodrome during the next week when lovers of good vaudeville will be confronted by the greatest array of talent ever offered by a Cleveland theater.

Headlining the program will be the tuneful and laugh creating operetta, "The Naughty Princess," a musical concoction which requires the services of thirty persons in its presentation. Another big offering on the program will be Albertine Rasch of the Metropolitan Opera Company of New York and her Imperial Ballet. Seldom have lovers of the graceful ballet had the opportunity of witnessing such wonderful dancing in a vaudeville performance.

All lovers of vaudeville will greet with joy the announcement that T. Roy Barnes, late star of "Katinka," has returned to the amusement field which gave him his reputation and with Bessie Crawford he will be seen in one of his original acts at the Hippodrome next week.

Ray Samuels, the blue streak of ragtime, will also be among those who will seek to entertain the multitudes and others on the program will be: "The Vorner Store," vaudeville's greatest comedy act of years; Leavitt and Lockwood, entertainers of a somewhat different nature; Bailey and Cowan, the banjoker and the songster; Mme. Camilla's wonderfully trained troupe of birds and the third and last installment of the sensational war pictures showing the retreat of the Germans at Arras.

Opera House

The season's supreme comedy treat is promised local theatergoers when David Belasco sends the Winchell Smith and Victor Mapes success, "The Boomerang," to the Opera House for one week, starting Monday night, Oct. 1. Two years have elapsed since this comedy was first brought out, and up to the beginning of the present season it had been seen in but two cities—New York and Chicago. In the former it ran for fifteen months at the Belasco Theater, while in the latter, at Powers' Theater, it recently rounded out an eight months' engagement that was remarkable in many ways. And regardless of the fact that it has taken two years for "The Boomerang" to reach Cleveland, local playgoers will see the original superb cast intact, including, as it does, such well-known and popular players as Arthur Byron, Martha Hedman, Wallace Eddinger, Ruth Shepley, Gilbert Douglas, Marguerite Chaffee, Kathryn Keys, Dorothy Megrew, Richard Malchien and John N. Wheeler, all of whom have been continuously identified with the comedy since the date of its first presentation.

The very simplicity of the tale is said to offer unusual opportunities for the close observation of those perfect details and niceties of production which long ago became inseparable from every Belasco play.

Colonial Theatre

"Johnny Get Your Gun" is a stage farce with a motion picture hero, and it is rollicking fun all the way. The story concerns a motion picture actor out of the west who goes to Long Island to save his chum's sister from a fortune-hunting duke. He does, in a rather breezy way, and falls in love with her maid as a side issue. Louis Bennison, who has the part of the cowboy hero, has earned a living on the range, and he scored a real Broadway hit in the part of Johnny Wiggins. "Johnny Get Your Gun" is very funny, and noisy, too.

PROSPECT THEATER

"After Office Hours," which will be presented for the first time in Cleveland next week at the Prospect theater, is by Roy Foster. In the story the blonde haired Millie Sinclair is a magnet, attracting not only her employer and the manly young clerk in her office, but also nearly every male visitor. The clerk loves Millie and hopes to marry her when he can support a wife; but in the meantime she accepts the attentions of her employer and not until she faces a critical condition does she learn that he is a married man with a daughter her own age. Situations of a strongly melodramatic character develop, but the tangled skein of difficulties is finally unraveled in an ingenious manner and the story has a novel and happy ending. The play abounds in striking character types, one being a politician versed in every trick of his trade. He has a big heart, however, and he proves to be an excellent friend of the little stenographer.

There is a fund of comedy, much of which is furnished by an Italian window-cleaner and an Irish janitor.

The Miles

A Texas roundup called a regular wild west show and considered among the most pretentious acts in vaudeville will top the bill at the Miles this coming week, bucking broncos, wild horses and many other great outdoor sports performed by the greatest aggregation of broncking cowboys and girls. Delmas, considered the greatest hind foot walking horse in the world, will appear. Jim Pineus, who rides Poncho, a genuine bronco. Mack and Mack come with plenty of good singing and comedy to make the masses laugh. Marie Nelson in her toy doll house presents a novelty in itself. Jones, Tremont and McGinnas, in "What the Wild Waves Say," come with an all new act and present the acrobatic novelty, "The Glide for Life." Fay Thomas presents the season's greatest dramatic offering, "The Man Who Came Back." Freda and Genny Frasier in "Little Drops of Rain," who have one of the greatest novelty acts before the public, and to fill out this great season's vaudeville play bill is Dustin Farnum in "North of Fifty-Three," a two-reel comedy, and a late Pathe Weekly that knows all and sees all.

Standard Theatre

Week of Sept. 30th the Standard theated will present without a doubt the greatest film ever produced, "Jack and the Beanstalk." Everybody knows the story which has been handed down as a heritage of joy to the present day, and has delighted the hearts of children all over the world. There are 13,000 children engaged in this film, Francis Carpenter and Virginia Lee Corbin, although only 5 and 6 years old, are the stars, and the greatest wonders that have ever been seen on the screen. Blunderbone the giant, who is 8 ft. 6 in. tall is the largest man that ever played in a screen production. A special village was built for this production and is later destroyed by the giant. This production can not be described as it is far more beautiful than the old story we used to read and imagine in our young minds, but it brings one back to their childhood days, and it will be enjoyed by children from the ages of 5 to 90 years.

STAR THEATRE

Al Reeves' "Beauty Show," for nearly a quarter of a century one of the leading burlesque attractions, is the Star's offering next week. The cast is a corker, with Dave Lewis, a stranger to burlesque these fifteen years, in the lead, and such assistants as Jean Leighton, Johnnie Dove, the Wood sisters, Maybelle Gibson and, of course, Al Reeves himself. It is a big show, well staged, gorgeously costumed and there is a lot of George M. Cohan's music.

EMPIRE THEATER

"The Face Makers," Herk, Kelly and Damsel's burlesque show, is a the Empire next week, an their offering promises very well, indeed. The company numbers among its members such well known burlesque stars as Frances Farr, Lillian Smalley, Montrose and Jack Crawford; "the dancing fiends," Jack Pear, Al Hillier and Eugene Rauch. Then, as added features, come the violinist, Sinai, and "The Mystery of Nedra," which advance notices fail to explain.

The Liberty

Vaudeville and pictures are the Liberty's offerings for next week, and both promise well. The first include the Vitagraph's "revival pictures" and "The Liberty's Tropical Review," which has met with much favor. Of the vaudeville numbers Homer Lind has the headliner in a new vehicle called "The Director," which gives the audience chance to see behind theater scenes. In the act there is practically a full orchestra rehearsal, with comedy and pathos for good measure. Mlle. Zermaine has a dancing act the motif of which is found in Jack London's "Call of the Wild." There will be a children's matinee Saturday.

REO
The New Reo Six

In the six-cylinder, seven-passenger car field, this Reo model now enjoys a standing similar to that so long held by Reo the Fifth in the four-cylinder, five-passenger field.

It is today America's most highly perfected six.

Up-to-the-minute in design; modish in finish and appointments; luxurious in riding qualities, and withal, economical both in operation and in up-keep.

Combining the well-known rugged Reo construction—"50 per cent oversize in all vital parts"—this Six has, by daily comparison with the great class of light Sixes, proven its superiority so conclusively that it is today the dominant Six—the most popular among fastidious, well-informed buyers.

The Gas Shortage

WHO IS RESPONSIBLE FOR IT?

The Scientific Heater Company are preparing a booklet upon this subject. It will gladly be mailed to anyone interested for the asking.

Every gas furnace user, every builder, architect, landlord and tenant who use gas or want to use gas for heating should have a copy.

Cleveland should know the truth of this situation. It is high time that this problem should be settled in an efficient scientific way.

Gas is the cheapest, cleanest, most convenient, sanitary and healthful fuel. Cleveland should be able to enjoy gas heating without the worry of a shortage in cold weather.

Drop a postal and get your copy.

ORDINANCE NO. 1876

By Mr. Denison.

Whereas, on the [illegible] day of February, 1917, the Council of the Village of Cleveland Heights, Ohio, duly passed a Resolution under the authority of Sec. 3812-1 of the General Code of Ohio, ordering notices to be given to and requiring all sublot owners on the following named streets between the following named points:

Shaker Road, from North Woodland Road to East Monmouth Road;

Rexwood Road, from Kensington Road to Cedar Road;

Queenston Road, from North Woodland Road to Scarborough Road;

Parkdale Road, from Noble Road to Cleveland Heights Boulevard;

Dellwood Road, from Lee Road to Taylor Road;

Ormond Road, from Lee Road to Taylor Road;

Washington Boulevard from Lee Road to Goodnor Road;

East Yorkshire Road, from Lee Road to Goodnor Road;

East Derbyshire Road, from Lee Road to Goodnor Road;

East Berkshire Road, from Lee Road to Goodnor Road;

Nela View Road, from Noble Road to Winsford Road;

Selwyn Road from Greyton Road to Winsford Road;

Helmsdale Road, from Noble Road to Winsford Road;

Idlewood Road, from North Woodland Road to East Monmouth Road; to make the necessary sewer and water connections for their respective sublots, according to plans and specifications in said notices stated; and,

Whereas, said property owners have not made such sewer and water curb connections, as required by said notices, and it has become necessary for the Village to do such work and assess the cost thereof against the various lots and lands on said street; and,

Whereas, the cost of said improvement is the sum of $40,150.00, and it is deemed by the Council to be for the best interest of the Village to borrow said sum of money and to issue a promissory note of the Village of Cleveland Heights, in anticipation of the collection of said assessments, in the said sum of $40,150.00 due in two years after date, with interest at the rate of 5% per annum, payable semi-annually.

Section 1. Now, Therefore, Be it Ordained by the Council of the Village of Cleveland Heights, Ohio, that the Mayor and Clerk be, and they hereby are authorized and directed to execute such promissory note on behalf of the Village, and deliver same to such person or bank as may be willing to advance said sum of money, and place the proceeds of such promissory note in the Village Treasury to be used in the payment of the cost of said improvement and for no other purposes.

Section 2. This ordinance is to take effect and be in force from and after its passage.

H. H. CANFIELD, Clerk.
F. C. CAIN,
Mayor, President of Council.
Passed Sept. 17, 1917 S20-27

LEGAL NOTICE

Notice is hereby given that the estimated assessment of the cost and expense of improving Noble Road Sewer District No. 6, by constructing storm and sanitary sewers therein, in accordance with the plans for a system of sewerage for said Noble Road Sewer District No. 6, which plans were approved and adopted by this council on the 24th day of July, 1916, and are now on file in the office of of the Clerk of said Village, upon the lots and lands specially benefited and to be charged therewith as set forth in Ordinance No. 1788, determining to proceed with the improvement of said Noble Road Sewer District No. 6, passed on the 25th day of June, 1917, has been made and reported to the Council of the Village of Cleveland Heights, Ohio, and said assessment is now on file in the office of the Clerk of said Village in the Town Hall in said Village, for the inspection and examination of all persons interested therein.

By Order of the Council of the Village of Cleveland Heights, Ohio.

Does Her Own Housework Since Tanlac Has Built Up Her Run-Down System

"I am now doing my own housework and it doesn't tire me out like it used to," said Mrs. John A. Kozsey, 2503 E. 23rd st., in telling what Tanlac did for her after she was all run down.

"I was troubled with my stomach for a long time," she continued. "After meals gas formed on my stomach, which made me feel bloated and uncomfortable. I often had dizzy spells and headaches and sometimes I would have chills. My circulation was poor, too, and I had that tired feeling most of the time. No matter how tired I was, however, I couldn't sleep soundly because I was nervous.

"Since taking Tanlac I feel much better. I am not troubled with my stomach, and I don't lie awake nights like I used to. The dizzy spells have disappeared and I feel better all around. Tanlac is certainly a good medicine. I am well pleased with it."

Tanlac is a purely vegetable tonic made of roots, barks and berries and is especially designed to build up run-down people. If you are in need of a good tonic get it today. It will do for you what it has done for thousands of others.

You can get Tanlac at any good drug store in Cleveland. The Tanlac representative at the Standard Drug's Old Arcade store, 411 Euclid ave., will be glad to explain all about this wonderful tonic to you.—Advt.

Interesting Facts About

BEACH CLIFF ESTATES

In Beach Cliff Subdivision No. 1, 70 per cent of the lots have been sold in a few months! For high grade property, with restrictions which limit its sale to a select class of buyers, we believe this marks a record in Cleveland Real Estate Promotion.

People bought lots readily before any improvements were started—the beauty of the property—its ideal location on the lake—was proof enough of the future.

Now that streets are taking form, houses building and the plans on paper becoming a reality, the demand for lots is all that our salesmen can take care of.

Purchasers Satisfied---Lots Increase in Value

Those who have bought property in Beach Cliff Estates are most enthusiastic in promoting new sales. And they should be! They know they have made a good investment. For example:

Lot No. 288 purchased in July for $1,500 was sold in Sept. for $1,750
Lot No. 225 purchased in June for $1,125 was sold in Sept. for $1,625.
Lot No. 367 purchased in May for $3,650 was sold in Sept. for $5,250
Lot No. 280 purchased in June for $1,325 was sold in Sept. for $1,725.
Lot No. 363 purchased in June for $2,475 was sold in Sept. for $2,800.
Lot No. A1 (lake front parcel) purchased in June for $12,960 was sold in Sept. for $16,500.

Every lot is gaining a higher value month by month.

Most Purchasers Buy to Build---Not to Sell

Speculation in Beach Cliff Property is not encouraged. We have quoted examples only to prove that the increases in value are actual.

The big majority of lot buyers have no thought of selling—they are going to build their homes here as soon as possible. A canvass of lot buyers showed that 212 are planning to build in the near future.

Values Will Eventually Double and Treble

The appreciation in the value of Beach Cliff Property—though it may seem rapid—has hardly begun.

The millions still to be spent in improvements and buildings leave the big increase in the value of the land itself for the future.

In Subdivision No. 1 alone, there will be 3 miles of paved roads and 6 miles of frontage for homes. Over two million dollars will be spent for home building in this section.

Buy Before October 1st---Prices Advance 10% to 25%

Twenty salesmen are selling Beach Cliff Property—each man is averaging one lot per week. That will give you an idea of how fast home seekers are taking advantage of this unequaled opportunity.

When this land is sold it will be a long time, if ever, before another large tract, fronting on the lake; near to the city, will be subdivided and sold at prices the average man can afford.

The next increase of 10 per cent to 25 per cent in list prices takes effect October 1st.

Investigate. See if you don't want one of the remaining lots at the present prices.

HOW TO GET THERE

Take Lakewood, Clifton or Lake Shore Electric cars from the Square to Rocky River. Turn left after passing under Nickel Plate bridge over Blount Street—to Beach Cliff office.

To Natural Gas Users:

The winter of 1916-17 demonstrated that a continuous adequate supply of natural gas cannot be relied upon without risk of personal discomfort. The occasional inconvenience caused by the Gas Company's inability to obtain sufficient gas to meet all the demands made upon it was due to a combination of conditions beyond the control of the Company, and was not through any lack of diligence on its part.

First. The severe winter weather and continuous low temperature.

Second. Reduction in pressure and depletion of gas producing wells, caused by the continuous drain due to unusual demand.

Third. Shortage of coal, and the consequent high prices as compared with the relatively low cost of gas, resulted in the coal heating appliances in thousands of homes being converted for the use of natural gas.

Temporary interruption of servie is a risk incurred by all gas companies. These interruptions result in great loss, and it follows that the company is as much interested in giving satisfactory service as the user of gas is in securing it.

It must be borne in mind that cities relying exclusively on coal for heating during the past winter suffered inconvenience equal to, if not greater than, those depending upon gas. Periods of short duration may be expected next winter when all the requirements may not be met and temporary discomfort will be unavoidable unless the users of gas co-operate with the Company in its efforts to prevent a recurrence of the shortage experienced last winter.

The prudent gas user will provide at least a temporary supply of coal or other fuel as a precautionary measure. By so doing, much inconvenience and possible discomfort may be averted.

Notwithstanding the unusual conditions due to scarcity of labor and the enormous increase in cost of material, the Company has made every effort to add to its supply, and has been fairly successful in obtaining added production of gas by drilling and by purchase The new production however, will not more than overcome the decline in old wells, so that we cannot safely predict that a greater amount of gas will be available next winter than was produced and delivered last year.

Some misunderstanding seems to exist relative to gas furnished factories during the past winter. All gas supplied for industrial uses was discontinued except in the case of gas engines, where discontinuance of the supply would necessitate the shutting down of the factory and deprive many men of employment. this and injunction proceedings by a few large users were the only exceptions; otherwise gas was supplied for domestic purposes only.

This year, in addition to the domestic requirements, there may be a demand for gas for industrial purposes occasioned by the war, and a sacrifice of home comfort by gas users may be necessary rather than cause any interruption of the work for the proper supply of implements for the use of our soldiers. By the exercise of economy in the use of gas and other fuels, you will be contributing to their comfort and success.

Gas users may rest assured that the Company will continue its efforts to meet the requirements of the coming winter, but we consider it eminently proper to give this timely warning and to suggest that homes be provided with supplemental or auxiliary appliances, available for the use of other fuels in case of emergency.

Our experts will give you personal advice free of charge. We solicit your co-operation.

TWENTIETH YEAR—NO. 36. WILLOUGHBY, O., OCTOBER 5, 1917 ONE DOLLAR A YEAR IN ADVANCE

GAS FOR WILLOUGHBY MAY COME FROM PRESENT PROSPECTS

That greatly desired asset, gas, may loom in the distance for Willoughby, if the prospects that are now commanding the attention of the Saybrook, East Ohio Gas Co., and the Chemical Co., at Mentor, develop favorably.

A representatives of the East Ohio Gas Co., at their office in Cleveland said Monday: "So far it is all guess work. We can't say what may develop. Neither can we say what would be done in regard to gas for Willoughby, should the wells prove favorable."

An option has been taken on the W. C. Dickey place at Mentor, and efforts are being made to secure Dr. Moore's farm there.

Natural gas, for cooking, at least, would be the one thing needful to make Willoughby a perfect residence place.

No doubt the mayor and the council and all others interested would take such steps as would be needful to retain this greatly desired convenience for local use, should findings indicate as now seem prossible.

WILLOUGHBY LIBRARY RECEIVES SPLENDID GIFT

The Willoughby library has just received a gift which affords much pleasure and gratification to the recipients. Mrs. Julia E. Foster of East Cleveland, former resident of the Plains, and member of the board of trustees for many years, has presented the library with a set of "Beacon Lights of History," edited by John Lord. This is one of the happiest presentations the library has ever received. It is a set that the library could not have purchased and probably could never have had, excepting for Mrs. Foster's generous gift.

DEATH OF SAMUEL ANNIS

Samuel Annis, long resident of Willoughby, and Civil war veteran, passed away at his home Friday, Sept. 28th. The funeral occurred Monday. Rev. Bright officiating. Most of the old soldiers here were in attendance, and a wealth of flowers attested the friendship and sympathy of the community. Mr. Skiff was born in Cleveland, but passed most of his life in Willoughby, having moved from their Vine street residence to Skiff street about 12 years ago. The widow, three sons and two daughters survive.

It's mighty hard to reform the man whose wife and children seem supremely happy in his presence.

MAYOR PLANS TO ATTEND McKINLEY MEMORIAL DEDICATION

VISITORS NUMEROUS AT WICKLIFFE RED CROSS

Numerous visitors call at the Wickliffe Red Cross Branch. Mrs. Garfield gave a little talk there recently; Mr. Foster, secretary to Mr. Coulby, recently brought out a party from Cleveland; and about 75 of the guests who were in attendance at the Sunday School convention last Friday, called and inspected the quarters.

DEATH OF HENRY C. STEWART

A telegram received by Miss Mary Stewart Monday, announced the death of her brother, Henry C., at his home in St. Petersburg, Fla., Sunday last. Mr. and Mrs. Stewart were visitors at the home of Miss Mary Stewart for five weeks recently, and had been at their home in St. Peterburg, after leaving here, only one week, when the demise of Mr. Stewart occurred. M. Stewart was born in Willoughby, on Spaulding street, as were the other two boys of the family, and Miss Mary. The father was J. W. Stewart. Mr. Stewart traveled around some, and his marriage occurred in Virginia. He has made his home in Florida for a number of years, but a close hold has been kept upon Willoughby connections and friends.

WICKLIFFE RED CROSS HAS ROLL OF HONOR ATTENDANCE LIST

They have a roll of honor attendance list at the Wickliffe Red Cross. September 5th postal cards were sent out, advising that each member who could show eight consecutive attendances should appear upon the roll of honor, these attendances counting as a perfect score. A carefully blocked bulletin with the names set forth was set up at the doorway, so that each member might register her attendance.

The ladies who have made a perfect score since that time are:

Mrs. Wm Beebe, Mrs. Bigelow, Mrs. Edwards, Mrs. Fairman, Mrs. Hehr, Mrs. Keck, Mrs. E. J. Lawton, Mrs. W. L. Lawton, Mrs. Monroe, Mrs. Reeder, Mrs. F. Sherman, Mrs. Tyte, Mrs. C. Wicker, Mrs. Bascom, Mrs. Eddy, Mrs. Honeywell, Mrs. F. W. Smith, Mrs. Enders and Mrs. Pease.

When Mrs. Colby was in New York recently she purchased an apron for each of the ladies. Finding that it was against the Red Cross regulations to confer gifts upon the members for their service, it was decided that the ladies may wear the aprons while at the room. The name of each will be placed thereon, and when the circle is disbanded, when no longer needed, they will be permitted to retain the apron as a Red Cross souvenir. Mrs. Colby has also devised a reward of merit plan in the way of Red Cross stripes to be worn on the left sleeve.

Each perfect score recorded, allows an additional strip of red to be placed upon the worker. These are called the "Badge of Loyalty."

SATURDAY CLUB ENTERTAINED HERE

Mrs. Samuel Austin will entertain the Saturday club of Cleveland. of which she has been a member for many years, at her home, Saturday of this week.

BIRTHDAY CLUB ENTERTAINED AT HOME OF MRS. AUSTIN

The birthday club was most pleasantly entertained at the home of Mrs. Samuel Austin, Wednesday. A dinner was served to the assemblage at 12:30. Invited guests of the club included:

MRS. VAN GORDER RELATES FAIRY TALE

At the Methodist church Sunday morning Mrs. Van Gorder told a fairy tale for the children. It was given in place of the talk scheduled by the pastor. It was a story about four little fairies, one bought a red scarf, which signified courage; she said. One bought a blue one, which signified truth, another bought a white one which is symbolistic of purity, and then another sprinkled over the stars; and so the American flag was unfurled. A delightful portrayal little patriotic fairy tale, and immediately followed by the singing by the choir of the Star Spangled Banner, made a most effective and pleasing patriotic spectacle.

HONOR PAID TO LOCAL OFFICIAL OF C. P. & E.

The many years efficient service of Mr. J. Jordan as vice president and general manager of the C. P. & E. road, received splendid and fitting recognition upon the part of the company Tuesday night. As mentioned in last week's Republican, Mr Jordan resignation was accepted to go into effect October 1st. Since that time happy and secret plans have been active to evolve a plan that might effectively show Mr Jordon the esteem and affection felt for him by officials and employees of the road. It was finally decided that nothing short of a diamond ring, and a most splendid one at that, would express the sentiments in a tangible way. All the officials and employees took part in its purchase. It was then decided that Mr. Jordon should be invited to Painesville to meet a couple of the county commissioners at the Court House. Mr. Jordon went to the court house, but when he opened the door to meet the commissioners, he found his associates of the road to the number of sixty or more, instead. In the words of Mr. J. H. Shaw, claim agent, Mr. Jordon "walked right into the front trench." Mr. Harry Ham-

SOLDIER BOYS ON THE REPUBLICAN LIST

The Republican has several soldier boys on its list. The following letter was recently received and shows how glad the boys are to have news from home.

Co. F, Ohio Engineers, Camp Sheridan,
Montgomery, Ala., Sept. 13, 1917,
The Willoughby Republican,

Dear Miss Bryant: Mother notified me in her last letter that you were going to send me the Republican every week free. I want to thank you for doing this.

Mother has been sending me the paper every week so far. I receive it about Tuesday of every week and the other fellows from Willoughby rush to the tent where I stay to get the paper to read. The paper will appreciated by the other fellows as well as myself.

If you want me to I will write a story about once every two weeks about the camp and what I am dong and what the other Willoughby boys that belong to this regiment are doing, for your paper.

Yours truly,
JOHN A. MARBLE.

The Republican will be pleased indeed to receive the letters, as we believe they will be of much interest in Lake county, as well as to the boys in other camps who are receiving the paper.

Everyone has his faults, of course, but some people work theirs more than others

LEGAL NOTICE

David M. Smith, and the unknown heirs-at-law, devisees, legatees, executors and administrators of David M. Smith, deceased will take notice that on the 24th day of September, 1917, Vernetti Hughes filed her petition in the court of common pleas of Cuyahoga county, Ohio, being cause No. 159013 against them, and each of them, setting forth that she, the said plaintiff, is the owner in fee simple and in actual possession of the following described real estate to-wit:

Situated in the township of Parma, County of Cuyahoga and State of Ohio, and known as being a part of Original Parma township Lot No. 11 in the Ely tract, and bounded, West by the west line of said lot No. 11; North by land owned by George F. Thesmacher; East by the State Road; and South by land now or formerly owned by David Hughes, and containing 11 acres of land, and being the same land conveyed to Vernettine Hughes by deed dated April 30th, 1891, and recorded in Volume 492, page 334 of Cuyahoga County Records.

Said petition further sets forth that said defendants claim an interest in said premises by reason of a certain mortgage dated August 3rd, 1837, and recorded in Volume Y, page 169, of Cuyahoga County Records, wherein William Cartwright and Hanna Cartwright conveyed to David M. Smith the premises herein described. Plaintiff alleges that said mortgage has been duly paid; that she has been in the open, notorious and adverse possession of said premises for more than 21 years, claiming title thereto adversely to said defendants and all other persons. Said petition prays that all of the defendants may be compelled to set forth their interest in said premises; that the claims of all of said defendants may be adjudged null and void; that said mortgage be ordered cancelled of record, and plaintiff's title to said real estate be quieted against the claims of said defendants; and that they may be forever enjoined from asserting such claims against said land; and that the cloud thereon may be removed; and for such other and further relief as may be just and proper. Said defendants are required to answer said petition on or before November 17th, 1917, or judgment will be entered against them as prayed for therein.

LEGAL NOTICE

Roy Coller, who resides at [illegible] street, Chicago, Illinois, Allison A. Benedict and the unknown heirs and devisees of Allison A. Benedict, deceased, all of whose places of residence are unknown, and the names of the unknown heirs and devisees of Allison A. Benedict, deceased, being unknown, will take notice that Charles P. Smith, administrator of the estate of Frederick S. Williams, deceased, as plaintiff, filed a petition against them and others in the Probate Court of Cuyahoga County Ohio, alleging that the personal estate of said decedent is insufficient to pay the debts and charges of administering said estate, and that said decedent died seized in fee simple of the following described real estate to-wit:

Situated in the Village of Bedford County of Cuyahoga and State of Ohio and known as being a part of sublot No. 171 in Hezekiah Dunham's subdivision as shown by the recorded plat in Volume 3 of Maps, page 56, of Cuyahoga County Records, and bounded and described as follows:

Beginning in the North-easterly line of Main street at the South-Westerly corner of said sublot No 171; thence North-westerly along the North-easterly line of Main street 60 feet to the North-westerly corner of said sublot No. 171; thence North-easterly along the North-westerly line of said sublot No. 171, 52 feet; thence South-easterly along the South-westerly line of land sold to The Connotton Valley Railway Co. by deed dated Jan. 28, 1881, and recorded in Volume 356, page 441, of Cuyahoga County Records to the South-easterly line of said sublot No. 171; thence South-westerly along the South-easterly line of said sublot No 171, 92 feet to the place of beginning.

The petition further alleges that the defendants, Allison A. Benedict and the unknown heirs and devisees of Allison A. Benedict, deceased, claim some interest in said premises hostile and adverse to the title of said decedent in said premises, which constitutes a cloud upon the title thereof by reason of a certain lease executed on the 30th day of October, 1875 and recorded in Vol. 5 of Leases, page 488, of Cuyahoga County Records.

The petition alleges that on or about the 10th day of August, 1880 the defendant, Allison A. Benedict, surrendered to plaintiff's decedent herein said lease, and that ever since said date, and for more than 21 years just preceding the filing of the petition in this action, said decedent and this plaintiff, as administrator, have openly, notoriously, actually, adversely, continuously and exclusively, excluded said defendant and all persons claiming through him from any and all possession of said premises, and that said defendants have no interest in said premises, nor have they ever sought to convey or exercise any dominion over, or assert or enforce any interest or right in or to said premises adverse to the title of plaintiff's decedent, for more than 21 years last past.

The prayer of said petition is that the title of plaintiff's said decedent as to the above described premises may be quieted as to the defendants, Allison A. Benedict and the unknown heirs and devisees of Allison A. Benedict, deceased, that their claims, if any they have, be adjudged null and void, and that the plaintiff may be authorized to sell said premises for the payment of the debts and charges aforesaid.

The defendants first above named are further notified that said petition is No 90103 and that they are required to answer the same on or before November 17th, A D., 1917.

LEGAL NOTICE

Arthur F. Johnson, and unknown widow, heirs, executors, devisees, legatees and assigns of Arthur F. Johnson deceased, will please take notice that on the 25th day of September, 1917 William J. Johnson filed his petition in the Court of Common Pleas, of Cuyahoga County, Ohio, being case No. 159033 against the above named parties and Florence Mudge, praying for decree of partition of the following real estate, viz:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being sublot No. 26 in S. Foljambe's Re-Allotment of the South ends of sublots Nos. 22 and 23 in Bosaford's Subdivision of parts of original One Hundred Acre Lots Nos. 331 and 332, as shown by the recorded plat of said re-allotment in Volume 3 of Maps, Page 19 of Cuyahoga County Records, and being 30 feet front on the Westerly side of Foljambe Street and extending back of equal width 105 feet deep to an alley in the rear, as appears by said plat,

according to the respective rights of the persons entitled thereto, and that if said real estate cannot be divided among the tenants in common without manifest injury to the value thereof that the same may be sold according to law and the proceeds divided among the parties as may be found to be entitled thereto; that the share of said Arthur F. Johnson be paid into court to await the further order of the court and for such other and further relief as may be just.

Said petition alleges that the plaintiff and the defendants, Florence Mudge and Arthur F. Johnson are tenants in common of said premises as heirs of their mother Ellen Johnson who died about April 20th, 1906, seized of said premises, having acquired the same by purchase and are each of them entitled to an undivided one-third interest thereof; that said Arthur F. Johnson disappeared about eleven years prior to the death of said Ellen Johnson and has not since been heard from or of and plaintiff does not know whether he is living or dead or whether he left any heirs but believes that he is dead; that plaintiff and defendants Florence Mudge and Arthur F. Johnson are of full age.

Said parties are required to answer on or before the 17th day of November 1917, or judgment will be taken against them as prayed for.

LEGAL NOTICE

Clara Weinstein and Jack Baum, who reside at Chapelleries, 14 et 20 Cours, Melsunge, Marseilles, France, Etta Levin and Leah Fabricant, who reside at 41 Cephass St., Mile End Road, No. 1, London, England, will take notice that David Seidman, Administrator of the estate of Elizabeth Dworgin, deceased, as plaintiff, has filed a petition against them, et al, as defendants, in the Probate Court of Cuyahoga County, Ohio, alleging that the personal estate of said decedent is insufficient to pay the debts, and charges of administering said estate, and that said decedent died, seized in fee simple of the following described real estate:—

Parcel No. 1. Situated in the City of Cleveland, County of Cuyahoga, and State of Ohio, and known as being the southerly part of the easterly 1-2 of sublot No. 94 in Barber & Lord's subdivision of part of original Brooklyn Township lots Nos. 51, 52, 69 and 70, the plat of which is recorded in Volume 11 of Maps, page 26 of Cuyahoga County Records, and bounded as follows:

Easterly by Pearl street, southerly by Chatham street, westerly by a 16 foot alley and northerly by a line parallel with and 42-8-12 feet distant northerly from Chatham street, and forming a parcel 42-8-12 feet front on the westerly side of Pearl street, and extending back of equal width 111 1-2 feet deep to a 16 foot alley in the rear.

Parcel No. 2. Situated in the City of Cleveland, County of Cuyahoga, and State of Ohio, and known as being a part of original Brooklyn Township, Lot No. 27, now in said City, and bounded and described as follows:

Beginning at a point in the southerly line of Denison avenue, S. W. 54.02 feet westerly (measured along the said southerly line) from its intersection with the easterly line of West 88th street (as shown on the recorded plat of The W. J. Langs' Denison avenue subdivision in Volume 41 of Maps, page 15, Cuyahoga County Records.) extended southerly, thence southerly parallel with the easterly line of West 88th street, extended southerly, as aforesaid, 136.11 feet; thence easterly at right angles, 40 feet; thence northerly parallel with the first described line 122.11 feet to the southerly line of Denison avenue, S. W. 12.37 feet to the place of beginning, and being further known as sublot No. 333 in The Seidman Realty Company's proposed allotment, (formerly W. J. Lang's Denison Avenue No. 2 proposed allotment), of a part of original Brooklyn Township, Lots Nos. 14 and 27.

Parcel No. 3. Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being sublots Nos. 9 and 10 in Wm. A. Southern's Brugge Farm Subdivision of part of original One Hundred Acre lot No. 429, as shown by the recorded plat of said subdivision in Volume 35 of Maps, page 9 of Cuyahoga County Records.

Each of said sublots Nos. 9 and 10 has a frontage of 40 feet on the easterly side of East 124th street, (formerly Joseph Street) and extends back of equal width 100 feet.

The petition further alleges that Karl Dworkin, widower, is entitled to dower in said premises and that the defendants, Clara Weinstein, Etta Levin, Jack Baum and Leah Fabricant, have been named as beneficiaries in the will of Elizabeth Dworkin to Parcel No. 1 above described, and by reason thereof claim an interest in said premises. The prayer of said petition is for authority to sell said premises to pay the debts and charges aforesaid. Said petition is No. 89628 and the above named defendants are required to answer the same on or before the 24th day of November, A. D. 1917.

LEGAL NOTICE

The unknown widow of Titus Street, deceased, her unknown heirs, executors and assigns, Samuel Hughes, unknown heirs, devisees and legatees of Samuel Hughes, deceased, unknown administrator or executor of the estate of Samuel Hughes, deceased, the unknown widow of John Beal, deceased, her unknown heirs, executors and assigns, John Lafayette Beal, unknown heirs, devisees and legatees of John Lafayette Beal, deceased, unknown administrator or executor of the estate of John Lafayette Beal, deceased, the unknown widow of John Lafayette Beal, deceased, her unknown heirs, executors and assigns, unknown widow of Elisha F. Beal, deceased, her unknown hears, executors and assigns, C. J. Chaffee, unknown heirs, devisees and legatees of C. J. Chaffee, deceased, the unknown administrator or executor of the estate of C. J. Chaffee, deceased, all of whose places of residence are unknown, and the names of the unknown heirs, devisees, legatees, administrators, executors, widows and assigns being unknown, will take notice that Fredreco Di-Jeronimo has filed a petition against them in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that he is the owner in fee simple and is in actual possession of the following described real estate, to wit:—

Situated in the Village of Independence, County of Cuyahoga and State of Ohio, and known as being a part of original lot No 15 Tract No. 3, Independence Township West of the River, and bounded and described as follows:—

Beginning in the center of Hillside road, so called, and at the northwest corner of said lot No. 15; thence east along the center of said Hillside road 30 rods to the northeast corner of land conveyed by deed recorded in Volume 574, page 333 of Cuyahoga County Records; thence south parallel with the west line of said lot No. 15 about 80 rods to the south line of said lot; thence west along the south line of said lot 30 rods to the southwest corner of the same; thence north along the west line of said lot No. 15, 80 rods to the place of beginning, containing about 15 acres of land, be the same more or less, but subject to all legal highways.

The petition alleges that the defendant, the unknown widow of Titus Street, her unknown heirs, executors and assigns claim an interest in said premises by way of dower as the widow of Titus Street; that the defendants, Samuel Hughes, and the unknown heirs, devisees, legatees, administrator or executor of the said Samuel Hughes, deceased, claim an interest in the said premises by virtue of title prior to October 10th, 1840, and further by reason of the fact that no administration appears of record in Cuyahoga County, Ohio, upon the estate of Samuel Hughes, deceased; that the unknown widow of John Beal, her unknown heirs, executors and assigns, claim a dower interest in said premises; that the defendant, John Lafayette Beal, and the unknown heirs, devisees, legatees, administrator or executor of the said John Beal, deceased, claim some interest or estate in said premises by virtue of a certain warranty deed recorded in Volume 41, page 462 in the records of Deeds of Cuyahoga County, Ohio, and that the unknown widow of John Lafayette Beal and her unknown heirs, executors and assigns claim a dower interest in said premises, and that the records of Cuyahoga County, Ohio, do not disclose any administration upon the estate of John Lafayette Beal; that the widow of Elisha F. Beal and her unknown heirs, executors and assigns claim some interest in said premises by way of dower, that the defendant, C. J. Chaffee and the unknown heirs, legatees, devisees, administrator or executor of C. J. Chaffee, deceased claim an interest or estate in the above described premises by virtue of certain mortgages recorded in Vol. 648, page 224 and Vol. 567, page 479 in the Records of Mortgages of Cuyahoga County, Ohio, and that the defendants claim other interests and estates in said premises adverse to plaintiff's rights, the nature of which is to plaintiff unknown. The petition further alleges that the plaintiff denies each and all of the claims of said defendants and of each of them; and says that all of said claims are unfounded and without substance, but that the same constitute clouds upon his title in and to said premises; that the above mentioned mortgages have each been paid and fully discharged, but through inadvertance and neglect the same have not been cancelled of record, and that the said mortgages are barred by the Statute of Limitations. The petition further alleges that the plaintiff and his predecessors in title to the said premises have been in open, actual, notorious, continuous and adverse possession of said premises for more than twenty-one years, last past, and that by reason thereof, each and all of the claims of said defendants in said premises are barred by the lapse of time and the Statute of Limitations. The prayer of said petition is that the defendants and each of them may be barred and adjudged null and void; that plaintiff's title may be quieted against the claims of said defendants, and for such relief as is just and equitable. Said petition is No. 159177 and the defendants above named are required to answer the same on or before the 24th day of November, A. D. 1917.

A box social was held at the school house last Saturday night, the young ladies of the Red Cross society having it in charge. Althought the crowd was not large on account of a number attending a dance at Chester Caves, and the threatening weather keeping some at home, it was a success both socially and financially. The school room was nicely lighted with the new lamps just purchased, and decorated with the stars and stripes and bouquets of flowers. The early part of the evening was spent in listening to some fine singing by Miss Steffe Kupneski of Cleveland and some mandolin music by Harry Haggett of Willoughby. The fish pond was again in evidence and afforded much amusement by its great variety of fish. Mr. Jas. Bailie was chosen as auctioneer, and proved himself a very efficient one. Some of the lunch-boxes sold for nearly two dollars and none for less than fifty cents. One young man was so generous he bought three boxes but was not selfish as he sold two of them to some slow purchasers. Candy was also sold, as well as hot coffee and all together bringing nearly twenty-two dollars, and as the expenses were small, we feel that all did their bit for the Red Cross.

LAKE COUNTY SUNDAY SCHOOL CONVENTION

The Lake County Sunday School Association held its annual convention in the Wickliffe church last Friday. About 175 representatives of the different Sunday schools throughout the county were in attendance. A large American flag was offered to the school having the largest number of representatives present. It was won by the Christian Sunday school of Perry, it having almost 22 per cent of its membership present.

Mr. Arthur T. Arnold of Columbus, general secretary of the state association spoke at three sessions. Mrs. Phoebe Curtiss, state superintendent on elementary work addressed the evening meetings and Miss Ethel E. Brice, state superintendent of missions, spoke in the afternoon. In the evening two splendid addresses were given in the interest of the coming campaign for a dry Ohio, by Mr. E. F. Blakeley and Mrs. Nellie Sherman.

Dinner and supped were served in the church under the direction of the Women Organized Bible Class. This important part of the program was a success, because of careful management and also because all the ladies of Wickliffe rightly viewed the convention as a village affair and gladly volunteered to act the part of hosts to the Sunday school workers of Lake county. The convention will be held next year in Perry, Ohio.

NEWS FROM WAITE HILL

Waite Hill, Oct. 2, 917.

The farmers and consumers market on Saturday at Willoughby, made quite a beginning and we think when it gets noised around more it will be a fine thing. Several people in town told us they did not know a thing about it until it was all over. The consumer will surely appreciate getting fruit, vegetables, butter and eggs right fresh and crisp from the farmer, and the farmer will appreciate a little home market.

HONOR PAID LOCAL OFFICIAL

(Continued from Page One)

ner, attorney for the road, made the presentation of the ring, referring in his usual eloquent way to the splendid service Mr. Jordon has rendered. Mr. Jordon made a reply, but it is recorded that he said there was a lump in his throat, which he couldn't swallow, that prevented him saying more about the service and loyalty of his associates who had contributed to his success. J. H. Shaw, claim agent, John Witte and others made short addresses. Mr. Douglass, the incoming vice president and manager said he felt very happy to be associated with those who had co-operated so faithfully with Mr. Jordon, and hoped that he, too, might merit and share that same loyalty. Cigars and boxes of candy were passed and Mr. Jordan paid a special tribute to the young lady employees who were present. It was a delightful event, and happily recalled by all who participated. As an official, Mr. Jordan was kind, considerate and courteous. He was approachable, and had an unfailing regard for the other fellow's point of view, whether employee or official. He will be greatly missed, and every success is wished him in his new position as treasurer and manager of the Electric Package Co.

ALLOTMENT IMPROVEMENTS TO BE RUSHED

The bonds have been sold for the installing of the water and sewer in the McNutt-McCall Co.s' allotment and the paving with brick of Waldamere avenue, the most westerly street through the property, which will provide a much needed thoroughfare between Ridge road and Euclid avenue. It is expected that contracts will be awarded as soon as the necessary legal requirements can be complied with, and that the work will start at an early date. It is understood that a large part, if not all of this work is to be done this fall and the paving installed in the spring.

Stone has begun to arrive on the property, and the company announces that laying of the five-foot stone sidewalks will proceed forthwith.

CAMPERS ENJOY CLAM BAKE

A good way to render asphalt pavement less slippery is by heating the surface and then applying a layer of gravel, which is then rolled into the pavement. In wet weather the pavement retains its roughness and thus enables the horses to keep their footing.

OLD LAKE COUNTY RESIDENT WRITES ABOUT BUTTE, MONTANA

copper is in great demand owing to the war, but just at present few of the mines are being worked, as there is a strike on among the mine and smelter men. The metal workers, street car men and other labor organizations have also been on strike here this summer. The street car men settled their differences after a few days and the street cars are running again. All Butte was riding in jitneys during the strike, but as the fare was 10c instead of 5c, we welcomed the street cars back again.

But when the mines will reopen is a question. Some of the mill men in Anaconda (where the big Washoe smelter is located) have recently voted to go back to work again immediately, and it is hoped that the men and the companies will soon adjust all their differences and the mines will be working full time again. The country needs the copper and the men need the work.

Butte has never been called a beautiful city but the surrounding country is much of it very beautiful. Many years ago we had no vegetation in Butte—no trees, no grass or flowers, the smoke from the smelters killing all plant life. Now it is different, as all the old smelters have been abandoned, and the ores from most of the Butte mines are taken to Anaconda to the Washoe smelter, and the high smokestack of this smelter carries the smoke away so that it does comparatively little damage, especially since modern improvements have done away with a large percentage of the poisonous gases which were so harmful to Butte vegetation.

Some 15 years ago, perhaps a little longer, I remember seeing a great many lawns sodded. People would go out into the country for miles, cutting the sod in squares and bringing it to town and then by turning the hose on it every day it would last for some time. I recall one front dooryard in particular, which boasted a number of sunflowers and weeds, about the only flowers or greenery in Butte. When I first passed this place I stood and admired the scrawny little blossoms for some time. They certainly did look good to me.

However, we now have nice lawns and in a few years shade trees have reached good size and during the summer months we have the [illegible]

SIMPLE CLOTHING AND SIMPLE FOOD AIDS TO EFFICIENCY IN SCHOOL LIFE, SAYS MRS. GILBERT

Mrs. Gilbert of Painesville, addressed a good sized assemblage of listnrs at the Parent-Teachers' meeting at the high school, Tuesday afternoon, given under the auspices of the local W. C. T. U.

She spoke of the necessity of the mother co-operating with the teacher, that each might absorb a little of the other's viewpoint. Of the need of a simple plan of living for the growing generation that they might not use up their nervous energy on unnecessary social diversions and late hours. She recommended Friday evening as "social night;" and simpler clothes and plain food for the working students. Mrs. Gilbert is a kindly faced woman of pleasant manner and her talk covered many points of value. Mrs. Minnie Carrel rendered an original patriotic poem, and Mrs. McMahon and Mrs. Etzensperger contributed much pleasure by their selections.

Return of Last Season's Dramatic Triumph
THE LITTLE GIRL GOD FORGOT
Most Fascinating and appealing play on the stage today

The Miles

A bill of six superior vaudeville hits with the delightful singing, dancing and scenic [illegible] THE AWAKENING OF VENUS [illegible] headliner, has been arranged for showing at [illegible] house.

The popularity of these miniature musical comedies [illegible] cannot get enough [illegible] a large company present at [illegible] musical comedy [illegible] pretty and accomplished [illegible] dancing girls.

As the special feature, the Miles has secured Fred Bart and Co. in his playlet "Pay Her Back." Mayme [illegible] is a dainty little [illegible] and is also another feature, playing many musical instruments with marked merit.

The Two Telephone Boys, is the title of the [illegible] funny comedy skit, to be presented by the peers of black face comedians, [illegible] and Jones, original comedy talk and dancers, are offered by the [illegible] able entertainers. There are other big acts on the bill, that will go to fill out another big Miles week, and the movie program will consist of Valeska Suratt in a "Rich Man's Plaything", a William Fox production.

PROSPECT THEATER

There are tears and laughter and [illegible] entertainment in [illegible] "Little Girl God Forgot," which [illegible] to the Prospect commencing Monday evening next. This is one of the most refreshing and wholesome plays that will be seen here this year. It is not only amusing and interesting, but in addition it drives home a lesson beneficial to persons in every walk of life, from the girl of the tenement district to the most enthusiastic follower of society's whirl. The play tells how Nancy Barlow a little shop girl in a large city fights poverty and temptation to a successful finish and demonstrates to a rather wayward sister that the straight and narrow path is the best.

There are many splendid scenes in the play, one of them being an exact replica of the famous Hull House of Chicago founded by Jane Addams.

The "Little Girl God Forgot" will remain throughout the week with regular matinees and should draw capacity crowds as it offers a most pleasing entertainment.

WHY DO RAILWAYS AND OTHERS CHARGE FIFTY CENTS FOR A SANDWICH THAT COSTS FOUR CENTS?

In an open letter to the Pennsylvania Railway Co. by Roy F. Soule, of the United Publishers' Corporation and reproduced by the Hardware Age, the above question is asked in response to the request upon their menu card, for suggestions.

The letter reads as follows:

THE PENNSYLVANIA RAILROAD CO.

Dear Mr. Boyd:

Why do you charge fifty cents for a sandwich which contains four cents worth of material?

Why do you charge 25c for an order of potatoes which contains 1 1-2c worth of food?

Why does your company permit 50 percent overcharge for taxicabs in your New York station?

Our organization, the United Publishers' Corporation, publishes 20 magazines, and at a conservative estimate has over one hundred men on the road. I travel one quarter of the time. I travel on the Penna. R. R. when ever possible, believing I meet a better class of people, better service, etc. I would rather boost than knock because the wear and tear is less, and there is a lot of personal satisfaction in it. I knock only when I believe my kick will bring about a change where a change is badly needed. I have three very definite complaints against the Penna Railroad today. If they were little individual kicks that applied to me alone I would take a pill and wake up feeling better in the morning, but they are complaints of the general public, and the injustice is one against the general public.

I entered the diner on your car No. 220, August 21st at 12 o'clock. I ordered a club sandwich, some iced coffee and a piece of huckleberry pie. The sandwich was served. It was made of three slices of toasted bread cut cornerwise, with small pieces of lettus leaves, mayonnaise dressing, bacon and chicken. I opened it, and the meat was cut so thin, that I asked the waiter to call the dining car conductor, M. Lowenstein, who was in charge of the car responded. I said:

"This sandwich has so little meat in it, I want to call your attention to it." In an abrupt voice he replied, "we can't help that; we are instructed to cut it thin." "Your boy must be cutting with a safety razor today, or he could never shave meat so thin," I replied. "We have orders to put in three ounces of meat, and we have no choice in the matter," he said, as he abrubtly turned his back on me and walked away.

When I first began to travel, a circumstance of this kind would have left me so embarrassed that I would hardly have lodged a complaint, and had I done so, his answer would have stilled me completely. It doesn't embarrass me today. I took an envelope out of my pocket, and put every piece of meat in that sandwich into it. I wanted to see what three ounces of meat would look like if they were properly analyzed. When Dining Car Conductor Lowenstein saw me saving the contents of my sandwich, he brought me a heavy envelope in which to put it, and his treatment of me underwent a change. I told him I wanted to save that sandwich for editorial comment. When I left the train 20 minutes later, I promptly sent an associate to the Riker Drug store near the Penna Terminal where he weighed that meat. They used a prescription scale and weighed it very carefully. The chicken weighed 418 1/2 grains, and the bacon 118 grains, making a total of 566 1/2 grains. There are 437 1/2 grains in a commercial ounce. In round figures the meat weighed 1 1/4 ounces. The Penna dining car conductor said he had orders to put three ounces of meat in a fifty cent club sandwich. He more than cut that in two on my order. Over fifty-percent short weight is going some. We couldn't sell nails that way.

Then I called up Armour & Co. and told them who I was, and said that I didn't want to buy meat, but that I would like the prevailing prices on chicken and bacon.

SOMETHING ABOUT OIL CLOTH AND RESPECTING KNOWLEDGE
—BY JOE MITCHELL CHAPPLE

I am often surprised to hear men—big men at the head of big corporations—declare that their first and most important training was secured in a newspaper office. And I have met many such who today command gigantic commercial enterprises. Frank A. Vanderlip, president of the National City Bank, New York City, attributes his rapid rise to early training in the journalistic field.

Another ex-newspaper man to succeed brilliantly in an industrial line is Alvin Hunsicker, vice-president of the Standard Oil Cloth Company, of New York. Mr. Hunsicker comes from old Pennsylvania-Dutch stock—the solid, substantial type that William Penn made famous. As a young man he was engaged in newspaper work in Philadelphia. Later edited a prominent periodical dealing with imports, exports and world trade. About this time he saw an opportunity for consolidation of several minor oilcloth manufacturers.

The business had become badly disorganized. In many cases the ledgers were all "in the red."

"I saw that they were doomed unless they could get together," he explained, "so I bought a half interest in a small concern to establish myself in the business. Then I proceeded to interest the others in a parent company."

Mr. Hunsicker takes no great credit for his work in this respect, although he interested a small group of bankers in the Middle West who supplied capital to the extent of over a million dollars to support his plan.

"It was just at a time when the radical change in the business life of the country demanded such organization. The oilcloth men were only waiting for someone to make the first move"—is the way he tells it.

As in all projects, there must be pioneers men with the vision to blaze the trail, the courage to maintain it, and the peculiar power to attract followers.

Mr. Hunsicker succeeded because he had worked out his plan consistently, and presented it in a most effective and convincing way. His judgment has since been more than confirmed by the success of the undertaking.

Speaking of the divers uses of the modern oilcloth, Mr. Hunsicker told me about an introduction which was given him one day.

"'He makes oilcloth,' said my friend. 'Oh, yes,' replied the man being introduced, 'table tops for Italians. But is there much of a demand for it in this country?"

Mr. Hunsicker smiled reminiscently, and continued:

"The truth of the matter is that oilcloth, as we have known it in the past, is today only a small part of the business. As a substitute for leather and for wall coverings, it has a tremendous future. Nobody can grasp the magnitude of the advancement made during recent years in this branch of manufacture. Why we hardly realize it ourselves."

This oilcloth manufacturer is a commercial "master mariner." Every phase and detail of his business must be charted. He employs skilled draftsmen to do this work.

From a large case directly behind his desk, which Mr. Hunsicker unlocked with a mysterious air, as though he were uncovering hidden treasure, he drew forth large charts on which red, blue, green, brown and pink lines gave the impression of a fanciful sketch of the Alps.

Each line had its significance, each space represented a comprehensive cyclopedia of fact.

As he displayed them before me, he explained their connection with production, costs, etc. I nodded learnedly, with a secret vow that I'd study up such things before my next visit to his office.

"Newspaper training teaches men to get facts," he declared, with conviction. "Facts are of paramount consideration if you want results to be right. With these charts based on facts gleaned from previous experience, experiment, and practice, we know just how to steer the business ship."

Like most men of large affairs, Mr. Hunsicker appreciates a joke particularly when it's "on" himself. He enjoys telling them, too. Here's one of his favorites:

"A young fellow of somewhat dandified appearance presented himself to me one day as an industrial engineer—an inside investigator who would stop leaks and point out mistakes of busy executives. I looked at his fashionable cuffs, his spats, his wrist watch. Still, I didn't want to let exteriors prejudice me, so I told him to go to it, beginning with me. In a week he brought a nice little report tied with a baby-blue ribbon, and proceeded to show where we had missed taking advantage of the market price of oil during a few months when the market was lower than our contract price. Thought he was wrong. Got out my chart to prove it. Sure enough, although the line was only a trifle under, yet it would have meant a material saving. I hired him on the spot, and 'sicked' the human fashion-plate on the other departments. He made good all along the line, which shows that you never can tell how a bird will sing from the feathers."

With winning earnestness, he continued:

"I've learned to respect knowledge, whether it comes from a young dandy just graduated from 'tech,' or the gray-beard of prodigal experience. An illustration in point: We had struggled for years with the problem of manufacturing our oilcloth in one continuous operation. We called a conference between our practical men and our young scientists fresh from school. It was a curious picture—the old men in strange contrast with the youthful faces of the boys who knew nothing about oilcloth, but a lot about science. We were considering a process for starting the work at one end and bringing it out a finished product at the other end. 'You can't do it. It takes eight hours for each oil coat to oxidize after being applied,' the practical men declared in unision. 'Ever figure how much oxygen was used in those eight hours?' queried the youngsters. 'Why' countered the veterans, 'we just put it in the rack to dry.' 'It can all be measured,' declared the young engineers, as they blew heavenward wreaths of cigarette smoke, 'and we will get the same result by a forced treatment of oxygen—we'll give it as much in five minutes as you give it in eight hours.' 'You can't do it,' predicted the reactionaries. 'We'll try it, anyway,' persisted the revolutionaries. They did it, too.

"Today we turn out oilcloth as a continuous operation, coating at the rate of sixty yards per minute. That's why we can make wall oilcloth in a variety of colors almost as cheap as paper—and it's much more serviceable. That's why oilcloth is becoming so important on the commercial market today, whereas formerly its

"A favorite maxim with Mr. Hunsicker is that the man who shuts his eyes to the advantages of science, shuts out progress also. For, he declares, "It's very often the man who doesn't look it who will solve the knottiest problem—therefore, there's no prayer in front of my office door."

Yours sincerely,
JOE MITCHELL CHAPPLE

MISTKEN SCIENTISTS.

Newcomb Said the Airplane Could Never Be a Success

Sir Humphry Davy's dogmatic pronouncement against gaslighting is not the only instance of a clever scientist being hopelessly wrong. The early history of submarine cabling furnishes two striking examples.

Consulted on the scientific side of the project, Faraday asserted that the first cables were made too small. Then he said that "the larger the wire the more electricity would be required to charge it," and in this quite incorrect opinion he was supported by other eminent scientists. As a result of this dictum the current was increased until the operation "electrocuted" the wire and the cable broke down.

It was Lord Kelvin who by sending messages through heavy cables with incredibly weak electric current proved that Faraday was mistaken.

Airy submitted the project to mathematics and arrived at the conclusion that a cable could not submerged to the necessary depth and that if it could no recognizable signal could ever travel from Ireland to Nova Scotia.

In aviation the late Dr. Newcomb, one of the most distinguished mathematicians the world has ever produced, declared that he has mathematically investigated all the conditions operating against the heavier than air machine and was convinced that the aeroplane would never be any more than a scientific toy, and the possibility of an aeroplane motor being reliable in the reduced atmospheric pressure above 3000 feet was by several experts said to be out of the question.—Rehoboth Sunday Herald.

World's Series Saved by "Backing-Up"

It is the deciding game of the World's Series.
the ninth inning with the visiting team at bat.
the tying run on second.
two down, three balls and two strikes on the man at the plate.
A smashing single over the third baseman's head.
a clean scoop and a quick throw by the left fielder to the plate.

LEGAL NOTICE

Joseph Stegmeier, the Unknown Heirs of Joseph Stegmeier, deceased, Lewis Hundertmark and the Unknown Heirs of Lewis Hundertmark, deceased, who formerly resided in Cleveland, Cuyahoga County, Ohio, will take notice that Paul Szoke and Rose Szoke filed their petition in the Court of Common Pleas, within and for the County of Cuyahoga, State of Ohio, being cause No. 159129, alleging that they are seized in fee simple, and are in the actual possession of the following described real estate, to wit:—

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being the Southerly 100 feet of the Easterly 24 feet and 9 inches of Sub-Lot No. 545 in Barber and Lord's Allotment of part of Original Brooklyn Township Lots Nos. 51, 52, 69 and 70, now in said City.

Said part of said Sub-Lot No. 545 has a frontage of 24 feet and 9 inches on the Northerly side of Lorain Avenue and extends back 100 feet deep, between parallel lines, as per Plat of said Allotment recorded in Volume 11 of Maps, page 26 of Cuyahoga County Records.

That they derived their title to said real estate by purchase, and that there is a cloud upon the same in that a certain mortgage, recorded in Volume 153, page 630, appears on record improperly cancelled and satisfied, and that said Joseph Stegmeier, the Unknown Heirs of Joseph Stegmeier, deceased, Lewis Hundertmark and the Unknown Heirs of Lewis Hundertmark, deceased, claim to have an estate and interest in and to said premises adverse to the interest of the plaintiffs.

The prayer of said petition is that the title to said real estate may be quieted; that the Court declare said mortgage to be null and void, and that the defendants be forever barred from having or claiming any right or interest to the same.

The above named defendants will further take notice that they have been made party defendants to said petition, and that they are required to answer the same on or before the 24th day of November, 1917.

CAN THE DRINK HABIT REALLY BE CURED?

By Franklin Pierce Fontenoy

Do you doubt whether the drink habit can really be cured? Then let your doubt be an intelligent doubt. Investigate. It is not fair to yourself or to anyone else to entertain a doubt based on nothing but surmise or conjecture.

The managers of the Neal Institute claim to be able to cure the drink habit in three days.

That is a tremendous claim to make.

If you have any doubt on the subject. Make Them Prove It.

Ask those who have taken the Neal Treatment or the friends and relatives of those who have tested the Neal claims.

Visit the Neal Institute and talk with the doctors and nurses in charge. State your doubt frankly and fearlessly and ask for proofs.

Does Her Own Housework Since Tanlac Has Built Up Her Run-Down System

"I am now doing my own housework and it doesn't tire me out like it used to," said Mrs. John A. Kozsey, 2503 E. 23rd st., in telling what Tanlac did for her after she was all run down.

"I was troubled with my stomach for a long time," she continued. "After meals gas formed on my stomach, which made me feel bloated and uncomfortable. I often had dizzy spells and headaches and sometimes I would have chills. My circulation was poor, too, and I had that tired feeling most of the time. No matter how tired I was, however, I couldn't sleep soundly because I was nervous.

"Since taking Tanlac I feel much better. I am not troubled with my stomach, and I don't lie awake nights like I used to. The dizzy spells have disappeared and I feel better all around. Tanlac is certainly a good medicine. I am well please with it."

Tanlac is a purely vegetable tonic made of roots, barks and herries and is especially designed to build up run-down people. If you are in need of a good tonic get it today. It will do for you what it has done for thousands of others.

You can get Tanlac at any good drug store in Cleveland. The Tanlac representative at the Standard Drug's Old Arcade store, 411 Euclid ave., will be glad to explain all about this wonderful tonic to you.—Advt.

Kollie and Quay H. Findley as Executors of the Last Will and Testament of Frank Van Hofen, deceased, have filed a petition against them and others in the Probate Court of Cuyahoga County, Ohio, alleging that on the 20th day of February, A. D. 1914, the said Frank Van Hofen, then in full life, entered into a contract in writing with Walter A. Hartory and Martha F. Hartory for the sale of all the interest of said decedent, Frank Van Hofen, in the following described real estate, to-wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being the Southerly thirty-five (35) feet of lots Nos. 14, 15, and 16 in John Van Driel's Allotment of part of original Lot No. 383, as shown by the recorded plat Volume 7, Page 31, of Cuyahoga County Records, and being 35 feet front on the Easterly side of E. 80th Street, formerly Seedle Avenue, and One Hundred and twenty-two (122) feet deep.

Said petition further alleges that on the 12th day of August, 1916, said Walter A. Hartory and Martha F. Hartory did sell, transfer and assign all their right, title and interest in and to said land contract to John Fink and Sophia Fink; that said assignment is written on the margin of said contract and recorded September 10, 1917.

The petition alleges that the defendants, John Fink and Sophia Fink are now ready and willing to pay the balance due on said contract and perform all of the agreements in said contract by them to be performed, as soon as valid deeds can be made to them; that the defendants first above mentioned are all interested in said estate, as heirs or legatees.

The prayer of said petition is that the executors, Louis C. Kollie and Quay H. Findley be authorized to execute a good and suffecient deed in fee simple for said premises, for and on behalf of the heirs of said decedent Frank Van Hofen and all other persons interested, and for relief.

Said petition is No. 89955, and the defendants first above named are required to answer the same on or before the 10th day of November, A. D. 1917.

REPORT OF ESTIMATED ASSESSMENT

To the Council of The Village of East View, Ohio:

The undersigned, an estimating board, appointed and acting in pursuance to your Resolution No. 1012, adopted on the 2nd day of April, 1917, respectfully report the within assessments, amounting in the aggregate to $24,293.34, attached hereton and made a part hereof, of the Cost and Expense of improving Lee Road, from the southerly limits of East View Village to South Moreland Boulevard, by constructing a sewer for storm and sanitary purposes therein, according to Engineer's plans.

Said assessments herein reported are in proportion to the special benefits which will result to such lots and lands from said improvement, and are limited as to each lot and parcel of land to the special benefits conferred thereon. Said assessments including all other assessments for any and all purposes levied within the period of five years last passed, does not exceed 33 1-3% of the actual value of such lots and lands after said improvement is made.

Brennan and Mary Ryan, if deceased, and the unknown heirs, administrators, devisees and legatees of James J. Brennan, deceased, and the unknown heirs of said Edward J. Conway, deceased, defendants, will take notice that John W. Leahy, administrator of the estate of Edward J. Conway, deceased, on the 15th day of June, 1917, filed his petition in the Probate Court of Cuyahoga County, Ohio, being case No. 87821, against the above named defendants and others, alleging that the personal estate of said decedent is insufficient to pay his debts and the charges of administering his estate; that he died seized in fee simple of the following described real estate, to-wit:

Situated in the City of Lakewood, County of Cuyahoga and State of Ohio, and known as being Sub-lot No. one hundred and twenty-three (123) in the Northwood Park Subdivision, of part of original Rockport Township, Section No. 23, as shown by the recorded plat of said Subdivision, in Volume 29 of Maps, Page 27 of Cuyahoga County Records. Said Sub-lot No. 123 has a frontage of 40 feet on the Southerly side of Northwood avenue and extends back between parallel lines, 104 feet, as appears by said plat.

That Mary Ann Conklin and John W. Leahy, executor of the last Will and Testament of Bridget Conklin, deceased, claim to hold a mortgage on said real estate for one thousand dollars for purchase money of said premises.

The prayer of the petition is that said mortgagees be required to answer setting forth the particulars of their mortgage lien on said premises, and that said alleged relatives of Edward J. Conway, deceased, may be required to answer in said cause and disclose their kinship, if any, to said decedent and show what, if any right or interest, they may have in or to the property and estate of said decedent, and in default thereof be forever barred from asserting any interest in or claim against said decedent's estate, and that said premises be sold to pay the debts and charges aforesaid. The aforesaid defendants and each and every one of them are required to answer said petition herein on or before the 17th day of November, 1917.

One tenth of the agricultural and horticultural interests of the United States are destroyed [illegible]

Announcing our tenth yearly piano sale with 200 Behr Bros pianos at $277 each and 200 Behr Bros players at $417 each

Tomorrow morning we open our tenth great yearly piano sale.

Two hundred Behr Bros. pianos will be offered at 277 dollars each.

Two hundred Behr Bros. player-pianos will be offered at 417 dollars each.

The small amount of 10 dollars will place your choice of one of these pianos or player-pianos in your home.

You may then divide the remainder into payments, to suit your convenience, covering a period of three full years.

This in the main, and in a few brief words, tells the entire story of this year's great event. Yet it is an event for which it has taken months to prepare, and is a transaction which involves approximately one hundred and fifty thousand dollars.

For several years these yearly piano sales have been the talk of the country. They are watched from Maine to California and are copied and imitated in every state.

They have become great National trade events, upon which the piano trade and department stores yearly set a longing eye.

And, with the great Behr Bros. instruments, for the third successive year, for the strong and dependable hub around which the whole great sale revolves, this year's campaign will win new laurels for itself and add new friends to our matchless means of conducting business.

How we came to again choose Behr Bros. pianos for our yearly sale

This is 3 years in succession, we have sold Behr Bros. pianos in our great yearly sales.

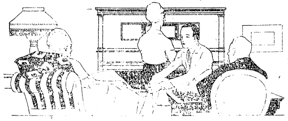
The reason why we should choose it this year, is so plain that a child can understand it.

It is because of the absolutely reliability and dependability of the instruments themselves.

We have sold over 1,000 Behr Bros. pianos and player-pianos during the past 2 years.

So we know whereof we speak when we say, that you cannot put a more all 'round satisfactory piano or player-piano in your home.

Read over the conditions under which these instruments are offered: They are the proofs. Were we offering you pianos which would have to bring twice the price, we could not offer you greater protection than you get with these, nor could we begin to offer you such liberal terms.



Also Behr Bros. player-pianos at $417 each

There are 200 Behr Bros. player-pianos in this sale, besides the 200 Behr Bros. pianos.

The price of the player-pianos is $417 each.

The terms and conditions are precisely the same as though you were purchasing the piano.

You may start to own one of these beautiful player-pianos by making an initial payment of but 10 dollars. The balance you may divide into weekly or monthly payments, as best suits your convenience, covering a period of 3 whole years.

All other features of the sale, such as your money back in 30 days; privilege to exchange within a year, a five year unreserved guarantee, and cancellation of all unpaid payments in event of death are exactly the same as those given with the piano.

Included, also with the player-piano, are 10 rolls of music of your own selection, a scarf and beautiful player-piano bench to match piano

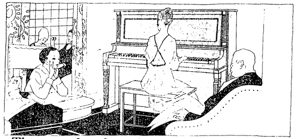
SPECIAL NOTE: During this sale the piano department will be open evenings by appointment. Call the piano department over either phone and make your appointment.

TEAR THIS OFF AND MAIL AT ONCE

THE MAY CO.,
Cleveland, O.

Without any obligation whatsoever on my part, mail book of photographs and full description of the Behr Bros. pianos and player-pianos being sold by you at special prices and upon secial terms.

NAME ....
Street and No. ....
City .... STATE ....



These yearly sales, when shorn of all details, are an effort on our part to sell two pianos where we usually sell but one, by giving prospective buyers big inducements to purchase now

The prices that will prevail during this sale are "before the war" prices.

The terms of payment that will prevail are even more liberal than usual "before the war" terms

This is a very important thing to know.

Since August, 1914, the begining of the European War, every piece of wood, every piece of felt, every wire string, every bit of ivory, every tuning pin and every metal part that enters into a piano, has increased in price from 10 to as much as 250 per cent.

There isn't a single thing from the tiniest screw to the massive steel plate that holds the strings, but which, today, costs, on the average, half as much again as it did two and a half years ago.

The labor that works this material, which in most part is skilled and technical, is receiving from 15 to 40 per cent. more than it got before the war.

In the box to the right a detailed statement is shown of the increased cost of materials entering into piano and player piano building.

So, when we come to you with a carefully planned selling campaign, like this, with a proposition in which one of the best known and most dependable pianos in America is offered at "before the war" prices, WHICH WERE THE LOWEST THE PIANO INDUSTRY HAS EVER KNOWN, you will immediately see the big opportunity and tremendous advantage that this sale offers.

With prices of every commodity going up and up, with manufacturers in other lines raising and re-raising their prices, notwithstanding greatly increased outputs, you can quickly see the opportunity that this great yearly sale holds for the thrifty buyer, to place a good standard piano or player-piano in his home, at a price which has never been lower in the history of the American piano industry.

This list was compiled by J. O. Campbell, New York City, Purchasing Director for Behr Bros. & Co. and allied industries, whose yearly purchases run into millions.

Special terms, conditions and features of this sale

These Behr Bros. pianos and player-pianos are offered with this understanding:

FIRST: That your initial payment, at the time you make your selection, may be as little as 10 dollars.

SECOND: That you may divide the balance into weekly or monthly payments, extending over a period of 3 whole years.

THIRD: That both the pianos and player-pianos are guaranteed, without reserve, for 5 years from date of purchase. This principle of absolute satisfaction so dominates this sale that purchasers will be permitted to write their own guarantee in case they are dissatisfied with the wording of the printed guarantee.

FOURTH: That you may exchange the instrument you select for any reason whatsoever, for any other new piano, player-piano, or grand piano we sell of like or higher price, at any time within one year.

FIFTH: That you may, for any reason, get your money back after having tried the instrument in your home for 30 days.

SIXTH: That should the purchaser die before all payments shall have been made, all remaining unpaid payments will be cancelled and a receipt in full turned over to the family of the deceased.

NOTE: These unusual liberal privileges are made a part of a written agreement with each and every purchase.

AUTOS CONVEY GUESTS AT SUNDAY SCHOOL CONVENTION TO POINTS OF INTEREST

One of the most successful conventions the Lake county Sunday school association has ever held occurred in Wickliffe Friday last. Dinner and supper were served to over 100 people. Autos conveyed the guests to the Red Cross room, where an exhibit was arranged; also to other points of interest, including homes and farms in the vicinity. The interesting program included several from Willoughby and Painesville and other local points. E. F. Blakely and Mrs. Nellie Sherman presented the Ohio dry program.

FARMERS MARKET OPENS IN WILLOUGHBY

The farmers market opened on schedule time Saturday morning last. Several farm wagons were lined up and many Willoughby patrons called early and carried away full baskets. The Patriotic Federation is pleased with the co-operation of both the farmers and the public. It is hoped that this may continue and increase, as the market is not only a means of bringing fresh produce from the surrounding farms to Willoughby for quick sale, but it is also a means of bringing the farmer into closer buying and selling relations with Willoughby merchants. Farmers who are willing to come regularly should make the fact known. In a curb market opened in Cleveland recently fifteen farmers promptly signified their intention of making weekly stops.

JAMES GORDON REED ARRIVES

James Gordon Reed made his advent in Painesville, at the hospital there, Saturday, Sept. 29th. Mrs. Reed was formerly Miss Mary Silsby.

WOMAN'S CLUB TO VISIT CLEVELAND ART GALLERY

The members of the Willoughby Woman's club will visit the Cleveland Art Museum, Wednesday, October 10th. The party will assemble at the library at 10 a. m. So far as possible automobiles will be provided. Those not accommodated in this manner will take the 10:30 main line car. Noon luncheon can be purchased at the Museum restaurant for 40c. by those who notify the committee by Friday night.

INTERESTING ASSEMBLAGE AT HOME OF DR. PICKARD

Visitors at the home of Dr. Pickard Sunday, and for the week-end, included Dr. and Mrs. W. E. Bruner, of Cleveland; Glenn H. Pickard, of Chicago, and Miss Fredericka Gaiser, of Cleveland. Dr. Pickard's son is a consulting chemist on the subject of linseed and vegetable oils, protective coatings, etc., drawing his clientage from all points of the country. Miss Gaiser is employed by the superintendent of the Red Cross hygienic department in Cleveland.

PAINESVILLE MADE POST OFFICE SUPPLY STATION

With the exception of Willoughby all the Lake county post offices will secure their supplies in the future through Painesville, which will be a distributing point, Willoughby being rated in practically the same class as Painesville, will continue to receive supplies direct from Washington.

W. J. Gibson Says He Doesn't Need Any Flowers. Small Profits Please Him

TO MY CUSTOMERS:

People say they do not see how I can live, and sell so cheaply, but keep on coming. I will let you know when to send flowers, as I am satisfied with a small profit. Now I have the **Shino Mitten duster** which is chemically treated. You can dust off your car or household furniture without fear of scratching the varnish, and your car is clean and free from dust. Come in and get one; see it; and if you do not like it, your money is yours. I also have driving gloves at about half what others charge. Do not forget I am selling oils at less than they cost today. I have a full line of bumpers at prices so low you would hardly believe me, but they are yours at the price. In fact I have so many new things I can't tell you here. So come in and see for yourself as I have it, can get it or it isn't made.

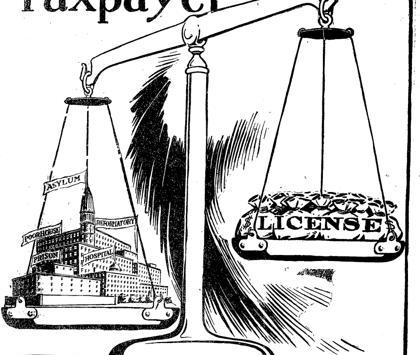
Shortweighting the Taxpayer



The Truth About Taxes

Every year the saloons of Ohio pay $6,162,000 to the State, and those who refused to think for themselves were led to believe that if Ohio went dry the loss of this license money would make their taxes higher.

Nowhere in any industry has the taxpayer been so completely short-weighted as by the liquor business.

When you think of the six million dollars that the saloons pay to the State you must also consider what the saloons cost the State, and if you will look to those states that have adopted Prohibition, you will find the claim of the liquor interests that the saloons lower taxes, is an exploded theory.

Kansas, without liquor revenue for many years, is free from debt.

West Virginia, during her three dry years has reduced her state tax rate from 14c to 9c.

Right here in Ohio the big wet centers with their high tax rates and heavy indebtedness haven't money enough to pay running expenses.

While the city of Findlay, with all her civic improvements, without saloons for eight years, has the lowest tax rate of any city in the State.

The auditor of the State of Ohio in his annual report for the year ending June 30, 1916, recognized the fact that taxes paid by the liquor interests do not meet the public expenses they cause.

He says in his official report: "The saloon tax is to cover the expenses of regulating the traffic and to meet as far as possible the maintenance of those who become public charges as the result of intoxicating liquor."

"These are local matters and the expense necessarily has to be met by the local sub-division where the saloons are located."

"Why should the state rob these communities that need every cent of this license tax?"

More than all the money received by the State or by the City or by the County from the saloon tax is used to take care of its victims. So that this license money does not reduce taxes, but the destructive influences of the saloons increase them. And in addition to all this, wreck the lives of thousands of men, women and children every year.

The man who votes wet to save taxes is being fooled. He is being robbed of a greater amount than he saves, and he is harming himself and every other resident of his State. Vote for lower taxes.

Vote for the elimination of an industry which is only partly paying the actual cost of restoring the damage it does.

TEMPLAR SHOWS POWER ON HILLS IN SOUTHERN OHIO

Takes Four Passengers Over St. Clairsville Rise at Minimum Speed of 16 Miles.

Much comment has been heard on the performance of the new Templar over the St. Clairsville hill climb since the first test was made Friday morning. The Templar made the entire climb with four passengers in high gear. The speed was 16 miles an hour at the top.

Regarding the sharpest turn in the [illegible] as the car is able to negotiate sharp turns with little difficulty. The lowest speed on the trip was eight miles per hour, and on every straightaway the [illegible] was noticeable.

It was designed after a thorough inspection and trial of all the good models now being built and is proving one of the most satisfactory now used. With less than 200 cubic inches of piston displacement, it ranks highest in this type car for the accomplishments which it has made. At one time during the above drive, the machine was accelerated from eight to forty miles per hour in a very few seconds, and the ease with which the increased speed was attained was a surprise to those who were riding in the car.—Wheeling Daily News, Sept. 9, 1917.

ASK YOUR BANKER ABOUT THE MEN BACK OF TEMPLAR MOTORS

No matter how good the product it takes men—good men—to make the business of testing that product and marketing it a success.

The men in Templar Motors are already reputedly successful in a big way, and they are in Templar Motors to make Templar Motors the biggest success of all.

It is a rare banker who will take the responsibility of recommending which stocks you buy.

But your banker will tell you and be glad to tell you, something of the men in any organization he knows anything about.

And every banker in Cleveland knows something of the men in the Templar Motors Corporation.

TEMPLAR MOTORS PASSES $1,000,000 MARK IN STOCK

First Cars on Road, Factory Nearing Completion and Business Good, Says Manager Cooper.

More than one million dollars in stock to 4,400 stockholders is the record of the Templar Motors Corporation in the nine months it has been in business.

The first block of $10 shares was oversubscribed $100,000.

The $11 block was oversubscribed in ninety days.

The stock is selling now at $12 a share.

"With cars on the road and reports coming in every day of their really wonderful performance, the first unit of our factory building nearing completion, and the contracts let covering our material up to July 1st, the Templar Motors Corporation may well be said to be an actuality," said W. O. Cooper, Organization Manager, yesterday afternoon.

"We have done no national advertising, but we are getting inquiries every day from all over the United States, from men who want to be Templar dealers. We had them from California, Texas and Alabama on Tuesday. We have them also from New York, Pennsylvania, Kansas, Minnesota, Illinois—probably a total of twenty states, with a natural preponderance in Ohio.

"The first thousand cars we make will go to stockholders only—and though we won't start quarterly production until November, we have sold practically our entire output to March 1st.

"We paid $3000 an acre for our factory site on Madison avenue at Halstead, and have been made a bona-fide offer at $6000 an acre—a profit of about $60,000, which naturally we couldn't afford to take."

The Templar Motors Corporation executive and sales offices are 736-737-738 Guardian building. The engineering, purchasing and advertising departments are on the eleventh floor—1130-1131-1132 and 1134.

Templar Goes Up Akron North Hill All Way on High

The new Templar was driven over to Akron the other day and that valve-in head motor pulled up the notorious North Hill on high, at 18 miles an hour at the top.

What makes this place hard climbing is that there's no chance to get a running start.

WONDERFUL POSSIBILITIES IN CAR MAKING, SAYS FINANCIER

Newton Dagg, of Dagg & Constaflter, Chicago and Milwaukee, who has had a wide experience in the financial world, is enthusiastic over the outlook for the automobile manufacturer who is building cars in the medium price class. Mr. Dagg specializes in automobile financing. Coming to America equipped with a broad financial experience gained in Edinburgh and London, he has made himself a power in the financial world here.

"I have unbounded faith in the future of the automobile industry," said Mr. Dagg. "I believe it is still in its infancy.

"There is also an increased demand in foreign countries for the American motor car and it must be vastly greater when the war ends. Russia, Japan, China, South America and all other countries all afford the American motor car manufacturers a market with tremendous possibilities. The manner in which the big banking interests and financial men of the country have taken hold of the automobile industry augurs a bright future for the wide-a-wake manufacturer, who makes liberal use of newspaper space and has an efficient organization.

"I have in mind a motor car manufacturer who has on the books orders for 5,500 cars more than they will be able to deliver before January, 1918."—Pittsburg Commercial Gazette, August 26.

TEMPLAR IN NEW YORK AND CHICAGO

The Templar Corporation has opened offices at 1339 Michigan avenue, Chicago, and 90 Broadway, New York.

Prominent Men in West Virginia in Templar Motors

E. T. England, of Wheeling; attorney general of West Virginia, is among the month's new stockholders in Templar Motors.

C. P. Donovan, secretary and treasurer of the Coal River Coal and Coke Company of Huntington, is another prominent West Virginia man who has bought during August.

EX-PACKARD MAN IS MANAGER OF TEMPLAR SHOPS

J. H. Weller, formerly superintendent of the Whitney Manufacturing Company, Hartford, Connecticut, will join the Templar Motors Corporation this month as production manager.

Mr. Weller was assistant to Harry Schepler, at that time manager of the Willys-Overland at Toledo. He was with the Packard Motor Car Company at Detroit for five years, and quit as manager of production for the passenger car division of that company to go to the Whitney people, manufacturers of chains, Woodruff keys, milling machines, etc. Mr. Weller is a graduate of bicycle manufacturing days and was with the Pope Manufacturing Company when they began automobile construction in 1905. He was also superintendent of the Matheson Company for three years.

Mr. Weller will at once start the installation of the equipment in the first unit of the Templar factory.

BIG SIX OWNER DRIVES TEMPLAR; DESIGNATES COUPE

On one of those roads which start at the bottom and go to the top, a Cleveland man was driving a big six touring car when along came a man with a smaller car—a car that had the lines that commanded and got that second look, and the power that took it up with any of them.

That big six owner has bought fourteen cars in the past ten years, and he knows all the cars on the road. He saw that this car was new, brand new, on the market. And he stopped the man who had it. He wanted to drive it, and the two changed wheels.

"It handles prettier than anything I ever sat in," he said, "and power—it's got it and got it strong." He asked for an order blank, and designated the coupe body.

WAR OPENS UP NEW FIELD FOR CARS, SAYS JAPANESE; TAKES TEMPLAR

Because he saw a Templar on the street and liked the lines and the sound of the motor, a foreigner got in connection with the driver with the result that the Templar Motors Corporation has established connections with its first over-sea agency.

The foreigner, who by the way is Japanese, says that the demand for American cars is heavy at all times, but that formerly the demand has been for the two extremes in price—as low as they make them and as high as they make them.

"But times have changed," he says. "The war has put lots of money into the hands of the middle class people, opening a new market. They want cars—good looking and durable cars, but at a medium price. I have just what they want in the Templar."

He was promised a car during the holidays.

TWENTIETH YEAR—NO. 37. WILLOUGHBY, O., OCTOBER 12, 1917. ONE DOLLAR A YEAR IN ADVANCE

MENTOR GAS PROMOTERS APPROACH WILLOUGHBY MANUFACTURERS. LOCAL GAS COMPANY AGITATED.

H. B. Schoolfield, secretary of the Lake Shore Chemical Co., and representing the company now known as the Lake Shore Gas Co., was in Willoughby during the week, presenting a proposition to supply all the factories here with gas for fuel. The company is contemplating drilling four wells per month. 780 pounds pressure is now being secured in the Mentor fields. The company feel that the prospects are most promising and they are engaged in presenting the proposition to Painesville, Mentor and Willoughby. A local company to furnish gas to Mentor will undoubtedly be formed there if the gas is found available. The Chemical Co. will supply the gas only at wholesale.

Mr. Schoolfield states that to a local company they would arrange to pipe gas into Willoughby so that the company could supply it to consumers at a price equally as low as is now furnished Cleveland patrons. If the factories take advantage of the proposition to have gas piped for their use, piping for residence consumption would be a simple step. Bonds could be issued by the village for laying the pipes; a local company could be formed to supply the gas to patrons. That gas is being found and daily drilled for in Mentor is a fact. That the East Ohio and Ashtabula companies are rapidly taking land options, is also a fact. If there is any prospect of Willoughby securing gas, for cooking purposes, surely sufficient agitation should be made to secure for Willoughby residents that greatly desired convenience.

MAYOR COULBY PROCURES COAL FOR WICKLIFFE. BEST MASSILLON LUMP AT $5.25

Five car loads of coal were on the way to Wickliffe Wednesday, due to the efforts of Mayor Coulby. A petition was presented to the mayor and the council a few nights since, asking if something could not be done to relieve the coal situation in Wickliffe.

A request sent to the coal administrator at Van Wert had received no reply. Results are that the coal is on the way and it will be sold to families inside the corporation in two ton lots, best Massillon lump at $5.25.

LOCAL FACTORY MAKES SHIPMENT TO CHINA

China will be the recipient of some Willoughby-made material in a very short time. A carload shipment of peroxide is now on the way there from the plant of the J. H. R. Products Co. A shipment to France is anticipated for the near future.

MENTOR HAS NO COAL

Mentor has no coal. Delays in ordering in anticipation of lower prices has brought about the situation in Mentor of practically no coal at all on hand. F. D. Swain, clerk of the council, said he had possibly a half ton. He stated that he had in times past cut down plenty of wood, and thought he would probably do the same again. The coal situation in Mentor is even more acute than that of Willoughby.

Sieberling Wedding Local Folks Attend

The wedding of John Frederick Sieberling of Akron, which was schedaled to take place Thursday of this week, is of considerable local interest on account of family connections here. The young man is the oldest son of the family, and is named for his grandfather, who established the manufacturing plant in Akron.

The home of the bride, Miss Henrietta McBrayer, is at El Paso, Texas. She is a Vassar graduate. The wedding will take place at the home of the groom, Stan-Hywet Hall, North Portage Path. The groom being in the government service made it necessary to have the wedding in Akron.

It was to be a most elaborate affair, the house guests alone numbering 50 to 75 people. These will include as local guests, Mr. and Mrs. L. W. Penfield, Mrs. George F. Law, Mr. and Mrs. S. S. Wilson, Mr. and Mrs. A. H. Van Gorder and Mr. and Mrs. Arthur Penfield. A wire received from the Sieberling home stated that all of the guests here named were to remain over Friday, which is an anniversary occasion for Mr. and Mrs. Sieberling, mother and father of the groom.

PAINESVILLE LIBERTY LOAN CAMPAIGN OPENS.

E. D. Heartwell, of the Painesville National bank, is chairman of the committee on publicity for Lake county's second Liberty Loan campaign. The quota for Lake county is $400,000.

REV. BRIGHT TO HAVE PARTY

The Ladies Aid Society have charge of the evening party that will be given for Rev. Bright in the Sunday school room at the church, Friday night. "Just a pleasant, happy, get-together party," to show the feeling of the congregation at the return of Rev. Bright, one of the ladies said. If every one in the community expressed their high regard for Rev. Bright by attending there should surely be a large gathering.

MRS. SHERMAN TO SPEAK AT CHURCH

Mrs. W. P. Sherman, county president of the W. C. T. U. will be the leader of talk on temperance Sunday afternoon at 6:00 in the Sunday school room of the M. E. church.

It is a great honor to have Mrs. Sherman with us and we will gladly welcome all who would like to come and hear her interesting lecture. Please note the change in time.

WATER AND SEWER SOON TO BE INSTALLED IN NEW ALLOTMENT.

Notice to contractors to bid on the installation of the water and sewer in the McNutt-McCall Company's allotment, has been given by the village council. Bids are to be opened on the 27th inst. according to the published notice, and it is expected that work on these improvements will be started very soon after contracts are awarded. Both the company and the village officials are to be commended for the prompt manner in which this property is being made available for the building of more good homes, for which there is great need in Willoughby.

The company reports that it is making a good number of sales of its lots each week; also that sales are being made to both local and Cleveland people. And, that it's purchasers are a very desirable class of American people, who will build good houses, and develop attractive homes.

VISITOR FROM ENGLAND ARRIVES

Mr. Chas. Gaines, brother of Mrs. Cora Gaines Carrell, reached Willoughby, Wednesday. He has been expected for some time, coming from London, England. Mr. and Mrs. King C. Gillette, of California, are also here.

DO SALOONS REDUCE TAXES? NO! MERE CAMOUFLAGE

An Editorial Written for the Republican By E. F. Blakely.

The saloon is not a tax payer—it is a high priced tax collector.

The whole saloon tax proposition comes down to this if the community will give the saloon the right to prey upon it, the right to waste its foods supply at a time when food prices are so high that the average wage earner hardly knows how to make both ends meet, the right to waste the efficiency of the community, the right to destroy its manhood, the saloon will then proceed to blackjack and rob the community in this manner, and for the privilege will agree to pay back a very small part of its illgotten gains. **We can't license anyone or anything to steal from ourselves or to exploit ourselves and expect to make any money by the transaction.** A saloon always substracts from the real worth of any town whether figured in dollars or decency.

Other things than taxes are involved in the election this fall. We don't build school houses and good roads for the purpose of lowering taxes; we do it for the welfare of the present and future generations. We might vote out the saloons for the same good reason.

While our soldier boys fight to make the world safe for democracy, we might vote to make Ohio safe for boys and girls and little children. If the men who vote for saloons had to furnish the boys to fill them, not many wet votes would be cast.

But speaking of taxes, the saloon pays none. The community furnishes all the money the saloon receives. The saloon embezzles the most of it, and then the real tax payers have to make up the deficiency.

The claim of the wets that saloons reduce taxes is camouflage.

No words in any language can describe what is going on in Europe. Few people on this side have anything but a remote realization of what the happenings over there mean to us over here.

This is no time to wait—to feel secure—to shift the responsibility to other shoulders—or to think that everything will come out all rigth.

Better put it down that the situation is serious—that safety is going to cost more every day you wait—that sacrifice is essential now, and that every person in every station of life must buy his or her security for the future by investing in Liberty Bonds today.

"MAKE OHIO DRY" COMMITTEE DINNER AT WILLOUGHBY INN

The local committees have started out on the dry campaign with vigor. "Make Ohio dry" is the slogan, and to make Ohio dry a campaign of work and interest is planned. A general committee has been formed and they will work together to see that no voter who will help to make Ohio dry misses the poll election day.

A dinner will be served at the Willoughby men, Monday, October 22, in which forty of the committeemen will participate. Organization and working plans will be perfected at that time. S. D. Shankland, E. F. Birkholz, S. G. Brown, Howard Talbot, W. P. Sherman, Emory Granger, Jas. M. Baker and John Langshorn are chairmen for the various precincts.

METHODIST CHURCH HAS SERVICE FLAG FOR SOLDIER BOYS

The Methodist church now has a service flag. Fourteen stars for fourteen soldier boys, are upon it. It was presented to the church by the Sunday school, and the presentation was a part of the rally day Sunday school program Sunday last. S. D. Shankland made the presentation speech. The rally day services covered many features of interest. George Van Gorder, home for two days, gave a splendid talk on the military activities. He also spoke of the comfort afforded by the work of the ladies of the Red Cross; and paid a special tribute to their work.

The church was most effectively decorated with the U. S. flag, and those of the Allies, as well as the new service flag. White, arched gates for the graduates, with fall floral decorations, added much to the effective back ground for the services. The Sunday school rally day attendance was 349.

COAL SITUATION ACUTE IN WILLOUGHBY

Many folks in Willoughby are without coal at the present time. The homes of L. J. Talbot and L. W. Penfield are among those who have none. The J. H. R. Products have a supply sufficient to last ten days. Andrews School is taken care of the N. Y. Steam Co., which is supplied until February at least. The community coal yard has received no shipments for two weeks.

WICKLIFFE RED CROSS TO HAVE MOVING PICTURE SHOW

A moving picture show will be given at the school house in Wickliffe, one week from Saturday night, for the benefit of the Wickliffe Red Cross. Mr. Coulby donates the use of the film and the operator. All proceeds will be turned over to the Wickliffe Red Cross Circle. The matter will be placed in charge of the young people of the village.

PASSING OF MATT LYNCH

A familiar figure was laid to rest in the Willoughby cemetery Sunday, when services were conducted by Rev. Bright over the remains of Matt Lynch. Mr. Lynch passed away suddenly Friday last. He was sixty years of age. He had worked for many folks around town, among them Mrs. W. W. Wallace, where he had been employed for 13 years. He was well liked and had numbers of friends, a great many of whom were represented at the funeral. Mr. McMahon rendered a solo. Mr. Lynch's sisters; Mrs. Daw and Mrs. McNamara, came to the village upon receiving word of the death, and took charge of the services.

MICHIGAN O. E. S. CHAPTER WILL REVIVE WORK OF 50 YEARS AGO

Mrs. Cora Gaines Carrel is in Detroit this week, attending the grand chapter of the Michigan Order Eastern Star. She accompanied the grand matron of this state. An interesting feature of the affair lies in the fact that the work will be put on in the manner as used fifty years ago, showing the comparison with present methods.

OFFICERS ELECTED AND SPEECHES OF INTEREST MADE AT W. C. T. U. CONVENTION

The Lake County Woman's Christian Temperance Union, convened at the First Baptist church in Painesville for its annual convention Tuesday, October 9th. The president, Mrs. Nellie Sherman, of Willoughby, very ably presided at all the sessions and in her witty way introduced the various speakers. Prof. C. J. Nelson had charge of the music, and pleasing solos were sung by Mrs. Geo. Sherman, Mrs. C. A. Duff and Arthur Nichols, all of Painesville. Miss Nadine Motts, state secretary for the Loyal Temperance Legion, gave an inspiring address in the afternoon, convincing all present, that it is essential to give the children temperance instruction.

Mrs. E. Reeves of Willoughby read a most excellent paper upon the subject "Men and Women of Tomorrow" and Rev. A. B. Christy, of Painesville, gave an address in the afternoon.

The evening program consisted of addresses by Mrs. Frances Fuller, of Madison, state vice president, S. D. Shankland, of Willoughby, E. F. Blakely, and Rev. Dieterich, of Painesville. Rev. Foshay of the Baptist church had charge of the devotionals, and it was a most excellent program throughout. The topics being "The Outlook for Dry Ohio." Mrs. Sherman declined to serve as president another year. The officers elected are Mrs. Della Hoose, president; Mrs. Abbie Lucas, vice president; Miss Harriett Storrs, correspondence secretary, Mrs. C. E. Bidlake, recording secretary, and Mrs. Edith North, treasurer.

The Painesville union served a picnic dinner for the delegates and more than fifty were present on that occasion.

The following resolutions were adopted:

The Lake County W. C. T. U. in annual convention assembled, gratefully acknowledges the Heavenly Father's leadership in the prohibition victories of the past year, and we pledge anew our utmost effort for state and national prohibition.

Resolved that we commend President Wilson and congress for prohibiting the manufacture of whiskey) as a war measure. As loyal patriotic women we pledge ourselves to cooperate in all efforts for food conservation and the elimination of waste.

We protest against the continued manufacture and sale of beer and wine which destroys one hundred and thirty-five millions of bushels of grain every year, and fastens the deadly drink habit upon countless victims.

We stand not only for food conservation but for that greater thing, manhood conservation, and therefore most earnestly urge the president to prohibit also wine and beer.

That we commend Secretary Baker and Secretary Daniels for their efforts to protect the army and navy from the drink evil and we urge that the same protection be given to our soldiers and marines in foreign fields.

We stand unqualifiedly for woman's full enfranchisement, and urge every woman to faithfully use the school ballot and the presidential ballot.

We express our deep appreciation of the faithful and efficient service rendered by our retiring county president and pledge our incoming county president our full loyalty and support.

We tender our heartfelt thanks to the pastor and trustees of this church, to the Painesville white ribboners for generous hospitality, and to all who in anyway have helped to make this convention a success.

RED CROSS
Willoughby Branch

COME! JOIN THE RED CROSS

Willoughby branch of Red Cross has a membership of 387. It isn't nearly enough. Every man in town should be a member and every member of his family should enroll themselves as Red Cross members. You may not all be able to work—and a large number of women aand children may not, for various reasons, be able to come to the headquarters and sew, but all can be identified with this organization and help with their membership dues. This branch gets 50c of every dollar membership and it helps wonderfully in creating a fund for the payment of materials. If you cannot help with your hands, you might assist with your heart and your purse? When this war is over and the urgent need of Red Cross work is done—won't you feel a sense of satisfaction that all during this strenuous campaign you helped the organization in its great humanitarian cause? If you are not a member—we earnestly beg you to join us—give us your support—get in line and make the Willoughby branch of Red Cross, second to none in Lake county.

Miss Emma Hayden, secretary or Mrs. H. F. Kennedy will be very glad to receive your membership fee of $1.00.

TEN THOUSAND LETTERS PER DAY RECEIVED AT CAMP SHERMAN. EVERY BOY LOOKS FOR 'HIS'

"Everything from Little Wooden Toothpicks to Heavy Lumber Wagons," sold at Government Store, Says Willoughby Soldier Boy.

We have received the following very interesting letter from John W. Ryan, Co. "M", 331st Infantry, which we take pleasure in presenting:

CAMP SHERMAN, OCT. 3rd, 1917.

Editor The Willoughby Republican, Willoughby, Ohio.

This "Soldier City" as it might appropriately be termed, lies approximately 40 miles directly south from Columbus, and 4 miles north of Chillicothe. At the present writing there are nearly 25,000 of Uncle Sam's selected boys, the best that can be secured, in camp here. New barracks are being erected every day and when all are completed Camp Sherman is expected to house some 40,000 men, 15 times the population of Willoughby.

Every day is a busy one here. All are up at 6:00 a. m.; then comes roll call and breakfast. By 7:30 we must have completed making our bunks and sweeping and be ready for formation. All morning is spent in drilling, with half-hour intervals for rest, between drill hours. Then comes dinner; it isn't necessary to say that everybody is hungry.

After dinner (the dinner period is from 12:00 m. to 1:30 p. m.) comes more drill, hikes of 4 or 5 miles, or lectures explaining the duties of a soldier.

At 5 p. m. comes roll call and from 5:30 to 7:00 p. m. is the supper period or mess as it is known to all down here. After mess we are allowed to go any place on the grounds unless ordered otherwise. At 9:30 everybody must be in the barracks and at 10:00 p. m. out goes the lights.

So you see we are kept busy The evening sometimes pass slowly as do Saturday afternoons and Sunday for we do not drill at those times. There are, however, places where we can go to pass the time away. Four Y. M. C. A. buildings afford places of entertainment, with music, books, papers, magazines and camp talent shows which are really very good in themselves. These buildings also provide writing material for those who care to use it—mail is also collected from them and taken to the camp post office. This office does a very thriving business, for it is safe to say that 10,000 receive mail every day. The mail is brought to each barrack twice a day and you never saw such anxious, eager lot of boys, each one expecting a letter or card from some one back home.

There are also three stores on the camp ground at present—we call them "canteens." "Everything from little modern toothpicks to heavy lumber wagons is sold," here to use a familiar quotation from one of our home stores. But that expresses it; all the accessories for a soldier are sold here, needles, thread, soap, towels, socks, and hundreds of other little things as well as tobacco, cigars, cigarettes, ice cream, candy, fruit, cookies, crackers, etc. Those stores are crowded from one door to the other every evening; they are the only places where articles can be bought; they are started by the government and not by individual owners.

All profits are for the benefit of the camp and not for the store keeper. It might be well for such an arrangement in civil life—no one person would receive the profits.

On the whole camp life is agreeable with most of us. I dare say, though many of us miss our old home. For me there is no substitute for Willoughby.

Yours respectfully,
JOHN W. RYAN.

NEWS FROM WAITE HILL

October 9th, 1917.

Through the courtesy of Mr. and Mrs. Chas. A. Otis a goodly number of the residents of Waite Hill were given a rare treat Saturday evening in having the opportunity to hear Dr. B. B. Neubauer give an illustrated lecture on the war. Some of the pictures were taken by the doctor himself while he was at the front and others by the official photographer at the American ambulance at Neuilly-sur-Seine a suburb of Paris.

A number of the views were of the interior of the ambulance or field hospital showing the modern appliances used for the comfort of the soldiers having fractured limbs. This was the first time these pictures were thrown on the screen before the public. Dr. Neubauer expects to be called to France very soon.

At the close of the lecture Mr. Otis gave a very interesting talk about the war, urging the buying of Liberty Bonds as a duty the people owe their country.

Mrs. Otis is a very enthusiastic worker at the Red Cross headquarters in Euclid avenue, Cleveland, emulating the spirit of her parents, the late Mr. and Mrs. Wm. Edwards, who did so much relief work during the Civil war.

Gen. Clarence Edwards, a brother of Mrs. Otis is now on his way to France. His wife and daughter are guests at the Otis home.

* * *

Miss Elsie Martin of Cleveland was a Sunday guest of Miss Blanche Grover. She has quit her Cleveland position and will attend the normal at Willoughby.

* * *

Hazel and Erma Snow from the Plains were recent guests at the Grover's home.

* * *

Learned by the Painesville papers that Mr. Theron Johnson of Cleveland fell from the roof of a house and was killed, which is very sad. He had been a resident of Lake county many years before going to Cleveland. He was a relative of the Hoose family and made frequent visits there and was there several days only a few weeks ago.

* * *

Mr. and Mrs. Wm. Grover were shopping in Cleveland Saturday and attended the theatre on Prospect St., in the evening.

* * *

Chas. A. Otis has purchased the Wells place and will make many changes and improvements on it in the near future.

WOODCHUCK FOR PET

Did you ever hear tell of a woodchuck for a pet? Mr. Levi Burridge of stop 66 has a woodchuck which is almost full grown now. They raised him from a tiny baby which hadn't its eyes open yet. Now he is as mischievous as a monkey. If the cupboard doors are not shut tight the little thing will get into it taking a whole laf of bread or anything he can get hold of to eat. Then he hangs on to it. Mrs. Burridge most generally takes it away from him. If she does not give him any thing else to eat he will get mad and chase her. One day she made two pumpkin pies. She set them in the pantry window to cool. When she turned to look at them again the little chuck was into one eating it. She never gets mad at the little thing as he looks too innocent with his little hands holding on to what ever he gets and sitting up like a squirrel. But she said, "Now Mr. Chuckie you've got to eat that whole pie." Which he did. Sunday he ate for dinner, 2 slices bread, 1 pear, 1 cabbage leaf, 1 saucer bread and milk and a piece of candy. It surely is a sight to behold.

"I could love it," some one said Sunday. "We do love it," said the boys.

Old Lake County Resident Writes about Butte, Montana

By Myra Hadden Craine

(Continued from last week).

gardens are seen everywhere outside of the up-town district, and I doubt if better potatoes can be found in Ohio than some of those grown in Butte.

The scenery around Butte is simply great. We have always a beautiful place to go for amusement or quiet and rest. I speak of lovely Columbia Gardens, a beauty spot kept up by former Senator Clark. Then we have Lake Avoca, a charming park around it, which in a short time will be as beautiful as Columbia Gardens. Both of these places are but a short distance from town and just a nice street car or auto ride.

We have a good city government and morally Butte compares very favorably with other cities of its size. At present we have 100,000 population. We have good schools, many churches of all denominations, a public library and recently a new parish house has been completed by St. John's Episcopal church. The Y. M. C. A. are building a $200,000 home and the Knights of Columbus have also begun the construction of a club house. The Masons have a fine temple here. Oh, we are not so slow in Butte.

The wage scale is very good here but that does not keep us from having trouble between capital and labor.

I forgot to tell you that one of our mines, the Original, is 3500 feet deep and there are others 2500 feet or more in depth. Of course, you read in the papers a short time ago about the terrible mine disaster caused by the explosion of a lamp of some kind which set a whole mine on fire and burned the cable of the mine cage, cutting off all means of escape for the miners on the lower levels. A great many were suffocated and some burned to death, a total loss of life of about 160. Approximately $4,000 each was paid to the wives of the miners who lost their lives.

One is sure to have plenty of excitement in Butte, and perhaps one of the reasons that men, particularly, like to live here, is that one can never tell what is going to happen next, but can always be sure that there will be something every once in a while.

This has been an exceptional summer. In June we had plenty of moisture, more snow than rain, and since then we've hardly had a shower—not on electrical storm. A day or two ago it rained for perhaps 15 minutes, the most rain we've had since June. It's a trifle dusty here at times.

I hope this little description of our town will interest you and that I may hear from [illegible]

WHY BROTHER MUST GO
A Patriotic Poem By Mrs. Minnie S. Carrel

O Mother why are you crying so,
Wont you tell me, Mother dear?
Smiling you bade big brother good-bye
And your voice was firm and clear.

Tell me, Mother why brother must go
And when shall we see him again?
What have I said to hurt you so,
Your tears are falling like rain

Your questions are hard to answer, child,
Come sit here on Mother's knee,
Lay your head close to her aching heart,
And her little comforter be.

Let me tell you a story, my little son,
That will make you understand
Why you boys and girls of this U. S. A.
Love God and their native land

They are heirs of a noble race, my boy,
The grandest the world has known,
They'd rather be born in this land of ours
Than be heir to a monarch's throne.

They are sworn by this grand inheritance,
Which their forefathers won in the fight
To protect the helpless and innocent
And always stand firm for the right

Long ago in this fair land of Liberty
There were men who were greedy for gold,
And once in this land of the free and the brave
Human beings were bought and sold.
Then the flag that had waved for a century,
Since Bunker Hill's battle was won,
Was carried by sons of those heroes of old
Into the field at Bull Run.

And your grandfather sleeps at Gettysburg
'Mong the thousands who fell that day,
But the spirit that won them the battle
Will abide with their children for aye.

Today, my child, from over the sea,
Comes a call that we dare not ignore,
The wail of the tortured mother, and child
Is borne on the breeze to our shore.

And Uncle Sam says, now come my boys,
We must settle this Old World War,
We'll wipe from the earth brutality's reign,
And that's what they're going for.

You ask when we'll see Big Brother again?
Not till the victory is won.
Tis a long hard task in a stranger land,
This fight they have entered upon,

And some will return when the war is o'er
To the loved ones who bade them good-bye,
But somebody's boys will be left behind
Asleep neath a foreign sky.

How can we tell if brother will be
With the ones who come marching home,
Or if he'll be called to a soldier's reward
In the land where no parting will come.

PRESS CLUB HAS INTERESTING MEETING

Members of the Cleveland Women's Press club learned yesterday that they could not send a Christmas box to the French orphans which they have just taken under their care, congestion of transportation making it impossible to move to the war zone any other goods than war and hospital supplies.

Mrs. Cora Gaines Carrel, president reported several children "adopted" through the interest taken by the Press Club. Glenville branch of the Order of the Eastern Star, being the first among that order to follow the example, with a prospect that many other divisions will apply for a war orphan.

The Women's Club of Willoughby has also taken a child for "long distance" aid. Mrs. Ella S. Webb is the chairman of the Press Club committee having the matter in charge.

Tea was served at the close of the meeting, the vice presidents, Mrs. T. B. O'Hare, Mrs. Wilson G. Smith and Mrs. Ellen Robertson Miller being hostesses with Mrs. Carrel.

The program included an essay on "The Ephemeral Character of Present Day Literature," by Mrs. Ella S. Webb and short poems by Mrs. S. C. Collier. Mrs. Webb deplored the commercialization of authorship and mentioned Mark Twain, Howells, O. Henry and Kipling as prominent examples of the writers whose heart interest, touching other hearts and souls through their work, make their work lasting.

Literary notes gathered in the club included the announcement that Miss Isabelle V. Freeland, children's editor of the Plain Dealer, has taken the editorship of the children's page of the Story Tellers Magazine.—Plain Dealer.

THE SMILE ROUTE

When a man constantly emphasizes his money, you begin to wonder how little he must have had, rather than how much he has become. Just so, minor officials betray their inferior rank by their own sense of importance. Put a fool in uniform and you'll get his real measure. The lion's skin never yet concealed the ass's bray.

Whenever you encounter a loud, surly, domineering executive you've met a new comer who'll likely not be an old timer in office. Those who hold authority would not continue in power except they had learned the value of good will. Not that graciousness is an equivalent of ability, but very able folk must early realize that there is no substitute for graciousness.

Kindliness is a distinct form of efficiency—it enables one to get along so much more easily. Everybody likes to deal with a considerate man—and all things being equal, give him the preference.

Whatever the goal, the smile route is miles shorter.

LEGAL NOTICE

John Mansel, whose last known place of residence was Hopkins Station, Allegany County, Michigan, and the unknown heirs, devisees and legatees of John Mansel, all of whose names and places of residence are unknown, will take notice that May R. Seidman as plaintiff has filed a petition against them as defendants in the Court of Common Pleas, Cuyahoga County, Ohio, alleging that she is the owner and is in actual possession of the following described real estate:

Situated in the Township of Royalton, County of Cuyahoga and State of Ohio, and known as being tract or lot No. 5, in Range 13, Section No. 6 in said Township, and is bounded as follows: Beginning on the east line of said Section, at the southeast corner stake of lands owned by Lydia Kingsbury on said Section; thence runs west along said Lydia Kingsbury's south line, 39 chains and 63 links to a stake; thence south along a marked line 50 chains and 74 links; thence east along the north line of William Wilber's estate, 27 chains and 93 links; thence south 2 chains and 5 links; thence east on the north line of the Estate of William Willour, 10 chains and 58 links to the Section line; thence north on the Section line, 53 chains and 36 links to the place of beginning containing in all 200 2-100 acres; less about 6 acres of land sold to Clark Gibbs, and about 3 acres to Otis Edson and 40 acres sold to Constant Rooy, leaving about 157 acres.

Plaintiff further says that the defendant, John Mansel and the unknown heirs, devisees and legatees of John Mansel, deceased, claim some estate or interest in the above described premises, hostile and adverse to plaintiff's right by reason of the fact that the will of Walter Mansell, deceased, admitted to Probate in Volusia County, Florida, provides in item 2 a bequest to John Mansell of Hopkins Station, Allegany County, Michigan.

The petition alleges that said defendants have no interest or estate in the above described premises, as any interest they ever had in said premises, has long since been barred by lapse of time and the Statute of Limitations; that none of said defendants or anyone of them has ever sought to enforce any interest in said premises, and that their alleged claim constitutes a cloud on plaintiff's title.

The prayer of said petition is that each and all of said defendants may be compelled to show their interest, if any, in said premises; that the same may be adjudged null and void; that plaintiff's title may be quieted in said premises against all of said defendants, and for relief. Said petition is No. 158801 and the defendants above named are required to answer the same on or before the 10th day of November, 1917.

DRINK KILLS FELLOW WORKERS

Drinking Man Escapes Injury

Two men killed and three badly maimed was the toll of a recent accident at an industrial plant. A huge crane that daily moves tons of steel high overhead, was started a few seconds too soon and the masses of metal crashed down on five workers beneath.

The operator of the crane, was skilled and competent but he had slipped out at noon to get a drink. The result was a hand unsteady enough, eyes just clouded enough to make him unfit for his work. In the disaster that followed, five good men were disabled, five families plunged into mourning and want, and the company liable for thousands of dollars for damages.

The drinker, the cause of it all, escaped unhurt, and as long as he drinks he will continue to be a menace to his fellow employees and to his employer. No wonder industry now says the drinking man must go.

There are drinking men in almost every plant who are a danger to the life and limb of those around them, who weaken organization discipline and impair factory efficiency. Often they are valuable employees, too valuable to loose without an effort to save them. Over one hundred firms in Ohio have found this problem one that could be solved by sending those men to the Neal Institute where in three days the craving for drink is changed into distaste for anything alcoholic. So successful has the Neal Treatment proved that three firms have continued to send man after man to the Neal, one firm having recently sent it's seventieth man.

Can we help you fight alcohol in your organization? A request on your letter head will bring our booklet "Testimonials" from business men or we will send a representative to your office. The Institute is open day and night for interviews and patients.

PROSPECT THEATER

The Prospect Theatre will have for its attraction next week, with matinees Tuesday, Thursday and Saturday, a Irish comedy drama, with a real Irish star Walter Lawrence in the rollicking big scenic production "Come Back To Erin." Aside from being a recognized actor of the first rank, Mr. Lawrence possesses a singing voice of rare quality and beauty.

Mr. Lawrence has surrounded himself with an unusually clever cast of players of his own careful selection. The play of which there are four acts, tells a story far removed from the usual type of Irish dramas. It abounds with intense and thrilling situations, mirth-provoking comedy and tear-compelling heart interest. During the action of the play Mr. Lawrence introduces many Irish ballads that are gems, rendered in a masterly style.

Mr. Lawrence lends to the role of Dan Maguire all the charming attributes of the real Irishman creating an atmosphere of the Emerald Isle throughout the play. Among the principal players supporting Mr. Lawrence are Phyllis Grey, who has made a decided hit in the role of Kathleen Donald, the sweetheart of Dan Maguire, Wm. Bradbury as Roy Donald, Kathleen's brother; Chas. W. King, as the Earl of Dausmore; and Joseph Dunn as Pat O'Shale, who drives the Irish jaunting car.

A fixed income at the age of sixty sounds good, doesn't it? "See Jackson," 1617 Williamson Bldg. Main 2718.

HIPPODROME

Gertrude Hoffman, the wonder woman, and her big dance revue of 1917, will head the vaudeville program at B. F. Keith's Hippodrome during the coming week when a bill of unusual value will be presented. Surrounded by a bevy of beautiful girls, a troupe of Royal Singalese and some of the best known men dancers of the stage. Miss Hoffman will offer a most diversified program, including as it does a dance revue, her famous impersonations and one of the most sensational water nymph scenes ever staged.

The attractiveness of the program does not stop with the name of Hoffman however, as there are numerous other names which are certain to tickle the amusement palate of the vaudeville lover. Lew Dockstader, long famous as the country's premier minstrel and now one of vaudeville's best known entertainers, will present his latest character study, "The Politician." Paul Morton, of the famous Four Mortons, will appear with charming Naomi Glass in one of those artistic contributions which have tended to make his name famous as a vaudeville entertainer; Joe Jackson, the famous tramp, has a new offering which will tickle the risibles of the most confirmed grouch; Edna Showalter, vaudeville's latest recruit from the ranks of grand opera; Bennett and Richards in the dramatic sensation "Dark Clouds," and the Novelty Entertainers, one of the best pantomime features to be secured.

The popular foyer concerts by the augmented orchestra will continue as a leading feature of the program.

Jimmy—G'wan! Ast your father fo a dime. You can get it off'n him like takin' candy from a baby.

Bobby—Sure! He'll put up the sam kind of a roar the baby'd make".

BEER, BOOZE AND BOYS

Ohio has thousands of saloons.

Years of existence have enabled them to become entrenched—especially in large cities—financially and politically.

The gentlemen who own them and the gentlemen who sell to them have built up WONDERFUL businesses.

BEER and BOOZE are PROFITABLE. They also are producers of CRIME, MISERY, POVERTY, DISEASE, INSANITY and DEATH.

They help fill prisons, almshouses, asylums and coffins.

They are the ENEMIES of HOME and HAPPINESS—of PROGRESS and PROSPERITY, of the STATE and SOCIETY.

Their RECORD of RUIN CAN NOT BE TRUTHFULLY DENIED.

An Enlightened Public Opinion DEMANDS their Destruction because of what THEY HAVE DONE to men of the past, ARE DOING to MEN of TODAY, BUT MOST OF ALL TO PROTECT THE MEN of TOMORROW.

BEER AND BOOZE NEED BOYS.

HOW ABOUT YOUR BOY?

HE INVENTS WORDS

This Man Finds Terms to Fit Emergencies for Dictionaries

There are in the world many unusual and unique occupations, but perhaps the strangest of all which pay a good income is that of a New York newspaper man who earns, in addition to his regular salary from the paper, rather regular amounts from the publishers of dictionaries, encyclopedias and other such volumes. His occupation is the inventing of new words.

The casual observer would be inclined to remark that the English language already possesses enough words for all use without the invention of any new ones, and probably his statement would be [illegible]

WHY DO RAILWAYS AND OTHERS CHARGE FIFTY CENTS FOR A SANDWICH THAT COSTS FOUR CENTS?

(Continued from last week)

They gave me the average wholesale prices such as any ordinary grocery dealer would pay. They said that good chickens were worth 27 cents a pound and that good bacon was worth 31 cents a pound, but added that a customer like the Pennsylvania Railroad could buy much cheaper because of the quantity of its purchases, and the manner in which its goods could be packed. I like to be on the safe side, however, so we will use the higher price. Let's be still more fair. Let's suppose that the meat in that sandwich was half chicken and half bacon. Then we can use an average price of 29 cents a pound, or 1.81 cents per ounce. The 1 1-4 ounces of meat in my sandwich cost on the high market price 2 1-4 cents. Three slices of bread, three lettuce leaves, and a little mayonnaise dressing did not cost more than 1¾ cents. It is doubtful if they cost that much. This made the material cost of the food on the day it was served just four cents. Now, overhead must be high in dining cars, but this one is on a short run between two big cities and the cars are usually crowded. I had to wait thirty minutes for a seat the day this happened. Let's be liberal again and say that dining car overhead expense is 400 per cent. That would make the cost price of one club sandwich, f. o. b. point of consumption, just 20 cents. How much clear profit should the Pennsylvania Railroad have on this sale? Most merchants would consider themselves very fortunate to get away with a profit of 25 per cent above all expenses. Mr. Boyd, on this basis your charge should be 25 cents. I don't mind being held up in a mild sort of a way by one who makes a business of it, but it does go against the grain to be 'soaked by a concern in which I have always' had implicit confidence, and I am just one of the traveling public. Five pounds of chicken in Conductor Lowenstein's hands would make forty dollar's worth of club sandwiches. Your man Lowie has the commercial instinct, all right, but I hate to think of him as the Pennsylvania Railway Company.

Forced Cancelations, Might Does Not Make Right

But some one may say the Pennsylvania Railroad has a rule that promptly cancels all charges on any item of food on which there is a complaint. Now, we'll lay aside all pretensions and all politeness and all the niceties of business, and talk straight from the shoulder. Get this comparison, Mr. Boyd. It may awaken you to how your system looks to business people.

Suppose C. C. Dickson, a well-known hardware merchant of Newcastle, Pa., were to buy one hundred pocket knives at four cents a piece, and that the overhead in his business amounted to 400 per cent of the cost price, and he sold those knives to 100 different customers for 50 cents each. Ninety-nine of the sales stuck, but one man who knew something of factory costs kicked and Dickson promptly gave him back his money. Would that act square Dickson with the 99 people he had outrageously overcharged? Not a bit of it. Would the prompt squelching of that man's squeal atone for 99 acts of overcharge? I'm afraid not. Would Dickson have the right to insist that the complaining customer take the knife away with him?

(To be Continued)

Charles Terry Hicks, who resides at 81 Coral Street Patterson, New Jersey, will take notice that Edna Hicks filed a petition against him in the Court of Common Pleas of Cuyahoga County, Ohio, praying for divorce, alimony, custody of children and relief on the ground of gross neglect of duty. Said petition is No. 159186 and will be for hearing on and after November 16th, 1917.

World's Series Saved by "Backing-Up".

It is the deciding game of the World's Series.
—the ninth inning with the visiting team at bat.
—the tying run on second.
—two down, three balls and two strikes on the man at the plate.

A smashing single over the third baseman's head.
—a clean scoop and a quick throw by the left fielder to the plate.
—the ball takes a nasty bound and rolls out of the catcher's mit.

But the pitcher's there to back him up.

And together they get the runner sliding in at the plate.

The game and the World's Series is won.

THE KISS

The hurrying people push and stare,
Pausing to praise in idleness
Now laughing faun, now bronze Despair.
Silent, I stand before The Kiss
Like two white birches, joyous, swayed
Into a wind-sweet harmony
So are their slender bodies made
A symbol of love's ecstasy.

Close-crowding memories blind my eyes;
I fear my lips will cry your name.
Yet all the tenderness we prize
Is but the shadow of the flame
This marble passion that endures
In loveliness, untouched by tears,
Could it but hold my soul and yours
In white perfection through the years!

A LITTLE SONG OF LOVE

I turn to you as a tired man turns
Where the red sunset brightly burns.

You are like evening peace; like rain
On the parched meadow and the plain:

You are the dusk that wraps me round,
And heals me in its hush profound.

You are like tears to sorrow; joy
To the wild heart of the young boy.

You are the moonlight on my sea;
When I am tired you bend to me.

There is no hour of any day
You have not lit my darkened way.

Think of the world without the sun,
My life without you. Silent One!

When the Crown Prince is called to these conferences with the Kaiser, does he march in with the goose-step.

LEGAL NOTICE

NOTICE TO CONTRACTORS TO BID ON STREET IMPROVMENT IN THE CITY OF EAST CLEVELAND

Sealed bids will be received at the office of the Director of Public Service of the city of East Cleveland, at his office in the city hall in the city of East Cleveland until 12 o'clock noon, Tuesday, the 9th day of October, 1917, for the furnishing of the necessary labor and material to complete certain improvements with all necessary appurtenances and connections, as follows:

For the improvement of that portion of Lee Road between the southerly line of Terrace Road to a point distant 185 feet therefrom, by placing a 24-inch combination sewer, according to the plans and specifications on file in said office. Each bid must contain the full name of each person or company interested in the same and be accompanied by a bond in a sum equal to ten per cent (10%) of the amount of the bid, and to the satisfaction of said Director, or by an unconditional certified check on a solvent bank in Cuyahoga County in like amount, made payable to the Treasurer of the City of East Cleveland as a guaranty that if the bid be accepted the contract will be entered into and its performance properly secured and work progress to the satisfaction of the Director of Public Service.

Should any bid be rejected, its accompanying check so filed will be returned to the bidder and should any bid be accepted, such check will be returned upon the proper execution and securing of the contract to the satisfaction of the Director of Public Service. Otherwise the check of the successful bidder will be retained by and forfeited to said City as liquidated damages.

Bidders are required to use the form which will be furnished by the Engineer of the City of East Cleveland upon application.

All bids must be sealed and so endorsed as to show the job bid upon.

The City of East Cleveland, through its Director of Public Service, reserves the right to reject any and all bids.

By order of Adam H. Graham, Director of Public Service of the City of East Cleveland.

By JAS. P. ARTER,
Department Clerk.

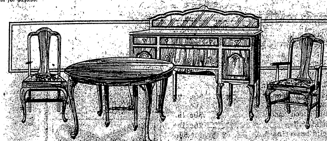
$210.00 Walnut Dining Room Suite $145.00

We believe this to be positively the greatest value ever offered in a dining room suite. We have forty of these suites—too many for our present warehouse space—and rather than rent additional space, must cut this quantity in half. Just TWENTY of these suites will be sold for $145.00.



The buffet is sixty inches long and is one of the most beautiful interpretations of the period of Queen Anne on the market. It is constructed throut of American walnut rubbed to a rich satin finish. Special attention is directed to the cabinet work and construction of this piece. All drawer bottoms are mahogany.

The table, fifty-four-inch size, extends to a six-foot length. The five slip seat chairs and one arm chair are upholstered with either blue or brown Spanish leather or high grade tapestry. A dining room suite that would lend character to any home and one that you will be proud of.

LEGAL NOTICE

Joseph Stegmeier, the Unknown Heirs of Joseph Stegmeier, deceased, Lewis Hundertmark, and the Unknown Heirs of Lewis Hundertmark, deceased, who formerly resided in Cleveland, Cuyahoga County, Ohio, will take notice that Paul Szoke and Rose Szoke filed their petition in the Court of Common Pleas, within and for the County of Cuyahoga, State of Ohio, being cause No. 159129, alleging that they are seized in fee simple and are in the actual possession of the following described real estate, to wit:—

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being the Southerly 100 feet of the Easterly 24 feet and 9 inches of Sub-Lot No. 545 in Barber and Lord's Allotment of part of Original Brooklyn Township Lots Nos. 51, 52, 69 and 70, now in said City.

Said part of said Sub-Lot No. 545 has a frontage of 24 feet and 9 inches on the Northerly side of Lorain Avenue and extends back 100 feet deep, between parallel lines, as per Plat of said Allotment recorded in Volume 11 of Maps, page 26 of Cuyahoga County Records.

That they derived their title to said real estate by purchase, and that there is a cloud upon the same in that a certain mortgage, recorded in Volume 153, page 630, appears on record improperly cancelled and satisfied, and that said Joseph Stegmeier, the Unknown Heirs of Joseph Stegmeier, deceased, Lewis Hundertmark and the Unknown Heirs of Lewis Hundertmark, deceased, claim to have an estate and interest in and to said premises adverse to the interest of the plaintiffs.

The prayer of said petition is that the title to said real estate may be quieted; that the Court declare said mortgage to be null and void, and that the defendants be forever barred from having or claiming any right or interest to the same.

The above named defendants will further take notice that they have been made party defendants to said petition, and that they are required to answer the same on or before the 24th day of November, 1917.

Does Her Own Housework Since Tanlac Has Built Up Her Run-Down System

"I am now doing my own housework and it doesn't tire me out like it used to," said Mrs. John A. Kozsey, 2503 E. 23rd st., in telling what Tanlac did for her after she was all run down.

"I was troubled with my stomach for a long time," she continued. "After meals gas formed on my stomach, which made me feel bloated and uncomfortable. I often had dizzy spells and headaches and sometimes I would have chills. My circulation was poor, too, and I had that tired feeling most of the time. No matter how tired I was, however, I couldn't sleep soundly because I was nervous.

"Since taking Tanlac I feel much better. I am not troubled with my stomach, and I don't lie awake nights like I used to. The dizzy spells have disappeared and I feel better all around. Tanlac is certainly a good medicine. I am well please with it."

Tanlac is a purely vegetable tonic made of roots, barks and berries and is especially designed to build up run-down people. If you are in need of a good tonic get it today. It will do for you what it has done for thousands of others.

You can get Tanlac at any good drug store in Cleveland. The Tanlac representative at the Standard Drug's Old Arcade store, 411 Euclid ave., will be glad to explain all about this wonderful tonic to you.—Advt.

Brennan and Mary Ryan, if deceased, and the unknown heirs, administrators, devisees and legatees of James J. Brennan, deceased, and the unknown heirs of said Edward J. Conway, deceased, defendants, will take notice that John W. Leahy, administrator of the estate of Edward J. Conway, deceased, on the 15th day of June, 1917, filed his petition in the Probate Court of Cuyahoga County, Ohio, being case No. 87821, against the above named defendants and others, alleging that the personal estate of said decedent is insufficient to pay his debts and the charges of administering his estate; that he died seized in fee simple of the following described real estate, to-wit:

Situated in the City of Lakewood, County of Cuyahoga and State of Ohio, and known as being Sub-lot No. one hundred and twenty-three (123) in the Northwood Park Subdivision, of part of original Rockport Township, Section No. 23, as shown by the recorded plat of said Subdivision, in Volume 29 of Maps, Page 27 of Cuyahoga County Records. Said Sub-lot No. 123 has a frontage of 40 feet on the Southerly side of Northwood avenue and extends back between parallel lines, 104 feet, as appears by said plat.

That Mary Ann Conklin and John W. Leahy, executor of the last Will and Testament of Bridget Conklin, deceased, claim to hold a mortgage on said real estate for one thousand dollars for purchase money of said premises.

The prayer of the petition is that said mortgagees be required to answer setting forth the particulars of their mortgage lien on said premises and that said alleged relatives of Edward J. Conway, deceased, may be required to answer in said cause and disclose their kinship, if any, to said decedent and show what, if any right or interest, they may have in or to the property and estate of said decedent, and in default thereof be forever barred from asserting any interest in or claim against said decedent's estate, and that said premises be sold to pay the debts and charges aforesaid. The aforesaid defendants and each and every one of them are required to answer said petition herein on or before the 17th day of November, 1917.

Kollie and Quay H. Findley as Executors of the Last Will and Testament of Frank Van Hofen, deceased, have filed a petition against them and others in the Probate Court of Cuyahoga County, Ohio, alleging that on the 20th day of February, A. D. 1914, the said Frank Van Hofen, then in full life, entered into a contract in writing with Walter A. Hartory and Martha F. Hartory for the sale of all the interest of said decedent, Frank Van Hofen, in the following described real estate, to-wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being the Southerly thirty-five (35) feet of lots Nos. 14, 15, and 16 in John Van Driel's Allotment of part of original Lot No. 383, as shown by the recorded plat, Volume 7, Page 31, of Cuyahoga County Records, and being 35 feet front on the Easterly side of E. 80th Street, formerly Seedle Avenue, and One Hundred and twenty-two (122) feet deep.

Said petition further alleges that on the 12th day of August, 1916, said Walter A. Hartory and Martha F. Hartory did sell, transfer and assign all their right, title and interest in and to said land contract to John Fink and Sophia Fink; that said assignment is written on the margin of said contract and recorded September 10, 1917.

The petition alleges that the defendants, John Fink and Sophia Fink are now ready and willing to pay the balance due on said contract and perform all of the agreements in said contract by them to be performed, as soon as valid deeds can be made to them; that the defendants first above mentioned are all interested in said estate, as heirs or legatees.

The prayer of said petition is that the executors, Louis C. Kollie and Quay H. Findley be authorized to execute a good and sufficient deed in fee simple for said premises, for and on behalf of the heirs of said decedent Frank Van Hofen and all other persons interested, and for relief.

Said petition is No. 89955, and the defendants first above named are required to answer the same on or before the 10th day of November, A. D. 1917.

HOMES THAT LAST

Home is not a house any more than existing is living. You can build a house, but after that it must be made a home. Yet—the surroundings, neighborhood, convenience and neighbors have much to do with a home's success.

Shaker Heights was so planned that all the external conditions for real homes should be established and permanently protected. The home conditions are there and cannot be lost through city growth.

WANTED—A HOME

William aged 10, is badly in need of a home. William's father ran away when William was very young and since that time William's mother has had hard work to keep the little home together. At last she has had to give up her struggle, for she is very sick. There are no relatives to take the boy and the case has been referred to the Cleveland Humane Society. Now the task of finding a suitable boarding home for William is the problem of that Society. What will be done with him? The Orphanages in Cleveland are more than crowded. In the last ten years the capacity of the Orphan asylums has not increased a particle while the city has grown by leaps and bounds.

William is a clean, healthy, mannerly little boy whose heart is aching for a home. He feels very much alone now since his mother went to the hospital. It is very doubtful that she will return. What is to become of William? At present, a neighbor with six children of her own, is keeping William in her already crowded home, until a good boarding home can be found for him.

The Cleveland Humane Society is willing to pay William's board in a good home. Will you help them find that home in the outskirts of the city, where he may enjoy good fresh air and plenty of running space. In these days when we are all doing our "bit" in some way or another, will you not help to bring William and others like him to a strong, healthy manhood, by offering your home?

DOROTHY D. HENRY.

FATHER OF MRS. HITCHCOCK AND MRS. REICHARD PASSES.

Mrs. Hitchcock and Mrs. Reichard were called to Wooster last Thursday on account of the death of their father, Mr. Orsamus Byers who had been visiting his daughter, Mrs. W. H. Hughes. Mr Byers was born and raised in Pennsylvania, but had made Cleveland his home for the past thirty years. He died at the age of eighty-eight years and is survived by his widow who with him celebrated their sixtieth wedding anniversary last March. Besides the daughters mentioned there is another, Mrs. W. A. Barrows, Jr., and a son E. S. Byers. All were present at the funeral which took place at Wade Memorial, Lake View cemetery last Saturday with Rev. McCullough and Rev. Hayden officiating.

WILLOUGHBY FOLKS ASKED TO BRING BOOKS TO LIBRARY.

Appreciation of Response To Call for Funds Expressed

Willoughby free public library wishes to express its appreciation of the very substantial manner in which the residents of Willoughby township responded to its call for money with which to furnish libraries and equipments for the soldiers. Wickliffe gives $241.00, Willoughby $549, a total for the township of $763. We can well be proud of such a record, particularly as there is no truer index to the intelligence of a community than the interest it takes in books. To be sure this was a patriotic duty and a privilege for every one but nevertheless the generous response came from the reader and book lovers.

The library board had planned this fall to ask the residents of the township for a donation of books for the use of its own patrons at the library. This was deemed desirable because of the ever increasing demand for reading material. The township trustees have been very considerate and as generous in their appropriations as possible. For this we are very grateful and we are trying to show our appreciation by giving the fund the most careful administration. Still we need more books. In the mean time through the secretary of war, Mr. Baker, came the call for a million dollars for libraries and books for the soldiers followed by a further request for donations of such books as we may care to spare from our own shelves. Good magazines, particularly those of a technical nature and not older than two or three months are also desired. You have responded to the call for money and now the library board is asking for all the good books and magazines you can furnish. For use at our own library we will be glad of your donations and doubly glad of anything you can send for the soldier boys. Books so provided will be carded under the supervision of our librarian Miss Georgia Crobaugh, here at our library and then sent to Chillicothe where they will go immediately upon the shelves of the branch library of the Y. M. C. A. At Chillicothe there are nine large Y. M. C. A. recreation halls or huts, in each one of which are book shelves to accommodate fifteen hundred volumes. Willoughby township could easily furnish one of these branch libraries with its full complement of books.

Three fourths of the books furnished should be fiction and the remainder any good works, preferably science and books of travel.

May we not ask our friends to at once select all the books they can possibly spare, bring them to the library or notify the librarian by telephone or postal card so that we can send for them.

SINCE PA QUIT TINKERING

By Edgar A. Guest.

The following poem is taken from "Milestones," the interesting new magazine, distributed by Clarence Pierce at the Willoughby Tire Shop:

When first we bought our auto, Pa
would often lift the hood
And tinker with a lot of things he
never understood;
They gave a pair of pliers with the
tools that they supplied,
And that little set of nippers was his
pleasure and his pride
He tightened this and loosened that,
a dozen times a day,
Then wondered why the car we owned got stalled along the way.
The carburetor interested Father
quite a lot,
He changed it when the days were
cool and when the days were hot,
And when the car was running well
and when it seemed to jerk;
But Mother said he never gave the
thing a chance to work.
He fussed with it for everything that
stranded our machine;
He even blamed it once when we run
out of gasoline.
The monkey wrench was his delight;
he'd spend each Sunday morn
In taking that old car apart, from
muffler to the horn;
He'd smear himself with oil and
grease and count his labor fun.
Then wonder why, that afternoon, the
motor wouldn't run.
He used to stay at home at night to
read his book of rules,
Because he seemed to think he had
to use that set of tools.
As time went on though, Father
learned to leave the car alone;
Today he never lifts the hood of that
machine we own;
So long as it will run at all Pa lets
it jog along,
And it is most remarkable how seldom it goes wrong.
He leaves the tools beneath the seat
and will not touch a thing,
And we are all enjoying life since Pa
quit tinkering.

DON'T FOR JELLY MAKERS

Don't have soft jelly—You will if you use more sugar than is required for the fruit juices or if you do not boil the juice long enough after the sugar has been added to drive off the excess of water.

Don't have tough jelly.—You will if you use too small an amount of sugar for the quantity of juice or if you boil your juice too long after the jellying point has been reached.

Don't have crystals in jelly.—These appear when there is an excess or deficiency of sugar. They are found sometimes when the juice has been boiled to too great a concentration before the addition of sugar or when the syrup spatters on the side of the pan, where it dries and is eventually carried into the finished product, seeding it with crystals In grape jelly making crystals may be more certainly prevented by using a small portion of apple jelly juice, or, better, orange pectin solution, as suggested in Farmers' bulletin No. 859, entitled "Home Uses for Muscatine Grapes."

Don't have cloudy jelly.—This may be due to having cooked the fruit too long before straining the juice or to not having used sufficient care in straining. Apple or crabapple jelly sometimes grows cloudy on standing, principally because partly green fruit has been used.

If you wish to know just how to make good, bright, clear jelly, send a card to the Division of Publications, United States Department of Agriculture, Washington, D. C., asking for a copy of Farmers' Bulletin 653, "Home Canning of Fruits and Vegetables."

SOME INTERESTING ITEMS ABOUT THE CLEVELAND CHRISTIAN ORPHANAGE

The National Benevolent Association of the Christian church with headquarters at St. Louis, Mo., is an agency through which the Christian Church and individual disciples of Christ are cooperating in their efforts to exemplify "pure and undefiled religion" by visiting the "fatherless and the widow in their affliction." The direction of the Association work has been in the hands of members of the churches. Its central executive board is made up of well known Disciples of Christ representing all parts of the country. Through a group of 13 institutions of Christian Love and service in eleven state the Association is seeking to minister in mercy to the brethren in all parts of the country.

The family at the present time in these thirteen institutions totals 600 exclusive of hospial patients.

A chain of hospitals, homes and orphanages stretches from sea to sea. There is positively no sectionalism, no partiality.

The Cleveland Christian Orphanage is one of the Associations beautiful homes for children. It is located on Lorain avenue, near Lake Erie.

This home has extended a loving welcome and given tender care to the orphan and other unfortunate children in all the region around the Great Lakes. More than a thousand boys and girls left adrift upon the world without the protection of a home have found shelter and love under its hospitable roof. It has a family of 68 at the present time, about equally divided between boys and girls. This home because of its high grade of work, has won for itself a place in the affections of our own people and the high esteem of all citizens of Cleveland.

It is a holy privilege to be able to be the bearer of some consecrated gift. It cannot but be a joy to feel that we are working with an institution which takes the fatherless, the homeless, the sick, the crippled and in the name of the Good Shepherd feeds and clothes and ministers loving care to those who otherwise feel the chill pinch of winter and poverty.

The board of managers of the Cleveland Christian Orphanage wish it had more room and more money with which to care for more who are daily crowded down into sin.

All may help the Cleveland Home by taking a child for a vacation or holiday visit.

By assisting in finding homes for children.

By assisting in securing needy children.

The Cleveland Home makes an excellent use of considerable quantities of donated provisions each year.

The articles most needed are vegetables, especially potatoes and dried beans, flour, fruit and clothing, shoes and stockings for boys up to about 12 years of age.

It will be understood that the greatest need of the Home always is ready cash, since there are many expenses which can be met only by the outlay of money.

It will soon be time for the annual ingathering day at the Cleveland Christian Orphanage.

The canning season is here and we ask that the mothers of Willoughby while providing for the needs of their own little ones would plan to put up one can of fruit for the little orphan child at the Cleveland Home.

There is joy in giving.

Go break to the needy sweet charity's
bread,
"For giving is living," the angel said.
And must I be giving again and again?
My peevish and pitiless answer ran.
"Oh ,no," said the angel piercing me
through,
"Just give till the Master stops giving
to you."

FARAWAY FARM
(From the Christian Science Monitor)

Here are some "tried and true" recipes from an old farm away up on Seneca Lake, in New York State. Sometimes, following their directions, the ingredients are not put together according to the mandates of cookery teachers of today, but it is easy enough for the modern housewife to change them about if she prefers, always remembering the rule, now being emphasized, to sift every ingredients together.

Steamed Raspberry Pudding—Sift together 1 quart of flour, 3 teaspoons of baking powder and a pinch of salt, and work in a piece of butter the size of an egg. Add sufficient milk to the dough, stiff enough to roll out. Put it on a well-floured board and roll out, fairly thin. Cover well with the raspberries and sprinkle a little sugar over them, if you like. Roll up like a jelly roll and steam for an hour or so. Eat this hot with buter and sugar, or with a sauce made by mixing some raspberries with a little butter and sugar, cooking them until those ingredients are melted, and it is hot. Just before serving, add a few drops of extract of vanilla.

Black Chocolate Cake—Cream together ½ cup of butter and 2 cups of sugar. Add ½ cup of sour milk, ½ cup of hot water, 2 cups of flour, 1 teaspoon of soda, 2 eggs beaten well and a little vanilla extract.

Fruit Cookies—Cream 2-3 of a cup of butter and 1 1-2 cups of sugar. Add 1 large cup of raisins, 2 well-beaten eggs, 2 teaspoons of cinnamon, 2 teaspoons of clove, 2 teaspoons of nutmeg, 1 teaspoon of soda in 3 tablespoons of sweet milk, enough flour to make a soft dough. Roll as thin as possible and bake.

Ginger Cake—Cream together 1-2 cup of sugar and 1-2 cup of lard, and stir in 1 cup of molasses. Add 1-2 cup of seeded raisins, 1-2 teaspoon of salt, 1-2 teaspoon of allspice, 1 teaspoon of cinnamon, 1 teaspoon of ginger, 1 teaspoon of vanilla, a little grated nutmeg, 1 teaspoon of soda, dissolved in a cup of warm water, and 3 cups of sifted flour.

Sour Cream Drop Cakes—Cream 1-2 cup of butter, then add successively 1 cup of sugar, 1 egg, 1-2 teaspoon of soda, dissolved in 1-2 cup of sour cream ½ cup of raisins, seeded and chopped; ½ cup of chopped nut meats, ½ teaspoon of vanilla and 2 cups of flour. Drop by small spoonfuls on buttered tins and ake in a moderate oven.

Molasses Cookies — The ingredients for these include: 2 cups of molasses ½ cup of sugar, 1½ cups of lard, 2 heaping teaspoons of soda, 2-3 cup of boiling water, 1 teaspoon of ginger, a pinch of salt and of all kinds of spices, flour enough to roll.

Sugar Cookies—Cream together 1 cup of butter and 2 cups of sugar and add 2 eggs, beaten well, 1 cup of buttermilk, 1 teaspoon of soda dissolved in the buttermilk, 1 teaspoon of baking powder, sifted with flour enough to roll.

Apple Sauce Cake—Cream together 1 cup of sugar and ½ of a cup of shortening, add 1 cup of sour apple sauce, 1 cup of chopped ad seeded raisins, 1 teaspoon of cinnamon, 1 teaspoon of cloves, ½ teaspoon of nutmeg, ½ teaspoon of salt and 2 cups of flour.

THE WORLD'S GREATEST DREAMERS

There is one great peculiarity about many of the rivers of Australia; many of them in place of flowing to the sea flow inland. When the thing dreaded above all others by the Australian farmer happens, a drought, some of these rivers disappear altogether. Sometimes a drought lasts for months and years, during which time the river beds are used as roadways.

The years of 1839 and 1840 were years of terrible drought in Australia. Near the town of Bathurst there lived a small farmer named Hargraves. He had suffered much from droughts at one time and another. Even when he did not have this enemy to contend with he never seemed to prosper greatly and his neighbors were inclined to put him down as shiftless.

Finally Hargraves determined to give up and try his luck in the newly discovered gold fields of California.

But he was no more fortunate there than he had been in New South Wales though all around him money was being made every day. But while he was digging and shoveling along in a half-hearted manner he was noticing the general formation of the country. The hills and valleys of California seemed to him strangely like those at home. If there were not gold in one place, why not in the other?

He had very little money left, but he managed to get back to Sidney. Once there he had to borrow to hire a horse to take him to the Blue mountains, for in those days there were no trains.

At a lonely inn on the slopes of the mountains he put up this horse. He found a boy there who knew all the streams for miles about. With this boy for a guide, he started out early one morning carrying only a trowel and a little tin dish.

When at last he came to what he thought a likely place he dug up a little of the sandy soil and dipped his dish in the stream until all the sand was washed away. Then, at the bottom, too heavy to be floated away by the water, lay a few small grains of dull gold.

For two months he remained among the lonely hills making sure that his discovery was of real value. Then he returned to Sydney and wrote a letter to the Governor, saying that for five hundred pounds he would show him a place in New South Wales where gold could be found.

But the Governor was suspicious. He told Hargraves that he must first point out the place. If this statement was true he would then be rewarded. Hargraves agreed.

In a week there were thousands of people digging and washing for gold in that lonely creek where a month before there had only been one man and a boy.

But although many made fortunes there were more who were unlucky. Angry and disappointed, they declared Bill Hargraves had fooled them. If they could have found him they would have killed him. But, warned by the boy who had acted as his guide, he kept out of the way.

Eventually the new South Wales gold fields were abandoned for the far richer ones in Victoria. Still, if it had not been for Hargraves the discovery of gold in Australia might have been delayed for many years. All he ever received for himself was the reward paid by the Governor. He was too unpopular in the country around about to remain. Still, aided by his boy friend, he finally escaped. What became of him has never been learned.

TRAINING GIRLS AT ANDREWS

(Continued Article)

When boys are little we are wont to ask them what they are going to be, when grown; but somehow we never ask the same of girls. After a girl's physical well-being is asured, character-building, preparing her for useful, suitable occupation in the future, is rather left to take care of itself. The natural evolution of the girl of yesterday led her to wifehood. But how altered is her social and economic situation today! Even wifehood requires an efficiency never known before.

For the most part girls going to the Andrews Institute have no definite idea what they would like to do. Neither can their parents advise them. Then it is up to the teachers to learn what a girl is best adapted for—what she is going to be happiest in. Here is a bit of human psychology. We are happiest in doing the work we are best fitted for. And these teachers find out for the pupils what is best. Sometimes it takes several months and the closest observation on the part of a half dozen teachers in some particular case. Particular cases are not the exceptions at the institute. While many girls from even humble homes come equipped with an elementary school education, there are many who have missed most of this fundamental preparation, because the parents either could not afford to send them, or the girl refused to go to school. This applies chieby to the girl of 14 or over—still a child, but at an age which will make her in the future either a parasite o a self-respecting, finely trained worker, whose earning capacity will be doubled over that of her untrained sister worker, because of her knowledge along lines best suited to her individuality.

Here is a case in point of how much effort and thought is required to learn for democracy, and to maintain international justice. To that the general mind of the world has come oday. Why, hen, does wase and killing go on? Why is not a peace conference sitting now? Manifestly because a small minoryity of people in positions of peculiar advantage, in positions of trust and authority, prevent or delay its assembling."

Out in Willoughby at the Andrews Institute for Girls there exists a unity of spirit and co-operation among the teachers and principals that is remarkable. To each, the work of equipping girls to enter the business or industrial world as well trained wage earners, is a real abor of love to which the highest service must be given. Each teacher has figured out that to give the higest service it will mean for her unceasing effort in the matter of self-improvement.

In this way they have arrived at the fundamentals of the new high standard of eciency.

And efficiency is the watchword of the institute.

Thrift and economy are made synonymous. It does not take even a young pupil long to grasp what is the very spirit of the institute.

It is this spirit that has developed the fine unity and co-operation by which the teachers themselves are constantly learning he ar of giving a higher service.

Mr. Sherwood D. Shankland, superinendent of the nstitute, is at Columbia Universty. He s takng a new degree—that of Master of Arts. When a scholar s taking a new degree we naturally accept it as a matter of course. Mr. Shankland is past the school age, just entering the prime of his manhood. His fellow workers say he is in his early forties. In his case the degree is taken for the purpose which bears out the spirit of the Andrews faculty—self improvement, to be able to give a higher service.

Mr. Sidney S. Wilson, the general manager of the school, told with unconcealed pride of his colleague's aim and high ideals.

"But that really exemplifies the spirit of all the faculty," he said. "It is an inspiring and beautiful thing to understand how much hsi or her best each teacher seeks to put into the work; and in order to give the best, each realizes his need for constant self-development; each knows the need to keep well abreast of the times with modern requirements."

RED CROSS INSTITUTE FOR CRIPPLED SOLDIERS

As part of its plans for the care of men permanently disabled in the war, the War Council of the American Red Cross announces the establishment of a Red Cross Institute for crippled soldiers and sailors. At this Institute, which will be located in New York City, courses in trades and manual training will be provided to fit these men to be self-supporting after the war.

Before the actual opening of the Institute, a wide investigation is to be made, under the direction of the War Council, into similar schools for the training of crippled men in England and France. Dr. Edward T. Devine, Director of the New York School of [illegible] plement inquiries that are being made by the Council of National Defense.

Under the direction of Dr. Devine, investigations will be conducted immediately in England, France, and Canada. Careful studies are to be made of all machines developed abroad for the use of maimed men, and of crafts which can be utilized by the thousands who have lost their sight or hearing in battle. To establish the Institute the Red Cross has received a gift of $50,000 from Jeremiah Milbank of New York City. Mr. Milbank has also offered the use of a building in New York, and is bearing the expense of the preliminary investigation.

No appropriation for the maintenance of the Institute itself has yet been made by the War Council. It is hoped that an endowment for this school will be provided by gifts from public spirited citizens, so that the present funds of the War Council may be used as largely as possible in providing for the relief of American soldiers abroad and in aiding in the rehabilitation of France.

The purpose of the new Institute, as outlined by W. Frank Persons, Director General of Civilian Relief, is as follows:

"A prime object of the Red Cross is to help veterans of the war who are permanently crippled to become self-supporting. After soldiers and sailors leave the hospitals, it is planned to transfer them to this Red Cross Institute and others of its kind and fit them by special training for new trades and occupations. Its special function is to provide for the educational and industrial adjustments that must follow the war.

"The Red Cross proposes to do what it can so that these men who have risked their lives for their country shall not after the war be placed at an unfair, disadvantage by lack of trade-school instruction or aid in securing employment. Not only will we attempt to fit these men to begin life anew, but we shall endeavor to help them in finding employment. The Surgeon General of of the Army and the Council of National Defense and other agencies are doing much along these lines that will be of great value. The Red Cross will cordially cooperate with all these undertakings."

FAIRBANKS' HOME BELIEVED OLDEST U. S. FRAME HOUSE

The oldest frame house now standing in the United States is believed to be the Fairbanks house in Dedham, Mass., built by Jonothan Fairbanks in 1636. It is in this house that the Fairbanks "cousins" from all over the United States gather every year in reunion. The sixteenth reunion was held recently when some 500 descendants and guests were present. During the last seven summers more than 30,000 persons have visited the historic landmark from 44 states in the Union and 22 foreign countries.

Mrs. and Jonathan Fairbanks, with their six children, came to Boston from Sowerby in the West Riding of Yorkshire, England, in 1633 and three years later moved to Dedham, where they erected what is now the central portion of the Fairbanks house, two wings having been added, one in 1648 and the other in 1651.

Timbers used in the old house were brought by Mr. Fairbanks from England, and the bricks in the chimney are said to have come to this country as ballast in ships. No two windows in the house are of the same dimensions and contrary to colonial custom, neither the huge chimney nor the front door are exactly in the center of the house.

The front door, which is entered from the east, is unusually low and leads to a tiny entry eight feet in width and three and one half feet in depth. Out of this diminutive hall lead no less than five doors.

The parlor to the right as you enter was plastered by later generations and in other ways is more modern. But the kitchen, to the left of the entry, is truly antique. The visitors' attention is here attracted by a fireplace originally 7 feet 2 inches in length and five feet in height. An oven was installed in later years, making it considerably smaller. From the fireplace hang a bellows, tongs and various cooking utensils peculiar to modern times. The imported timber shows prominently in the ceiling of this room.

A winding staircase leads from the entry to the second floor, where there are two rooms, one a bedchamber and the other a spinning room, where an old hand loom may be seen.

Many yards of plaster clay, used by the colonists as further protection from the wintry blasts, may be seen worked into the ends of the attic.

The wing on the northerly side of the original house, which was built in 1648, was the home of John Fairbanks, the eldest son, who was married in 1641. From the fireplace in the larger room still hangs a wooden crane five feet long and on this crane were suspended grease lamps called "[illegible]" or "old Betsy" to light up the room during the long winter evenings. A small living room adjoins.

In 1901 the Fairbanks Family in America was organized to preserve the house as a museum of colonial date. The organization acquired the property in 1903 from Mrs. Amory Codman, of Boston, who bought it from John Crowley of Dedham, who had previously purchased the estate from Miss Rebecca Fairbanks, the last of the eight generations of Fairbanks who lived in the house. The house was opened regularly to the public in 1908, when Henry Irving Fairbanks was elected president of the organization, which [illegible]—Christian Science Monitor.

AN INTERESTING REMINISCENSE OF JAMES A. GARFIELD

Mentor folks and other residents of Lake county will be interested in the following pleasant reminiscence and evidence of neighborly spirit concerning James A. Garfield:

Mr. Howells has told how James A. Garfield, then State Senator for Ohio (1860), came into the newspaper office at Columbus, "a very handsome young man of thirty," and read Tennyson aloud "in a way to win even reluctant editors from their work."

"It is strange," he says in his recent book of autobiography, "that I should have no recollection of meeting Garfield again in Columbus, or anywhere indeed, until nearly ten years later, when I stopped with my father over a night at his house in Hiram, O., where we found him at home from Congress in the summer. I was then living in Cambridge, in the fullness of my content with my literary circumstance, and as we were sitting with the Garfield family on the veranda that overlooked their lawn, I was beginning to speak of the famous poets I knew when Garfield stopped me with 'Just a minute!' He ran down into the grassy space, first to one fence then to the other at the sides, and waved a wild arm of invitation to the neighbors who were also sitting on their back porches. 'Come over here!' he shouted 'He's telling about Holmes, and Longfellow, and Lowell and Whittier!' and at his bidding dim forms began to mount the fences and follow him up to his veranda. 'Now go on!' he called to me, when we were all seated, and I went on, while the whippoorwills whirred and whistled around, and the hours drew toward midnight. The neighbors must have been professors in the Eclectic institute of Hiram where Garfield himself had once taught the ancient languages and literature; and I do not see how a sweeter homage could have been paid to the great renowns I was chanting so eagerly, and I still think it a pity my poets could not have somehow eavesdropped that beautiful devotion."—Christian Science Monthly.

A LOVER'S SHARE

Do those who are with thee, sweet,
Seeing thee hour by hour,
Covet thy smile-touched lips?
Have they a lover's power
To hear in thy carefree laugh
The merriest brook that flows?
To see thine eyes as cloud-kissed
skies,
Thy tear as the dew on the rose?

I fear me they often miss
That gesture of thee a part:
The myriad charms so all thine own
That quicken a lover's heart.
Those who are with thee, sweet,
Have only a part of thee,
And all the rest that I love the best
Belong to my dreams—and me.

Now that Henry Ford has a grandchild, will he invent an automobile baby carriage?

Who Pays?

When the boy, the pride of his mother and the hope of his father, is brought home drunk, Who Pays?

When the little ones run for the frail shelter of their mother's skirts at the drunken father's approach, Who Pays?

When the final wreck, that was once a man is laid in the potters field. Who Pays? And the one that is left without home or hope toils for a crust of bread, Who Pays?

Can any one Pay?

Can cries, or groans, or tears, or money pay?

Can they bring back the dead?

Can they bind up broken hearts?

Can they bring again the long lost youth?

And what shall be done with that which is responsible for this trail of dishonor and death—the liquor traffic? Shall it be permitted to continue to waste our heritage, make drunken boys and blast our homes?

Compensation for the crimes committed is not asked, for in a measure we are all to blame.

We have been thoughtless, careless, criminal.

We have allowed this scourge to live and grow and envelope us, and we have not made it a matter of our personal concern.

But now the scales have fallen from our eyes.

The danger of the liquor traffic to us as individuals and as a State is revealed in all its hideous nakedness.

If we are to successfully withstand an outside foe, we must be rid of a terribly destructive inside one, we must clean house.

We must cut off every drain upon our resources and efficiency.

We must have no drunken watchmen at the gates.

No befuddled brains to attempt to direct us.

We must be sober and have the efficiency that is only possible with sobriety.

Prohibition in Ohio will give us all this. Let us vote for it.

TWENTIETH YEAR—NO. 38. WILLOUGHBY, O., OCTOBER 19, 1917. ONE DOLLAR A YEAR IN ADVANCE

PROGRAM FOR THE FARMERS INSTITUTE IN WILLOUGHBY TO BE ARRANGED. SENIORS AT SCHOOL EXPECTED TO TAKE IMPORTANT PART

The Farmers' Institute will be held in Willoughby February 4th and 5th. It is hoped that the seniors of the 8th grade will have considerable part in the program. At a meeting held in Willoughby last week J. P. Curtis was named as permanent chairman, taking the place of Chas. Brichford, who had acted as temporary chairman. There will be a meeting at the library Wednesday evening, October 24, at 8 p. m., at which time the making up of the program will be taken up. All those who wish to take the part, or who are interested in any way are requested to attend. S. G. Brown is the secretary.

CAREER OF A WILLOUGHBY BOY FROM LUMBER MAN TO MAJOR, —MAYNARD BOND

Interesting in the extreme is the progress of another Willoughby boy, Maynard Bond. Educated here and interested with his brother in the American Fork and Hoe Co., where the Standard Tire and Rubber Co. is now located, he later became interested in a grist mill and coal lands which were sold to and are now operated by Goff-Kirby. About twenty years ago he went to Florida and joined his brother, R. M. Bond, one of the principal lumber operators of Florida. Now he has been commissioned as major. Three thousand men in France will erect saw mills for U. S. government to produce lumber for the allies. He is ready to go on a moment's notice to take charge of this work.

JONES FOMILY OBSERVES 100TH ANNIVERSARY

The Jones family observed its 100th anniversay in Wickliffe, Wednesday evening. Some of the Willoughby members include Clara J. and Fred V. Viall, daughter and son of Cynthia Jones: and Horace and Edson Nichols, grandsons of Henry Jones.

E. M. Jones, of Wickliffe, is a son of Edwin Jones. All sorts of family reminiscences were recalled at the gathering at the home of Mrs. Phebe Jones Wednesday.

It was recalled that the Jones' settled in Wickliffe in 1817, when William Jones, of Haddam, Conn., arrived with his wife and settled in a little log house which stood at the rear of the house now occupied by Mrs. Phebe Jones. Ten years later, Mr. Jones built the house now standing on the site of the old Jones' homestead.

And Mrs. Phebe Jones, some folks say, is one of the youngest women, mentally, in Lake county.

TELEPHONE FOR A MESSENGER IN WICKLIFFE OR WILLOUGHBY TO CALL FOR YOUR BOOKS

The government of the United States has asked donations of books for the use of the American soldiers and sailors. These books are to be handled through the branch libraries which have been established in every training station and camp where troops are assembled. The week beginning October 22nd and ending October 27th, has been set aside for collecting books for this purpose. The Willoughby library association have been requested to assume the responsibility for this work here. A great variety of books will be acceptable. An article dealing with the seletcion of books for soldiers which appeared originally in the Literary Digest, appears in another column of the Republican and is worthy of your attention.

Books will be received at the library. If it is not convenient for you to leave the books at the library, notify Miss Georgia Crobaugh at Willoughby or A. C. Garnett at Wickliffe, either by postal or telephone and a messenger will call at your home for the books. Act now.

AMERICAN BUSINESS MAN RECEIVES COMPLIMENT FROM AD. CLUB SPEAKER

The Cleveland Advertising Club, S. S. Wilson, president, is putting on some exceptionally fine speakers of world wide eminence. Charles Edward Russell, who spoke Wednesday noon, is one of these. His talk and his audience were inspirational. The seating capacity of the ball room for the luncheon was taken, and the balconies overflowed. Mr. Russell paid a compliment to the American business man. He said they were the most successful men on earth. He said he didn't believe they were devoid of ideals. He said that this war was to be won by mind and that if the American business man would concentrate the same amount of thought on winning this war, that they had in being successful in business, the war would be over in six months.

Announcement at the close was made by Mr. Wilson, of the public meeting at the armory Monday night, where an address will be made by Lord Northcliffe, under the auspices of the Ad. Club.

THE NEWS IN THE REPUBLICAN

The attraction of the Republican has been called to an article in the Independent of last week, referring to an item of news in a recent issue of the Republican regarding a meeting of the Andrews school trustees. The Republican endeavors to publish weekly all of the available news in the community and nearby points.

It endeavors to give publicity to as much as possible that may be considered of interest or benefit in these most unusual times.

The Andrews school comes under the head of important news. A school of its scope and widening influence cannot be considered as a local news item alone. Its success and progress are of interest far beyond the confines of the village. We believe that the success or progress of any institution may be aided or retarded by the manner in which news is presented. In the article in question all of the news was given, excepting portions that had been entered into in detail in a previous issue of the Republican.

The aggregate annaul income of all the people in this country is about FORTY BILLION DOLLARS.

The needs of the Government for war purposes during the coming year may reach TWENTY BILLION DOLLARS.

WHERE IS IT TO COME FROM?

Only a small part of this need will be met by taxation, leaving most of it to be supplied by the sale of Liberty Bonds.

This means that every person who has an income should put approximately half of it into Liberty Bonds—not only should, but must: or for those who don't, others will have to make up the difference.

One way to do it is to cut out the unessentials, discard all frivolous expenditures, and get down quickly to a bedrock basis of rigorous and righteous thrift.

DR. BELL HONORED WITH PROMINENT POST IN AMERICAN ARMY

Dr. W. J. Bell has been honored with prominent post in the American army. Dr. Bell, formerly with the Canadian army, has been active in the Dardanelles, Egypt, and France. Recently he was "lent" to the British army and served at the Tankerton Imperial hospital. When he came home recently it was his wish to be active in the American service. He was in Washington until Saturday last. On the 9th of October he took the oath of office in Washington and was given the rank of major in the American army. He is stationed at Camp Oglethorpe on the Georgia line. He will act as instructor in preparing medical men for active service. Relatives and friends here are very happy over the honor extended Capt. Bell. Those who have been looking forward to having him speak here again will have to forego that pleasure and privilege for a while.

LOCAL FOLKS ACTIVE IN NORTH EASTERN OHIO TEACHERS' MEETING

A portion of the eight thousand folks who will congregate in Cleveland, October 26th and 27th for the Northeastern Ohio Teachers association, will hail from Willoughby. S. D. Shankland, as secretary and treasurer, will be active in the entire affair. Mrs. Ethel G. Viall will discuss the topic "The Use of the Library." Francis Cleveland of Mentor is leader on the library topic. The Cleveland male quartette, of which James McMahon is a member, will supply a portion of the musical program. The affair and the entire program is a very elaborate one throughout.

FORMER SCHOOL FRIENDS ENTERTAINED

Mrs. Van Gorder entertained a dozen ladies Tuesday afternoon, former school friends of Mrs. F. C. Haskell, mother of Mrs. S. D. Shankland, and Mrs. Mary Fuller, of Cleveland.

WHAT THE SOLDIERS PREFER TO READ

Some effort to direct the taste of the soldier in the choice of books may be profitably made, but more important, thinks the Boston Transcript, is it that the men should have the reading they naturally want, and not that which they are supposed to want. The Massachusetts Library Commission has recognized this fact, we are told, by circulating in its field libraries a liberal number of detective stories, and this choice is in line with the information published in the Mercure de France (Paris) about the kind of books the French poilu likes to read. The Transcript condenses and passes on this information, and we add it as supplementary to the direction printed in our last week's issue as furnished by our military authorities through the agency of the Y. M. C. A. The list of French books resembles that published by the British Command in that it contains very few of the works which the war itself has brought into existence. [illegible]

WILLOUGHBY TO RECEIVE TEN CARS OF GOVERNMENT COAL.

The following interesting communications in regard to the prospects of coal for Willoughby have been received, and indicate that all immediate wants will soon be supplied:

October 15, 1917.

The Willoughby Republican,
Willoughby, Ohio.

Gentlemen:—

I am pleased to enclose herewith copy of letter received from Hon. Joseph McGhee, Attorney General of Ohio, with reference to the coal situation in Ohio, and stating that ten cars of coal have been turned over to the Coal Clearing House, for Willoughby.

I will be glad if you will publish this letter in order that our people may know that everything is being done to supply our village with coal.

Very truly yuors,
W. J. CARMICHAEL,
Mayor, Village of Willoughby.

State of Ohio
Office of the Attorney General
Columbus.
Columbus, Oct. 13, 1917.

Hon. W. J. Carmichael,
Mayor,
Willoughby, Ohio.

Dear Sir:—

Your letter received. I have just returned from Washington and an order was secured from the government, directing every operator in Ohio to load domestic coal and supply the immediate wants of every community of this state.

I have turned over to the State Clearing House an order for ten cars for your town, for present emergencies, to be shipped to regular dealers. If that be not enough to go around, make a holler because every family in Ohio must be supplied.

In your future communications you can write to the Coal Clearing House, Wyandotte Building, Columbus, which has charge of the execution of this order.

I am sorry that the public has been inconvenienced, but you must keep in mind that these are war times, and that all the coal in the country is in the hands of Washington authorities. I have been keeping the wires hot for several weeks, trying to get relief, and at last have secured it.

Your co-operation has been very helpful.

Sincerely yours,
JOSEPH McGHEE,
Attorney General of Ohio.

FOOT BALL PLAYERS COACHED BY RESERVE MAN

The foot ball players put up an excellent fight against the Cathedral Latin school last Saturday, winning with a score 34 to 0. The boys certainly deserve much credit for their work, making passes that were lucky and well worked out. The two touch downs that were made by Albert Wieder deserve mention. The game was scientific and "much ginger" was shown. The boys show great improvement under the coaching of Mr. Peske who comes from Reserve twice a week to instruct the boys in foot ball.

LAKE COUNTY HOUSE TO HOUSE FOOD CONSERVATION CANVAS TO BE MADE

October 15, 1917.

The Willoughby Republican,
Willoughby, Ohio.

Dear Sir:—

The newspaper editors of Lake County are asked to serve on the publicity committee to help inform the people of the State-wide Family Enrollment Campaign for Food Conservation, the week of October 28—Nov. 4th. Please do what you can to make the canvass a success.

Enclosed is a brief statement of the plan. The names of the committee will be sent you later.

Thanking you for your co-operation, I am

Yours truly,
F. H. KENDALL.

THE PLAN

One hundred workers in Lake County will make a canvass to enlist 5,000 housewives for the saving of food. In the week beginning October 28th a house to house canvass will be made to ask every family to prevent waste of food and to substitute fish and other plentiful meats for beef and pork, corn for wheat, to use less sugar for pastry and eliminate butter in cooking, that the soldiers at the front and in camp may be fed this winter.

F. H. Kendall, appointed County Chairman by State Food Commissioner Croxton, will name a County committee, at once, to assist him. This Committee will appoint local subcommittees for the city and each village and township, who will at once divide the territory into districts and select workers for each district. The canvass will be made in one week, and each night the number enrolled will be telegraphed to headquarters.

Each housewife will be asked to sign a card signifying her willingness to cooperate in conservation. She will be cautioned against waste and instructed in the use of wholesome substitutes. Membership cards will be provided to hang in windows showing the family is co-operating with the government.

It is suggested that hotels and restaurants make one day a week meatless.

It is expected that every family in Lake County will enroll, and help win this war.

SCARLET FEVER IN MENTOR

Eighteen cases of scarlet fever have been reported in Mentor. Also four cases of diptheria. The school in West Mentor was closed on Monday. It will re-open the 22nd. The Eyers, Kussner, Hower and Ferguson and Smith families are among those where cases are prevalent.

OLD SOLDIER ENJOYS BIRTHDAY PARTY

Thos. Frizzell enjoyed a birthday party at his home Wednesday, October the 10th. Mr. Fizzell was 81 years young that day, and a number of his friends gathered to celebrate the occasion. Many old soldiers and members of the Ladies Relief Corps were present. A sumptuous dinner was served. The guests included: Mrs. Marion Beebe, Mrs. A. B. Merwin, Mrs. Mary Green, Mrs. Ellen Rexford, Mrs. Martha Eddy, Mrs. Ida A. Glasier, C. M. Roberts, Mrs. Olive A. Gridley, Mrs. Ella Barnes, Emma V. Hayden, Mrs. M. J. Tyler, Mrs. Lora Markell, Mrs. D. F. Gil, C. A. Norton, Mrs. Ada Harris, Milgene Jenkins, L. Upham, Gertrude B. Sweet, Mrs. Erma G. Kinsley, Mrs. C. A. Norton, Mrs. Oda Harris, Mildred Glasier, Eugene Hayden, Geo. S. Eddy and wife, B. F. Jenkins, Mentor, F. S. Torrey, C. P. Lilley, C. Tyler, Ezra Beebe and wife, S. M. Downing and M. A. Cleveland.

VISIT SCHOOLS FOR DESIGNING

Miss Myrtle Warner expects to visit the schools and studios of dress designs in New York city next week. She is about to graduate from the S. D. Taylor school for dress making in Cleveland and New York and is thus finishing her course.

A coat of paint on your house does more than add to the attractiveness of Your Home. It effects the whole neighborhood. In one way or another, they all follow suit.

MENTOR-SALIDA

Oct. 14, 1917.

Miss Lena Craine has been visiting Mrs. Hazel Kelly, Mrs. A. L. Perry, Mrs. Ward and Mrs. A. M. Bryson the past week. Miss Craine will spend the winter with Mr. and Mrs. Frank Craine of Painesville.

* * *

A. M. Bryson is not improving as much as we had hoped for. He is still confined to the house.

* * * *

Walter Keary is home from Cleveland for a vacation.

* * *

There are four gas wells within a half mile of the Mentor Knitting Mills being drilled at present.

* * *

The wide awake class of girls of the Mentor Christian church are knitting for the Red Cross. Girls can show their patriotism by using their spare time knitting for our soldiers and denying themselves the chocheted and tatted laces they have been using so generously.

* * *

Friday of the past week saw the first snow storm of the season. We are hoping for some nice weather before winter sets in. The corn is mostly in the shock and silo around Salida.

* * *

Several children of District No. 4 are unable to attend school owing to an epidemic of chicken pox.

* * *

Miss Lucy Ward has been in Mentor for some time visiting her parents and sister Mrs. Lloyd Parker.

* * *

Several cases of scarlet fever are reported in Mentor. There were no services at the Christian church Sunday.

* * *

Mr. and Mrs. A. L. Perry entertained people from Cleveland, Collinwood and Painesville Sunday.

* * *

The Cleveland papers told us in the spring how the Cleveland people were going to help us farmers this summer. We thought the Cleveland people had forgotten, but we find they are kindly gathering and carrying away whatever they can find at at night. It saves us some work but we could take care of the little there is without any help.

Our problem—to feed the Allies this winter by sending concentrated nutritive food in least shipping space. These foods are wheat, beef and pork, dairy products and sugar.

PROGRESS AT KIRTLAND RED CROSS

The names of two new members for the Red Cross were sent in with the last report making the enrollment now 104. Meetings have been held every week and a goodly amount of work has been accomplished. The first week in October the following list of work which had been done since the 22nd of August, was sent in to headquarters at Painesville: 12 dozen towels, 10 dozen compresses, 3 dozen wash cloths, 1½ dozen sheets, 10 hospital shirts, 2 pair socks, a sweater and a helmet. Last week 1895 lbs. of papers and magazines were shipped. Compared with the membership the attendance at the meetings has been small. It is hoped that more ladies will make the Red Cross work a part of their weekly program.

LETTER FROM SOUTH AGRICA

Mr. C. E. Fleming received a letter last week from Mr. H. E. Browne who left July 11th on the S. S. City of Athens, sailing from New York for Cape Town, S. Africa, saying that he reached his destination in safety, but lost everything he had with him. Mr. Browne was well known, having worked on the Tannenbaum farm for over a year. It will be remembered that the City of Athens struck a mine off the coast of Africa and sank after the passengers and crew put off in small boats.

GOOD GREEN PICKLE HINT

We hold a little grouch against the weatherman, as in early spring he gave us some fine weather and evreybody got their gardens plowed and planted and were in good spirits thinking what nice gardens they would have; and then he gave us so much rain which kept the ground wet so long that all the seeds rotted and never came up; then we all replanted and he gave us a drouth that seemed to burn the life out of everything. Then he gave us more rain and things began to put forth new life and all looked promising for big crops, but before the crops and garden "sass" not matured) along came Jack Frost and nipped the whole thing in the bud. Corn, potatoes, lima beans and tomatoes, etc., etc. Most everybody has got lots of green tomatoes and a friend was telling us they could be picked and put in the cellar and they would ripen. I mean those that had begun to think of ripening. The greener ones make nice pickles. Just slice them and put them down in salt, the same as for cucumbers and they keep fine and it's so little work to put them down. Then all you have to do when you want pickles is to freshen them in water, which only takes a short time, then put on your vinegar and season to taste. We've put them down this way for years and they keep fine.

HARMON FAMILY MOVES

Mr. Granville Harmon and family who recently sold their farm, have moved into Luther Given's house in Willoughby. PREPARE FOR PEACE

SALOON
LIQU

The Government has ordered dealers not to sell intoxicating drinks to soldiers or sailors.

The military, naval and law-making officials have taken this action because they know intoxicants weaken men, make them subject to disease, destroy their efficiency.

The Government has barred saloons from the neighborhood of military and naval reservations—official recognition that the saloon is wrong, its influence wholly harmful.

The reasons why the manufacture and sale of liquor should be prohibited during war are the reasons for prohibition in time of peace.

The use of foodstuffs for intoxicants is a waste any time—criminal waste because intoxicants incite crime.

Liquor lowers the efficiency, destroys the health and takes the lives of business men and working men as well as soldiers.

The saloon breeds disorder and crime at all times. Its presence is detrimental to the welfare of a city or town as it is to the orderly progress of a military organization.

This is Ohio's opportunity.

Men of Ohio,—decide that the manufacture and sale of liquor must cease forever in the Buckeye State.

Decide that the saloon shall no longer continue its destructive career of greed.

Decide to end the crime, misery, and anguish of men and women and children—the appalling cost of the liquor traffic.

Men of Ohio, decide that Ohio's progress when the war ends shall not be hampered by that greatest of handicaps—liquor.

Ohio must be ready for peace without the saloon.

THE LIBERTY LOAN

1. **A loan.**—You lend your money at interest, you do not give it.

2. **Easy payments.**—A few dollars down buys a bond. Bankers and employers everywhere arrange payment of balance out of savings.

3. **Superlative safety.**—The promise to give you your money back, a promise signed by all our 110,000,000 people, including the signature of every multimillionaire in America. Your bond is like a mortgage on the whole United States.

4. **Safe keeping.**—Absolutely safe in any honest banker's vault; safer anywhere than currency, for it is plainly a receipt for money you deposited in the Treasury of the United States.

5. **Tax free.**—No tax as long as you live on any purchase not above $5,000.

6. **Market value.**—You can sell your bond or borrow on it on a moments's notice.

7. **The Government is no richer** than the people. We need the $50 of the average man. All patriots must help.

Kollie and Quay H. Findley as Executors of the Last Will and Testament of Frank Van Hofen, deceased, have filed a petition against them and others in the Probate Court of Cuyahoga County, Ohio, alleging that on the 20th day of February, A. D. 1914, the said Frank Van Hofen, then in full life, entered into a contract in writing with Walter A. Hartory and Martha F. Hartory for the sale of all the interest of said decedent, Frank Van Hofen, in the following described real estate, to-wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being the Southerly thirty-five (35) feet of lots Nos. 14, 15, and 16 in John Van Driel's Allotment of part of original Lot No. 383, as shown by the recorded plat Volume 7, Page 31, of Cuyahoga County Records, and being 35 feet front on the Easterly side of E. 80th Street, formerly Seedle Avenue, and One Hundred and twenty-two (122) feet deep.

Said petition further alleges that on the 12th day of August, 1916, said Walter A. Hartory and Martha F. Hartory did sell, transfer and assign all their right, title and interest in and to said land contract to John Fink and Sophia Fink; that said assignment is written on the margin of said contract and recorded September 10, 1917.

The petition alleges that the defendants, John Fink and Sophia Fink are now ready and willing to pay the balance due on said contract and perform all of the agreements in said contract by them to be performed, as soon as valid deeds can be made to them; that the defendants first above mentioned are all interested in said estate, as heirs or legatees.

The prayer of said petition is that the executors, Louis C. Kollie and Quay H. Findley be authorized to execute a good and sufficient deed in fee simple for said premises, for and on behalf of the heirs of said decedent Frank Van Hofen and all other persons interested, and for relief.

Said petition is No. 89955, and the defendants first above named are required to answer the same on or before the 10th day of November, A. D. 1917.

The Laundry Problem

Equip your laundry with an electric washer, and wash day burdens will be lightened.

These efficient machines do the hardest part of the work in less time and with better results than the old-fashioned tub and washboard.

A number of excellent Electric Washers are on the market—they are not expensive and last a lifetime.

Electric power makes washing so simple and easy that anyone can do the work. Housewives do their own washing with an Electric Washer and it soon pays for itself.

Where help is employed the housewife does not have to depend upon the strength or diligence of the laundress—the task is made more attractive—and the washing is uniformly well done.

Ask your neighbors who wash with electric power how it simplifies the laundry work—and how economical it is.

T LAST—The Sort of a Music Store You've Been Waiting For

During the past few days, thousands of Clevelanders have come to realize that Cleveland has a thoroughly metropolitan music store.

They have visited the "new" McMillin's. They have realized that a music store can be made artistic in appearance—have plenty of salespeople who are musically intelligent, and who can give courteous and prompt attention to customers.

FREE MUSICAL TREAT FOR SATURDAY, OCT. 20th

The last day of McMillin's Opening Week is full of special features. There'll be something doing all afternoon from 11:30 on. Bring the kiddies because the program has been planned largely for them.

Saturday, October 20th.

A REAL MUSIC DEPARTMENT STORE

Victrola Department
One of the largest assortments of Victrolas and records in the the city. All the newest records in stock at all times. Seven booths for your convenience on the ground floor right at main entrance. Attendants who are experienced and who know the catalog from start to finish.
Liberty Bonds accepted as cash payment.

Instrument Department
Here you can find all kinds of orchestra or band instruments, of leading makes; musical accessories of all kinds; band and orchestra music; an exceptionally fine line of violins, low or high priced—anything you may want from a $1,000 harp to a fivecent mandolin pick.

Sheet Music
Courtenay R. Putt
You are urged to solicit our cooperation in your selection of sheet music. The chances are that we have on our shelves the very things you want. If we haven't, we'll get it at once for you. Here, "order day" is the day you order—not day after tomorrow or some other day.

McMillin's has not only been changed in appearance—its organization has been changed as well. The men who stand behind McMillin's are:
Walter Logan, Vice Pres. A. W. West, Pres. and Treas. T. G. Protheroe, Sec'y.

HIPPODROME

There is varied vaudeville at the B. F. Keith Hippodrome next week. Joe Howard and Ethlyn Howard are headliners with a big musical revue which carries a cast of forty. Paul Dickey, actor, and playwright, is there in "The Lincoln Highwayman," a clever comedy skit. Others on the big bill are Four Haley sisters, singers; G. Aldo Randegger, pianist of note; Farrell, Taylor and company in the sketch, "The Minstrel Man;" Mme. Valecita's trained leopards and Simmons and Bradley, skaters. There are news pictures, too, and orchestra concerts in the foyer.

Colonial Theatre

"The Man Who Came Back," melodrama by Jules Eckert Goodman, is the Colonial's attraction for the week. It comes to Cleveland fresh from a fifty-seven weeks New York run. It is a story of the regeneration of a boy and a girl, and its scenic investure ,which includes sets in New York, in a San Francisco cabaret and in a Shanghai opium dive, are unusually good. The story is a stirring one, full of thrills and action and genuine appeal. Its rec- speaks for it.

Liberty Theatre

Annie Abbot, the "Georgia Magnet," is the Liberty's headliner for next week in her astonishing "strong woman turn" which is one of the best in vaudeville. She is a little woman and a dainty one, and her boast that ten men can't lift her has been made good time and time again. She rules the bill but there will be half a dozen other lively vaudeville acts and pictures.

Now that Henry Ford has a grandchild, will he invent an automobile baby carriage?

FACTS BEFORE You Buy Are Worth More Than Excuses AFTER

Bond's Clothes are sold strictly on their merits, not on fine sounding claims and vague promises. We make no claims for Bond's Clothes which we cannot back up with real facts. We make no promises unless we can fulfill them. When you buy Bond's Quality Clothes you know exactly what you're getting before you spend your money. This means future satisfaction instead of future regrets.

Keeping the Quality Up to Bond's Standard

It's really a greater achievement to stick to last seasons quality than to last year's prices. Bond's price has been raised only a little, but that slight increase means the same dependable quality as always.

Opera House

"Under Pressure," the Opera House's offering next week, is a comedy-satire by Sydney Rosenfeld who has taken for his theme the cave man. Said cave man is primordial brute only in his inclinations, but not in manner or dress, and his wooing has provided room for very much of comedy and of conversation with a Shavian twist. The cast, which includes Fred Niblo, Violet Neming and Hilda Spong, is unusually good. Audiences in Washington and Baltimore, the two cities "Under Pressure" has played, liked it well.

PROSPECT THEATER

The musical comedy sensation "Safety First," will be the attraction the coming week at the Prospect theatre. This twelve-cylinder offerings is said to be the speediest show that has left Broadway this season for a tour of the middle west. It is a wonderful combination of exquisite music, captivating songs and more than a score of pretty girls. Billie House and Billy Wyse are the two principal fun dispensers, while Thelma Haugh and Josephine LeRoy carry off the honors for the ladies. Miss Ione O'Donnell, the well-known violinist, is also featured. "Safety First" will open at the Prospect for a week's run, beginning next Monday night Popular priced matinees will be given on Tuesday, Thursday and Saturday.

EMPIRE THEATER

Billy K. Wells brings his "Mile a Minute Girls" to the Empire this week with a big burlesque show and a lot of vaudeville specialities for good measure. Harry Bentley is headlined as a comedian and the cast includes such well known burlesque performers as Kitty Garner, prima donna; Vivian Lawrence, acrobatic dancer, and "The Belmont Four," who can really sing. There is a big and pretty chorus, of course.

Priscilla Theatre

"The Five Funsters" head the Priscilla vaudeville bill for the week with a comedy turn which is full of surprises. "Marion Hall and Her Girl Friends" are rivals for headline honors in a big singing act. Other features are offered by the Barneses, comedy conjurers, and by Guinan and James in "Pages from the Old Family Album." There are two other acts as yet unannounced, and of course, pictures.

Standard Theatre

Week of Oct. 21st, the Standard theatre will again please its patrons with a latest star Miss Jane Cowl in "Spreading Dawn." Miss Cowl, who is well known on the speaking stage, having starred in "Within the Law," "Common Clay" and other great plays, has now developed in one of the greatest screen actresses and shows her ability in her first screen production, "Spreading Dawn." The story is tremendously popular, having lately appeared in the Saturday Evening Post. It provides Miss Cowl with the part of a society belle of the civil war period. Among the spectacular scenes which punctuate the action is the burning of an entire theatre with the consequent panic of the spectators. There are also shown columns of soldiers marching away to France and a stirring aeroplane flight. The scenes are beautifully laid, and everyone in the company plays their part to perfection.

STAR THEATRE

"The Million Dollar Dolls" are at the Star next week, with a brand-new show and a big one. The "Dolls' appear in a two-act playlet, with music called "In Doll Land," which offers every chance for attractive staging and costuming. Cliff Bragdon and Scotty Friedal are the featured comedians, and they have very competent support. There is lots of music.

The Miles

"The Bride Shop," a musical comedy tab, is featured at the Miles next week. It is one of the best where music, dancing and comedy count, that the circuit affords. Another act entitled to consideration is offered by Jimmy Britt, actor-pugilist, who has a first-rate monolog. Other features are "Soldier Man" with Beatrice MacKenzie and company; Bell and Bell, novelty acrobats; Zelaya, concert pianist, and Ward, Mack and company in "Laugh and the World Laughs With You." There are pictures, too.

LEGAL NOTICE

John Mansel, whose last known place of residence was Hopkins Station, Allegany County, Michigan, and the unknown heirs, devisees and legatees of John Mansel, all of whose names and places of residence are unknown, will take notice that May R. Seidman as plaintiff has filed a petition against them as defendants in the Court of Common Pleas, Cuyahoga County, Ohio, alleging that she is the owner and is in actual possession of the following described real estate:

Situated in the Township of Royalton, County of Cuyahoga and State of Ohio, and known as being tract or lot No. 5, in Range 13, Section No. 6 in said Township, and is bounded as follows: Beginning on the east line of said Section, at the southeast corner stake of lands owned by Lydia Kingsbury on said Section; thence runs west along said Lydia Kingsbury's south line, 39 chains and 63 links to a stake; thence south along a marked line 50 chains and 74 links; thence east along the north line of William Wilber's estate, 27 chains and 93 links; thence south 2 chains and 5 links; thence east on the north line of the Estate of William Wilbur, 10 chains and 58 links to the Section line; thence north on the Section line, 53 chains and 36 links to the place of beginning containing in all 206 2-100 acres; less about 6 acres of land sold to Clark Gibbs, and about 3 acres to Otis Edson and 40 acres sold to Contant Rooy, leaving about 157 acres.

Plaintiff further says that the defendant, John Mansel and the unknown heirs, devisees and legatees of John Mansel, deceased, claim some estate or interest in the above described premises, hostile and adverse to plaintiff's right by reason of the fact that the will of Walter Mansell, deceased, admitted to Probate in Volusia County, Florida, provides in item 2 a bequest to John Mansell of Hopkins Station, Allegany County, Michigan.

The petition alleges that said defendants have no interest or estate in the above described premises, as any interest they ever had in said premises, has long since been barred by lapse of time and the Statute of Limitations; that none of said defendants or anyone of them has ever sought to enforce any interest in said premises, and that their alleged claim constitutes a cloud on plaintiff's title.

The prayer of said petition is that each and all of said defendants may be compelled to show their interest, if any, in said premises; that the same may be adjudged null and void; that plaintiff's title may be quieted in said premises against all of said defendants, and for relief. Said petition is No. 158801 and the defendants above named are required to answer the same on or before the 10th day of November, 1917.

THE LIBERTY LOAN

1. **A loan.**—You lend your money at interest, you do not give it.

2. **Easy payments.**—A few dollars down buys a bond. Bankers and employers everywhere arrange payment of balance out of savings.

3. **Superlative safety.**—The promise to give you your money back, a promise signed by all our 110,000,000 people, including the signature of every multimillionaire in America. Your bond is like a mortgage on the whole United States.

4. **Safe keeping.**—Absolutely safe in any honest banker's vault; safer anywhere than currency, for it is plainly a receipt for money you deposited in the Treasury of the United States.

5. **Tax free.**—No tax as long as you live on any purchase not above $5,000.

6. **Market value.**—You can sell your bond or borrow on it on a moments's notice.

7. **The Government is no richer** than the people. We need the $50 of the average man. All patriots must help.

LEGAL NOTICE

Anna Willm, whose residence is unknown, will take notice that John Willm, as plaintiff, has filed a petition against her as defendant in the Court of Common Pleas of Cuyahoga County, Ohio, praying on the ground of gross neglect of duty, for divorce, custody of children, relief, that as alimony there be appropriated to him the defendant's undivided 1-2 interest in and to the property hereinafter described, and that the defendant be barred of all right of dower in plaintiff's undivided 1-2 interest in and to the following described property:

Both parcels situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and both being part of original Brooklyn Township lot No. 29 now in said City.

LEGAL NOTICIE

Elise Schmickler, whose last known residence was at Bonn, Germany, Mathilda Kreutzer, whose last known residence was at Bruhl, Germany, Frank Keppeler, whose last known residence was at 1228 Eddy Street, Chicago, Illinois, and the unknown heirs and devisees of Elise Schmickler, deceased; the unknown heirs and devisees of Mathilda Kreutzer, deceased; Christian Keppeler, the unknown heirs and devisees of Christian Keppeler, deceased; William Keppeler, the unknown heirs and devisees of William Keppeler, deceased, Jacob Keppeler, the unknown heirs and devisees of Jacob Keppeler, deceased, and the unknown heirs and devisees of Frank Van Hofen, deceased, all of whose places of residence are unknown, and the names of the unknown heirs and devisees of Elise Schmickler, deceased, Mathilda Kreutzer, deceased, Christian Keppeler, deceased, William Keppeler, deceased, Jacob Keppeler, deceased, and Frank Van Hofen, deceased, being unknown, will take notice that Louis C. Kollie and Quay H. Findley as Executors of the Last Will and Testament of Frank Van Hofen, deceased, have filed a petition against them and others in the Probate Court of Cuyahoga County, Ohio, alleging that on the 20th day of February, A. D. 1914, the said Frank Van Hofen, then in full life, entered into a contract in writing with Walter A. Hartory and Martha F. Hartory for the sale of all the interest of said decedent, Frank Van Hofen, in the following described real estate, to-wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being the Southerly thirty-five (35) feet of lots Nos. 14, 15, and 16 in John Van Driel's Allotment of part of original Lot No. 383, as shown by the recorded plat Volume 7, Page 31, of Cuyahoga County Records, and being 35 feet front on the Easterly side of E. 80th Street, formerly Seedle Avenue, and One Hundred and twenty-two (122) feet deep.

Said petition further alleges that on the 12th day of August, 1916, said Walter A. Hartory and Martha F. Hartory did sell, transfer and assign all their right, title and interest in and to said land contract to John Fink and Sophia Fink; that said assignment is written on the margin of said contract and recorded September 10, 1917.

The petition alleges that the defendants, John Fink and Sophia Fink are now ready and willing to pay the balance due on said contract and perform all of the agreements in said contract by them to be performed, as soon as valid deeds can be made to them; that the defendants first above mentioned are all interested in said estate, as heirs or legatees.

The prayer of said petition is that the executors, Louis C. Kollie and Quay H. Findley be authorized to execute a good and sufficient deed in fee simple for said premises, for and on behalf of the heirs of said decedent Frank Van Hofen and all other persons interested, and for relief.

Said petition is No. 89955, and the defendants first above named are required to answer the same on or before the 10th day of November, A. D. 1917.

T LAST—The Sort of a Music Store You've Been Waiting For

During the past few days, thousands of Clevelanders have come to realize that Cleveland has a thoroughly metropolitan music store.

They have visited the "new" McMillin's. They have realized that a music store can be made artistic in appearance—have plenty of salespeople who are musically intelligent, and who can give courteous and prompt attention to customers.

FREE MUSICAL TREAT FOR SATURDAY, OCT. 20th

The last day of McMillin's Opening Week is full of special features. There'll be something doing all afternoon from 11:30 on. Bring the kiddies because the program has been planned largely for them.

The Laundry Problem

Equip your laundry with an electric washer, and wash day burdens will be lightened.

These efficient machines do the hardest part of the work in less time and with better results than the old-fashioned tub and washboard.

A number of excellent Electric Washers are on the market—they are not expensive and last a lifetime.

Electric power makes washing so simple and easy that anyone can do the work. Housewives do their own washing with an Electric Washer and it soon pays for itself.

Where help is employed the housewife does not have to depend upon the strength or diligence of the laundress—the task is made more attractive—and the washing is uniformly well done.

Ask your neighbors who wash with electric power how it simplifies the laundry work and how economical it is.

HIPPODROME

There is varied vaudeville at the B. F. Keith Hippodrome next week. Joe Howard and Ethlyn Howard are headliners with a big musical revue which carries a cast of forty. Paul Dickey, actor, and playwright, is there in "The Lincoln Highwayman," a clever comedy skit. Others on the big bill are Four Haley sisters, singers; G. Aldo Randegger, pianist of note; Farrell, Taylor and company in the sketch, "The Minstrel Man;" Mme. Valecita's trained leopards and Simmons and Bradley, skaters. There are news pictures, too, and orchestra concerts in the foyer.

Colonial Theatre

"The Man Who Came Back," melodrama by Jules Eckert Goodman, is the Colonial's attraction for the week. It comes to Cleveland fresh from a fifty-seven weeks New York run. It is a story of the regeneration of a boy and a girl, and its scenic investure, which includes sets in New York, in a San Francisco cabaret and in a Shanghai opium dive, are unusually good. The story is a stirring one, full of thrills and action and genuine appeal. Its recspeaks for it.

Liberty Theatre

Annie Abbot, the "Georgia Magnet," is the Liberty's headliner for next week in her astonishing "strong woman turn" which is one of the best in vaudeville. She is a little woman and a dainty one, and her boast that ten men can't lift her has been made good time and time again. She rules the bill but there will be half a dozen other lively vaudeville acts and pictures.

Now that Henry Ford has a grandchild, will he invent an automobile baby carriage?

FACTS BEFORE You Buy Are Worth More Than Excuses AFTER

Bond's Clothes are sold strictly on their merits, not on fine sounding claims and vague promises. We make no claims for Bond's Clothes which we cannot back up with real facts. We make no promises unless we can fulfill them. When you buy Bond's Quality Clothes you know exactly what you're getting before you spend your money. This means future satisfaction instead of future regrets.

Keeping the Quality Up to Bond's Standard

It's really a greater achievement to stick to last seasons quality than to last year's prices. Bond's price has been raised only a little, but that slight increase means the same dependable quality as always.

Opera House

"Under Pressure," the Opera House's offering next week, is a comedy-satire by Sydney Rosenfeld who has taken for his theme the cave man. Said cave man is primordial brute only in his inclinations, but not in manner or dress, and his wooing has provided room for very much of comedy and of conversation with a Shavian twist. The cast, which includes Fred Niblo, Violet Heming and Hilda Spong, is unusually good. Audiences in Washington and Baltimore, the two cities "Under Pressure" has played, liked it well.

PROSPECT THEATER

The musical comedy sensation "Safety First," will be the attraction the coming week at the Prospect theatre. This twelve-cylinder offerings is said to be the speediest show that has left Broadway this season for a tour of the middle west. It is a wonderful combination of exquisite music, captivating songs and more than a score of pretty girls. Billie House and Billy Wyse are the two principal fun dispensers, while Thelma Haugh and Josephine LeRoy carry off the honors for the ladies. Miss Ione O'Donnell, the well-known violinist, is also featured. "Safety First" will open at the Prospect for a week's run, beginning next Monday night. Popular priced matinees will be given on Tuesday, Thursday and Saturday.

EMPIRE THEATER

Billy K. Wells brings his "Mile a Minute Girls" to the Empire this week with a big burlesque show and a lot of vaudeville specialities for good measure. Harry Bentley is headlined as a comedian and the cast includes such well known burlesque performers as Kitty Garner, prima donna; Vivian Lawrence, acrobatic dancer, and "The Belmont Four," who can really sing. There is a big and pretty chorus, of course.

Priscilla Theatre

"The Five Funsters" head the Priscilla vaudeville bill for the week with a comedy turn which is full of surprises. "Marion Hall and Her Girl Friends" are rivals for headline honors in a big singing act. Other features are offered by the Barneses, comedy conjurers, and by Guinan and James in 'Pages from the Old Family Album." There are two other acts as yet unannounced, and of course, pictures.

Standard Theatre

Week of Oct. 21st, the Standard theatre will again please its patrons with a latest star Miss Jane Cowl in "Spreading Dawn." Miss Cowl, who is well known on the speaking stage, having starred in "Within the Law," "Common Clay" and other great plays, has now developed in one of the greatest screen actresses and shows her ability in her first screen production, "Spreading Dawn." The story is tremendously popular, having lately appeared in the Saturday Evening Post. It provides Miss Cowl with the part of a society belle of the civil war period. Among the spectacular scenes which punctuate the action is the burning of an entire theatre with the consequent panic of the spectators. There are also shown columns of soldiers marching away to France and a stirring aeroplane flight. The scenes are beautifully laid, and every one in the company plays their part to perfection.

STAR THEATRE

"The Million Dollar Dolls" are at the Star next week, with a brand-new show and a big one. The "Dolls" appear in a two-act playlet, with music called "In Doll Land," which offers every chance for attractive staging and costuming. Cliff Bragdon and Scotty Friedal are thd featured comedians, and they have very competent support. There is lots of music.

The Miles

"The Bride Shop," a musical comedy tab, is featured at the Miles next week. It is one of the best where music, dancing and comedy count, that the circuit affords. Another act entitled to consideration is offered by Jimmy Britt, actor-pugilist, who has a first-rate monolog. Other features are "Soldier Man" with Beatrice MacKenzie and company; Bell and Bell, novelty acrobats; Zelaya, concert pianist, and Ward, Mack and company in "Laugh and the World Laughs With You." There are pictures, too.

LEGAL NOTICE

John Mansel, whose last known place of residence was Hopkins Station, Allegany County, Michigan, and the unknown heirs, devisees and legatees of John Mansel, all of whose names and places of residence are unknown, will take notice that May R. Seidman as plaintiff has filed a petition against them as defendants in the Court of Common Pleas, Cuyahoga County, Ohio, alleging that she is the owner and is in actual possession of the following described real estate:

Situated in the Township of Royalton, County of Cuyahoga and State of Ohio, and known as being tract or lot No. 5, in Range 13, Section No. 6 in said Township, and is bounded as follows: Beginning on the east line of said Section, at the southeast corner stake of lands owned by Lydia Kingsbury on said Section; thence runs west along said Lydia Kingsbury's south line, 39 chains and 63 links to a stake; thence south along a marked line 50 chains and 74 links; thence east along the north line of William Wilber's estate, 27 chains and 93 links; thence south 2 chains and 5 links; thence east on the north line of the Estate of William Wilbur, 10 chains and 58 links to the Section line; thence north on the Section line, 53 chains and 36 links to the place of beginning containing in all 206 2-100 acres; less about 6 acres of land sold to Clark Gibbs, and about 3 acres to Otis Edson and 40 acres sold to Contant Rooy, leaving about 157 acres.

Plaintiff further says that the defendant, John Mansel and the unknown heirs, devisees and legatees of John Mansel, deceased, claim some estate or interest in the above described premises, hostile and adverse to plaintiff's right by reason of the fact that the will of Walter Mansell, deceased, admitted to Probate in Volusia County, Florida, provides in item 2 a bequest to John Mansell of Hopkins Station, Allegany County, Michigan.

The petition alleges that said defendants have no interest or estate in the above described premises, as any interest they ever had in said premises, has long since been barred by lapse of time and the Statute of Limitations; that none of said defendants or anyone of them has ever sought to enforce any interest in said premises, and that their alleged claim constitutes a cloud on plaintiff's title.

The prayer of said petition is that each and all of said defendants may be compelled to show their interest, if any, in said premises; that the same may be adjudged null and void; that plaintiff's title may be quieted in said premises against all of said defendants, and for relief. Said petition is No. 158801 and the defendants above named are required to answer the same on or before the 10th day of November, 1917.

WHY DO RAILWAYS AND OTHERS CHARGE FIFTY CENTS FOR A SANDWICH THAT COSTS FOUR CENTS?

(Continued from last week)

I'm afraid it wouldn't work. Now, this is just a comparison. C. C. Dickson is too square to pull that sort of merchandising, and frankly I think the Pennsylvania Railroad has too much at stake to pull the same sort of a deal. I think your dining-car service has gotten off on the wrong foot, and you can profitably change step.

A Poor Way to Wipe the Slate

You read the newspapers, Mr. Boyd, and you surely have read of the dishonest exemption board in New York City which recently accepted some $3,000 from various cowardly individuals who were willing to pay to be excused from military duty. The government had the goods on the members of this exemption board, and with long prison terms staring them in the face they pleaded guilty. Then came the joker. Notice it, Mr. Boyd, there may be a business lesson in it. The guilty men through their lawyer then asked the clemency of the court because they had returned the bribe money.

Can it be possible that you believe the traveling public will approve your acts and prices because you refuse payment when a customer complains? Such action surely does not make Stiff, Mr. Boyd. So blamed stiff that the traveling public wonders how you get away with it. I might go on and analyze those beets for which you charges 25 cents, but honestly I haven't the heart to do it. Again Mr. Boyd, I hate to think of you as the Pennsylvania Railroad, but some one must be the Pennsylvania Railroad Company and some one must be responsible for the big business mistakes it is making. You must have a change of heart or Hoover will sure be on your trail. You are conserving food, all right, especially on club sandwiches, but your price will raise the devil with the purchase of Liberty Bonds and new shoes for the children if some greater power than I am doesn't drop a noose over your neck and effectively use a snubber on you. your fifty-cent price on 4-cent club sandwiches a fair price. What you are getting away with on the Pennsylvania Railroad wouldn't go at all in the average town. I would hate to think what the people of Newcastle would call my friend Dickson if he conducted his business along the same line. I don't believe it is good business for the Pennsylvania Railroad, either. I think you are making a mistake, and while I am on this subject here is another mistake you are making.

Look Hoover! Potatoes $23 a Bushel!

A few days ago I ran over to Pittsburgh. For dinner I ordered cold roast beef, 60 cents; buttered beets 25 cents; new potatoes in cream, 25 cents; iced tea, 20 cents, and bread and butter, 10 cents. The price of that simple, sensible meal was $1.40. It wasn't a good run for my money. I had a rule in my pocket and I measured those potatoes. Today I bought duplicates of them. To be perfectly safe I bought larger potatoes than were served me on your train. They are in front of me as I write. They weigh just 10 ounces. The wholesale price of potatoes as paid by one of New York's wholesalers today is $2.30 per hundredweight. Figured on that basis these two potatoes cost 1.44 cents. Again let's be liberal and say they cost 1½ cents. Again the 100 per cent overhead. Cost f. o. b. table, 7½ cents, sold at 25 cents.

UNCLE SAM NEEDS 10,000 STENOGRAPHERS AT ONCE.

Washington, D. C., October 17th, 1917. Now that Uncle Sam has the young men of the country in training for military service, he finds that he needs 10,000 typewriter operators and stenographers and typewriters, both men and women, for the Departments at Washington. The Civil Service Commission has notified all of its 3,000 boards of examiners that they should put forth their best efforts to secure these urgently needed workers. While examinations are now held weekly in 150 cities, the commission states that arrangements will be made to have an examination held at any accessible place where a small class of applicants can be secured. The entrance salaries range from $1,000 to $1,200 a year. Promotion is reasonably rapid to those whose services prove satisfactory. No appointments can be made to these or other positions in the Federal classified civil service unless authorized by the civil service commission under the civil service law. Any information to the contrary is unauthorized. This is a splendid opportunity to serve your country. Full information may be secured from the secretary of the board of civil service examiners at the post office in your city.

Charles Terry Hicks, who resides at 81 Coral Street Patterson, New Jersey, will take notice that Edna Hicks filed a petition against him in the Court of Common Pleas of Cuyahoga County, Ohio, praying for divorce, alimony, custody of children and relief on the ground of gross neglect of duty. Said petition is No. 159186 and will be for hearing on and after November 16th, 1917.

THE CLEVELAND HIGH LEVEL

Cleveland's new high-leved bridge is becoming known the country over as a masterpiece of engineering.

Bridges that now carry the heaviest traffic will always carry an enormous tonnage. But to insure quick, uninterrupted passenger service convenience the people of Cleveland have made an extra investment.

The traffic that crosses the new bridge will never have to wait on tug or schooner.

Cleveland is known as a high-level city for its wonderful industries its parks, three-cent fare, civic spirit.

And because it uses well its exceptional resources like Gas Service.

Nowhere else in a great city are there so many high-level homes from the standpoint of cozy comfort. That's because Gas Service is so cheap and convenient that it lies within the reach of rich and poor alike.

But each Winter there may be interruptions to comfort, when fleet after fleet of icy winds comes roaring in from the lake.

Heat contentment and health need never be broken in upon provided you raise the level of your heating equipment to Gas Service PLUS an auxiliary appliance and auxiliary fuel.

It's best to prepare to bridge over the few short, but terrific. stretches of cold that may be expected this Winter. Our experts will advise you free.

Bell System

The Bell System handles thirty million calls every day! Every time the clock ticks, day and night, three hundred forty-seven new telephone calls are being made.

The requirements for service for use in the all-important work of National Preparedness are many and urgent. The need to avoid waste is pressing, and in the interests of National Efficiency the lines must be kept as free as possible to handle the abnormal amount of "traffic" used in the many war-time activities.

On most telephone calls a saving of one minute can be easily made encroaching upon the subject matter of the message, simply by practicing more diligently the best rules for the use of the telephone.

LEGAL NOTICE

Joseph Stegmeier, the Unknown Heirs of Joseph Stegmeier, deceased, Lewis Hundertmark, and the Unknown Heirs of Lewis Hundertmark, deceased, who formerly resided in Cleveland, Cuyahoga County, Ohio, will take notice that Paul Szoke and Rose Szoke filed their petition in the Court of Common Pleas, within and for the County of Cuyahoga, State of Ohio, being cause No. 159129, alleging that they are seized in fee simple, and are in the actual possession of the following described real estate, to-wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being the Southerly 100 feet of the Easterly 24 feet and 9 inches of Sub-Lot No. 545 in Barber and Lord's Allotment of part of Original Brooklyn Township Lots Nos. 51, 52, 69 and 70, now in said City.

Said part of said Sub-Lot No. 545 has a frontage of 24 feet and 9 inches on the Northerly side of Lorain Avenue, and extends back 100 feet deep between parallel lines as per Plat of said Allotment recorded in Volume 11 of Maps, page 26 of Cuyahoga County Records.

That they derived their title to said real estate by purchase, and that there is a cloud upon the same in that a certain mortgage, recorded in Volume 153, page 630, appears on record improperly cancelled and satisfied, and that said Joseph Stegmeier, the Unknown Heirs of Joseph Stegmeier, deceased, Lewis Hundertmark and the Unknown Heirs of Lewis Hundertmark, deceased, claim to have an estate and interest in and to said premises, adverse to the interest of the plaintiffs.

The prayer of said petition is that the title to said real estate may be quieted; that the Court declare said mortgage to be null and void, and that the defendants be forever barred from having or claiming any right or interest to the same.

The above named defendants will further take notice that they have been made party defendants to said petition, and that they are required to answer the same on or before the 24th day of November, 1917.

Does Her Own Housework Since Tanlac Has Built Up Her Run-Down System

"I am now doing my own housework and it doesn't tire me out like it used to," said Mrs. John A. Kozsey, 2503 E. 23rd st., in telling what Tanlac did for her after she was all run down.

"I was troubled with my stomach for a long time," she continued. "After meals gas formed on my stomach, which made me feel bloated and uncomfortable. I often had dizzy spells and headaches and sometimes I would have chills. My circulation was poor, too, and I had that tired feeling most of the time. No matter how tired I was, however, I couldn't sleep soundly because I was nervous.

"Since taking Tanlac I feel much better. I am not troubled with my stomach, and I don't lie awake nights like I used to. The dizzy spells have disappeared and I feel better all around. Tanlac is certainly a good medicine. I am well please with it."

Tanlac is a purely vegetable tonic made of roots, barks and berries and is especially designed to build up run-down people. If you are in need of a good tonic get it today. It will do for you what it has done for thousands of others.

You can get Tanlac at any good drug store in Cleveland. The Tanlac representative at the Standard Drug's Old Arcade store, 411 Euclid ave., will be glad to explain all about this wonderful tonic to you.—Advt.

The May Co. $75,000 PURCHASE OF RICH, HIGH-GRADE RUGS

From A. & M. Karagheusian, W. & J. Sloane. S. Sanford and Sons

Prices Are ¼ Below Regular Value

Every housewife, hotel and boarding house keeper should be interested in this important purchase of $75,000 worth of Rugs. The September trip of our Rug chief to the leading mills was productive of wonderful results. He "hit" the manufacturers at a most opportune time. Two of them ready for inventory—two anxious to clean up stocks prior to displaying Spring samples in November (Rug manufacturers' seasons open in November and May). We bought liberally all along the line, because we found the Rugs desirable in qualities, patterns and colorings big in assortments and a really remarkable range of sizes. And in addition to such advantages prices averaged 25 per cent below standard value. Here are facts in detail.

The Sun at Your Back

The man who daily drives his car to and from business with the sun in his eyes envies the Shaker Heights resident.

He thinks only of the sun at his back; he forgets the splendid approaches, the charming homes, beautiful lawns, perfect roadways, rounded corners and banked turns.

Did he know that he could still buy land here at less price than his own home cost, he would soon rid himself of the sun in his eyes.

TWENTIETH YEAR—NO. 39. WILLOUGHBY, O., OCTOBER 26, 1917. ONE DOLLAR A YEAR IN ADVANCE

TWENTY-FIVE THOUSAND DOLLAR LIBERTY LOAN SUBSCRIPTION BY MAYOR COULBY LEADS WICKLIFFE LIST

A picture show for the benefit of the Red Cross was given in Wickliffe Saturday last. About $100.00 was raised. About $28.00 was realized from the sale of home made candies. Judge Reynolds gave a splendid talk. Mayor Coulby talked on the subject of Liberty Bonds, and then announced that he would head Wickliffe's list with a subscription of $25,000.00, which will go to the credit of Wickliffe's quota.

LOCAL MEN ACTIVE IN CLEVELAND EVENTS OF NATIONAL IMPORTANCE

Myron T. Herrick introduced Lord Northcliffe at the meetings in Cleveland Monday night at the Hollenden and the Armory, as the greatest man in England.

Charles Adams, president of the Cleveland Hardware Co., said that John R. Mott should have been introduced as America's greatest man.

Lord Northcliffe said that the work that Mott was engaged in would be one of the factors in winning the war. He inquired if the work that the Y. M. C. A. is doing for prisoners in Germany, could be kept up, and Mr. Mott said that it would. We are supplying the means, and officers from neutral nations are in charge. Mr. Mott said that he believed the war would be ended next year if everyone of us, as Americans, would do our utmost.

Thirty million dollars are required for the Y. M. C. A. work at the camps. Cleveland pledged to raise one million dollars at the meeting Monday night. Samuel Austin and A. H. Van Gorder were in attendance at the Mott meeting. S. S. Wilson, presided at the Lord Northcliffe meeting, introducing Myron T. Herrick as the chairman of the evening. Willoughby was thus represented at two of the biggest events that have occurred in Cleveland in a long time.

LARGE LAND SALE MADE IN KIRTLAND

The Isaac Wright place, consisting of 131 acres has changed hands a couple of times recently. The property is located near the M. E. Sweet place, now occupied by C. C. Markell. Mr. Wright disposed of the property to his nephew Isaac Booth, and he in turn has again sold it, presumably, it is reported, to E. W. Moore.

NEW SINGER FOR THE METHODIST CHURCH ENGAGED

KIRTLAND LOSES MUCH CORN BY FROST

Thousands of dollars loss has been suffered in Kirtland and vicinity on account of frosts injuring the corn. The sowing of wheat in the township, however, is the largest that has ever been known.

WICKLIFFE RECEIVES MORE COAL

Who would have thought a few years past that the fact of a community receiving two cars of coal, would be heralded as a newspaper item of importance? Two more cars of coal arrived at Wickliffe Monday. This makes five cars received there inside of two weeks. Eighty families were provided for out of one car, and the coal was sold at cost.

ARE THE WICKLIFFE ITALIANS PATRIOTIC? WELL, SEE HOW THEY BUY LIBERTY BONDS

Are the Wickliffe Italians patriotic? No one would question it to see them buying Liberty bonds Tuesday night. An Italian minister from Cleveland addressed them. A delegation of Wickliffe men attended the meeting. The Italians purchased 21 $5000 Liberty bonds. The enthusiasm was intense. All the buyers practically, paid cash. Mr Rush could hardly take the money, so rapidly were the funds handed out by the eager and patriotic Italians. More sales are also promised from the Italian district.

HEAVY SALE OF LIBERTY BONDS IN LAKE COUNTY

Wickliffe estimates that her Liberty Bond sales will amount to $135,000.00. The enthusiasm in that section is very great.

Willoughby's sales, it is reported will approximate $125,000.00. Six thousand dollars was raised at a meeting at the Cleveland Crane & Engineering Co., Wednesday.

E. S. Burke of Wickliffe has subscribed for $50,000.00 worth of Liberty Bonds.

Lake County had passed its quota by $9,400.00 last Monday.

LOOK OVER YOUR BOOKS; NEXT WEEK A HOUSE TO HOUSE CANVAS WILL BE MADE FOR BOOKS FOR THE SOLDIERS

Next week, in connection with the calls made at the homes in Willoughby by the women who are carrying the food conservation message from the government, a call will be made at the same time for books for the soldiers.

Pledge cards similar to those issued at the time the canvass for funds for special books for the soldiers was made, will be distributed.

Look over your books and decide how many you can spare for the soldiers' library.

Two units have been built in Dayton and Chillicothe capable of holding 1500 books each.

They want to have these units filled by November 15.

First class fiction, war and western stories, detective stories or books of absorbing interest, that you enjoy yourself, are desired. Poetry, too, is called for by the soldiers.

It is hoped that women's clubs may be pledged to turn over their magazines monthly for regular shipments, thus insuring a steady stream of fairly recent magazines to the camp.

Nine buildings at Camp Sherman must be equipped with books.

You patronize your home library. You could hardly get along without it.

This is YOUR opportunity to furnish a library for the soldiers.

We have accepted with little thought the great benefits our free libraries have always given us.

Now is the time to reciprocate.

Stretch your imagination to the camps; go over your collection and pick out some books for a soldier.

AUTOMOBILE CHOPS DOWN TELEGRAPH POLE

Robert Douglas, new proprietor of the Logan Garage, met with an accident at Stop 36, Saturday at 4 o'clock. The front tire of the Mercer car he was driving went flat. The machine skidded, and turned, cutting the telegraph pole at the stop, completely off.

The car then wheeled around and back into the car track. The machine is badly damaged. A skidding accident was reported at the Vine street corner of Hill's store, Tuesday. The machine was taken to Webster's Service station.

Leaves on the road are reported as being responsible for much of the skidding.

MRS. CORA GAINES CARREL HONORED AT O. E. S. CONVENTION

Willoughby folks are prominent in affairs of note in Cleveland this week. At the state convention of the O. E. S., Mrs. Cora Gaines Cattel was elected to the office of Grand Conductress.

Installation of officers occurred on Thursday morning. Many Willoughby Stars were in attendance.

Mrs. Cattel was formerly Associate Grand Conductress.

HARRY HAMMAR, THE WICKLIFFE BAND AND JAMES McMAHON TO PARTICIPATE IN ROUSING DRY MEETING IN WILLOUGHBY

Owing to the unusual attractions in Cleveland Monday night, of John R. Mott and Lord Northcliffe, the attendance at the dinner and committee meeting for the local dry campaign, was necessarily somewhat affected. About 25 were present and much interest was evinced. E. F. Blakely, Mr. Williams and Mr. Davis of Painesville were present. Mr. Blakely gave a talk upon the personal work necessary to be done. J. Edw. Weit presided.

A rousing public dry meeting to be held in the college hall Saturday night, November 4th, was planned. Harry Hammar will speak. The Wickliffe Band will play and James McMahon will sing.

WILLOUGHBY HIGH SCHOOL RECEIVES GIFT OF SET OF ENCYCLOPEDIAS

A much needed and highly welcomed gift has just been presented to the Willoughby high school. The gift consists of a complete set of the Encyclopaedia Brittanica, in a revolving case, and has been presented to the school board by Mrs. Amy Todd. The Board of Education, as well as the high school wish to express their appreciation of this very acceptable gift.

Make Liberty Bonds Help Pay Your Taxes

Nobody can FORCE you to buy Liberty Bonds, but you will HAVE to pay your taxes.

If you DON'T buy Liberty Bonds, part of your taxes will go to pay interests to those who DO buy Liberty Bonds. For the man of average income, the percentage of tax is small, and the best thing to do is to buy enough Liberty Bonds to make the interests equal to your taxes.

The first $5,000 invested in the second Liberty Loan is free from taxes, and the income on $5,000 worth of Liberty Bonds is $200 a year. This will pay taxes on a net income of about $7,000.

This is the last week.

Buy Liberty Bonds and get some of your taxes back in interests, with an absolutely safe investment and a patriotic act into the bargain.

FIFTEEN HUNDRED BUSHEL OF POTATOES RAISED AT COMMUNITY GARDEN

It is anticipated that fifteen hundred bushels of potatoes will be harvested at the Coulby McKinney community gardens in Wickliffe. Wickliffe men will donate their services and dig the potatoes. They will be offered for sale to Wickliffe residents first, at market prices. After their wants are supplied, the balance of the produce will be placed on the open market, or stored for future sale. All proceeds go to the Wickliffe Red Cross.

Austin Company Erect Curtis Airplane Factory

A [illegible] million dollar factory covering twenty seven acres, has just been completed at Buffalo, N. Y., by the Austin Co. The plant is that of the Curtis Airplane factory and one building alone covers the 27 acres.

The work was started by the Austin Co. the latter part of July and the first of October arrangements were made by the Company to move in. Two thousand men were engaged upon the contract working day and night. Government officials, commenting upon the work of the Austin Co., stated that it [illegible] with a big "E." [illegible] airplanes per week will be turned out at the completed plant.

The Austin Co. are engaged in mammoth contracts for government buildings all over the country. One of the contracts of particular interest is for [illegible] at Annapolis. It will be remembered that the Washington monument at Washington, D. C., is about 500 feet high. The four towers which the Austin Co. are building are each 600 feet high.

CAROLS FROM THE TWELFTH CENTURY TO BE SUNG AT WILLOUGHBY SERVICE

Plans are under way to have a delightful carol service in Willoughby the Sunday night before Christmas. The combined choirs of all the local churches will be asked to participate. The Methodist church having the largest auditorium it is planned to hold the service there. The quartette from the Calvary Presbyterian church, Mrs. Edna Hatch, Warren Whitney and Francis Sanderson and Louis McMahon, will also take part. Carols as old as the twelfth century will be sung. Music lovers and others are looking forward to this occasion.

DO THE BOYS ENJOY THE LUNCHES THEY TAKE FROM HOME? READ THE LETTER FROM A WILLOUGHBY SOLDIER BOY UPON ANOTHER PAGE.

The Republican will print letters from the Willoughby soldier boys at their camp from week to week. These letters tell in the boys' own way, of their [illegible] experiences and impressions. While all of the reading matter that is published from the camps is of interest, we believe that these letters from Willoughby boys, written for their Willoughby friends, contain a personal touch and a spirit of friendly confidence that makes them of far more local interest than [illegible] that are usually published. We are indebted to our soldier boy friends for these extremely interesting communications. It is a pleasure to us to publish them.

To Vote or Not To Vote

(This week an editorial by J. Edw. Weit. Next week one by Mr. Harry Hammar.

Last week we presented an editorial by George C. Von Beseler, Lake County prosecutor, on the legal side of the Dry question. Cold, reasonable facts about the cost of the saloon. This week we are publishing an editorial by J. Edw. Weit calling the attention of all to the necessity of getting the dry vote.

Indifference is the factor that causes many a good cause to lose out. It isn't that there are not enough people in favor of any good cause. It's the deadly apathy that leaves everything to the other fellow, that permits evils to flourish. You have an idea or a thought. Express it. VOTE! Next week we will publish an editorial from Mr. Harry Hammar, well known Lake County attorney. Mr. Hammar will present the reasons why he believes that Ohio should be voted dry this fall. Whether you are a wet or a dry, read what Mr. Hammer will have to say, written in Mr. Hammar's own eloquent manner.

Kirschbaum Clothes

ALL-WOOL—100 PER CENT AND NO COMPROMISE

This is the Kirschbaum Guarantee

That the fabric is all-wool, proved pure by chemical test......that it is thoroughly shrunk by the original London cold water process......that the garment is hand tailored and sewn with silk at all points of strain......that it represents full value to the purchaser at the retail price named......This is the guarantee...... It is adequate.

This broad guarantee given by Kirschbaum, and backed by us, is of special importance now, when the scarcity and cost of wool tempt many to cotton substitution.

Styles Direct From the Centre of Fashion

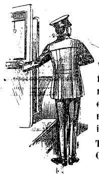
$20, $22.50, $25, $30, $35, $40

Kirschbaum Suits and Overcoats are not adaptations, modifications and variations of miscellaneous, promiscuous styles. They are the original styles that create Fashion—the source of the new and authentic. Style is a productof Kirschbaum Suits and Overcoats—the manifestation of beauty, elegance and good taste.

Suits and Overcoats That Fit Your Ideas

$20, $22.50, $25, $30, $35, $40

Kirschbaum Suits and Overcoats give their wearers that intense individuality—that vivid distinction which are the results of proper Clothes properly made. Take Overcoats, for instance. Whether you prefer plain or belted, single or double breasted, you'll find the ones made by Kirschbaum ideal in looks and wear.



Outfits for Chauffeurs

We know of no seller of Chauffeurs' Outfits that gathers them with the care we do. We put no stress on quantity. Your eyes will tell you enough as to that. But style, quality, smartness—we pick every garment with those words in mind.

There is a vast amount of pretense in Chauffeurs' Outfits, but not a bit of it here.

HIPPODROME

[illegible]

The vaudeville program at B. F. Keith's Hippodrome during the coming week will be headed by Louis Mann and a large supporting company in his latest comedy-dramatic playlet, "The Good For Nothing." Mr. Mann is one of the most popular legitimate actors who has ever appeared in vaudeville and for decades he has been a big favorite with the theatre going public. As in his previous offerings his newest vehicle is from the pens of his wife, Clara Lipman, and Samuel Shipman.

Mme. Doree's Celebrities in impressions of famous dramatic stars, will also be a feature of the big bill and a laughing hit is assured in the annual appearance of Bert Leslie, the king of slang. This year Leslie's famous character, Hogan, takes a trip to Mexico, and the environment lends plenty of opportunity for Bert to disport the sort of language he has made famous.

Others on the program will include the Watson Sisters, two of vaudeville's most popular girls; Lew Hawkins, the beau brummel of minstrelsy; the Reed and Wright girls; Fern and Davis, in vaudeville nonsensities; The Four Ankers, American navy gymnasts and the Oki Kuma troupe of Oriental wonder workers.

Eva Tanguay is announced as the headline attraction at the Hippodrome during the week of Nov. 5th.

EMPIRE THEATER

"The Jolly Girls" are at the Empire next week in a double bill burlesque show. The burlettas are called "Sapho" and "A Night in Chinatown," the music is good, there are lively songs and capable dancers and comedians. Best known of the performers are Irene Shannon, prima donna; Lottie Lee, soubret, and Lew White and Al Martin, comedians.

"You take great are not to be run over."

"Got to. I'm afraid I'll forfeit my pedestrians license."—Life.

Opera House

"Have a Heart," musical comedy by Guy Bolton and P. G. Wodehouse, with music by Jerome Kern, is the Opera House attraction next week. Henry Savage is the producer. It had a good Broadway run last winter and has done well on the road. Flora Zabelle (Mrs. Raymond Hitchcock) is starring, and Donald MacDonald has the major male role. "Have a Heart" is a modernized and very much Americanized version of the old Sardou farce "Divorcons." It is a big attraction scenically and musically, and there is a chorus that can sing and dance and wear clothes.

Priscilla Theatre

The management of the Priscilla meets the war tax by putting on ten acts next week instead of the usual six. The Sextet De Luxe is the headline number, a big girl act with much of clever dancing and music. Then there are comedians, singers, dancers, black face artists and pictures. It is a big bill

PROSPECT THEATER

Thurston, the famous magician, with a new program of sensational features will be the attraction at the Prospect Theatre next week, with matinees Tuesday, Thursday and Saturday.

Few who watch Thurston's performance know the magnitude of his undertaking, the expense incurred in building new mysteries and the executive ability required to handle such a production as his. Thurston, aside from his skill as a magician, is exceptionally facile as an entertainer. It is said that his present program is more varied and interesting than ever. It is staged dramatically, the breathless condition among his audience is worked up by clever preliminaries and impressive staging.

Despite our assumption of superiority and the airs we affect about the lordship of the human intellect, we all take a sneaking sort of pleasure in being fooled. We have no less an authority for this assumption than P. T. Barnum of white elephant fame.

Most of Thurston's new features for this year deal with life in the after-world such as the materialization of ghosts and the manifestation of spirits, his big sensation is a remarkable scenic sketch presented by a special cast of 1[illegible] people, called "Villa Captured," showing the most realistic race between an automobile and motorcycle ever staged.

Colonial Theatre

"A Cure for Curables," comedy by Earl Derr Biggers and Lawrence Whitman, is at the Colonial with William Hodge in the stellar role. It is just three weeks old, and the cities which it has played to date like it. Mr. Hodge, whose every day American characters have made him popular, has the role of a young Kentucky physician, with a sanitarium on his hands to keep it he can effect ten real cures in thirty days. He does, after many difficulties. Mr. Hodge is always good, and the play should be a pleasing one.

Standard Theatre

Week of Oct. 28th, the Standard Theatre will present Theda Bara in "Camille" the masterpiece of Alexandre Dumas, and the greatest love story ever told. There has been no expense spared in making this production one of the most elaborate that has ever been released, and Miss Bara gives the heroine of the novel an entirely different version than has been heretofore attempted. The scenic effects are startling, and the version of Camille combines thrills, adventure, romance and perfect photography.

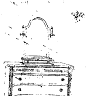
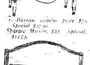
Ivory Enameled Furniture at ¼ to ½ Off



1—Bureau, regular price $75. Special $37.50. Separate Mirror, $22. Special $14.75.



2—Twin Size Beds, regular price $62.50. Special $[illegible]

A fine old ivory finish of porcelain-like smoothness on a piece of well designed furniture provides a chaste and artistic touch to a room.

We have an accumulation of odd pieces of furniture in ivory enamel, and a few in white, which we are placing on sale at One-fourth to One-half less than regular prices.

There are well proportioned beds, dressers, chiffoniers, chests and toilet tables in the lot. Often we can group two or three pieces and form a part set, but there are many single pieces.

The values are not apt to be duplicated these troubled times of high prices. We are conferring a benefit to householders in offering them the "Broken suites" and at the same time settling the problem for ourselves.

You'll Find It a Poor Investment to Buy Price Instead of Quality This Season

Never in the history of the world, has the scarcity of wool been so pronounced. This naturally tends to make prices of woolen products very much higher. There isn't one single item which enters into the making of dependable clothes which hasn't gone up in price from 50 per cent to 200 per cent. It's only common sense to believe if a garment costs more to produce it's going to cost you more to buy. So above all things buy quality this season even if it does cost a little more than formerly.

Store Open Every Saturday Evening

Bond Quality the Same

We guarantee you'll find Bond quality the same as ever. Yes, the price is a trifle more, but that "trifle" means your absolute assurance of quality—and it's the quality, you know, that makes any garment wear satisfactorily. We'd rather raise our price and maintain our quality, than to ask you to believe we can give you the same quality as always at the same price.

Help Stop This War

If you have any humanity in you at all *help stop this war.*

Help stop the bloodshed, the broken hearts, the anguish, the torture, the unspeakable, unprintable horror that spreads like a hellish pestilence over all Europe.

The Kaiser and the men about him have turned the German soldiers into a pack of bestial wolves. He has dehumanized them. He has killed their consciences. He has taught them frightfulness in its most horrible, revolting and degraded forms. He has taught them to murder babes, violate women and torture helpless victims as no North American Indians ever did.

Help stop it. Help show the Kaiser that he *CAN'T KEEP ON.* If every family in America will buy a Liberty Bond—if the Kaiser sees that every one of us here in the United States is backing up our Government with our money—it will be more effective now in bringing an early peace than *any other thing that we can do.*

Help Stop The War By Buying Liberty Bonds

You can get them from any Bank or Bond House. You can buy them on easy payments. And you will get 4% interest on your money. Moreover, on any quantity of Bonds up to $5000 worth, you won't pay a penny of taxes of any kind. These Liberty Bonds are U. S. Government Bonds and are the safest investment in the world. Any banker or business man will tell you that. You can borrow money on them any time you want to. You can sell them any time you like and get the cash. They're the same as *money.* They're the same as *GOLD.* Buy them and *BUY ALL YOU CAN.*

NEWS FROM WAITE HILL

Waite Hill, Oct. 23.

WATERING TROUGH AT KIRTLAND MISSED

The Kirtland road paving is being rushed right along. They are nearly to the foot of Temple hill and if we have favorable weather, by another week it will be finished as to concrete work, then the gravel work will be taken up. But, oh my! They have taken out the watering trough at the Flats and it is not to be replaced. It seemed such a necessity as so many of the wells around the Flats fail quite frequently. I well remember when that watering trough was put there and everybody was jubilant and thought now there will be plenty of water if the wells do go dry. I didn't suppose the lease had expired so that it could be taken out unless everyone was willing; but Kirtland Flats will never look natural to us again with it removed. Then there's Temple hill. I had no idea they were going to change it so much or "I would not have had it done." Why it's like a high wash bank on either side and like riding through a tunnel and then the people that lived on the west side of the hill are left high and dry and can't see how they are going to get out unless they go in an airship. I may feel better about it when it is all finished up, but it did make us feel homesick in riding through there "tother day."

Oliver Cox motored to Ashtabula on Sunday and brought home his "better half" and little David who had spent a week with his parents, Mr. and Mrs. D. M. Covert.

MARKET AT WILLOUGHBY TO BE MADE "HAULING" SUCCESS

We've been having rather discouraging weather for our farmers and consumers market at Willoughby. If so we'll be there.

SOLDIERS BACK FROM FRANCE

Willie Cox, who joined the U. S. navy a while ago, has been over to France and come back to Brooklyn, N. Y. There were 15 transports came back after more soldiers and while in Brooklyn he wrote home to all his people and to "some others" and all were glad to hear from Will. The Waite Hill Ladies Club got up a comfort bag for "Billy" with numerous useful articles, each one contributing something and sent it to him while he was in New York. He is well but from the trend of his letters his folks imagine he'd just as soon be home again on that old threshing machine.

THE HOUSEHOLD I AM

I am the tin of the universe,
The predicament of the moment,
The jewel in the contractors' crown,
The crimp in the pay-envelop.
I am the friend of the wasteful cook,
The nigger in the wood pile,
The little thing to look for,
The large thing to find
I am greater than a hundred howitzers,
And ten army corps,
And Josephus Daniels
I am the difference between winning and losing
I am the reason why

WICKLIFFE SCHOOL NEWS

STREET FAIR AT WICKLIFFE SCHOOL

A welfare street fair is to be given at Wickliffe school on Friday, Nov. 2, 1917. Such amusements as war, the roof garden, Hagenback animal show, the glass blowers, eternity, the fortune tellers, artists' eternity, the court, the fat man, a basket ball game and other attractions. The hilarity of the occasion will be augmented by a suffrage police force. Nothing will be good but pennies. Be sure and tell the other fellow. All the proceeds of this fair are to be used in the purchase of equipment for our school. We will give you the greatest time of your life. You will give us means to make our school a better one. Help a good cause. Admission ten cents.

Throw Off The Load

"Those who will not work shall not eat." This was the law John Smith, the founder of Virginia, enforced. It's a good law, for no able-bodied man who contributes nothing to the wealth or welfare of the world should be permitted to live off of the toil of his fellow men.

The saloon and the liquor traffic are non-producers. They contribute nothing toward the feeding of the workingman or to the welfare of the community. The saloon and the liquor traffic destroy food already produced, waste lives of thousands of employees and thousands more of victims.

The man who works at the bench or in the office contributes his labor to the common good of the people. He is a producer. His life is well spent.

The woman at home, the man at work both are contributing to the progress, the economy and the happiness of mankind.

In Ohio today these producers are carrying a heavy useless burden. They are feeding and supporting a black sheep, a slacker, that does no work, that contributes nothing—but lives in greater ease and luxury than the producers themselves.

This slacker is the liquor traffic, and for the support of every man engaged in the liquor traffic the producer must pay. Some worker must toil harder. Some man or woman must sacrifice and suffer.

Isn't it time for Ohio to stop the waste and make every man a producer? Ohio can accomplish this great good on November 6th by voting dry.

If you are a producer this message is addressed to you, and if you believe in every one doing his share, every one bearing an equal burden to lighten the load for the rest, you can secure your rights by voting for Prohibition.

CHRISTMAS MAIL FOR AMERICAN FORCES ABROAD

Printed at the request of Mr. Webster, Willoughby Po Master.

To the Public:—

The time is approaching to give thought to bringin Christmas cheer to the American soldiers and sailors abroad.

Arrangements have been perfected whereby the Christma mail to the American Expeditionary Forces in Europe is to be de livered by Christmas morning. Without the fullest co-operation o the part of the public, it will be impossible to accomplish this re sult.

The three essential respects in which the public can ai in assuring a happy Christmas at the front are:

MAIL EARLY, ADDRESS INTELLIGENTLY, AND PAC SECURELY.

For this reason, it is urgently requested that all person having Christmas mail for the soldiers and sailors and the civilia units attached to the army in Europe, observe closely the followin directions:

1. Mails to reach the soldiers in France by Christma morning must be posted not later than November 15th.

2. Every package must bear conspicuously the word "Christmas Mail", the complete address of the person for whom i is intended, and in the upper left hand corner, the name and ad dress of the sender.

3. Every parcel must be so packed and wrapped as t admit of easy inspection by the postmaster. No parcel will be dispatched to France which has not the postmaster's certificate tha it contains no prohibited articles.

THE SCARLET FEVER SITUATION IN MENTOR VILLAGE

As there are so many erroneous reports concerning this matter we have secured from Health Officer M. G. Roberts the following authentic report to date.

Homes that are quarantined—E. E. Eyer, Mauray Farm, two cases; J. A. Ferguson, Nowlen street, three cases; F. B. Hower, Depot street, three cases; James Smith, Prospect street, one case; C. N. Renford, corner Mentor Avenue and Maple street, one case; B. A. Koeckert, S. Center street, one case; oJhn Armstrong, Walnut avenue, one case. Seven homes and twelve cases.

All are very light, except Eva Hower. In fact, some of the cases are the lightest forms of scarlatina. The school building has been thoroughly disinfected. All of the families are observing the rules of the quarantine in so far as the health officer can ascertain.

Dr. Ingersoll, the attending physician, reports fine progress among all of the patients, some of whom are nearly well.

Mr. Renford's store has been entirely isolated from the dwelling so that no one need have any fear about transacting business in the store. The library has been closed. The schools will remain closed until Oct. 29.

There is no diphtheria in Mentor village. The two cases reported are on Reynolds road, opposite the Salvation Army farm and are about well.

"THE MAGIC MIRROR."

I went one night with my high priced thirst, to loaf in the booze bazaar, and as I sampled the old red dope, I leaned on the handsome bar. My purse was full of the good long green, and my raiment was smooth and new, I looked as slick as a cabbage rose that's kissed by the nice wet dew. Behind the bottles a mirror stood as large as your parlor floor, and I looked and looked in the shining glass, and wondered and looked some more. My own reflection did not appear, but there where it should have been, I saw the form of a cringing bum, all crumpled and soaked with gin. His nose was red and his eyes were dim, unshorn was his swollen face, and I thought it queer such a seedy bo would come to so smooth a place. I turned around for a better look at this effigy of despair, and nearly fell in a little heap for the effigy wasn't there! The barkeeper laughed. "It's the Magic Glass," he said with a careless yawn; "It shows a man how he's apt to look years hence when his roll is gone!"—Published by Barse & Hopkins from "Walt Mason His Book."

I rose with great alacrity
To offer her my seat.
'Twas a question whether she or I
Should stand upon my feet.
—Cornell Widow.

THE THINGS RIGHT AT HOME

Young Webster Delamater was in Bos ton-born and bred;
He got his education there—in book he was well read;
He knew the nation's problems, and he solved them right offhand,
There wasn't any question that he didn't understand;
But though he'd lived in Boston, and knew everything, I ween,
He'd never, never tasted of the Boston bean.

Now, old Cap. Lyman Fisher lived at Cape Cod all his life,
With stormy seas and fishing trips his history was rife;
He knew of ships, and seines, and things, and nets, and lines, and boats,
He skinned the summer boarders of their last existing groats;
But though he'd lived there all his life, and knew 'most every dish,
He'd never, never tasted of the salt codfish.

Now, Mike MacGullicuddy was a bright Chicago youth,
A hustler indeed was he, if you would know the truth;
He knew of stocks, bonds, and sales, and dealt on the exchange;
And when it came to canning things, he had an awful range;
But though he knew each packer from Los Angeles to Cork,
He'd never, never tasted of Chicago pork.

And that's the way you'll find it, too, no matter where you go;
It doesn't matter who you are, nor yet what you may know;
Though you may have your specialty—and master it, I vow,
You'll find, when you begin to think, there's one thing, anyhow,
That you have quite neglected; and no matter how your dome
Is built, you'll find that it's the one that's found right home.
—The Leader.

HAVING EYES HE SAW NOT

One day last summer a tourist drov hurriedly up to the home of Enos A. Mills at the foot of Longs Peak, leape out and approached the naturalist. "Mr. Mills," he said brusquely, "I hav been told that there is fine scenery Estes Park. I want to get you to sho me some of it."

The naturalist's eyes turned to the 100-mile sweep of snow mountain that cut the blue sky, then swep valley below and rested on noble and streams that wound among of pine and aspen. Slowly he his head.

NDIFFERENCE IS THE FACTOR THAT LENDS DEFEAT TO MANY A PROJECT. EXPRESS YOUR IDEAS. VOTE!

An Editorial written for the Republican By B. J. Edw. Weit

To make Ohio Dry this year, is not going to require furth r education as to the reasons "why." The education given to e men of today while they were boys is beginning to show its esults.

The majority of the members of Congress are ready to ass favorably on prohibition. Other nations have adopted it and will depend a great deal on our own Ohio to influence NATION L PROHIBITION.

The most important work during this campaign for those at truly want Ohio dry is to **vote dry and see that every other oter gets to the polls and votes dry.**

The desire in your own mind that you want Ohio dry ill not make it so—its **the ballot** that makes the decision. If we il this time it will be **through indifference**; not for lack of senti ent. Don't feel satisfied that because Willoughby is locally dry at every dry vote is not needed.

A dry vote in Lake County contributes just as much toward e cause as one in Wet Cleveland or in Wet Cincinnati. Remem er this is state wide and not local.

What can you do about it? Why you can quietly find out f your voting acquaintances the dry voters, keep in touch with hem on **election day** and see that they **cast their ballots.**

This is not much to ask of you for such a cause and if 200 f the men of Willoughby will do this—we will not need to be shamed of the tally as we were in the past.

J. EDW. WEIT.

INSPIRING AUDIENCE AT UTOPIA THEATRE CALLS COMPARISON BY HARRY HAMMER

The Utopia theatre was crowded to the doors Sunday night for the dry meeting at which Harry Hammar and Judge Reynolds delivered addresses Mayor Huntington presided. The immense crowd drew forth the remark from Mr. Hammar that the audience was much different from that of his recollection of some years ago. "Then," Mr. Hammar said, "about the only representatives at a dry meeting were the pastors and a few leading members of the church." At the meeting at the Utopia he noted all the representative citizens of Painesville made up the capacity audience.

James McMahon and the Glee club from Lake Erie college, led by Miss Cory, furnished the various musical numbers.

The dry question was taken up as one of national importance now. The grain used for liquor it was stated, would feed five million soldiers for a year.

WOMAN'S DIVISION OF NATIONAL COUNCIL OF DEFENSE FORMED FOR WILLOUGHBY TOWNSHIP

At a meeting at the town hall, on Wednesday last, Mrs. A. H. Van Gorder was elected as president for the Woman's Division of the National Council of Defense for Willoughby township. Mrs. S. D. Shankland was named as vice president, and Miss Etta Brown, secretary. Miss Sara Dodd was selected for county representative. The object of the organization is to preserve the moral, social and educational forces of the country through these trying times. They aim to work through clubs already organized. The food conservation week is to be their first work. That will cover all of next week, starting October 29th. A house to house canvas will be made by the women of the village. The Hoover pledge cards will be distributed and all are requested to cooperate with the workers.

DEATH OF MRS. BESSIE FURLONG CHALMERS

Mrs. Bessie Furlong Chalmers, wife of Edward Chalmers passed away at their home on Vine street Tuesday morning. The funeral occurred Thursday morning at the Church of the Immaculate Conception. The death of their infant child occurred last week. The mother and husband, two children and several brothers and sisters, are left of the immediate family. These include Mrs. Fred Sprague, Mrs. Chas. Roberts, Mr. Peter Dillon, of Willoughby, and the brothers, John, William and Lawrence Furlong.

Mrs. Chalmers had always lived in Willoughby, and had numbers of friends. The community share with the family in their grief at the sad loss.

LINE TO "THE FOLKS BACK HOME," ABOUT LIBERTY BONDS

From a Willoughby Soldier Boy.

TO THE FOLKS BACK HOME:

It is a wonderful thing—this call to the colors, and this service in the Army of the United States—and I find that the things formerly so important seem small and trivial in the life we lead here in camp. The intense earnestness of all—officers and men—the realization that we are part of a great machine that is being forged to make freedom once and for all the unquestioned right of every man—all these things make our enrollment an honor and our military service a privilege.

Officers and men have but one test for all that we do, and that test is the question: "WILL IT HELP US WIN THE WAR?" Nothing else is important, nothing else is really worth while.

We have pledged to lend not only our minds and bodies to the support of the Government and in defense of the principles of democracy, but are helping to finance our own campaign by buying Second Liberty Loan Bonds for that "WILL HELP US WIN THE WAR."

I know that you are doing your part but if you can possibly do so I urge that you buy at least one of the Liberty Bonds, and HELP US WIN THE WAR.

Please write that you have done so in order that I may tell the boys.

SOMETHING ABOUT THE PART THAT HAS BEEN ASSIGNED TO WILLOUGHBY FOR THE NATIONAL RED CROSS WORK

Have you joined the Red Cross yet. If not, have you any perfectly good reasons?

This surely is a time when we should all pull together and help in every possible way. Do you realize how much needed are the articles the Red Cross branches are making? Do you realize that our boys and the allies must be kept warm and that the wounded must be given attention and the surgical dressings used at the propert time to save a life? We, who have our comforts, our luxuries, our loved ones—should surely not only be willing but brimming over with helpfulness and earnest desire to do the part assigned to this town. Let all Willoughby wake up to the urgent needs of the hour and at least join the Red Cross organization, who need you.

A splendid attendance marked Tuesday's meeting and best of all was the earnest spirit that prevailed. Everybody was busy and wanted to be, too. Mrs. Barnes, with her compress work had a bevy of good workers. Mrs. Randalls and Mrs. Lillich were busy giving out yarn. Mrs. Merrill had competent help on the new bandages and the sewing department was running like a regular factory. Wouldn't you like to come over and see how busy and willing everybody is? You are always welcome.

SOCK KNITTING INSTRUCTIONS

Socks may be knitted in most any color yarn, so it isn't too vivid, and can be knit after any method, so they are well knit and measure up to the standard. Length of leg, from tip of top to the heel, 11 inches, length of foot from tip of heel to tip [illegible] 11 inches.

GIRL PICK BERRIES TO EARN RED CROSS DOLLAR

What a wonderful membership this branch would have if all the boys and girls were as interested as Miss Margaret Hopkins, who picked berries to earn her dollar for membership. To work or to sacrifice for this money is in keeping with the spirit of the brave lads whom we are trying to help.

VAGARIES OF NORTHILCFFE

He was a bright boy of fourteen with his head full of "vagaries." He lived in Dublin county, Ireland, and his father, who was a barrister, wanted him to be a lawyer. But the boy was interested in printing press and editing his school paper. He didn't want to be a lawyer. He said he was going to London to become a newspaper man. That was Alfred Harmsworth in 1881.

The largest newspaper and magazine owner in the world, and one of richest and most powerful men in the British Empire—this is Lord Northcliffe in 1917, who is in the United States as a representative of the British Government.

Here are some of his rules for success in life as laid down by him in 1899:

Concentrate your enegries, and work hard.

Launch out in new experiments.

Never be afraid to have the courage of your opinions.

Fix the lines you want to travel along, and keep on them.

That's all.

LINE UP AT PAINESVILLE-WILLOUGHBY GAME

Saturday afternoon we have the hardest game of the season when Willoughby Hi plays Chagrin Falls in football here. Willoughby was defeated by Painesville Saturday with a score of 6-0. It was a good game and the W. H. S. boys put up a fine fight. The absence of Tom Ryan was keenly felt by the team. Although defeated the boys deserve credit for their hard work. The following was the line-up:

LEGAL NOTICE

John Mansel, whose last known place of residence was Hopkins Station, Allegany County, Michigan, and the unknown heirs, devisees and legatees of John Mansel, all of whose names and places of residence are unknown, will take notice that May R. Seidman as plaintiff has filed a petition against them as defendants in the Court of Common Pleas, Cuyahoga County, Ohio, alleging that she is the owner and is in actual possession of the following described real estate:

Situated in the Township of Royalton, County of Cuyahoga and State of Ohio, and known as being tract or lot No. 5, in Range 13, Section No. 6 in said Township, and is bounded as follows: Beginning on the east line of said Section, at the southeast corner stake of lands owned by Lydia Kingsbury on said Section; thence runs west along said Lydia Kingsbury's south line, 39 chains and 63 links to a stake; thence south along a marked line 50 chains and 74 links; thence east along the north line of William Wilber's estate, 27 chains and 93 links; thence south 2 chains and 5 links; thence east on the north line of the Estate of William Wilbur, 10 chains and 58 links to the Section line; thence north on the Section line, 53 chains and 36 links to the place of beginning containing in all 206 2-100 acres; less about 6 acres of land sold to Clark Gibbs, and about 3 acres to Otis Edson and 40 acres sold to Constant Rooy, leaving about 157 acres.

Plaintiff further says that the defendant, John Mansel and the unknown heirs, devisees and legatees of John Mansel, deceased, claim some estate or interest in the above described premises, hostile and adverse to plaintiff's right by reason of the fact that the will of Walter Mansell, deceased, admitted to Probate in Volusia County, Florida, provides in item 2 a bequest to John Mansell of Hopkins Station, Allegany County, Michigan.

The petition alleges that said defendants have no interest or estate in the above described premises, as any interest they ever had in said premises, has long since been barred by lapse of time and the Statute of Limitations; that none of said defendants or anyone of them has ever sought to enforce any interest in said premises, and that their alleged claim constitutes a cloud on plaintiff's title.

The prayer of said petition is that each and all of said defendants may be compelled to show their interest, if any, in said premises; that the same may be adjudged null and void; that plaintiff's title may be quieted in said premises against all of said defendants, and for relief. Said petition is No. 158801 and the defendants above named are required to answer the same on or before the 10th day of November, 1917.

GREAT RELIGIOUS MEETING

A great missionary exhibit and pageant called "The World in Cleveland," will be held in the Central Armory during the week of December 2nd. It will be given under the auspices of the home and foreign missionary boards of all denominations and the federated churches of Cleveland, Ohio.

It seems necessary in this world crisis to impress the entire community that back of the many demands for war-time service stands the church already doing more than its "bit." The object of the exhibit at this particular time is to arouse interest in the missionary activities of the church.

In connection with the exhibit there will be two impressive pageants given under the direction of Mrs. M. H. Lichliter. These will be given on Tuesday and Thursday evenings.

There will also be daily conferences on new world conditions and the way the church is facing them. This program includes three great meetings with addresses by leading churchmen of the country.

Monday Dr. Robert E. Speer will speak on "The Nation's Larger Call for World Evangelization." Wednesday Bishop Charles D. Williams will speak on "The New Social and Philanthropic Outlook." The speaker for Friday evening has not yet been announced but it is hoped that Dr. John R. Mott will address this meeting thus bringing to a close one of the most significant weeks in the church history of Cleveland.

THE WORLD'S *BEST* INVESTMENT

12 Reasons Why You, as a Careful Investor, Should Place as Much of Your Money as Possible in

4% U. S. GOV'T LIBERTY BONDS

1. They are a direct obligation of the United States of America, whose wealth is estimated at $250,000,000,000.

2. They pay Four per cent interest, payable May 15th and November 15th and are issued in convenient denominations—Coupon and Registered Bonds, $50, $100, $500, $1,000, $5,000, $10,000. Also Registered Bonds of $50,000 and $100,000.

3. They are exempt as to Principal and Interest from all taxes now or hereafter to be levied by any Municipality, County or State within the United States or any of its possessions.

They are also exempt as to Principal and Interest from all taxes now or hereafter to be levied by the United States Government—excepting the inheritance tax, income surtax, excess profits and war profits tax.

4. The interest on an amount of bonds, the principal of which does not exceed Five Thousand Dollars, owned by any one individual, partnership, association or corporation, is free from all taxation whatsoever, except the inheritance tax.

5. They can be converted into higher rate war bonds, if and when same are next issued during the war.

6. They can be subscribed for up to and including October 27, 1917. Terms of payment are 2% on application, 18% on November 15th, 1917, 40% on December 15th, 1917, and 40% on January 15th, 1918.

7. Every subscriber for Bonds up to $1,000 will receive the full amount subscribed for. Larger applications are received subject to allotment.

8. They bear interest from November 15, 1917 and are due November 15th, 1942. They are redeemable at the option of the United States Government at par and accrued interest on and after November 15th, 1927.

9. Principal and interest of the Bonds are payable in United States gold coin of present standard of value.

10. They are not subject to the Undistributed Profit Tax of 10%, which applies to the undistributed net income of any Corporation. Joint Stock Company or Association or Insurance Company, remaining in its possession six months after the close of its fiscal year and not employed in its business. They can be included in the item "Invested Capital," as this item applies to the war excess profits tax.

Under the War Excess Profits Tax, "Invested Capital" does not include Stocks, Bonds (other than obligations of the United States,) or other assets, the income from which is not subject to the tax imposed by the War Excess Profits Tax.

11. They can be bought from any Bank, Bond or Brokerage house during the campaign without charge of any kind for commission or handling.

12. Unless the purchaser of Liberty Bonds has a total taxable income in excess of $60,000.00, the 4% Liberty Bonds, even though these Bonds are subject to income surtaxes, will bring him a larger net income than will a similar purchase of the 3 1-2% Liberty Bonds.

APART ENTIRELY FROM THEIR POWERFUL PATRIOTIC APPEAL, LIBERTY BONDS CONSIDERED FROM THE FUNDAMENTAL STANDPOINT OF SAFETY, INTEREST, CONVERTIBILITY AND CONVENIENCE ARE SUPREME.

Never in the History of the World Has So Attractive an Investment Been Offered to the Public

THE McNUTT-McCALL COMPANY WILL ACCEPT LIBERTY BONDS IN ALL REALTY DEPARTMENTS.

LIFE INSURANCE AT LESS COST WITH THE ONLY ABSOLUTE SECURITY.

At no time like the present has the imperative need of life insurance protection and provision for old age been brought home to all people, with the result that more life insurance is being written this year than in any past years. Of all the forms of life insurance none is quite so satisfactory as what is known as legal reserve insurance, where the companies operating under the law are supervised by the various State Insurance Departments. There are three states that have exceptional security laws that insist upon insurance companies they incorporate not only showing that they have approved securities equal to their liabilities but insist upon said securities to the full amount of cash value of every policy issued being deposited with the state insurance department. This truly constitutes the only absolute security to policyholders. Under such laws the state of Indiana incorporates and controls its insurance companies.

The Century Life Insurance Company, of Indianapolis, Indiana, is one of the companies giving to the public the highest insurance values at lowest cost with the absolute security. This year G. M. Nettleship, as general manager with headquarters in Clevealnd, has been appointing district agencies throughout the state and the company so far this year has written over two million dollars of new business. Since April last, when Mr. Nettleship opened up the state head office in Cleveland, he has to his personal credit over $400,000 written on the lives of well-known men and women in Cleveland and vicinity. Mr. Nettleship, in connection with organizing agencies in this state, is establishing a school of insurance salesmanship in Cleveland that is free of cost to all accepted, whole or spare time representatives.

Frank Cramer, who resides at Peerlodge, Montana, will take notice that Emma M. Cramer filed a petition against him in the Court of Common Pleas of Cuyahoga County Ohio, praying for divorce and relief on the ground of gross neglect of duty and willful absence for more than three years last past. Said petition is No. 159194 and will be for hearing on and after November 23rd, 1917.

The Price of Greatness

Already Cleveland is paying the price of its rapid growth. To house the host of new settlers, those now living in low rent sections are moving up. This starts an exodus all along the line, including those districts which, until recently, were sought only by the well-to-do. This social transplanting increases the value of business sites but it is death to residence property. Shaker Heights is the refuge of those who want houses that last.

Bell System

The Bell System handles thirty million calls every day! Every time the clock ticks, day and night, **three hundred forty-seven** new telephone calls are being made.

The requirements for service for use in the all-important work of National Preparedness are many and urgent. The need to avoid waste is pressing, and in the interests of National Efficiency the lines must be kept as free as possible to handle the abnormal amount of "traffic" used in the many war-time activities.

On most telephone calls a saving of one minute can be easily made encroaching upon the subject matter of the message, simply by practicing more diligently the best rules for the use of the telephone.

The Laundry Problem

Equip your laundry with an electric washer, and wash day burdens will be lightened.

These efficient machines do the hardest part of the work in less time and with better results than the old-fashioned tub and washboard.

A number of excellent Electric Washers are on the market—they are not expensive and last a lifetime.

Electric power makes washing so simple and easy that anyone can do the work. Housewives do their own washing with an Electric Washer and it soon pays for itself.

Where help is employed the housewife does not have to depend upon the strength or diligence of the laundress—the task is made more attractive—and the washing is uniformly well done.

Ask your neighbors who wash with electric power how it simplifies the laundry work—and how economical it is.

Joseph Stegmeier, the Unknown Heirs of Joseph Stegmeier, deceased, Lewis Hundertmark, and the Unknown Heirs of Lewis Hundertmark, deceased, who formerly resided in Cleveland, Cuyahoga County, Ohio, will take notice that Paul Szoke and Rose Szoke filed their petition in the Court of Common Pleas, within and for the County of Cuyahoga, State of Ohio, being cause No. 159129, alleging that they are seized in fee simple, and are in the actual possession of the following described real estate, to wit:—

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being the Southerly 100 feet of the Easterly 24 feet and 9 inches of Sub-Lot No. 545 in Barber and Lord's Allotment of part of Original Brooklyn Township Lots Nos. 51, 52, 69 and 70, now in said City.

Said part of said Sub-Lot No. 545 has a frontage of 24 feet and 9 inches on the Northerly side of Lorain Avenue and extends back 100 feet deep, between parallel lines, as per Plat of said Allotment recorded in Volume 11 of Maps, page 26 of Cuyahoga County Records.

That they derived their title to said real estate by purchase, and that there is a cloud upon the same in that a certain mortgage, recorded in Volume 153, page 630, appears on record improperly cancelled and satisfied, and that said Joseph Stegmeier, the Unknown Heirs of Joseph Stegmeier, deceased, Lewis Hundertmark and the Unknown Heirs of Lewis Hundertmark, deceased, claim to have an estate and interest in and to said premises adverse to the interest of the plaintiffs.

The prayer of said petition is that the title to said real estate may be quieted; that the Court declare said mortgage to be null and void, and that the defendants be forever barred from having or claiming any right or interest to the same.

The above named defendants will further take notice that they have been made party defendants to said petition, and that they are required to answer the same on or before the 24th day of November, 1917.

Does Her Own Housework Since Tanlac Has Built Up Her Run-Down System

"I am now doing my own housework and it doesn't tire me out like it used to," said Mrs. John A. Kozsey, 2503 E. 23rd st., in telling what Tanlac did for her after she was all run down.

"I was troubled with my stomach for a long time," she continued. "After meals gas formed on my stomach, which made me feel bloated and uncomfortable. I often had dizzy spells and headaches and sometimes I would have chills. My circulation was poor, too, and I had that tired feeling most of the time. No matter how tired I was, however, I couldn't sleep soundly because I was nervous.

"Since taking Tanlac I feel much better. I am not troubled with my stomach, and I don't lie awake nights like I used to. The dizzy spells have disappeared and I feel better all around. Tanlac is certainly a good medicine. I am well please with it."

Tanlac is a purely vegetable tonic made of roots, barks and berries and is especially designed to build up run-down people. If you are in need of a good tonic get it today. It will do for you what it has done for thousands of others.

You can get Tanlac at any good drug store in Cleveland. The Tanlac representative at the Standard Drug's Old Arcade store, 411 Euclid ave., will be glad to explain all about this wonderful tonic to you.—Advt.

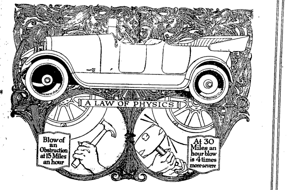
MARMON 34
Advanced Engineering



A LAW OF PHYSICS
Blow of an Obstruction at 15 Miles an hour
At 30 Miles an hour blow is 4 times more severe

How Science Deadens Road Shocks

LEADING engineers agree that every pound of weight *below* the springs, called "Unsprung Weight," is nine times more destructive than a pound that is sprung. The greater the weight below the springs, therefore, the heavier the toll in tires, gasoline and wear.

It is a law of physics that the force of a moving body varies as the square of its velocity.

If you increase the speed of an automobile from 15 to 30 miles an hour, each irregularity in the road will strike a blow four times as violent as before.

Consider the tremendous force of the blow at higher speeds—then the importance of reducing *Unsprung Weight* to the very minimum is evident.

There is no comparable car, we believe, so light below the springs as the Marmon 34.

By scientific construction Marmon engineers eliminated 1100 pounds; and much was taken from unsprung—destructive—weight.

Talk with Marmon owners. They will tell you they obtain from their fuel and tires 40 to 50 per cent more mileage than owners of other high class cars.

Over the roughest roads, at any speed you have a mind to go, no other car, regardless of weight, offers you such luxurious riding comfort.

A drive in this long, low Marmon will prove it conclusively. Let us take you on this ride soon.

The price of our cars will advance within the next thirty days. We have a few cars for immediate delivery at the old price. By buying now a substantial saving can be made.

THE CLEVELAND HIGH LEVEL

Cleveland's new high-leved bridge is becoming known the country over as a masterpiece of engineering.

Bridges that now carry the heaviest traffic will always carry an enormous tonnage. But to insure quick, uninterrupted passenger service—convenience—the people of Cleveland have made an extra investment.

The traffic that crosses the new bridge will never have to wait on tug or schooner.

Cleveland is known as a high-level city for its wonderful industries—its parks, three-cent fare, civic spirit.

And because it uses well its exceptional resources—like Gas Service.

Nowhere else in a great city are there so many high-level homes from the standpoint of cozy comfort. That's because Gas Service is so cheap and convenient that it lies within the reach of rich and poor alike.

But each Winter there may be interruptions to comfort, when fleet after fleet of icy winds comes roaring in from the lake.

Heat contentment and health need never be broken in upon provided you raise the level of your heating equipment to Gas Service PLUS an auxiliary appliance and auxiliary fuel.

It's best to prepare to bridge over the few short, but terrific, stretches of cold that may be expected this Winter. Our experts will advise you free.

To The Farmers of America

You farmers of America are the backbone of the nation. You provide the wheat and corn and oats and meat and milk that enable us to live. You provide everything that goes upon our tables. You have furnished tons and tons of food to feed our soldiers and to feed our allies. Your sons and brothers by the tens of thousands have shouldered guns and gone to fight the Prussian hordes just as other farmer boys went out to fight the enemies of Freedom in 1861 and 1776.

But the United States now faces a far more cruel and deadly foe than it did in '61 or '76. It faces a foe that stops at nothing, a foe that tortures wounded soldiers and poisons wells and *butchers women and girls and innocent babes.*

And to fight this foe we've got to have *more* than food and men and guns. *We've got to have MONEY.* We've got to have billions and billions of dollars—or else we'll *LOSE THIS WAR* and the Prussian fiends will do to American farms what they did to the farms in France and Belgium. They'll destroy our orchards and growing fields as they destroyed the farms and growing fields of France and Belgium. They'll poison our wells as they poisoned the wells over there. And on those farms that they don't destroy they'll make Americans work as slaves under guard of German guns to fill the *graneries of Germany and to fill the coffers of Berlin.*

Not only that, buy they'll torture our wounded soldiers and torture our wives and mothers and violate our girls and butcher our babes, *because that's the Kaiser's idea of making war.* That's why we appeal to every farmer in America now to buy U. S. Government Liberty Bonds and buy *AS MANY OF THEM AS HE POSSIBLY CAN.*

We need every dollar that can be raised. It is just as important that every farmer buy all the Bonds he can possibly take as it is that he raise all the food that he can. It is just as important to buy Liberty Bonds as it is to send your boys across to the trenches to fight. For the brave American boys *CAN'T POSSIBLY WIN* unless we back them up with all the money we've got.

We urge you to go to the nearest Bank and arrange to get your Bonds at once. *U. S. Government Liberty Bonds* are the safest and surest form of investment in the world. You will get 4% interest on your money, and if you should ever need to you can sell your Bonds and get the cash, or you can borrow money on them. Moreover your income from these Bonds will be free from all state, county, municipal and normal income taxes.

We have reached a period when every man of honor must be willing to strain a point to *help the United States.* What good would your farms be to you if Germany should win? What good would your houses and barns be to you if America lost her freedom and was crushed beneath the iron heel of Prussia? What good would *ANYTHING* be if American farmers were reduced to the condition of the down-trodden peasants of Germany and our American women and American girls were made to work in the fields and be *hitched to carts with dogs as the women of Germany are?*

In Other Jobs Now and Mighty Glad Of It

WHILE the liquor interests are trying to cajole the people of Ohio into voting to continue the booze evil for the "sake of the men employed in the traffic"—while this is going on in Ohio, former employes of Ohio breweries and saloons are frankly saying they're glad to be out of the business.

A driver can handle the reins just as skillfully if his wagon is loaded with bread instead of beer.

Swinging boxes of booze off a truck is pretty much like swinging off boxes of groceries.

The bookkeeper can figure and enter merchandise sales as well as the accounts with liquor joints.

The porter can clean cuspidors and swab floors that are not so foul.

The bartender—usually sober because of the "horrible examples" he sees, or because his owner won't stand for a drinking bartender—he can sell other things with greater satisfaction than he sells the booze that bounces men from their jobs.

Prohibition in Ohio will mean a change of employment for some men—not as many as lose their jobs annually through drink. The changes will be more satisfactory to the women and children concerned.

The liquor capital turned to legitimate industries will have to employ more men and have to pay them more money.

Business will be better, money will be saved, morals improved, health preserved, poverty reduced, crime decreased and happiness more widespread.

Iowa Finds Prohibition Pronounced Success

Clinton Advertiser—

Prohibition is resulting in a marked decrease in crime. It has contributed to the general welfare of the people in Iowa as shown in increased savings and more orderly conditions in town and country. Cities which lost large saloon tax revenues have 'weathered the storm' without apparent difficulty, or burdensome taxation on the people.

Des Moines Register-Tribune—

The steady progress of anti-liquor legislation in a state where there is relatively a large foreign-born population is a sufficient answer to any question as to the success of Prohibition. The saloon and liquor lost ground continuously.

Wallace's Farmer—

It is hard to keep the confirmed drinker from getting his liquor, but Iowa is not making new drinkers in any number, and now the open saloon is gone there is no longer constant temptation to the young man and to the moderate drinker. Iowa is thriving under Prohibition.

Sioux City Journal—

Iowa is fairly well satisfied with its experience without the saloon, and this is conceded even by many who felt the state had made a serious mistake and who predicted a depreciaton in real estate and increased taxes in the cities hitherto wet. Depreciation of real estate did not materialize anywhere. Many former wet towns at the close of 1916 reported the greatest building year in their history. Former employes of the saloons and breweries are for the most part employed in other callings and glad of it.

Council Bluffs Nonpareil—

Prohibition has stimulated and not hurt business. Practically all buildings formerly occupied by saloons are used now in other lines of trade and many of them return more money in rentals than received from the saloon men.

Waterloo Courier—

Well-informed people will agree unhesitatingly in pronouncing Prohibition to be a success and in recommending it to other states. There has been less business for the police court to transact and more for the grocer, dry goods man and others who supply healthy human needs. Liquors are still consumed, but nothing like the amount when the saloons were running.

Sioux City Tribune

Although many Iowa newspapers formerly were not advocates of prohibition, it is doubtful if there is one willing to go on record with the claim that the change has not been generally beneficial.

Were the subject one of close opinion, a mass of statistics could be compiled to prove that conditions in Iowa have improved under prohibition. In former saloon cities the statement that the community has been bettered by the elimination of saloons scarcely arouses argument or protest. There are individuals who pine for the old saloon atmosphere, but very few of this class assume that their personal longings represent the community spirit. They are confronted with too many evidences to the contrary, even among their former barroom cronies.

When Sioux City was confronted with the problem of retiring 48 saloons, at the opening of 1916, commercial interests were admittedly timid about effects and anticipated repressing influences for a few years. The passing was so easy and changes so rapid as to startle even those who gave little credit to saloons as business institutions or business producers. The vacation at one time of so many good business locations led to many readjustments, but there was not a trace of depression.

The city election of 1916, held after saloons had been abolished, furnished a further illustration of benefits accruing to the city from elimination of saloon politics. Those backed by the "free and easy" element failed of election. The loss of 48 working organizations was fatal to their aspirations.

Business, moral and political conditions have improved in Sioux City and throughout the state.

Des Moines Capital—

Iowa is satisfied with Prohibition and will never return to licensed saloons. There is less drinking, less drunkenness, less crime and less poverty than under the old system.

Burlington Gazette—

The condition in Iowa today is an improvement over what it used to be. The police court records show this and the business men appreciate it from a standpoint of collections.

Cedar Rapids Gazette—

The number of people committed to Prohibition increases every day. Employers of labor note with satisfaction the better conditions of their employes. These employes were not drunkards. They paid no money in fines. Few of them were ever disorderly and very few, compared with their numbers, subordinated ordinary sense to appetite. But they spent money for liquor—for that which did them harm and not good. They spent $1 the week, perhaps from $3 to $5 the week if they were well paid. One dollar the week represented the cost of fuel. Five dollars the week represented the larger share of their grocery bill. Three dollars the week would have paid taxes, fuel bill, and shod the family for the year. It was waste—senseless, harmful waste.

Boone News-Republican—

Prohibition is gaining ground all the time; its success shown in increased bank accounts and the regularity with which bills are paid and the happiness of women who can now buy shoes for the children.

Marshalltown Times-Republican—

Business of the city has multiplied. Its character has risen high. Its workingmen have built and are building ten homes where they built one before, and building excellent homes where their forbears, under a wide-open liquor policy built poor ones. Hundreds of those whose habits denied them credit and respect have attained both.

Oskaloosa Herald—

The great majority of the people are satisfied and very few would welcome the return of the saloon.

Humboldt Independent—

Conditions financially, socially and morally have improved under Prohibition. While Prohibition should be made national in order to be really effective, it must first be worked out state by state until public sentiment crystallizes to make it national. The quicker the better.

This is one of a series of advertisements dealing with results in states that have had prohibition experience.

The following interesting letter tells of the daily life of a Willoughby soldier boy at Camp Sheridan. Later we will publish a letter telling of the camp life and news of the local boys there.

Co. F 172 Regs. W. S N. G. Camp Sherman,
Montgomery, Ala.

To The Willoughby Republican:

The subject of my story is "Camp Life at Camp Sheridan."

The first thing I will tell you about is our trip here. We started from Cleveland at 5:30 p. m. on Friday, August 27, and arrived at Montgomery at 12:00 o'clock, Sunday, August 29.

After we left Cleveland we began to take out our lunches that we took with us. The two fellows that I was with and also myself had a lunch apiece, so we pulled out our table and spread the lunches on it and had a very nice meal. Then about an hour after that we were served with our regular meal and this is what we were served: Two jelly sandwiches, a cup of coffee with out sugar or milk. Then after we got through eating that big meal we washed our own dishes at the end of the Pullman. Then we sat and talked about that afternoon when we left until 10:00, then we were ordered to go to bed. There was a porter came and made up our bunks. But before we got to sleep we arrived in Columbus and it was so dark that that we could not see much of the city. We layed over there for three hours but before the train pulled out I was in dreamland. I woke up the next morning in Cincinnati at 5:30 a. m. We did not stop there only a few minutes. Then we traveled along the Ohio river into the state of Indiana. We did not get our breakfast until about 10:00 that day (Saturday).

They did not have any coffee for us so we had to wait until we got to some place to get some. We stopped in some town in the state of Indiana to get coffee. We layed over there for about an hour. There we had a chance to get out and buy some sandwiches which saved our lives because we were all about starved. When we left there it wasn't long before we had our breakfast and it was the same old thing, two jelly sandwiches and a cup of coffee only this time we had milk and sugar in it. Then the next place we stopped was at Louisville, Ky. There we detrained and paraded up to some park grounds and went through some exercises. After that we paraded around the streets for an hour and then entrained and went on. The next place we stopped was at Nashville, Tenn. We pulled in there at 9:30 Saturday night and layed over there for an hour but we were not allowed to get off the train so we did not see much of the city. We took coffee on there for our supper. Then at 10:30 that night we turned into our bunks for the second time. We woke up the next morning (Sunday) somewhere in the state of Alabama. We only stopped at one town in the state of Alabama before we got to our destination and that was to take on more coffee for breakfast. In this little town there was pigs running around the main street. A couple of fellows got off the train and tryed to catch one but the pig was to slick for them. Then we went on and the next stop was at Birmingham, Ala. There we broke open a box car of water melons and everyone on the train got one. The train waited till every body got a melon.

Then our next stop was Montgomery, Ala., but the camp was three miles from the city, but the train took us right to the camp. When we arrived at camp we detrained and lined up ready to march to our destination. I was detailed to stay at the depot and take care of the baggage. I was there for about an hour before a truck came to take the baggage, and while I was waiting there I never felt so hot as I did in that hour. It was in the hottest part of the day and I thought I would not live until night but I pulled through alright. When we got the truck loaded I rode over to our camping place and it was right in the middle of a cotton and peanut field. The fellows were all sitting in the shade fanning themselves and you never saw a more discouraged bunch in all your life. I'll tell you we expected to come down here and find everything already, tents up and everything. But instead of that we had to sleep out in the open with just a mosquito netting over us for a week before our tents came.

We were not here only two hours before we were pulling cotton plants and peanut vines up for a place to camp. And all we have been doing up to about two weeks ago was fixing the camp up and it looks something like a camp now.

I will tell you about the camp and what the Willoughby boys are doing here.

Very truly yours,

JOHN A. MARBLE

Six of the organization men from the plant of the American Clay and Machinery Co. at Bucyrus, paid a visit to the local plant Sunday morning last. They were much interested in the progress that is being made here. They looked over the new buildings which are nearing completion. One building which will be used as an erecting shop for new work, is now having the heating apparatus installed. The building is 60x240 feet. Machinery is now being installed in the newly completed foundry extension, also.

WILLOUGHBY CLEVELAND TRUST BRANCH MAKES FIFTY THOUSAND DOLLAR LIBERTY LOAN PURCHASE. MANY OTHER SALES ARE REPORTED. NO CANVASS AT KIRTLAND

The Willoughby branch of the Cleveland Trust Co. has handled $215,000.0 in the second Liberty Loan sale. The exact amount purchased in Willoughby has not been estimated as yet.

The Andrews school bought $2250.00 in various small amounts.

Kirtland was placed in the rather unusual position of having no one solicit Liberty bond purchases there. However, purchases were made there to the amount of about $4250.00, according to N. P. Crawford.

The Wickliffe Italians subscribed in the neighborhood of $6000.00.

Shop employes at the Cleveland Crane & Engineering Co. have subscribed for bonds to the amount of $13,150.00 The first subscription was about $ 000.00.

SALOONS AND TAXES

The saloon is a tax maker, not a tax payer.

The saloon does not create wealth; it destroys wealth.

Saloon cities like Cincinnati, Cleveland, Toledo and Columbus all have heavy revenue from liquor, but these cities are the ones knocking at the doors of the Legislature for the repeal of the law limiting bond issues and tax rates.

The saloon is not a financial asset to a city, county or state. It is a heavy liability. It increases your taxes, but in no instance does it reduce them.

LARGE WAR ORDER RECEIVED AT WICKLIFFE PLANT

An immense torpedo boat destroyer plant is being erected in the east. These are the boats that accompany and guard the merchant ships. The plant will cost close to 100 million dollars. Eighty large traveling cranes will be required. The contract for two-thirds of these has been awarded to the Cleveland Crane & Engineering Co., Wickliffe. A recent shipment of two 220-ton cranes, represented, at the time the order was taken, the largest of the type ever built.

CONGRATULATORY HALLOWE'EN PARTY GIVEN FOR MRS. CARREL

The local O. E. S. gave a party for Mrs. Cora Gaines Carrel in honor of her recent election Wednesday night. The guests were recived by ghostlike figures. An Editorial Written for The Republican
By Mr. Harry Hammar

Shall the manufacture and sale of intoxicating liquors to be used as a beverage, be prohibited by amendment to the fundamental law of our state—OUR OHIO CONSTITUTION?

Heretofore we have been content to regulate and isolatae the manufacture and sale of intoxicants. Now we are debating whether we shall prohibit and annihilate them. Let us start our consideration with correct promises and proceed along LOGICAL LINES in reaching a conclusion. We all agree that intoxicating liquor is a social, moral and political evil. Most of us believe that it is unnecessary, dangerous and wholly vicious in all of its perpects. Under the present stress and necessity, all thoughtful persons know its use as a beverage is wasteful and sinful, and all of

HOW DO YOU VOTE AND WHY?

Some Illuminating Points Brought Forth by Harry Coulby, Mayor of Wickliffe.

When Harry Coulby, president of the Pittsburg Steam Ship Co., and mayor of Wickliffe, spoke to the men of the Episcopal church last Friday, he expressed some enlightening thoughts on the subject of "Citizenship" and the privilege of voting. In view of the coming election, it was most opportune, and some of Mr. Coulby's remarks are here reproduced:

The war, said Mr. Coulby, has simmered down to a fight between democracy and autocracy. There are seven hundred millions engaged in the struggle, and in view of the powers that are fighting Germany, the questions must be universal ones, else such nations would not be taking up arms. The democratic form of government is ours. It is our duty to defend it. Here is where we realize our citizenship, and how do we do our duty as citizens?

When we vote for school director, do we vote for a man who loves children, or one whom the children loves?

Or do we vote for a man who has no children, and whose interests and that of the children are opposite?

Do you elect a man for mayor who is well known in the community, whose interests are with the majority, and who represents the WHOLE people?

Or do we elect him on appearances, for the wet vote or for special privileges given?

WHY do you support the candidate for mayor that you do support?

Speaking of the "uneducated" vote, Mr. Colby said:

"Some years ago I went into the polls to vote. I found I did not know a single man whose name appeared on the ticket. What was I to do? I finally voted for every Republican cnadidate. When I went out, I said to myself, 'Colby, never say anything again about the "uneducated" vote. Anybody could have voted as "intelligently" as you did just now.'"

THE LOCAL GOVERNMENT IS THE CORNERSTONE UPON WHICH THE SAFETY, SECURITY AND VALUE OF THE FEDERAL GOVERNMENT RESTS.

Therefore the local government is of most importance. How can you find fault with the federal government if you have not made the local government solid and secure? Do you study the candidates for local government? Unless you take an interest in, and support your local government, have you any right to judge the federal, which is founded upon the local?

Two duties are assigned the citizen: First, investigate the candidate.

Next, Vote!

Take an interest in your local affairs. They are the circle that widens out into the national.

WHAT THE IRISHMAN SAID ABOUT THE COUNTERFEIT BILL

A Little Story Pertaining to Prohibition, Told by the Rev. H. E. Bright.

Recently from his pulpit the Rev. Mr. Bright gave this telling illustration on the benefits of prohibition: "There are three things prohibition of the saloon does that are illustrated by the story told of an Irishman who said: "I did three good things today."

"What did you do, Pat?"

"I saw a woman crying in front of a cathedral. She had a baby in her arms, and I said, 'Madam, what are you crying about?'

"She said: 'I had two dollars in me handkerchief and came to have me baby christened but I lost the money.'

"I said: 'Don't cry, madam, here is a ten dollar bill; go get the baby christened and bring me the change.' She went, and soon after returned and handed me eight silver dollars.'

"Well," said the friend, "I don't see any three good things in that."

"Ye don't! Didn't I dry the woman's tears, didn't I save the baby's soul, and didn't I get rid of a ten dollar counterfeit bill and get eight good dollars in return?"

That is what prohibition will do for the grand old state of Ohio. It will dry women's tears, save human souls, get rid of a [illegible] business instead.

MAYOR CARMICHAEL MAY CONFISCATE COAL

The coal situation in Willoughby assumed serious proportions Tuesday. Mayor Carmichael telegraphed to Homer Johnson stating the urgent need of relief. He stated that while he would hesitate to take drastic action it would be absolutely necessary to confiscate coal rather than have any suffering in the village. Many families are supplied with sufficient coal for a short time. Others are without coal. One family is stated to be burning fence rails.

COMPLETE SEWER SYSTEM IS TO BE INSTALLED SOON IN THE McNUTT-McCALL ALLOTMENT HERE

Village council met in regular session at 7:30 p. m., October 29th. Mayor Carmichael presided and all members were in their places, also Solicitor George C. Von Beseler.

The usual monthly bills were checked over and approved for payment.

The important feature of the Council meeting was the awarding of a contract for the complete sewer system on the McNutt-McCall allotment.

Four bids were received by council, and after careful consideration the contract was awarded to Freshwater Bros. of Painesville, the total amount being $30,225.29.

A joint meeting of the council and members of the board of public affairs was held, and it was decided to award the contract for the water system on the same allotment to Freshwater Bros. in an amount of $44,946.37, it being the opinion of council, board of public affairs and village engineer that the responsibility of the work on both the sewer and water systems should be placed with one contractor.

The board of public affairs therefore awarded the water contract as above stated to Freshwater Bros.

The contractors on Barber avenue improvement, report the work about complete, and council has arranged to inspect this work on Wednesday evening before finally considering acceptance of the same.

WICKLIFFE RED CROSS NEWS

The average weekly attendance at the Wickliffe Red Cross recently has been forty-five.

* * *

Billie Burke caps are being worn by the Wickliffe workers in place of the heavy regulation Red Cross head dress.

* * * *

Thirty aprons have been given out. The apron idea with the stripes awarded for each eight consecutive attendances, is being adopted in Chardon, Warren, Kent and many places where the "Wickliffe ideas" have borne fruit. Heavy envelopes, with the owner's name upon them, are used to place the apron and cap in during the worker's absence.

* * *

The Wickliffe circle has invented a machine for cutting gauze. Mrs. Colby conceived the idea. Mr. Lawton carried out the idea and worked out the plan and Mr. Bigalow carried out the ideas of both and made the machine.

* * *

The Higbee Co. are saving the ribbons from handkerchief boxes, etc., for the Wickliffe Red Cross and others. These are used in tying up the compress packages, etc., in place of buying twine.

* * *

The Wickliffe circle packs 240 compresses in a box, against 228 packed in Cleveland boxes. They pack 3000 shirts against Cleveland's 2220. Whenever they hear of a circle doing anything anywhere they calmly proceed to go them one better, no matter what it is.

WICKLIFFE MACCABEES LODGE GOES VISITING

Proud of their initial organization, the new Wickliffe Maccabees lodge set forth in a body for Cleveland Wednesday night to acquaint the sister city with the newest review, "The Victory." The lodge now numbers 35. They visited the Woodward Review in the city.

OLD SOLDIERS ENJOY HAPPY TIME AT COMRADE'S 95TH ANNIVERSARY

Just because a man is 95 years of age is no reason why it should be concluded that he's 95 years OLD. Moses Cleveland, for instance, celebrated his 95th anniversary Tuesday, Oct. 30, but he is young in spirit and active in body. Post members, and women of the Relief Corps, James A. Garfield Post No. 591, Mentor, gathered at Mr. Cleveland's home Tuesday, in honor of the occasion. Good feeling and good cheer was much in evidence. A bounteous dinner was served. Mr. Cleveland was born in Connecticut in 1822, and has lived in Willoughby since 1903. His grandfather and Gen. Moses Cleveland were first counsins. Mr. Cleveland's pastime recently has been the making of bread boards from wood taken from the old seminary here, built in 1859. The guests at the birthday anniversary Tuesday included: S. M. Downing, T. B. Frissell, O. F. Bryant, E. M. Hayden, C. P. Lilley, L. Baker, L. Upham, Eliza Rexford, G. L. Hanks, Elva Armstrong, Emma V. Hayden, Mrs. Ed. Page, Mrs. F. E. Barnes, Mrs. C. Eddy, Olive A. Gridley, Josephine Baker, Jessie Cleveland and Agnes Palmer. All joined in wishing Mr. Cleveland many more happy birthday parties such as the one they so much enjoyed.

Efficient For War

Now is the time to insist upon conditions which will result in the very greatest efficiency of our large army of soldiers AND OUR LARGER ARMY OF WORKERS WHO REMAIN AT HOME.

If any one objects to this doctrine, let us have a division and count votes. There never will be a time when it will be so IMPORTANT TO HAVE THE QUESTION SETTLED RIGHT AS NOW.

WE COULD HAVE PEACE NOW WITH GERMANY by allowing her to wantonly kill our citizens, trample on our rights without protest and by paying HER A HUGE sum EACH YEAR.

WE COULD HAVE PEACE NOW WITH THE LIQUOR TRAFFIC BY ALLOWING IT TO WASTE OUR GRAIN, DEMORALIZE OUR ARMY AND CITIZENSHIP AND BY PAYING IT SIX BILLION DOLLARS ($6,000,000,000) EACH YEAR.

WE WILL NOT CHOOSE THE PATH OF SUBMISSION TO EITHER OF THESE ENEMIES OF OUR PEOPLE.

WAR HAS LAID BARE THE TERRIBLE WASTE OF THE LIQUOR TRAFFIC.

TALKED TO BALLONISTS

Two balloons passed over here last Saturday. They came down so low that men in the fields talked with the occupants. They finally landed, one on French's the other on the Corrigan place.

L. D. Leuty of Cleveland was picking apples at Evergreen Place last week.

C. C. Grover and family are now domiciled in their own home, recently purchased of E. A. Daus.

Miss Elizabeth Leuty spent Sunday with her sisters in Mayfield.

Grandma Fields has been on the sick list but is reported better.

Mr. and Mrs. August Peschie have sold their place. Consideration $10,000.

KRAUT SUPPER SUCCESS

Despite the rain and wet, the sauer kraut supper at the school house given by the Red Cross, was a success in every way. Rev. Cristy of Painesville, was present and talked on the dry question. Music and singing was furnished by Mrs. Frank Avis, Miss Kupneski and Mr. Haggett. Supper was served to over one hundred people and consisted of mashed potatoes, weiners, sauer kraut, bread, pie and coffee. One of the amusements was some cabbage in boxes, with the roots protruding, the weights of them being guessed on. Joe Novak secured one which sold for seventy cents, which we feel was good price to pay for a cabbage, after eating a kraut supper. Nearly forty dollars was taken in, and after the expenses are paid a nice sum will be left.

ADDITIONAL PERSONALS

"VOTE DRY" BANNERS AND FOOD PLEDGE CARDS APPEAR IN WILLOUGHBY HOMES

Universal co-operation and support was received by the woman messengers calling on Willoughby folks this week carrying the food conservation message. The food pledge cards and "vote dry" banners appeared simultaneously in most windows. [illegible]

Pictures of home folks carry warmth and comfort to the heart of a soldier.

its influences harmful and baneful to our best service and highest efficiency as a people. Regulataion has miserably failed to mimimize its evils or destroy its vicious and hurtful powers. Instead of decreasing tho evils of the traffic, it has increased them. TODAY WE ARE LICENSING UNPRINCIPLED PIRATES IN THE FORM OF THE OPEN SALOONKEEPER, licensing him as a peddler in the open markets of liquors, many times more deleterious than that use fifty years ago: In theory, regulataion was to have been the government's business; in fact and in practice, it worked out to have been the producer's and the saloonkeeper's business. The taxing and licensing of the business has been the Government's only participation in the traffic. The producer and seller run the balance of the show. The producer regulates the quality of the product and the saloonkeeper the conduct of the business, so as to lower the quality of the goods, boost the volume of the business and increase the profits sufficiently to make certain a return of the overhead charge in tax and license collected, imposed by the Government. All three interests—the Government, the Producer and the Seller, have been profiteering at the expense of our unfortunate populace—EXACTING FROM THE INFIRM AND INTEMPERATE USER, TRIBUTE AS TO QUALITY AND PRICE, to meet the Government's exactions by way of tax, and license. THE CONSUMER PAYS THE TOLL BOTH IN ADVANCED PRICE CHARGES, by the imposition of poisoned products destructive of body and soul and of his substance financially, physically, morally and absolutely. THE OPEN SALOON HAS GROWN AS A MENACE, until it stifles decency and aeglanizes the nostrils of decent humans. If it is necessary for the labobring man to have resorts or public places to congregate for entertainment during leisure tiime. LET US SUBSTITUTE THE "MOVIES" NOW SO CONVENIENT OF ACCESS, WHERE CHEAP, WHOLESOME, INTERESTING AND INSTRUCTIVE ENTERTAINMENT CAN BE BOUGHT AT THE PRICE OF A SINGLE BEER PER PERSON. IF BEVERAGE IS NEEDED, LET US NOT USE "AN ENEMY TO PUT INTO THE MOUTH TO STEAL AWAY THE BRAINS." LET US HIT THE TRAIL TO THE SOFT DRINK LABORATORY AND PARTICIPATE IN GOD'S OWN NECTARS, THE DELICIOUS FRUITS AND WHOLESOME FATS, UNPOISONED BY MISDIRECTED HUMAN INGENUITY AND UNINFLUENCED BY INHUMAN CAPRICE AND AVARICE. IT MEANS BETTER HOMES, BETTER GOVERNMENT, BETTER HEALTH, BETTER EFFIENCY AND A BETTER RACE OF PEOPLE IN EVERY WAY. BETTER STILL, LET US IN THIS, THE NATION'S HOUR OF STRESS AND NEED—IN THESE TIMES WHICH INDEED "TRY MEN'S SOULS," SACRIFICE A LITTLE OF OUR SO-CALLED PERSONAL LIBERTY IN THE INTERESTS OF THE COMMON PROGRESS, WELFARE, AND ADVANCEMENT OF OUR NATION, AND OUR PEOPLE. IF IN DOING SO, ANYBODY BE WRONGED, IT SHOULD BE A SUFFICIENT CONSOLATION TO KNOW THAT TO DO A GREAT RIGHT, ONE IS JUSTIFIED IN DOING A LITTLE WRONG."

HARRY E. HAMMER.

When You Get It, Take Care of It.

Don't keep your Liberty Bonds in your pocket, in a pigeon hole of your desk or in the dresser drawer at home.

Unless your Bonds are registered, they are just like money, and both interest and principal can be collected by the holder. The proper way to keep your bonds from being burned or stolen is to put them in a good Safe Deposit Vault.

Our Armor Plate Vaults are better than any safeguard you can find around your home or office.

For $5.00 a year you can rent a box that will hold your Liberty Bonds, your deeds, contracts, insurance policies and other valuable papers—all at the same place, all fireproof, burglarproof and where you know you can find them when you want them.

How Are You Going To Vote?

The liquor traffic has long been on trial in Ohio.

The VOTERS of the state are the JURY sitting in the case.

YOU are to render your verdict on November 6.

Read what reliable witnesses say:

The LAW: That the LIQUOR TRAFFIC has "no inherent right" to exist.

The COURTS: That DRINK is largely the cause of CRIME and PAUPERISM.

PHYSICIANS: That DRINK IS the chief cause of DISEASE.

BUSINESS: That DRINK produces INCOMPETENCY and INEFFICIENCY.

The HOME: That DRINK destroys HAPPINESS and PROSPERITY.

The School: That DRINK is the greatest enemy of EDUCATION.

The Church: That DRINK is the chief foe to RELIGION.

MOTHERHOOD: That DRINK poisons the very FOUNTAINS of life.

ECONOMY: That DRINK wastes food and robs labor.

CONSERVATION: That DRINK is always DESTRUCTIVE, never CONSTRUCTIVE.

PATRIOTISM: That DRINK has disqualified a large percentage of the young men called to the colors, and as General Leonard Wood says, "is the soldier's worst enemy."

The case is before YOU. Review the EVIDENCE. The RESPONSIBILITY NOW IS YOURS.

SHALL THIS EVIL CONTINUE.

Go into the voting booth on November 6, and before God and YOUR own conscience, cast your vote and render your verdict AGAINST the LIQUOR TRAFFIC.

THE "BLACK BEAUTY OF THE MOTOR CAR

The time is now ripe for some bright young author, with a penchant for public service and a knowledge of horsepower, to write the "Black Beauty" of the motor car.

"The economic waste involved in the abuse of motor cars," says Mr. L. H. Philips, located at Cleveland Topics Company, 2027 Euclid avenue, dealer here for the Standard "8" declares, "would make a fine subject for congressional investigation. How many million dollars worth of wealth is annually destroyed by the ignorant or abusive handling of automobiles even the oldest user does not know."

The Standard "8" dealer then called attention to the new instruction book for Standard "8" owrres and emphaisized the big cash value to every owner of a thorough knowledge of his car.

"The Standard "8," he adds, is as nearly fool-proof as the engineering brains of the Standard Steel Car company can make it. These makers of railroad equipment have applied the whole vast wealth of their knowledge of rolling stock to the "land locomotive" that bears their company's name. Its tremendous body strength embodies expert knowledge of steel and stress. Wedge-shaped frame, he declares, is much stronger than the usual method of off-set construction and means touring safety over the hardest going.

Magneto ignition reduces the possibility of wire trouble to a minimum and saves the starting and lighting battrey from the theft of current for the spark.

But no car can deliver the best of uninterrupted performance unless it is operated with a reasonable knowledge of car interiors—all of which the book of instruction imparts in simple, graphic language.

Administration Committee.

The students of the Household Administration Dept. of the College for Women will give a practical demonstration of Bread-making, substituting other flours for wheat. They will show you how Rye, Cornmeal, Oats, Buckwheat and Rice can be used to make breads that are palatable and nutritious, thereby conserving the wheat for the allies

Pamphlets containing 14 tried recipes, which are recommended by the Hoover Food Administration and the U. S. Dept. of Agriculture will be distributed free.

Mr. Harold D. North, Chairman of the Cuyahoga County Food Administration Committee and one of the appointees of the Hoover Food Conservation Dept. of the Government, has planned this demonstrataion and we believe every Cleveland housewife will be interested in learning how to make breads and cakes after these new recipes.

Quit Burning Houses TO ROAST PIGS

You know, of course, the age-old story of the first roast pig—how the Chinaman's house burned down and, while his many wives escaped, hs pigs did not. Loving the porkers much he sought to rescue their smoking carcasses, burned his fingers with hot ham fat, stuck them naturally in his mouth, and—discovered roast pork!

The celestial rebuilt at once, bought more pigs, invited the neighbors in for Sunday dinner and built a bonfire in the hall closet. Oriental society was taken by storm. The custom spread and Chinese building trrades grew rich erecting houses to roast pigs in.

Of course, nobody does it that way now. Even the Chinaman uses a stove and gets roast pork without destroying his home. But in some tax matters we're still burning down the house to get a very small revenue.

The public is the Chinaman—the pigs are taxes—the house is what we pay for booze. The liquor interests are the trades that get rich on our wasteful method of raising taxes. The stove is honest business that will provide the revenue easily, without waste and without destroying home or manhood.

Dry States are now operating under lower tax rates than when wet. The cost of repairing the damage done by saloons is many times greater than the amount they pay in license fees and revenue taxes.

HIPPODROME

The gala week of the season as far as vaudeville lovers are concerned breaks with the dawn of next Monday, as on the afternoon of that day Eva Tanguay begins her annual engagement of one week at B. F. Keith's Hippodrome. There is only one Eva and there is only one Keith's Hippodrome so the combination is a most natural, the leading forces in their respective fields.

Artful, bubbling, cyclonic, dazzling, effervescent, fascinating, gingery, hoopla, irresistible, jubilant, kiddish, lovable, magnetic, nonsensical, optimistic, peppery, quaint, rollicking, startling, tempestuous, ubiquitous, vivid, whistling, extraordinary, zipping, are just a few of the adjectives that have been used to describe the greatest character the stage world has ever known.

With her visit to Cleveland, which will be her only visit this season, Miss Tanguay will present an entirely new repertoire of songs, songs of her own style and songs that are certain to please all.

Aside from Miss Tanguay the bill promises to be one of the best of the season and will include the Virginia Judge, Walter Kelly, the most famous of all story tellers; Alfred Bergen, the celebrated baritone; Tango Shoes, vaudeville's greatest laughing novelty; "The American Comedy Four, dealers in mirth and harmony; Imhoff, Conn and Corrine, June Salmo and Everst's Monkeys.

EMPIRE THEATER

The Empire, like the Star, is giving a special electin night perfrmance according to custom. The attraction is Charles Robinson's big "Parisian Flirts" company and the company, the scenic [illegible] and the music are all up to standard. Mr. Robinson heads the cast and one finds among his supporters such well known performers as May Bernhart, Grace Lewis, Jerry Flemming, Al Raymo and Billy Kelly. There is a big chorus, too.

Colonial Theatre

"The Brat," comedy by Maude Fulton, who plays the title role, is at the Colonial next week. It is the story of a street girl who had the chance and made the most of it in rather an unconventional way. It is a Morosco production, fresh from Broadway, where it ran for a season. Miss Fulton is favorably remembered as a vaudeville star on the Keith circuit and her acting in "The Brat," and her authorship thereof have added much to her reputation. "The Brat" will be very funny and very much worth while.

Star Theatre

Fred Irwin's Majestics come to the Star next week for the usual daily matinees and evening performances, with an election nights how, starting at 11:30, for good measure. It is a big production, with Florence Bennett starring and Paul Cunningham, who wrote the book and lyrics and staged it, playing opposite her. There is a formidable cast of comedians, too, and a big and pretty chorus. Irwin always brings big burlesque.

Who takes a chance? your family? your debtors, your business associates? or The Royal Union Mutual Life Insurance Company, of Des Moines, Iowa? "See Jackson," 1617 Williamson Bldg. Main 2718.

Opera House

"The King," French comedy by De Caillavet, De Flers and Arene, worked over by Leo Ditrichstein and produced by Cohan & Harris is the Opera House attraction. It is the first American presentation of the latest Parisian success, and its hould be well worth while. The story concerns the adventures, amorous and otherwise, who spent his vacation, as it were, in Paris. Cleveland likes premieres. This should be an especially interesting one.

The Miles

Two musical comedy tabs, two farce comedy skits, singers and dancers, blackface performers and Japanese acrobats all find place on the Miles vaudeville bill for next week. The musical tabs are Hooper and Burkhardt's "We Too," and "The Girl at the Cigar Counter," and the Stanfords, and John and May Burke provide the skits. It is a bill above the average. The feature photo play is "Thou Shalt Not Steal," with Virginia Pearson starring.

Priscilla Theatre

"Marcelle," a musical jubilee, as it is called, is the feature act at the Priscilla for next week. It's a tab, with real comedians, and an attractive singing and dancing chorus. Then there are Irish minstrels and black-face comedians, comedy acrobats, singers and dancers, a pianologist and an illusion worker, and pictures for good measure.

Liberty Theatre

Beatrice MacKenzie, musical comedy star, heads the Liberty's vaudeville bill for next week in a musical review in which popular songs of the last decade are featured. The Hoffman sisters have a singing and dancing act, both eccentric, which should rival it. There will be four more vaudeville turns, the management promises, although it does not divulge their nature, and picture, comedy, dramatic and of news interest.

PROSPECT THEATER

On account of the capacity audiences that Thurston, the magician is playing to this week at the Prospect theatre, his engagement has been extended to next week, with the usual Tuesday, Thursday and Saturday matinees.

Complete election returns on all candidates will be received by a special wire next Tuesday night and read from the stage between the acts.

With each passing year Thurston grows in popularity, and each visit he makes shows new development of original ideas and added dexterity. Among the younger theatre goers one frequently hears stories about the great mysteries of Herrman and Kellar. These references are usually accompanied by an expression of regret that they had never seen either of these two masters. Thurston shows all that either of the two named did, and then a great deal in addition that is extremely more baffling; he provides many new novelties that are not only mysterious, but uncanny in character, which proves that the Egyptians have only the alphabet of fooling after all. Most of his new mysteries deal with life in the afterworld, such as the manifestations of spirits and the materialization of ghosts. Chief among other sensations are "Mephisto's Daughter," "Every Woman's Wish," "The Master Effects of Spirit Mediums" and a remarkable daring and sensational sketch, showing a realistic race between an automobile and a motorcycle, called "Villa Captured," and requiring a cast of 16 people.

It is a strange field in which Thurston has devoted his life, one that has been occupied by very few really illustrious artists. His success is due to persistent continual work and the love of it. He loves everything he does, he loves animals and loves to work with them; he finds recreation in turning from one interest to another. He is never idle. He is more than a merely expert digitarian, he is inventor, engineer, mechanist, manager of men and immediate commander of many and diverse forces.

Standard Theatre

Week of Nov. 4th the Standard theatre offers William Farnum in latest and best production, "When a Man Sees Red," taken from the great serial story, "The Painted Lady," which ran in the Saturday Evening Post. The story is a romance of the South Sea Isles, many of the scenes being taken amidst the beautiful surroundings of the South seas.

Some of the most wonderful scenes in this production are the shipwreck, so realistic that the shrieks of the doomed almost ring in one's ears; a tenderloin cafe on the Barbary coast, San Francisco; the beachcombers of a South sea isle; the terrible fight between Mr. Farnum and his co-worker, the most sensational fight ever staged between two humans, and this conflict is the climax of a story that fairly bubbles over with dramatic action, and the picture all the way through is one that everyone that sees it will remember for a long time to come.

GAS CO. SUBSCRIBES BIG SUM

One of the largest subscriptions made by any corporation in the second Liberty Loan campaign in the 4th Federal Reserve District was that of the East Ohio Gas Company. Following a $200,000 purchase of bonds during the second week of the campaign, it was announced on the last day that $0,000 more had been taken out of the latter amount. Cleveland was alloted $650,000 Akron and Youngstown $50,000 each; Canton $25,000; and smaller cities, including Uhrichsville, Dennison, Kent, Ravenna, Warren, Wooster and Barberton, the remainder. The management of the company got into phone communication Saturday morning with its local managers in the various places and distributed the subscription with a view to helping each local committee reach its quota.

Bond's Quality at Bond's Price is Worth Shouting About—We've Kept the Quality Up!

If you knew the exact condition of the woolen market,—if you knew how much more it now costs to produce the finished garment,—if you knew how many suits and overcoats are being offered this season, which look good but haven't the lasting qualities needed to make the truly satisfactory garment—then you would appreciate what it means to us and to you, to say we've kept the quality up!

Convince Yourself; Come in and Look Around. You Will Positively Not Be Urged To Buy—
Our most enthusiastic customers are those who convinced themselves. Certainly there is no more convincing argument in favor of Bond's Clothes than the clothes themselves. It makes no difference how much you've been in the habit of paying a retailer. It makes no difference who your tailor is. We claim that Bond's values will open your eyes and show you the way to real economy, without the sacrifice of a single thing you've been used to. Make the Comparison test today—and save $10.

LEGAL NOTICE

Joseph Stegmeier, the Unknown Heirs of Joseph Stegmeier, deceased, Lewis Hundertmark, and the Unknown Heirs of Lewis Hundertmark, deceased, who formerly resided in Cleveland, Cuyahoga County, Ohio, will take notice that Paul Szoke and Rose Szoke filed their petition in the Court of Common Pleas, within and for the County of Cuyahoga, State of Ohio, being cause No. 159129, alleging that they are seized in fee simple, and are in the actual possession of the following described real estate, to wit:—

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being the Southerly 100 feet of the Easterly 24 feet and 9 inches of Sub-Lot No. 545 in Barber and Lord's Allotment of part of Original Brooklyn Township Lots Nos. 51, 52, 69 and 70, now in said City.

Said part of said Sub-Lot No. 545 has a frontage of 24 feet and 9 inches on the Northerly side of Lorain Avenue and extends back 100 feet deep, between parallel lines, as per Plat of said Allotment recorded in Volume 11 of Maps, page 26, of Cuyahoga County Records.

That they derived their title to said real estate by purchase, and that there is a cloud upon the same in that a certain mortgage, recorded in Volume 153, page 630, appears on record improperly cancelled and satisfied, and that said Joseph Stegmeier, the Unknown Heirs of Joseph Stegmeier, deceased, Lewis Hundertmark and the Unknown Heirs of Lewis Hundertmark, deceased, claim to have an estate and interest in and to said premises adverse to the interest of the plaintiffs.

The prayer of said petition is that the title to said real estate may be quieted; that the Court declare said mortgage to be null and void, and that the defendants be forever barred from having or claiming any right or interest to the same.

The above named defendants will further take notice that they have been made party defendants to said petition, and that they are required to answer the same on or before the 24th day of November, 1917.

You Can Buy 80x200
In Willoughby-Euclid Ave. Subdivision, which is right on car line.
On Euclid Ave. for $640

It will have all city improvements, even to paving. It is in an exclusive, high-class residential neighborhood surrounded by magnificent homes.

It is close to Willoughby's stores, schools and churches, and only 15 minutes from Euclid Ave. city limits.

This property is laid out with 13-foot grass plots, 60-foot streets.

It is in the center of the big new industrial development, which is bound to make it very valuable. Park,s tennis courts and winding boulevards have been carefully planned by landscaping experts.

Willoughby-Euclid Ave. Subdivision is noted for its beauty, its healthful atmosphere and its pure spring water.

You can build and live here for ONE-HALF LESS than in any other equally desirable location.

Although this property was offered for sale only 60 days ago several purchasers are already building their homes here.

You know how fast Cleveland is growing eastward. You also know the scarcity of desirable residence property. Don't miss this opportunity.

See it today. Drive out Euclid Ave. or take Willoughby car to Stop 37 (Main line, Stop 39 (Shore line. Or phone us for appointment to take you out.

The War's Not Won Just Yet!

"We are fighting Germany, Austria and drink. So far as I can see, the greatest of these deadly foes is drink." Lloyd George, English Premier.

Lest you think the war will be won before prohibition in Ohio can help to win it, consider Russia—consider Italy—consider that the first American troops have reached the trenches—that our allies figure the war only half over—that our government is not even thinking of the finish, but only of the means to get started. Four things our country needs, and a dry Ohio will help to furnish them.

FOOD—LABOR—MATERIALS—MONEY

Congress has closed the distilleries.

They used 39,700,000 bushels of grain a year.

It's up to the individual states to close the breweries, which use 68,400,000 bushels—72 per cent more than John Barleycorn.

Twenty-six states have done their part — it's Ohio's turn next.

Beer alone wastes grain enough each year to load 1,000 ships of 1,600 tons each.

That's 19 food ships a week. Beer destroys more food than U-boats do.

Ohio's $150,000,000 booze would buy food for a million soldiers. Save the waste and win the war!

We must do the work that Sammy left behind. Men making beer might better make bread.

Beer wagon drivers are needed to haul coal.

Bartenders turned into motormen would help to give us 3c fare indefinitely.

Labor gets only 2c out of each dollar spent for booze—railway employes get half the dollar you pay for your ticket.

A hundred thousand dollars invested in a booze factory creates jobs for only 8 people.

The same amount invested in making bread makes better jobs for 47—in making shoes, 89—in making clothes, 97.

Labor can get a better deal and do more to win the war if we cut out booze.

We want more coal for navy, merchant marine, factories, homes.

The White Oak Coal Co., in West Virginia, produced 32,198 more tons in three months under prohibition than in a corresponding period when saloons were open. In Colorado during a period when saloons were closed, the average output per miner increased from 5.85 to 6.52 tons—nearly a ton per day.

2,500 coal operators, in a meeting last week with Fuel Commissioner Garfield, petitioned President Wilson to establish a five-mile dry zone around every mine as a war measure.

Booze—not war alone—is keeping your coal bin empty.

In twelve months ending June 30, 1916, the United States spent $2,438,037,985 for booze.

The Government collected $247,453,543 in liquor revenue.

The net loss was $2,190,584,442—more than enough to take up the entire first Liberty Loan and the Red Cross Fund.

The liquor traffic collected $1.00 for every 10c Uncle Sam got—a 900 per cent. commission for the collector and a 900 per cent waste for the public that paid.

Uncle Sam can get war funds more cheaily.

Give him a sober population—not wasting two billion a year directly for booze and a billion more to repair its damage—and he can finance the war successfully.

The Laundry Problem

Equip your laundry with an electric washer, and wash day burdens will be lightened.

These efficient machines do the hardest part of the work in less time and with better results than the old-fashioned tub and washboard.

A number of excellent Electric Washers are on the market—they are not expensive and last a lifetime.

Electric power makes washing so simple and easy that anyone can do the work. Housewives do their own washing with an Electric Washer and it soon pays for itself.

Where help is employed the housewife does not have to depend upon the strength or diligence of the laundress—the task is made more attractive—and the washing is uniformly well done.

Ask your neighbors who wash with electric power how it simplifies the laundry work—and how economical it is.

Pure Wool—100 Per Cent—No Compromise

WHY does one particular salesman, musician, floor walker, navigator, bookkeeper, inventor, window decorator, sculptor, cashier, poet, surgeon, editor or banker succeed, while hundreds of others with equal opportunities fail?

Mere conscientious effort can never take the place of *genius.* Genius is creative. Genius produces the best—and does it without hesitation or agitation—be that best a picture, an automobile, a violin, a harrow, a golf club, a bridge, or men's clothing.

We sometimes call such power "skill" or "knack," but it is nothing more than another form of genius.

KIRSCHBAUM Suits and Overcoats are expressions of genius. They assert individuality.

Glance at the more conservative models—even *they* are distinctive—rich with the strength and beauty of character. It isn't the cloth. KIRSCHBAUM has no monopoly of pure wool fabrics.

How did Rembrandt paint portraits? Answer *that* question, and we'll tell you how KIRSCHBAUM puts art into his Suits and Overcoats.

WAR INSURANCE

"House Passes Bill Insuring Soldiers"

That is one of the many recent headlines on this vital question.

This measure will protect the soldier's family, no matter what may befall him.

The one great benefit of any kind of insurance has always been protection for the **FAMILY.**

When you make a sacrifice now in order to carry insurance, you are, in a sense, fighting for the welfare and safety of those that depend upon you.

You are also striving sensibly for comfort and health in your home when you provide for keeping it cozy and warm through Gas Service.

There usually comes, however, during every Winter, a spell of those piercing below-zero days. Their pentrating blasts may chill your folk unless you are prepared to fight the cold with extra heat.

Insurance to guard your family during these freaks of the weather and **COMPLETE** protection during all the year can best be had—and most cheaply—through Gas Service **PLUS** an auxiliary heating appliance.

With both, you are insured—certain of a home that will be comfortable, healthful and safe.

Let our experts suggest free of charge how to have absolute heat-insurance.

How Far is Fifteen Minutes?

In these days of high speed, distance has to be considered in terms of time.

Home comfort is thought of as so many miles from business—usually too many. Long-headed enterprise has seen the way to reconcile time, comfort and distance and Shaker Heights is the practical answer—ten miles far, fifteen minutes near—the Rapid Transit does it.

How much? Well, a lot less now than when it is completed.

A Teaspoonful of Sugar

From the home right next to yours, or a little farther down the street, your neighbor's son has gone away—gone to fight for you and me. When that boy's mother watched him go and waved a last good-bye, she knew full well that possibly he will not come back.

And we want to ask you if you will not, for the sake of that mother and her boy, do some very simple and easy things that won't cost you a penny.

She has given her *boy.* And we want to ask you if you won't give a *teaspoonful of sugar.*

The men of England, the men of France, the men of Italy, are fighting *our enemy.* And they are very much in need of certain kinds of food which no one can supply but us.

They are very much in need of *MEAT* and *WHEAT* and *FATS* and *SUGAR.* And if they do not get these foods from us this winter, it will mean that the war will last a great deal longer, millions more of our soldiers will have to go across to fight, and a *larger number of our Cleveland boys will never come back.*

And so we ask you if you won't drink your coffee or tea with a spoonful less of sugar, or *without any sugar at all.* If each person in America will use only *half an ounce* less of sugar a day, we can send 1,140,000,000 more pounds of sugar this year to our allies in England, France and Italy.

We want to ask you if you won't eat a little less meat than you have been accustomed to, and in its place eat poultry and fish and more vegetables and fruit. If each of us here in America eats only *ONE OUNCE LESS* of meat a day, we can send 4,000,000 additional cattle or 15,000,000 additional hogs to our allies.

We want to ask you if you won't eat more corn bread and corn muffins, and whole wheat bread and rye bread, instead of eating so much *white bread.* If each family will eat *one loaf less* of white bread every week, we can send our allies enough additional wheat to make 5,000,000,000 loaves of bread.

We want to ask you if you won't use a little less *butter* and a little less *lard.* If each home saves only one little pat of butter a day—*one sixty-fourth* of a pound—we can send across, to those who are fighting for us, 114,000,000 more pounds of butter in a year than we could send them otherwise.

If you will do these things you will be helping our soldiers win the war. If you will do these things, we won't have to send so many soldiers to France. If you will do these things, more of our soldiers will come back to their homes *unharmed.*

Doing these things won't cost you a penny. Instead of costing you anything, they will save you money. And your health will be better than it is now. Will you help *save these foods* for the sake of our Cleveland boys who have gone away to fight, and for the sake of those who may yet go?

UNITED STATES FOOD ADMINISTRATION

WHAT YOU CAN DO TO HELP WIN THIS WAR

Our Problem is to feed our Allies this winter by sending them as much food as we can of the most concentrated nutritive value in the least shipping space. These foods are wheat, beef, pork, dairy products, and sugar.

Our Solution is to eat less of these and more of other foods of which we have an abundance, and to waste less of all foods.

Bread and Cereals—Have at least one wheatless meal a day. Use corn, oat, rye, barley, or mixed cereal rolls, muffins and breads in place of white bread certainly for one meal and, if possible, for two. Eat less cake and pastry.

As to the white bread, if you buy from a baker, order it a day in advance; then he will not bake beyond his needs. Cut the loaf on the table and only as required. Use stale bread for toast and cooking.

Meat—Use more poultry, rabbits, and especially fish and sea food in place of beef, mutton, and pork. Do not use either beef, mutton, or pork more than once daily, and then serve smaller portions. Use all left-over meat cold or in made dishes. Use soups more freely. Use beans; they have nearly the same food value as meat.

Milk—Use all of the milk, waste no part of it. The children must have whole milk; therefore, use less cream. There is a great waste of food by not using all skim and sour milk. Sour milk can be used in cooking and to make cottage cheese. Use buttermilk and cheese freely.

Fats (butter, lard, etc.)—Dairy butter has food values vital to children. Therefore, use it on the table as usual, especially for children. Use as little as possible in cooking. Reduce the use of fried foods to reduce the consumption of lard and other fats. Use vegetable oils, as olive and cottonseed oil. Save daily one-third of an ounce of animal fat. Waste no soap; it contains fat and glycerine necessary for explosives. You can make scrubbing soap at home, and, in some localities, you can sell your saved fats to the soap maker, who will thus secure our needed glycerine.

Sugar—Use less candy and sweet drinks. Use less sugar in tea and coffee. Use honey, maple sirup, and dark sirups for hot cakes and waffles without butter or sugar. Do not frost or ice cakes. Do not stint the use of sugar in putting up fruits and jams. They may be used in place of butter.

Vegetables and Fruits—We have a superabundance of vegetables. Double the use of vegetables. They take the place of part of the wheat and meat, and, at the same time, are healthful. Use potatoes abundantly. Store potatoes and roots properly and they will keep. Use fruits generously.

Fuel—Coal comes from a distance, and our railway facilities are needed for war purposes. Burn fewer fires. If you can get wood, use it.

GENERAL SUGGESTIONS

Buy less; cook no more than necessary; serve smaller portions.

Use local and seasonable supplies.

Patronize your local producers and lessen the need of transportation.

Preach and practice the "gospel of the clean plate."

We do not ask the American people to starve themselves. Eat plenty, but wisely, and without waste.

Do not limit the plain food of growing children.

Do not eat between meals.

Watch out for the waste in the community.

You can yourself devise other methods of saving to the ends we wish to accomplish.

Under various circumstances and with varying conditions you can vary the methods of economizing.

To Butchers and Grocers

We earnestly urge every butcher and every grocer in Cleveland and Cuyahoga County who loves his country, and who wants to serve his country, to tear out this page and post it in his window. For this service we and all other patriotic Americans will thank you.

CHAGRIN WILLOUGHBY GAME

Saturday afternoon was one of the most interesting foot ball games of the season when Chagrin played Willoughby here, although W. H. S. was defeated by a score of 18-0. The boys played through a hard rain and mud. Both W. H. S. and C. H. S. boys were muddy and wet but this did not prevent them from playing a clean game. Even when Willoughby boys knew that the game was Chagrin's they did not give up but played hard until the very last minute. A large crowd braved the storm in order to see the game. A paid official, Coach Elliott of Glenville, was the referee.

MEN LISTEN TO HARRY COLBY

The Men's Club of the Episcopal church had its opening meeting of the season Friday last, when Mayor Colby of Wickliffe, president of the Pittsburg Steamship Co., addressed them on the subject of "Citizenship." Several men from Wickliffe attended. The Willoughby Drum Corps was present. The Men's Club will have regular meetings or smokers throughout the season. Extracts from Mr. Colby's talk will be found in another column.

W. C. T. U. DAY OF PRAYER AT M. E. CHURCH ELECTION DAY

A day of prayer called for Tuesday, Nov. 6th, at the Methodist church.

Will not all women of the town interested in a "dry" Ohio come some time during the day and unite their prayers with ours to Almighty God that the curse of rum may be wiped from our fair state.

Leaders have been appointed from 9 to 11:30 and from 1 to 4 o'clock. The regular business meeting of the W. C. T. U. will occur from 2:30 to 3 as this is the regular day. All are welcome. Come!

SHELDON PARKS LOSES SON

Leonard Parks, lieutenant in Co. E, 112th Engineers, died of typhoid fever, at Camp Sheridan Monday night. The body was brought home for burial on Tuesday. The young man was 30 years of age and a graduate of Yale and Harvard. Miss Elizabeth Birge, who has been a nurse in the Parks home for the past 12 or 13 years, is also seriously ill at this time. The loss of the boy and the illness of Miss Birge comes close to Willoughby friends through their connections with the Horace and Leonard Parks families here.

NEW SOLOIST RECEIVES PRAISE

Much favorable comment was heard Sunday, after Miss Marion Saunders made her first appearance at the church after being formally engaged as soloist. The audiance was even more pleased than upon the previous occasions upon which she sang. They freely expressed the delight they felt in having the continued pleasure of hearing Miss Saunders each week.

FARMERS INSTITUTE PROGRAM

The program for the Farmers' Institute was talked over informally at a gathering at the library Wednesday last. J. P. Curtis, William Little, Mr. Brichford and S. G. Brown were present. It was decided to hold a meeting Wednesday, November 14, at the library, in Willoughby, at which time committees will be appointed and program details considered. The Farmers' Institute in Willoughby is scheduled to occur February 4th and 5th.

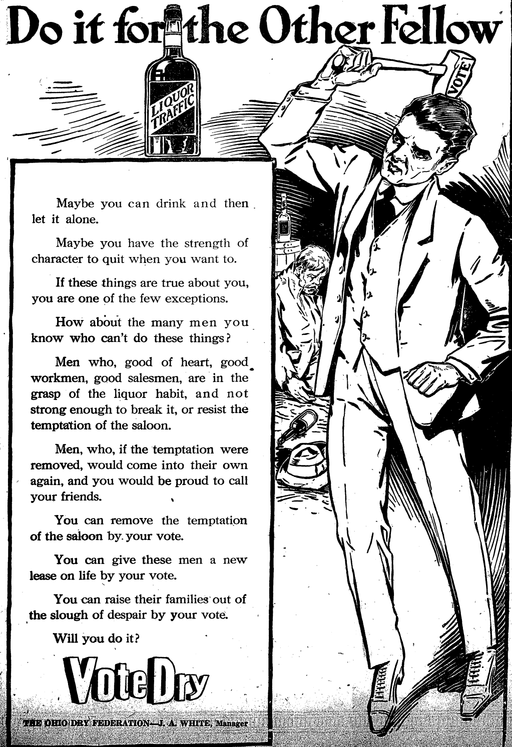
A PASSING TRIBUTE TO BESSIE FURLONG CHALMERS

1892-1917 covers the short span of Bessie Furlong Chalmers' life. The youngest of thirteen children, she was born January 24, 1892, and died Oct. 23, 1917. She was united in marriage to Edward James Chalmers April 18, 1912. To them were born three daughters, Catharine Anna, aged four, Betty Josephine, aged two, and Phrania, who died at birth, ten days preceding the mother, who, when she regained consciousness long enough to discuss her little dead baby, gave it the name of one to whom she owed much tender love, and care and who in her last hour helped her through, and with loving hands prepared her for her last sleep. Besides the bereaved husband and babies, she leaves to mourn her loss the aged mother, Mrs. Mary Furlong, whom she never left, but with loving care looked after her declining years, she brothers, Joseph Chalmers, who was such a devoted brother; John, William and Lawrence Furlong; our sisters, who gave their whole time to loving care of Bessie in her last illness and tried so hard to keep her for her babies. But God knows best. They are Mrs. Kittie Butler of Cleveland, Mrs. Nellie Bilson, Mrs. Mary Sprague and Mrs. Margaret Roberts o this town and a host of loving friends both young and old. Bessie was a good Christian—a Catholic firm in her belief and died happy embracing her religion.

"What happiness can equal mine;
I've found the object of my love,
My Jesus dear, my King divine
Has come to me from heav'n above."

ALLOTMENT SEWER AND WATER IMPROVEMENTS

At the meeting of the council on Monday evening contracts for the installation of the sewers and water in the McNutt-McCall company's allotment were awarded to Freshwater Bros. of Painesville. It is understood that the contractor will begin operations at once and that the installation of these improvements will go forward without delay. The company states that despite unavoidable delays the laying of the sidewalks will be rushed as rapidly as possible and it is positively expected it will be completed very quickly.



Do it for the Other Fellow

Maybe you can drink and then let it alone.

Maybe you have the strength of character to quit when you want to.

If these things are true about you, you are one of the few exceptions.

How about the many men you know who can't do these things?

Men who, good of heart, good workmen, good salesmen, are in the grasp of the liquor habit, and not strong enough to break it, or resist the temptation of the saloon.

Men, who, if the temptation were removed, would come into their own again, and you would be proud to call your friends.

You can remove the temptation of the saloon by your vote.

You can give these men a new lease on life by your vote.

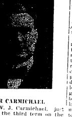
Mayor of Willoughby



MAYOR CARMICHAEL

Honorable W. J. Carmichael, just re-elected for the third term on the Citizens ticket as mayor of Willoughby. "Co-operation with the Chamber of Commerce and the residents for general progress and improvements in Willoughby," is what he hopes for the future, he says.

MAYOR CARMICHAEL HOLDS UP TRAIN; WILLOUGHBY HAS COAL

Lake County Prosecutor George Von Beseler, Mayor Carmichael and two deputies held up a train Friday last. The train was carrying coal to the American Steel and Wire Co., Cleveland. The engineer had taken the engine and gone to Mentor for water.

Mr. Carmichael asked the crew to detach two cars of coal. The crew refused. Telephone connections were made with the road managers and Attorneys at Cleveland and Erie with the result that the train was allowed to proceed upon a promise of coal being shipped to Willoughby. Two cars arrived during the night. One ton was allowed to a customer. While it is regretable that drastic measures have to be taken in order to get coal for the village, it appeared to be about the only means available. It at least calls attention to the fact that the villages as well as the cities have to have coal.

Advertising is the Master Key that unlocks all kinds of treasure chambers for business.—Mills County Tribune, Glenwood, Iowa.

WICKLIFFE WOMAN HONORED AT LOCAL O. E. S.

At the annual meeting of the O. E. S. Monday night, Mrs. Bessie Honeywell, of Wickliffe, was elected matron. She formerly was assistant matron. Henry Sandburg of Cleveland, formerly of West Mentor, was re-elected patron. Mrs. Harriet Carrel was elected associate matron. Mrs. Marion Hagenburger, of Mentor, was elected conductress; and Mrs. Maud Reese was re-elected associate conductress.

Miss Belle Yaxley was re-elected secretary. Many pleasing words were expressed as to her work. "It is so good" one member said, "that she is likely to remain the permanent secretary." About 35 were in attendance at the meeting.

MUCH CREDIT DUE LAKE COUNTY DRY FEDERATION

There was no doubt about the results of the dry election in Lake county. They came out strong on the first returns. There wasn't much doubt about it before election. E. F. Blakely, Mr. Harrison, Mr. Williams and all the others were confident. They had an excellent organization. They worked hard. Much credit is due Mr. Blakely and other workers for the results attained. It might be stated in passing, that all the practicing Lake county lawyers voted dry.

KIRTLAND PROPERTY SOLD AT ADMINISTRATOR'S SALE

The old Enos Metcalf property in Kirtland was sold at the court house Monday at administrator's sale. It was purchased by Viola McFarland, daughter and only survivor of Enos. The purchase price was $10,000. Several lots in Willoughby were also bought up by Mrs. McFarland.

EIGHTH GRADE PUPILS VISIT ART GALLERY

Miss Yarnell took 22 of the eighth grade pupils into the Art Gallery Wednesday afternoon.

MARSHAL AT MENTOR ARRANGES FOR COAL SHIPMENT

The village of Mentor has at last succeeded in getting a supply of coal. Conditions there were probably more acute than in Willoughby. The village marshal went to Cleveland Saturday and arranged to have two cars sent out. They arrived Monday, and Stevenson, the coal dealer, has also received three cars from Pittsburg. J. H. Smith lent his assistance in securing the latter it is reported.

A CARD FROM A WILLOUGHBY BOY WHO IS IN FRANCE

The first card from a Willoughby boy in France, has just been received by Mr. S. S. Wilson. The card is from R. T. Hanks. It will be remembered that Mr. Hanks' father, Theo. Hanks, passed away at the former home on Euclid street last winter. The card reads as follows:

Paris, France.

Dear Mr. Wilson:

Only the lack of time has prevented me from writing to you sooner. I have been pretty well engaged during three months at the front, and have sadly neglected correspondence. At present I am in Paris for a short stay, but will leave again soon. I will surely write to you again at a later date, and hope you will write to me. Sincerely yours,

R. T. HANKS.

WOMAN WELL KNOWN IN KIRTLAND PASSES AWAY

Mrs. A. F. Sweringen, who passed away in Painesville Monday, was well known in and around Kirtland, her birthplace. Previous to her marriage she was Miss Kate Randall.

Most of her married life was spent in Cleveland.

The funeral occurred Wednesday and interment made at Lake View. Mrs. Emma Randall and other Willoughby relatives attended.

BEN HUR CREDITORS RECEIVE SETTLEMENT

Creditors of the Ben Hur Automobile Company were agreeably surprised to receive a 25 per cent. settlement on their accounts, recently.

PLAINS WILL ASSOCIATE WITH WILLOUGHBY IN RED CROSS WORK

The Plains Workers have decided to become associated with Willoughby in their Red Cross work. Material will be given out here and taken to the Plains and returned to Willoughby when finished.

NO NEED TO GET A MEAL WEDNESDAY NIGHT. THE DISCIPLE CHURCH WILL SERVE A CHICKEN DINNER.

The Ladies' Aid Society of the Church of Christ will serve their annual chicken supper, Wednesday evening, November 14th, at [illegible] p. m. These popular chicken suppers are well known, and the ladies [illegible] a most tempting menu planned.

JAMES MOLONEY ELECTED MARSHAL

Friends of James Moloney turned out strong and elected him for marshal on Tuesday. Favorable comment all over the county, from such officials as J. W. Schupp, F. L. [illegible] and business men generally, had indicated that his election was most probable, and the turn out at the polls verified expectations. His majority was 122. Many congratulations were extended Moloney Wednesday.

HARRY COULBY RE-ELECTED MAYOR OF WICKLIFFE

Speaking of the votes cast for Mayor Coulby in Wickliffe, the universal reply was, "Why everybody voted for him. They would be just as proud to have him mayor in New York as we are in Wickliffe."

PETITION 30 FEET LONG PRESENTED AT DRY MEETING

The high school auditorium was filled with an enthusiastic audience Sunday night. The Cleveland Crane & Engineering Co. band rendered several selections, and the audience sang with Mr. McMahon accompanied by Mrs. McMahon. The printed words of the song, "God Keep Our Men," were distributed for the use of the audience. Harry Hammer, referring to the words later said: "It was over thus: 'God keep our men.' The women can look after themselves." Harry Hammar was the speaker of the evening. He presented replies to the wet ads and treated the dry question from a business standpoint, as an unnecessary evil without benefit. He said that prohibition had been the football of politics long enough. The only time man had "personal liberty" he said, was when Adam had the field to himself. Now there is a co-ordination of rights that makes it necessary that a man respects his neighbors' rights as well as his own preference. Mayor Carmichael presented a petition 30 feet long and signed by the women of Willoughby, asking that the Reynolds amendment be sustained. Both Mr. Carmichael and Mr. Hammar made a strong plea for universal suffrage. It was a splendid meeting. J. Edw. [illegible] presided and Dr. Pickard offered prayer.

WOMEN'S COMMITTEE OF FARM BUREAU TO MEET

A meeting will be held at Painesville, November 15th, at which time Miss Oker will bring Miss Holmes of Columbus as a candidate for the position of Lake County home demonstrator agent. Some talk had been made of Miss Bumpus filling the newly created position. Mrs. W. J. Carmichael is the representative from Willoughby.

KIRTLAND ELECTS TWO WOMEN FOR SCHOOL BOARD; OTHER KIRTLAND RETURNS

Kirtland women lined up strong and elected Mrs. Minnie Schupp and Mrs. George Morse for the school board. Following are the returns:

Dry
Yes 120
No 43
Suffrage Referendum
Yes 101
No 57
School board
Minnie M. Schupp 153
Mary Morse 131
Frank Page 110
J. A. Becker 94
I. P. Freshley 93
N. P. Crawford 62

The woman's ticket therefore carried; the referendum carried and the drys carried.

J. O. Carr was elected treasurer, L. O. Rice clerk, and E. Martin constable. Trustees: C. C. Markell, Dr. George C. Russell and Thomas Stokes. Some one has now suggested that the Kirtland men can afford to give the women an oyster supper. Sixty women voted in Kirtland. By the amount of justice votes cast it would appear that the impression prevailed that J. W. Schupp's term had expired. Over half the votes in the boxes were for Schupp. His term does not expire, however, for two years.

INTEREST IN SCHOOL BOARD ELECTION LEADING FEATURE IN WICKLIFFE

The school board formed the most interesting and exciting feature of the election over in Wickliffe. Everyone of course voted for Mayor Coulby and the corned lineup. School board votes were cast as follows:

Precinct A.
Cartwright—120
Heinle—95
Leist—116
Grover—188
Chambers—72
Precinct C
(Outside of Wickliffe corporation)
Cartwright—24
Heinle—27
Leist—6
Grover—41
Chambers—7
Precinct D—
Cartwright—94
Heinle—94
Leist—7
Grover—139
Chambers—59

This elects Heinle, Cartwright and Grover, giving the Schram district one and Wickliffe two.

Sixty-five women voted in Wickliffe.

J. H. SMITH RECEIVES COAL SHIPMENT

J. H. Smith has received nine cars of coal in the last few days. He has supplied all customers with coal and has also helped materially in relieving the situation in Mentor.

Mr. Smith has conserved his coal supply so as to aid all customers who were in actual need, and is reported to have [illegible] any other dealer in [illegible].

A word of commendation is due Mr. Smith for the manner in which he has [illegible] to take care of the local [illegible] the marshal and [illegible] coal [illegible] are passing [illegible]

MIXER STALLED ON KIRTLAND PAVING

The mixer has been stalled in front of the Schupp home on the Kirtland paving. It is practically impossible to go up the Willoughby hill at present, although one can drive down.

T. P. CADLE RECEIVES A VOTE IN MENTOR FOR MAYOR

Election returns in Mentor lined up as follows. There was but one candidate for mayor, J. R. Locker. He received 143 votes. One vote was also recorded for T. P. Cadle for mayor. For clerk, F. D. Swain, 138. Treasurer, C. W. Bradway, 147. Marshall, I. P. Brichford, 127. E. A. G. Campbell and Ed. Simms received one vote each. For Council—

M. C. Frost—147
J. A. Graham—134
George Hart—137
H. C. King—127
J. R. Roberts—136

The trustees elected for the township were C. C. Cole, L. H. Johnson and R. A. Wilson. Treasurer, Will Merkell, clerk, Mr. Mather.

MAYOR COULBY ADDRESSES THE MEN'S LEAGUE

Mayor Coulby addressed the Men's League at the Wickliffe church Thursday evening.

Only 99 Savers Out of Every 1000 Americans

Conservation is the all-absorbing topic of the day. Large groups of prominent and influential men and women are being mobilized to assist in the conservation of food and supplies. This is absolutely essential, but the biggest problem during these war times is the conservation of money.

Note the number of savers out of every 1000 people in each of these allied countries:

France	England	Italy	United States
346	302	220	99

This is conclusive proof that we, Americans, are mighty poor savers. There are now many new and imperative reasons for saving—Liberty Bonds—Taxes—Red Cross—Y. M. C. A. WILLOUGHBY BORN WOMAN PASSES AWAY IN KANSAS

Residents of Willoughby will be interested in the following reprint, from the Wichita Beacon of October 9th, which gives the account of the death and funeral of Mrs. Thomas C. Wilson. Mrs. Wilson was a Willoughby girl, and was born in the old Beidler home, being the daughter of G. W. Clement. She passed her girlhood in the house now used as Andrews cottage No. 2:

"Dr. J. R. Caffyn, pastor of St. Paul's Methodist church, made the address at the funeral of Mrs. Thomas C. Wilson, which was held yesterday at 4 o'clock at Gill's facial parlors. Dr. Caffyn enumerated some of the qualities possessed by Mrs. Wilson, saying that she was well born, well educated, religiously inclined and religiously active, possessed a sweet disposition and courageous spirit: that she was a rare neighbor; that as a mother she gave her all, and that she was socially successful because of her natural unaffected manner.

A quartet composed of J. E. Farrow, Harry W. Stanley, Mrs. Harry W. Stanley and Mrs. L. Steinbuschel, accompanied by Gertrude Frohman Jones, furnished the music. At the services they sang "Lead, Kindly Light," "Some Blessed Day," and "Home of the Soul," and at the grave, "Never Say Good Bye in Heaven."

**Mrs. Wilson is survived by her husband, Thomas C. Wilson, attorney, and ex-judge of the first division of the district court; three children, Clement, who is in business in California; Julia, who keeps house for the family; and Robert, a pupil in high school here; Mrs. J. A. Rogers of Los Angeles, her sister; and her mother, Mrs. George W. Clement of this city. Out of town relatives at the funeral were Clement Wilson and J. A. Rogers, her brother-in-law, her sister being unable to come.

The chapel at Gill's was beautiful with flowers from many organizations and a large number of friends. Among the organizations that sent flowers were Midian Temple, A. O. U. W., No. 22, St. Paul's Church, Men's Class of St. Paul's Church, Hypatia, Women's Foreign Missionary Society of St. Paul's Church, Sedgwick county officials and employes, I. O. O. F. No. 93, Ladies' Aid of St. Paul's, Wichita Bar Association, Harmony League and F. A. U.

The pallbearers were Jean Madalene, George L. Barnes, Judge Richard Bird, Judge Thornton Sargent, Leslie Gilchrist and J. H. MacPherson. Interment was made at Maple Grove Cemetery, beside the grave of Mrs. Wilson's father, Georoge W. Clement and her brother, George W. Clement, Jr.

Mrs. Wilson died October 2 in Los Angeles, where she had gone for her health, by becoming dizzy and falling from the roof garden of a department store. She was 51 years of age. She was born in Willoughby, Ohio, a suburb of Cleveland, and moved here after she was grown. She married Mr. Wilson in 1888. Her father, George W. Clement, was once mayor of Wichita, and was one of the leading citizens. Mrs. Wilson was always interested in church work, and taught a Sunday school class in St. Paul's church from the time it was organized in a little frame building on Waco avenue until an accident 15 years ago which made it impossible for her to continue in such active work.

The Sedgwick county Bar Association met last night and passed resolutions of condolence on the death of Mrs. Wilson.

PRESBYTERIANS MAKE MERRY

The first of a series of socials to be held in the Presbyterian church during the coming year was thoroughly enjoyed by a large crowd last Thursday evening. Despite the heavy snow fall and the inconvenience which it entailed, the members and friends of the church came out in numbers sufficient to crowd the social rooms to their limit. The hallowe'en season was evident in the decorations and in the presence of the witch, ghosts, fairies and certain dark figures with flashing eyes. The informal program included also familiar and patriotic songs, and ended with "Columbia, the Gem of the Ocean," bearing aloft the national flag while the audiance sang the Star Spangled Banner. The refreshment committee contributed the indispensable "feed" and every one indulged the spirit of sociability until the clock said it was time to go; even then the company broke up reluctantly, declaring that it had been an evening of good fellowship that could not possibly leave a bad aftertaste.

TWELVE THOUSAND SOLDIER BOYS ATTEND SUNDAY SERVICES AT CAMP SHERMAN; WILLOUGHBY BOYS MEET AT THE CAMP

Written for the Republican by John W. Ryan.

Camp Sherman, Oct. 21, 1917.

To the Willoughby Republican, Willoughby, Ohio.

We have been in camp about a month now and are just getting started with our training career. We are to expect at least three months more of "work." There have been some changes since my last letter, at least in the population of our "city," which has increased to about 12,000. I have met the following Willoughby boys here so far: Harold Shaw, Harold Daniels, Nick Rose, George Talbot; also Henry Abell, George Nelson, Hiram Moore and Ed. Hollick, who came down the same time I did. The first four mentioned came about two weeks later. I am informed that "Dutch" Logar is here also, but I have been unable to locate him as yet.

It must not be understood that we are all together at Camp Sherman. For instance, when I say that it is a mile from the barracks of Company M to those of the Field Hospital Corps, where Mr. Shaw has been placed, you can readily see that we all are not within a stone's throw of each other. Harold Daniels, graduate of Adelbert College and active for a time in Cleveland Y. M. C. A. work, is in the same section, as is also George Talbot, an Ohio State University graduate. Most of the remaining boys are with Company M, 331st U. S. Infantry.

Many more barracks have been built and there are now nine Y. M. C. A. buildings scattered throughout the camp. I mentioned in my last letter the numerous advantages derived from these buildings, affording social centers and places for holding appropriate devotional services on Sunday. Three new buildings erected by the Knights of Columbus are to be completed and in operation by Nov. 1. One, the auditorium, 60x120, seating 1500, is already in use. The other two are smaller, 40x100. Each of them has a chapel, library, self-playing piano and Victrola. Complete athletic outfits are at the disposal of all the boys; magazines, periodicals and newspapers from all parts of our state may be found here as well as stationery and writing facilities for any one who cares to use them. Entertainments of one sort or another are in progress each evening in the auditorium. On Sundays religious services are held for those who care to attend. Incidentally, about 12,000 attended the services today. The work of the Knights of Columbus is quite similar to that of the Young Men's Christian Association. It seems to be purely social, recreational and religious in character; it is for the benefit of all soldiers irrespective of their church or lodge affiliataions, and no meetings are here to which all men in uniform are not welcome. Thus you can see how, through these organizations—the Y. M. C. A. and K. of C., our spare time may be profitably spent in some of our barracks pianos, Victrolas and pool tables have been installed, thus making things more attractive there.

A large two-story canteen has been put into operation in addition to the three smaller ones. Everything is sold here that is sold at the other canteens. Besides this large store has a restaurant, telegraph and telephone stations, rest rooms and many other conveniences.

Heating facilities are being installed as quickly as possible. Each of the barracks has three large hot air furnaces—like stoves—and our bath houses are being supplied with hot water systems. In as much as every soldier is required to bathe every day, it would be rather inconvenient to get under none other than a cold "shower" in winter.

Will close now as it is nearly time for retreat and mess. Speaking of our meals we had for dinner today, bread, roast veal, mashed potatoes, peas, butter, pumpkin pie and, coffee; not so bad, was it, and one of the kitchen police told me that we were going to have pie again for supper.

With best wishes from the Willoughby boys at Camp Sherman, I am,

Respectfully yours,
JOHN W. RYAN,
Company M, 331st U. S. Infantry.

SOLDIER RECALLS REMEMBRANCE OF C. M. HAYES

The death of C. M. Hayes of Painesville recently, recalls to the mind of C. P. Lilley the fact that Mr. Hayes served in the same regiment in which Mr. Lilley served. Mr. Hayes enlisted in the first call, and then re-enlisted in the company in which Mr. Liley served, the 177th O. V. I., Co. I., in October, 1865. Mr. Hayes served through the war and was discharged in Greensburg, N. C., in 1865. He and his wife came to the Plains before the war in the early fifties, and they lived there after the war until the death of Mrs. Hayes. Mr. Hayes was a member of the Garfield G. A. R. Post, but owing to ill health, was an infrequent attendant.

A PLEASANT AND UNIQUE WAY OF TRAVELING

(Special to the Republican.)

A large covered wagon, storm, wind and leak proof drawn by a span of mules was seen going through the country. A man and woman traveling southward for their health selling jelly sandwiches to help pay expenses. Yum! Yum! He, claiming one night in the pines of Kentucky cures any ailment man, woman or child can have. If any of you are sick pull for Crab Orchard, Ky., and come back in the spring with the bluebirds spick and span.

* * *

Miss Lida Marsh, who has been in poor health for many months, passed away last Wednesday morning. Funeral services were held at the home of her parents, Mr. and Mrs. Geo. P. Marsh, on Friday afternoon.

NEWS FROM WAITE HILL

Waite Hill, Nov. 6, 1917.

Mr. Alton Martindale of Oberlin, was a recent guest of her aunt, Miss Hattie Martindale.

* * *

Mr. and Mrs. J. Lilley were Cleveland visitors Tuesday.

* * *

Mr. and Mrs. John Smith of Kimbolton, formerly of Waite Hill, are the happy parents of a little daughter born week before last and weighed 10 pounds. Now Gerald has a little sister.

* * *

The Parkhursts motored out to their farm Sunday.

* * *

Mr. Chas. Bunnell and family are moving to Perry.

* * *

The Grover youngsters attended the Hallowe'en party Saturday evening at the office on the Sherwin farm. Mrs. Cross and Mrs. Henry were the chaperons. Refreshments were served and ghosts and goblins in their unique costumes partook of the menu and a fine time was had and all arrived home early next morning.

* * *

One day last week when the roads were the worst we noticed J. M. Barnes' 6-horse team with his moving van pass chuck full of furniture and every horse was doing his level best to get through the awful roads to Chesterland. We didn't see them return and for all that we know they may be stuck in the mud somewhere on the route.

* * *

Mr. Geo. Nelson from Camp Sherman came home to the Tannenbaum farm on 48 hour furlough and everybody was delighted to see him.

* * *

The Lilley family were calling on their cousin, Mrs. Harrison in Wickliffe Monday.

* * *

A new family has moved into the Andrew Cox house.

* * *

The Misses Amelia and Olive Tinkham and brother W. S. Tinkham, were calling on friends on the Plains recently.

* * *

Mr. and Mrs. Atwood of Cleveland, were guests of her brother, Fred Brannon and wife on a recent Sunday.

* * *

The Reese family have moved back to their home in Chester known as the Solon Strouse farm.

* * *

The Lilley family hear from their son Floyd, who is among the engineers at Camp Sheridan, Ala., quite often and says he is getting over being homesick as they are having pretty good times.

* * *

Mr. and Mrs. H. O. Wells have returned from New Jersey and are keeping house in Willoughby.

* * *

The Misses Alta and Elsie Woralla entertained a party of friends to an oyster supper Saturday evening.

* * *

Miss Elizabeth Kitts, who is boarding at Frank Hengebach's in Willoughby, fared well on her birthday anniversary which occurred on Monday, Nov. 5. The writer got her up a post card shower. She received numerous cards and letters with good wishes and many returns of the day. Mrs. Hengebach made her a beautiful birthday cake and she was the recipient of two lovely potted plants in bloom, one from Dr. Phtania Cheshro, the other from the Sunday school, and taking all in all we think she was well remembered, which was greatly appreciated by the recipient. Miss Kitts was quite ill all of last month.

* * *

Miss Minnie Woodard, who broke her limb some time ago is fast getting around again and recently motored out to Kirtland with her nephews from Cleveland and called on friends.

* * *

F. Lilley lost one of his team horses about two weks ago.

* * *

The next day after the big snow storm last week Mr. J. Sherwin's men went to Mentor after the cattle to get them into winter quarters and as they passed along we thought what a grand sight 10 fine Ayreshire cattle were, but it was a tedious trip in the deep snow.

* * *

The Misses Mildred Markell and Frances Freshley and a number of the teachers from the N. E. O. T. convention were at her home for the week end.

* * *

Mr. Strang and family have moved from the Lilley house in South Kirtland to the Sherwin house in East Kirtland.

* * *

Miss Olive Tinkham's school doings last Friday evening was well patronized considering the terrible condition of the roads. About $15 was taken at the door. These entertainments are always so interesting that the house is crowded.

People who read ads are looking for something they want to buy. The wise merchant meets them half way by seeing that his ad is there to be seen.

MENTOR SALIDA

Mentor Salida, Nov. 6, 1917.

There are three cows and a calf in the Johnson pasture on Center street. They were out without food or shelter during the snow storm and now trying to live on weeds. When cows are so high priced we wonder who has forgotten them. If any one ownes those cows they better get them home.

* * *

The gas well drillers on the Myrtle property on Center street after drilling 1643 feet are taking out their drill today. They found a little oil, gas and salt water but not much of either of them. This drilling outfit will start work on the Murray farm next. We are wondering if there will be but two good gas wells found in Mentor. This is the second failure.

* * *

The two-year-old baby girl of Mr. and Mrs. Leroy died Suddenly in Cleveland of convulsions. The funeral was held at Mrs. Leroy's parents' home Oct. 27. The baby's parents, also grandparents, Mr. and Mrs. Frank Andrews, have our heartfelt sympathy in this sorrow.

* * *

A. M. Bryson will leave the hospital soon. We are very glad he is better. Miss Youmans is quite comfortable has very little pain from her broken hip at present.

* * *

There is a post card shower planned for Miss Youmans Nov. 9. Many of her friends will be delighted to do something to show her they are not forgetting her.

* * *

The Hallowe'en exercises were well attended by the mothers of district No. 4. All had a delightful time. Many Hallowe'en stunts were done. There was a ghost and a witch. Mrs. Mather gave appropriate prizes, also each child a fried cake, apple and stick of gum. We did not see any of the Plains mothers.

* * *

The Willoughby hills were a fright last week. It seems incredible at this time that such a place would be allowed. It is a disgrace to Lake county. If some of the people who voted against the highlevel bridge had been in that machine that hung over the river bank, engine standing straight up in the air, or had to get hauled up the west hill, they would vote differently.

* * *

There is a good potato crop around Salida. A good many were not dug when the snow came, but will be dug before another storm as every one is hustling these days. The field corn is practically all a failure. Of course there is soft corn and fodder but ripe corn is hard to find, and no apples around here. One orchard that usually yields one hundred bushels and more did not bear a half bushel this year.

WICKLIFFE NEWS

Mr. and Mrs. Newton White are the proud parents of a son. Mrs. White was Miss Gertrude King of Wickliffe.

* * *

Mr. Robert Smith dropped a piece of iron on his foot last Friday and was confined to his home until Wednesday.

* * *

Election passed off very quietly as all of the farmers that had any crops out were very busy gathering them for our prospects for many more fine days are rather doubtful.

* * *

The street fair given by the school children last Friday evening was a great success, something over one hundred dollars being taken in.

* * *

Mr. Phil Harper of the Cleveland Plain Dealer, called on friends in Wickliffe Monday.

* * *

Mrs. Ida Brooks of Cleveland, spent a few days of last week with her parents, Mr. and Mrs. John Brooks.

* * *

Mrs. C. S. Edwards and daughter, Lauretta spent Sunday afternoon with her sister, Mrs. F. L. McConnell, who is still in Lakeside hospital.

* * *

Miss Millie Bones left Saturday for Cincinnati, where she will spend a week with friends.

* * *

Mr. and Mrs. John Clayman spent Sunday with her parents, Mr. and Mrs. Elmer Crosser in Nottingham.

* * *

* * *

Mr. and Mrs. Brookmyer from Chardon road have opened a fruit and vegetable store in the rooms recently vacated by Mr. Howard Brooks.

* * *

Mrs. Chas. DeVore and children of Cleveland, spent Sunday with Mr. and Mrs. Wm. Beebe.

* * *

Mrs. Mary Jones is home again after spending several weeks with her daughter Mrs. Chas. Yaxley.

* * *

Miss Ferol Bones spent Tuesday evening with Miss Margaret Brown in Cleveland.

* * *

Mrs. Morris Horowitz gave a miscellaneous shower Sunday at the home of her sister, Mrs. Millman, in Cleveland in honor of her sister, Miss Minnie Regat. The house was beautifully decorated with yellow and white chrysanthemums, the color scheme being carried out in the lunch which was served to fifty of her girl friends. Her presents were many, very beautiful and useful.

NEWS of the PLAINS

The Plains, Nov. 7, 1917.

Mr. and Mrs. M. V. Hanson, with Burt and Edwin leave this week by auto for Baltimore, where they expect to make their future home. Mr. Hanson will be connected with an insurance company.

* * *

Mr. and Mrs. Warren Baker expect to move to Mentor in the near future.

* * *

The Grange social was a great success. A large company enjoyed the self-serve supper, followed by a good music and two excellent readings given by Miss Margaret Sullivan of Painesville.

* * *

The Starings have moved into the city for the winter.

* * *

Mrs. Albert Landman and sister Miss Henrietta Gram are spending two days in Cleveland visiting relatives.

* * *

Mr. Clarence Snow has purchased a farm in Austinburg, Ashtabula Co. They now expect to move in December.

* * *

Mrs. H. J. Osterhouse and children are spending some time at the Landman home.

* * *

An allotment was recently opened up near the mouth of the Chagrin. A number of lots have already been sold.

KIRTLAND ROAD

Kirtland Road, Nov. 5, 1917.

On Nov. 2nd, a small crowd gathered at the home of Mrs. Avery Jennison. It was a surprise for her son Lawrence, it being his birthday. Refreshments were served and a dandy time was had by all. Do you feel a year older, Lawrence?

* * *

Mr. John Warner of Madison, was visiting old neighbors on Kirtland road, Sunday.

* * *

Mrs. Blunt and son in law, Robert Brown, were Sunday guests of Mrs. Judkins. Mrs. Blunt is Mrs. Judkins' sister.

* * *

Mr. Byron Carpenter and family have returned from their tour to Washington.

* * *

Mrs. J. R. Sawell was a city shopper Saturday.

* * *

Miss Mable Rhodes was visiting in Mentor Monday.

* * *

Mr. Lewis Barstow was calling on Mrs. Bert Goodenough and family Sunday.

* * *

The Hallowe'eners played havoc on one end of this road. Down around forty-five. But if there hadn't been a breeze even the leaves wouldn't have moved along here.

* * *

Mr. Avery Jennison and family visited Mrs. alph Pond in Euclid Sunday.

* * *

Mr. Sawell Sr., and son of Cleveland, was visiting his son, Mr. J. R. Sawell Sunday.

* * *

It is reported people wont send so many letters since the postage is three cents. But I'll bet the mail man don't think so.

NEWS FROM KIRTLAND

Kirtland, Nov. 6, 1917.

J. W. Schupp and family spent Sunday in East Cleveland with R. T. Sanborn and family.

* * *

The snow man has been accused of showing too much partiality to Kirtland and vicinity.

* * *

Lewis Millard has been transfered to Camp Sheridan, Montgomery, Ala., and is now a sergeant in the 134th field artillery. He writes very enthusiastic letters about the camp and the work there. Raymond Givens and Maurice and Raymond Covert are also at the same place.

* * *

Mrs. Anna Farrell and Clyde Millard were over Sunday guests of their parents, Mr. and Mrs. Frank Millard.

* * *

The pie social at Riverside school house was a fine success, over $22.00 being cleared. No doubt much credit is due the able auctioneer Walter Logan, as well as the pie makers and the pie hungry crowd. The bidding was lively and it is said that one pie sold for $1.60.

* * *

Miss Elsie Martin spent last week with Mrs. Lida Strang in Chardon. She is not attending the Willoughby Normal school.

* * *

Mrs. George Thomas has gone to Cleveland to spend the witer with her two sisters. She has been an invalid for about three years on account of rheumatism.

* * *

Mr. and Mrs. Fred Durschlag spent Saturday and Sunday in Cleveland with Mrs. Durschlag's two sisters, Mrs. Fohl and Miss Sauerwine.

* * *

Mrs. C. E. Fleming and daughter Mary visited friends in Geneva and Perry Sunday.

* * *

The American telegraph and telephone linemen are at C. E. Fleming's for a few days.

* * *

Mrs. E. L. Tarbox who has been visiting the families of Dr. Russell and E. D. Billings, returned Wednesday to her home in Batavia, N. Y.

* * *

Mrs. V. H. Whelpley spent part of last week with her friend Mrs. Emerett Williams in Cleveland.

* * *

Mrs. George Martin and Fred spent Monday in Chardon.

* * *

The W. C. T. U. will meet Thursday, Nov. 13, at the home of Mrs. B. F. Upham. Mrs. Fenner and Mrs. Grace Cox are the leaders.

* * *

Mrs. J. K. Marden, who has been spending about two weeks with her aunt, Miss Hattie Martindale, left Saturday to join her husband in Ann Arbor.

* * *

* * *

Harvey Morse went to the city Monday to take a position in the Willard Storage Battery Co.

* * *

Miss Anna Goldman who has been with Mrs. C. E. Fleming all summer, returned to Cleveland last week.

Miss Dana Church and Miss Page of Mentor, were week end guests of Miss Ariel Markell.

* * *

Miss Rose Hunkin and Miss Elsie Martin spent Monday and Tuesday in the city.

* * *

On account of the storm Mrs. Burr and her little boy were unable to accompany Mr. Burr to S. Newbury, their new home, and remained with Mr. and Mrs. J. Hunkin a few days and then went by way of Cleveland.

The Reds will entertain the Blues at the South church Saturday evening. The Reds were the losers in a contest held recently.

Miss Virginia Billings spent part of last week in Oberlin, attending the annual meeting of the W. B. M. I.

The Red Cross was the recipient of $10.00 from Dr. G. C. Russell. Such donations are a very great help in the work of the society. The next meeting will be Friday, Nov. 16. At the last meeting there was a very good attendance compared with many former meetings, nine being present. Quite a number of the members are knitting and that of course is a great help.

READ THE ADS

Watch for Special Price Offers and Announcements of Merchants Who Advertise in This Paper.

In this time of war, people must live, and to live they must buy the necessaries and comfor tsof life. In these days it is patriotism to economize and the only way to economize is to buy the best at the lowset possible price, and these lowest possible prices are bulletined each week in the advertisements in this papr. Buyers should take advantage of the special offers and announcements of merchants who advertise in this paper.

At no time more than the present will careful reading of the advertising columns pay better dividends. Not to take advantage of the low price offerings of what is needed is the same, in result, as reckless extravagance or waste. Another thing for those to remember who want to economize in shopping, is that the live up-to-date merch. who must have the volume of business to justify selling on small margin, is the merchant who makes use of advertising to command the attention of a large number of patrons.

You should read the advertisements in this paper as you read the news items, for there is a message in each ad worthy of your attention.

WHY DO PEOPLE USE GOODYEAR'S?

Are They Not Better?

Have you ever noticed that 90 percent of the Initial equipment on stock cars is GOODYEAR'S?

The manufacturers know they are the best. Why not profit by the experience that has cost them millions to find? Put on a Goodyear next time you have to Re-Tire, and get the same results.

LEGAL NOTICE

The unknown widow of Titus Street, deceased, her unknown heirs, executors and assigns, Samuel Hughes, unknown heirs, devisees and legatees of Samuel Hughes, deceased, unknown administrator or executor of the estate of Samuel Hughes, deceased, the unknown widow of John Beal deceased, her unknown heirs, executors and assigns, John Lafayette Beal unknown heirs, devisees and legatees of John Lafayette Beal, deceased, unknown administrator or executor of the estate of John Lafayette Beal, deceased, the unknown widow of John Lafayette Beal, deceased, her unknown heirs, executors and assigns, unknown widow of Elisha F. Beal, deceased, her unknown heirs, executors and assigns, C. J. Chaffee, unknown heirs, devisees and legatees of C. J. Chaffee, deceased, the unknown administrator or executor of the estate of C. J. Chaffee, deceased, all of whose places of residence are unknown, and the names of the unknown heirs, devisees, legatees, administrators, executors, widows and assigns being unknown, will take notice that Fredreco Di-Jeronimo has filed a petition against them in the Court of Common Pleas of Cuyahoga County, Ohio alleging that he is the owner in fee simple and is in actual possession of the following described real estate, to wit:—

Situated in the Village of Independence, County of Cuyahoga and State of Ohio, and known as being a part of original lot No 15 Tract No. 3, Independence Township West of the River, and bounded and described as follows:—

Beginning in the center of Hillside road, so called, and at the northwest corner of said lot No. 15; thence east along the center of said Hillside road 30 rods to the northeast corner of land conveyed by deed recorded in Volume 574, page 333 of Cuyahoga County Records; thence south parallel with the west line of said lot No. 15 about 80 rods to the south line of said lot; thence west along the south line of said lot 30 rods to the south west corner of the same; thence north along the west line of said lot No. 15 80 rods to the place of beginning, containing about 15 acres of land, be the same more or less, but subject to all legal highways.

The petition alleges that the defendant, the unknown widow of Titus Street, her unknown heirs, executors and assigns claim an interest in said premises by way of dower as the widow of Titus Street; that the defendants, Samuel Hughes, and the unknown heirs, devisees, legatees, administrator or executor of the said Samuel Hughes, deceased, claim an interest in the said premises by virtue of title prior to October 10th 1840, and further by reason of the fact that no administration appears of record in Cuyahoga County, Ohio upon the estate of Samuel Hughes deceased; that the unknown widow of John Beal, her unknown heirs, executors and assigns, claim a dower interest in said premises; that the defendant, John Lafayette Beal, and the unknown heirs, devisees, legatees, administrator or executor of the said John Lafayette Beal deceased claim some interest or estate in said premises by virtue of a certin warranty deed recorded in Volume 41, page 462 in the records of Deeds of Cuyahoga County, Ohio, and that the unknown widow of John Lafayette Beal and her unknown heirs, executors and assigns claim a dower interest in said premises, and that the records of Cuyahoga County, Ohio, do not disclose any administration upon the estate of John Lafayette Beal; that the widow of Elisha F. Beal and her unknown heirs, executors and assigns claim some interest in said premises by way of dower, that the defendant, C. J. Chaffee and the unknown heirs, legatees, devisees, administrator or executor of C. J. Chaffee, deceased claim an interest or estate in the above described premises by virtue of certain mortgages recorded in Vol. 648, page 224 and Vol. 567, page 479 in the Records of Mortgages of Cuyahoga County, Ohio, and that the defendants claim other interests and estates in said premises adverse to plaintiff's rights, the nature of which is to plaintiff unknown. The petition further alleges that the plaintiff denies each and all of the claims of said defendants and of each of them, and says that all of said claims are unfounded and without substance, but that the same constitute clouds upon his title in and to said premises; that the above mentioned mortgages have each been paid and fully discharged, but through inadvertance and neglect the same have not been cancelled of record, and that the said mortgages are barred by the Statute of Limitations. The petition further alleges that the plaintiff and his predecessors in title to the said premises have been in open, actual, notorious, continuous and adverse possession of said premises for more than twenty-one years, last past, and that by reason thereof, each and all of the claims of said defendants in said premises are barred by the lapse of time and the Statute of Limitations. The prayer of said petition is that the defendants and each of them may be barred and adjudged null and void; that plaintiff's title may be quieted against the claims of said defendants, and for such relief as is just and equitable. Said petition is No. 159177 and the defendants above named are required to answer the same on or before the 24th day of November, A. D. 1917.

ADVICE TO A SON

"Well, well, well!" cried Mrs. Henpeck. "Our son is engaged to be married. We will write to the dear lad and congratulate him."

Mr. Henpeck agreed (he dare not do otherwise), and his lady picked up her pen.

"My darling boy," read the son, "what glorious news! Your father and I rejoice in your happiness. It has long been our greatest wish that you should marry some good woman. A good woman is heaven's most gracious gift to man. She brings out all the best in him, and helps him to suppress all that is evil. Her price is above rubies."

Then there was a postscript in a different handwriting:

"Your mother has gone for a stamp. Keep single, you young noodle."—Pittsburg Chronicle Telegraph.

"You take great are not to be run over."

"Got to. I'm afraid I'll forfeit my pedestrians license."—Life.

Opera House

It has fortunately been arranged for Madam Sarah Bernhardt to play the entire next week, commencing Monday, Nov. 12, at the Opera House, with the usual matinees on Wednesday and Saturday. Next Monday night, Nov. 12, Madame Bernhardt will appear as both "Cleopatra" (the entire version by her own son and Henri Cain), together with "The Wounded Soldier" in "From the Theater to the Field of Honor."

On Tuesday night, Mme. Bernhardt will appear as both "Hecuba" and "L'Aiglon"; on Wednesday afternoon, at popular prices, in three scenes of "Joan of Arc"; on Wednesday night as "Cleopatra" and 'Portia"; Thursday as "Camille" and "The Wuonded Soldier"; Friday as "Hecuba" and "The Wounded Soldier"; Saturday afternoon as "Portia" in "The Merchant of Venice," and "Camille"; on Saturday night in "The Star of the Night."

PROSPECT THEATER

Once more Mutt and Jeff will make their annual pilgrimage to the Prospect theatre in a new musical comedy, "Mutt and Jeff Divorced." Gus. Hill, who is responsible for the stage appearance of Bud Fisher's particular pets, has been most lavish in its furnishings. A company of forty, each picked for their particular part, and a singing and dancing chorus that is said to be the most bewitching seen this season, present the piece in a manner that equals attractions appearing at the higher priced houses. It goes without saying the comedy is very much Fisher and everyone who follows his famous characters through the newspapers will have an opportunity to see them as they would appear in real life. The exquisite costuming and scenic elaboration mark this as one of the bright particular spots of this season's offerings at the Prospect, opening at this popular playhouse for a week's run beginning Monday night. The usual matinees will be given Tuesday, Thursday and Saturday.

The Miles

Patrons of the Miles will find that another exceptionally interesting bill in vaudeville has been arranged for their entertainment the coming week.

Every act will be a headliner. The Miles policy is to select every act with equal care and that is why you will find the opener on the Miles program every bit as interesting and meeting with the same standards as the act in the center of the program or the one that closes the show. The bill for the week is composed of entirely new acts to Cleveland. None of them have ever played here before. Frank Bing and his sextette with a delightful offering of high class songs and stories.

The special added attraction is Bert Montrose and company in his delightful skit, "The Blue Ribbon." Burton and Burton, Cleveland's favorite sons, who entertain on the bars and do some wonderful feats on the trapeze. Then Spooner and Spooner, who present little songs and patter in "The Song Shop"

To fill out another picture show is George Walsh in "This Is The Life," a Wm. Fox production.

Standard Theatre.

Week of Nov. 11th the Standard Theatre presents Mae Marsh in "Sunshine Alley," her second picture, her first success being Polly of the Circus, still remembered by those who saw that production. The story of the play was written especially to fit the peculiar talents of Miss Marsh, and also of interest to animal lovers. She plays the part of the grand daughter of an old man who keeps a bird and animal shop. Her greatest pride is in a beautiful bullfinch. The old man getting hurt and being in hard circumstances, they are compelled to sell the bird, and thereby the romance starts, and a thrilling finish is developed from this situation and all ends happily, but not until a number of interesting adjustments have been made.

HIPPODROME

With two featured headline attractions the vaudeville program at B. F. Keith's Hippodrome promises to be one of the best of the season during the week starting Monday, November 12th.

Gladys Hanson in "Liberty Aflame" and Marion Morgan and her art dancers will share the honors of the headling position while surrounding them will be one of the best balanced programs to be seen. Liberty Aflame is a great patriotic spectacle which features Miss Hanson, the handsomest woman on the American stage, and is presented in Cleveland in A. Paul Keith and E. F. Albee, the directing heads of the Keith circuit. Marion Morgan and her co-workers need but little if any introduction to Cleveland audiences as they are always great favorites.

Others on the program will be the unique comedy sketch, "Cranberries"; Adelaide Boothby in an original song travesty; The Great Lester, a clever ventriloquist; Allen and Howard in the screamingly funny sketch, "A Real Pal"; the Four Hickey Brothers, comedy acrobats, the McClellan Sisters and Jack and Foris.

A real novelty will be introduced to the patrons of Keith's next week in that each act will be announced in a humorous vein by the famous comedy monologist, James J. Morton.

Colonial Theatre

"Her Soldier Boy," one of the successes of Broadway the last season, brings Clifton Crawford again to Cleveland. Crawford is remembered as one of the most popular of musical comedians. The offering is an Americanized version of a foreign production which Rida Johnson Young takes the credit. The supporting cast includes Mabel Weeks, Forset Huff, Marjorie Gateson, Cyril Chadwick, Lucille Gardiner, Eliz Gergeley, Harold Vizard, Tim Pony, Drake Warner and many others remembered in light operatic and musical comedy productions. "Her Soldier Boy" promises excellent entertainment for lovers of the light and frivolous.

The city that persistently advertises itself will get good results provided that city has something substantial to advertise. It is the same way with the merchant. Good advertising will sell a good merchandise.—Forest City [illegible] Independent.

Star Theatre

Dave Marion comes to the Star next week at the head of his own company. Marion's "World of Frolics" the second season of that name is offered this season with a well-balanced cast and a scenic equipment. The production is in two acts and fifteen scenes, created by Josef Urban, and the costumes are in keeping with the scenery. Marion, of course, will assume his character of "Snuffy," the cab driver. He is assisted by S. H. Dudley, Charles Raymond, Henry Plunkett, Horan and Burke and the Alpine Four.

EMPIRE THEATER

"The Forty Thieves" is the title of the burlesque offered the ensuing week at the Empire. The cast includes such well-known personages as Charlie Mac, Sam Micals, Bert Walton, Wilson Franklyn, Billy Gramby, Madden, the mad juggler; Josephine Young, May Kerns and Millie Gilmore. "Forty Thieves" is an interesting offering, in that the production includes many new songs and a deal of excellent costuming. As special attractions Jean Bedeni offers "A la Parisian," the "Ballet of Four Seasons" and "Our National Holidays."

Priscilla Theatre

There will be plenty of variety on next week's bill at the Priscilla. Thomas E. Kyle and his company are to be seen in "The Doctored Widow." This is a comedy farce. The Starling Rose trio have a classic novelty. The two Melodious Bugs have a wide range of selections, while Gates and Finley are seen in "Oh, You Hero." Other acts are the Moran sisters, Eagan and Demar, and Harada, a Japanese cyclists of more than passing ability.

THE LOCAL NEWSPAPER

No daily newspaper, however well edited, can take the place of the small town weekly. If the publisher knows his business. The latter has a hold on the hearts and lives of the people that cannot be loosened by any outside newspaper, daily or otherwise. The small town weekly is a personal friend of every man, woman and child in the community. It furnishes the first reading lesson for the toddler who has just learned the alphabet. In its columns are recorded the child's progress through school, his departure for college and the record he made there, his marriage and his business career in the distant city. It tells of the tragedies and comedies in the lives of those who are neighbors and acquaintances. It gives the gossip of the hour and the news of the day and discusses subjects that are of interest to all who scan its pages. Its editor is a sort of father confessor to everybody.

COLLEGE GAINS FROM ADS

"The effectiveness of our newspaper advertising in promoting the usefulness of the Tulane College of Commerce," says Dr. Morton A. Aldrich, dean of the college, "is demonstrated by the results we are getting from our series of advertisements now appearing in the New Orleans papers.

"Our advertising course last year enrolled 53 men and 18 women."

CALLS STANDARD 8 THE BRITLING OF CARS

"Buy a car that will see you through." Such is the terse war-time message of F. C. VanDerhoof, automobile manager of the Standard Steel Car Company, makers of the Standard 8.

"Buying inferior goods," he declares, "is always unwise. In times of war, it is positively dangerous. Now, of all times, it is important to buy not only for the present, but for the future. It is inconceivable that this government at war will permit many of its first-grade mechanics to devote their time to the manufacture of pleasure articles. The day is fast approaching when sharp restrictions will be placed upon the present large output of pleasure cars. The result is certain to be, not only decreased production, but increased price-tags.

"The surest way to save money on high-grade motor cars is to place your order quickly. To hesitate will surely mean to pay a war-bonus. This bonus is quite likely to keep increasing until the close of the war.

"The purchase now of an inferior car means that a year hence or sooner you will have to replace it and don't forget the new one will cost more than the old one. The purchase now of a superior car like the Standard 8 means that for years and years you will possess a keen performer, a long-lived, sturdy car that should be almost as sound after 50,000 miles of going as after 500.

"The Standard 8," continued Mr. VanDerhoof, "represents true and rugged rolling stock. Built by the Standard Steel Company, known throughout the world for its famous railroad equipment, this car profits throughout its design and build by the structural knowledge of eminent masters of stress and steel.

"On tour this car is masterful. It mounts grade and hill with tremendous force, explained in part by the fact that the Standard 8 boasts a greater horse-power per pound of car weight than any car in its superior class.

"Magneto equipment means hotter spark, surer spark, less wire trouble, less draining of current from the starting and lighting battery, longer mileage on gas and less operating cost.

"All told, no car ever represented a more far-reaching and economical buy at an hour when war-time requirements impose upon every American the duty of purchasing quality which will endure for years, and release skilled labor for the production of war supplies.

"Therefore, buy a car which, like Mr. Britling, will 'see it through,'" concluded Mr. VanDerhoof.

WHEN IT DOES PAY

Much of the fault that is found with local advertising can be traced back to the fact that at one time the fault finder placed a two inch, single column advertisement in the local newspaper and then expected the people to come in and take the goods away from him.

That is like trying to pull off a Fourth of July celebration with one skyrocket. It is fine while it lasts but it doesn't last very long.

Advertising in local newspapers is profitable to local business men when it is done correctly and run continuously.

"DUMB HEROES"

From a poem in [illegible] under this title by Theodore A. Girling, captain Canadian Veterinary Corps.

There's a stripe of gold for the wounded,
A rest by the bright [illegible]
And a service [illegible] when we bury our dead
Then our country has [illegible]

But what of our poor dumb heroes
That we send without choice to fight,
That strain at the load on the shell-swept road
As they take up the rations at night?

But there's never a shadow of glory,
A cheer or a speech in their praise,
As patient and true they carry us through
With limbers on shot-riven ways.

So, here's to dumb heroes of Britain,
Who serve her as nobly and true
As the best of her sons 'mid the roar of the guns
And the best of her boys on the Blue!

They are "shocked" they're bruised and they're broken,
They are wounded and torn as they fall;
But they're strong and they're brave to the verge of the grave,
And of heroes truest of all!

How Bond Saves You Money

Suppose you could buy at a store which is not, in the strict sense of the word, a retail establishment—and therefore does not take a profit on the wholesale price of the merchandise and charge you still an extra amount for operating expenses.

Such a store would naturally be able to sell at a lower price and still give you real quality—and Bond's is just that kind of a store.

YOUR CHOICE

SUITS, TOPCOATS, OVERCOATS, RAINCOATS, EVENING CLOTHES

Just One Prcie **$17½** Worth $5 to $10 More

Save $10 on Your Overcoat

With the price of everything on the rise, you may have the idea you cannot save money no matter how you try—but you can save money on your overcoat if you buy it at Bond's because Bond's price is $5 to $10 lower than any retailer will ask you for the same quality. There's just one sure way to be convinced and that is to convince yourself by seeing these garments and trying some on.

Direct to You From New York

If we operated the same as the ordinary manufacturer and you had to buy Bond's Clothes of a retailer, you'd pay at least $10 more for them. But we save you that much by selling to you direct. You keep in your pocket what you'd pay for the profit and selling expenses incurred by the usual wholesaler-to-retailer-to-you plan.

LEGAL NOTICE

Joseph Stegmeier, the Unknown Heirs of Joseph Stegmeier, deceased, Lewis Hundertmark, and the Unknown Heirs of Lewis Hundertmark, deceased, who formerly resided in Cleveland, Cuyahoga County, Ohio, will take notice that Paul Szoke and Rose Szoke filed their petition in the Court of Common Pleas, within and for the County of Cuyahoga, State of Ohio, being cause No. 159129, alleging that they are seized in fee simple, and are in the actual possession of the following described real estate, to wit:—

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being the Southerly 100 feet of the Easterly 24 feet and 9 inches of Sub-Lot No. 545 in Barber and Lord's Allotment of part of Original Brooklyn Township Lots Nos. 51, 52, 69 and 70, now in said City.

Said part of said Sub-Lot No. 545 has a frontage of 24 feet and 9 inches on the Northerly side of Lorain Avenue and extends back 100 feet deep, between parallel lines, as per Plat of said Allotment recorded in Volume 11 of Maps, page 26 of Cuyahoga County Records.

That they derived their title to said real estate by purchase, and that there is a cloud upon the same in that a certain mortgage, recorded in Volume 153, page 630, appears on record improperly cancelled and satisfied, and that said Joseph Stegmeier, the Unknown Heirs of Joseph Stegmeier, deceased, Lewis Hundertmark and the Unknown Heirs of Lewis Hundertmark, deceased, claim to have an estate and interest in and to said premises adverse to the interest of the plaintiffs.

The prayer of said petition is that the title to said real estate may be quieted; that the Court declare said mortgage to be null and void, and that the defendants be forever barred from having or claiming any right or interest to the same.

The above named defendants will further take notice that they have been made party defendants to said petition, and that they are required to answer the same on or before the 24th day of November, 1917.

Universal Home Needs

At all times but particularly in war times the utility of each gift should be most carefully considered. National economy demands care in the spending of money and careful selection of gifts. Choose those gifts which perform a distinct service and thus take their place in the daily life of the recipient.

UNIVERSAL home needs are of first quality in every respect and each one is built to perform a distinct household service in a better and easier way.

Particular attention must be paid to food conservation. The Food Chopper and the Bread Mixer are indispensable now.

DO IT ELECTRICALLY

Whenever you save lighting a fire you save fuel. This can be done many times a day by using electricity.

Eggs, toast and coffee can be cooked at the table and served with delightful freshness and teeming hot.

In the aggregate, this would save an enormous amount of fuel that should be conserved, during the present scarcity, for heavier cooking and heating.

And the ironing! An electric iron would enable you to do it with so much more comfort - at practically the same cost.

This is a good time to add to your equipment of electrical utensils. Every housewife knows their convenience. Now there is a more practical reason for using them.

You'll be interested in visiting an electrical shop to see how many ways you could use electricity about the house—and learning how little it costs.

LEGAL NOTICE

Robert Huckvale, whose place of residence is unknown, will taken notice that Noah S. Good, administrator of the Estate of Ada E. Huckvale, deceased, as plaintiff, has filed a petition against him and others in the Probate Court of Cuyahoga County, Ohio, alleging that the personal estate of said decedent is insufficient to pay the debts and charges of administering said estate, and that said decedent died, seized in fee simple of the following described real estate, to wit:—

Situated in the City of Cleveland, County of Cuyahoga, and State of Ohio, and known as sublot No. 74 in J. G. Bingham's Day Homestead subdivision of part of original Euclid Township tract No. 16, as shown by the recorded plat in Vol. 63 of Maps, page 12 of Cuyahoga County Records, being 40 feet front on the easterly side of East 173rd St., and extending back of equal width 116 feet deep, as appears by said plat, subject to all legal highways.

The petition further alleges that William H. Huckvale claims dower in said premises and that Byron Jackson claims a mortgage lien.

The prayer of said petition is that the said Byron Jackson be compelled to show what lien, if any, he has in said premises; that the dower of said William C. Huckvale be assigned to him, or the value thereof paid to him out of the proceeds of the sale of the said property, and for authority to sell said premises for the payment of the debts and charges as aforesaid. Said petition is No. 81031 and the above named Robert Huckvale is required to answer the same on or before the 1st day of December, 1917.

NOAH S. GOOD, Administrator of the Estate of ADA E. HUCKVALE, Deceased.

LEGAL NOTICE

Frank Spiller, whose residence is unknown, will take notice that The Schulte Real Estate Company as plaintiff has filed a petition against him in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that said plaintiff is a corporation organized and existing under and by virtue of the laws of the State of Ohio, and that it is now and at all times mentioned in said petition was the owner in fee simple of the following described premises:— Situated in the City of Cleveland, County of Cuyahoga and State of Ohio and known as being sublot No. 1 in the plat made by J. M. Landy and others as recorded in Vol. 3 of Maps, page 33 of Cuyahoga County Records, and are described as follows:—Beginning in the easterly line of W. 25th St. (formerly Pearl Street) at a point 9 ft. 6 in. northerly of the southwesterly corner of lot No. 493 in Barber and Lord's allotment; thence southerly along the westerly line of W. 25th St. 87 ft. 4 in.; thence north 77 degrees east 106 ft; thence north 63 degrees east to the center of W. 23rd St; thence northerly along the center of W. 23rd St. to land formerly owned by G. W. Jones. Thence westerly along said Jones land to the place of beginning.

The petition alleges that the defendant Frank Spiller, claims some interest or lien against said premises by reason of a certain paper writing purporting to be an affidavit to obtain a mechanic's lien, which paper writing was filed on or about March 16th, 1907 and is recorded in Vol. 48 at Pages 530 aand 531 of Cuyahoga County Records of Liens. Plaintiff alleges that it did not at that time nor does it now owe the defendant any money whatever, and that the said defendant did not then have or does not now have any right, title, interest or claim by way of lien or otherwise in or to said premises, and that the said purported affidavit or lien constitutes a cloud on plaintiff's title. Plaintiff alleges that by reason of the filing of the above paper writing, he has been damaged in the sum of $500.00.

The prayer of said petition is for judgment against the said defendant for $500.00 and costs of suit; that the said affidavit or lien may be ordered released and cancelled of record; that plaintiff's title to said premises be quieted as to the same, and for relief. Said petition is No. 159168 and the above named defendant is required to answer the same on or before the 8th day of December, 1917.

LEGAL NOTICE

State of Ohio, Cuyahoga County, ss. In Common Pleas Court. Isabel McGuire, plaintiff vs. Simon D. McGuire, defendant. Case No. 159262. The defendant, who resides in McKinley, Isle of Pines, Cuba, is hereby notified that plaintiff has filed her petition against him in the above entitled case, the object and prayer of which is that she be granted a divorce and alimony upon the grounds of gross neglect of duty and willful absence, and the subjection and appropriation to the payment of such alimony of sublots 323 and 324 in The Berwick Township Subdivision of part of Euclid Township lots 9 and 10 in Tract 17, and being 50 by 100 feet on Esmond avenue in Cleveland, Ohio, according to plat in Volume 27, page 11 of Maps. Defendant is required to answer by Dec. 1, 1917, or judgment will be rendered against him as prayed for.

LAUBSCHER & KEES, Plaintiff's Attorney.
Cleveland, Ohio, Oct. 6, 1917. O11 N15

LEGAL NOTICE

Clara Weinstein and Jack Baum, who reside at Chapelleries, 14 et 20 Cours, Belsunge, Marseilles, France, Etta Levin and Leah Fabricant, who reside at 41 Cephas St., Mile End Road, No. 1, London, England, will take notice that David Seidman, Administrator of the estate of Elizabeth Dworkin, deceased, as plaintiff, has filed a petition against them, et al, as defendants, in the Probate Court of Cuyahoga County, Ohio, alleging that the personal estate of said decedent is insufficient to pay the debts, and charges of administering said estate, and that said decedent died, seized in fee simple of the following described real estate:

Parcel No. 1. Situated in the City of Cleveland, County of Cuyahoga, and State of Ohio, and known as being the southerly part of the easterly 1-2 of sublot No. 94 in Barber & Lord's subdivision of part of original Brooklyn Township lots Nos. 51, 52, 69 and 70, the plat of which is recorded in Volume 11 of Maps, page 26 of Cuyahoga County Records, and bounded as follows:

Easterly by Pearl street, southerly by Chatham street, westerly by a 16 foot alley and northerly by a line parallel with and 42-8-12 feet distant northerly from Chatham street, and forming a parcel 42-8-12 feet front on the westerly side of Pearl street, and extending back of equal width 111 1-2 feet deep to a 16 foot alley in the rear.

Parcel No. 2. Situated in the City of Cleveland, County of Cuyahoga, and State of Ohio, and known as being a part of original Brooklyn Township, Lot No. 27, now in said City, and bounded and described as follows:—

Beginning at a point in the southerly line of Denison avenue, S. W. 54.02 feet westerly (measured along the said southerly line) from its intersection with the easterly line of West 88th street (as shown on the recorded plat of The W. J. Langs' Denison avenue subdivision in Volume 41 of Maps, page 15, Cuyahoga County Records,) extended southerly, thence southerly parallel with the easterly line of West 88th street, extended southerly, as aforesaid, 136.41 feet; thence easterly at right angles, 40 feet; thence northerly parallel with the first described line 122.44 feet to the southerly line of Denison avenue, S. W. 42.37 feet to the place of beginning, and being further known as sublot No. 333 in The Seidman Realty Company's proposed allotment, (formerly W. J. Lang's Denison Avenue No. 2 proposed allotment), of a part of original Brooklyn Township, Lots Nos. 14 and 27.

Parcel No. 3. Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being sublots Nos. 9 and 10 in Wm. M. Southern's Brugge Farm Subdivision of part of original One Hundred Acre lot No. 429, as shown by the recorded plat of said subdivision in Volume 35 of Maps, page 9 of Cuyahoga County Records.

Each of said sublots Nos. 9 and 10 has a frontage of 40 feet on the easterly side of East 124th street, (formerly Joseph Street) and extends back of equal width 100 feet.

The petition further alleges that Karl Dworkin, widower, is entitled to dower in said premises and that the defendants, Clara Weinstein, Etta Levin, Jack Baum and Leah Fabricant, have been named as beneficiaries in the will of Elizabeth Dworkin to Parcel No. 1 above described, and by reason thereof claim an interest in said premises. The prayer of said petition is for authority to sell said premises to pay the debts and charges aforesaid. Said petition is No. 89628 and the above named defendants are required to answer the same on or before the 24th day of November, A. D. 1917.

WAR INSURANCE

"House Passes Bill Insuring Soldiers"

That is one of the many recent headlines on this vital question.

This measure will protect the soldier's family, no matter what may befall him.

The one great benefit of any kind of insurance has always been protection for the FAMILY.

When you make a sacrifice now in order to carry insurance, you are, in a sense, fighting for the welfare and safety of those that depend upon you.

You are also striving sensibly for comfort and health in your home when you provide for keeping it cozy and warm through Gas Service.

There usually comes, however, during every Winter, a spell of those piercing below-zero days. Their pentrating blasts may chill your folk unless you are prepared to fight the cold with extra heat.

Insurance to guard your family during these freaks of the weather and COMPLETE protection during all the year can best be had—and most cheaply—through Gas Service PLUS an auxiliary heating appliance.

With both, you are insured—certain of a home that will be comfortable, healthful and safe.

Let our experts suggest free of charge how to have absolute heat-insurance.

Notice of Sale of Bonds

Sealed bids will be received by H. T. Hubbell, Clerk of the Village of Bedford, at his office in the Town Hall in said Village until 12:00 o'clock noon, Central Standard Time, on the 1st day of December, A. D. 1917, for the purchase of bonds with interest coupons attached, of the Village of Bedford, Ohio, in the aggregate sum of Two Thousand Six Hundred and Sixty-nine and 21-100 Dollars ($2669.21), numbered, described and made payable as follows:

Bond No. 1, $169.21, November 1, 1919.
Bond No. 2, $500.00, November 1, 1921.
Bond No. 3, $500.00, November 1, 1923.
Bond No. 4, $500.00 November 1, 1925.
Bond No. 5, $500.00, November 1, 1927.
Bond No. 6, $500.00, November 1, 1928.

Said last described bonds together with interest coupons, are issued in anticipation of the collection of special assessments heretofore levied against the lots and lands benefited by the improvement, to provide for the cost and expense of improving North Street, from a point 450 feet North of the center line of Grace Street to a point 1300 feet north of the center line of Grace Street, by laying a sewer on both sides of North Street from said point 450 feet north of the center line of Grace Street to a point 760 feet north of the center line of Grace Street, and by laying a sewer in the roadway from said last mentioned point to a point 1300 feet north from the center line of Grace Street, and are issued under authority of the General Laws of the State of Ohio in accordance with Ordinance No. 322 duly passed by the Council of the Village of Bedford on the 4th day of September, A. D. 1917, entitled, "An Ordinance to issue bonds in anticipation of the collection of special assessments for the improvement of North Street, from a point 450 feet north of the center line of Grace Street, to a point 1300 feet north of the center line of Grace Street, by laying a sewer on both sides of North Street from said point 450 feet north of the center line of Grace Street to a point 760 feet north of the center line of Grace Street, and by laying a sewer in the roadway from said last mentioned point to a point 1300 feet north from the center line of Grace Street, as specified in Ordinance No. 318."

Sealed bids will also be received by said Clerk at said place and time, for the purchase of bonds with interest coupons attached, of the Village of Bedford, Ohio, in the aggregate sum of One Thousand Nine Hundred Fifty-two and 56-100 Dollars ($1952.56) numbered, described and made payable as follows:

Bond No. 1, $452.56, November 1, 1921.
Bond No. 2, $500.00, November 1, 1923.
Bond No. 3, $500.00, November 1, 1926.
Bond No. 4, $500.00, November 1, 1928.

Said last described bonds together with interest coupons are issued in anticipation of the collection of special assessments heretofore levied against the lots and lands benefited by the improvement, to provide for the cost and expense of improving Garden Street, from Ennis Avenue to Blaine Avenue, by constructing a sewere therein between the points named, and are issued under the authority of the General Laws of the State of Ohio, in accordance with Ordinance No. 326, duly passed by the Council of said Village on the 4th day of September, 1917, entitled, "An Ordinance to issue bonds in anticipation of the collection of special assessments for the improvement of Garden Street, from Ennis Avenue to Blaine Avenue, by constructing a sewer therein between the points named, as specified in Ordinance No. 307."

Sealed bids will also be received by said Clerk at said place and time, for the purchase of bonds with interest coupons attached, of the Village of Bedford, Ohio, in the aggregate sum of Three Thousand Four and 65-100 Dollars ($3004.65), numbered, described and made payable as follows:

Bond No. 1, $504.65, November 1, 1920.
Bond No. 2, $500.00, November 1, 1922.
Bond No. 3, $500.00, November 1, 1924.
Bond No. 4, $500.00, November 1, 1925.
Bond No. 5, $500.00, November 1, 1927.
Bond No. 6, $500.00, November 1, 1928.

Said last described bonds together with the interest coupons are issued in anticipation of the collection of special assessments heretofore levied against the lots and lands benefited by the improvement, to provide for the cost and expense of improving Garden Street, from Ennis Avenue to Blaine Avenue, by constructing a water main and laying water pipes therein between the points named, and are issued under authority of the General Laws of the State of Ohio, in accordance with Ordinance No. 328, duly passed by the Council of said Village on the 4th day of September, 1917, entitled, "An Ordinance to issue bonds in anticipation of the collection of special assessments for the improvement of Garden Street, from Ennis Avenue to Blaine Avenue, by constructing a water main and laying water pipes therein between the points named, as specified in Ordinance No. 306."

All of said bonds to draw interest from date at the rate of five per cent. per annum, payable semi-annually. Said bonds and interest thereon shall be payable at the office of The Cleveland Trust Company in said Village of Bedford. Said bonds shall be sold to the highest and best bidder for not less than par and accrued interest. All of said bonds shall be delivered to the highest and best bidder at the office of said Clerk in said Village. All of the above described bonds shall be dated as aforesaid, and together with interest coupons, shall be issued and signed according to law. Said interest coupons shall have the signature of the Clerk lithographed thereon.

All bids must state the number of bonds bid for, and the gross amount of the bid and accrued interest to date of delivery. All bids to be accompanied by a certified check on a solvent bank, payable to the Treasurer of said Village, being ten per cent. (10%) of the amount of the bonds bid for, upon the condition that if the bid is accepted, the bidder will receive and pay for such bonds within ten days from and after the time of the award, said check to be retained by the Village if such conditions are not fulfilled.

The Council reserves the right to reject any and all bids.

Bids shall be sealed and endorsed, "Bids for ...... Bonds."

By order of the Council of the Village of Bedford.

H. T. HUBBELL,
Village Clerk.

LEGAL NOTICE

John Bellmuth and the unknown heirs, devisees, legal representatives and assigns of John Bellmuth, all of whose places of residence are unknown, and the names of the unknown heirs, devisees, legal representatives and assigns of John Bellmuth being unknown, will take notice that Theresa Dienes as plaintiff has filed a petition against them as defendants in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that she is the owner in fee simple and in actual possession of the following described real estate:—

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being part of sublot No. 159 in Wyman and Hamilton's subdivision of part of original One Hundred Acre Lot No. 416, as shown by the recorded plat in Volume 5 of Maps, page 22 of Cuyahoga County Records, and bounded and described as follows:—

Beginning on the northeasterly line of Buckeye Road, S. E. (formerly South Woodland Avenue), 30 feet wide, at the Southeasterly corner of a parcel of land deeded to Ernst F. Hallm and Nancy Hallm by deed recorded in Volume 575, page 342 of Cuyahoga County Records; thence southeasterly along the northeasterly line of Buckeye Road, S. E. 30 feet to the southwesterly corner of a parcel of land deeded to John Fedor by deed recorded in Volume 564, page 384 of Cuyahoga County Records; thence northerly along the westerly line of land so deeded to said John Fedor to the southerly line of Cumberland Avenue, S. E. (formerly Cumberland Street); thence westerly along the southerly line of Cumberland Avenue, S. E. 25-14-100 feet to the northeasterly corner of land so deeded to said Ernst F. Hallm and Nancy Hallm; thence southerly along the easterly line of said land so deeded to said Ernst F. Hallm and Nancy Hallm to the place of beginning, be the same more or less but subject to all legal highways.

The petition alleges that the defendants claim some interest and estate adverse to the plaintiff in the said premises by reason of the fact that on or about April 27th, 1894, one John Bellmuth, who was then the owner of said premises, by John B. Ruhland, his duly authorized attorney of record, conveyed said premises to John Ruhland by deed recorded in Vol. 576, page 193, of Cuyahoga County Records of Deeds; that said deed was actually executed and acknowledged by said grantors in the City of Chicago, and State of Illinois, but that the officer who took the acknowledgement to said deed of conveyance, prepared the acknowledgment on a separate piece of paper and attached it to the deed conveying the premises above described to said John Ruhland, and by reason thereof, a cloud is cast upon the title of the plaintiff to said premises.

The petition alleges further that the claims of each and all of said defendants are without any right whatever, and that the said defendants, nor any of them have any estate, right, title or interest whatever in said land or premises or any part thereof; that the plaintiff and her predecessors in title have been in the continuous, open, actual, notorious, exclusive and adverse possession of the premises above described for more than twenty-one years last past and that the said defendants have no interest in said premises whatsoever.

The prayer of said petition is that all of the defendants may be notified of the pendency and prayer of the petition in this action, according to law; that they and each of them be required to answer, setting up any and all interest they have or claim to have in the premises described above, and that upon final hearing of the said petition, the claim of each of said defendants and of those claiming under them, may be adjudged null and void; that plaintiff's title to said premises may be quieted against any and all of the claims of said defendants and those claiming under them, and for relief. Said petition is No. 159298 and the defendants above named are required to answer the same on or before the 1st day of December, 1917.

How Far is Fifteen Minutes?

In these days of high speed, distance has to be considered in terms of time.

Home comfort is thought of as so many miles from business—usually too many. Long-headed enterprise has seen the way to reconcile time, comfort and distance and Shaker Heights is the practical answer—ten miles far, fifteen minutes near—the Rapid Transit does it.

How much? Well, a lot less now than when it is completed.

TWENTIETH YEAR—NO. 41. WILLOUGHBY, O., NOVEMBER 16, 1917. ONE DOLLAR A YEAR IN ADVANCE

WICKLIFFE CITIZENS PRESENT MAYOR COULBY WITH MACE

At the meeting of the Men's League in Wickliffe Thursday night, a mace was presented to Mayor Coulby in the name of the citizens of Wickliffe.

A small sum was contributed by each Wickliffe resident. The mace was designed by J. M. Krauter. It is made of solid mahogany and turned by a pattern maker at the Cleveland Crane & Engineering Co.

The mace has two brass plates, one on either side, and bears the inscription: "Harry Coulby, Wickliffe's first mayor." "Presented by loyal citizens, November 8th, 1917."

Nass of the Cleveland Crane, did the brass work.

Rev. Axtell made the presentation address.

He compared the Lord Mayor's Day of London, with Wickliffe's observance.

He compared Wickliffe's light streets and warm houses with London's present state, referring to Mayor Coulby's connection with the light and heat in Wickliffe.

Mayor Coulby gave a splendid address, as scheduled, for the Men's

SEMI HIGH LEVEL BRIDGE AND PAVING OF GLENN AVENUE TO BE TAKEN UP

A semi-high level bridge and the paving of Glenn avenue are subjects that are to be discussed at a meeting of the Chamber of Commerce, the council and interested citizens in the near future. Many complaints are made in regard to the condition of the road over Glenn avenue. The following is clipped from the Salida correspondence of the Republican:

"The Willoughby hills were a fright last week. It seems incredible at this time that such a a place would be allowed. It is a disgrace to Lake county. If some of the people who voted against the high level bridge had been in that machine that hung over the river bank, engine standing straight up in the air, or had to get hauled up the west hill, they would vote differently."

Personal experiences call forth frank expressions. The Cleveland Automobile club also has the vicinity in mind, and has written to authorities about it. If Willoughby is to ba city in 1920, the roads over which business and travel reach Willoughby should have first consideration.

FEW WOMEN VOTE IN WILLOUGHBY

Only five women voted in Willoughby at the recent election. Sixty-five or seventy voted in Kirtland and in Wickliffe.

We never knew what the words "black diamonds" meant until this winter.

LIEUT. PICKARD OF FRANCE TO SPEAK IN WICKLIFFE

Lieut. Pickard of France, spoke in Wickliffe Thursday night. Mayor Coulby and C. C. Robbins have charge of the "Y" work, and usual good results from Wickliffe are anticipated.

Wickliffe always keeps the rest of the county on its mettle to keep up with the western metropolis of Lake county.

CLERK ATTENDS EVERY MEETING

F. D. Swain, clerk of the council in Mentor, has only missed one council meeting in fourteen years, and has never had a picture of himself taken.

WELL KNOWN MENTOR MEN TO MANAGE THE PAINESVILLE LOAN COMPANY BRANCH

The Lake County Savings and Loan Company will open its Mentor office at stop 58, Friday, Nov. 15.

It is under the control of the following representative citizens of Mentor who comprise the advisory board: N. C. Frost, R. M. Case, T. P. Cadle, Geo. H. Brown and C. A. Wilson.

Edward S. Sawyer will be manager. The office is most attractive. The floor is covered with the best quality of cork linoleum. The cage is of solid oak with plate glass. A handsome new fire and burglar proof safe and flat top oak desk comprise part of the fittings. Elegant new inverted globe chandeliers adorn the ceilings. The interior of the office is painted white and makes a very pleasing appearance.

LAKE COUNTY HAS LED IN THE RED CROSS IN THE LIBERTY BOND IN THE DRY QUESTION

NOW—

LET US LEAD IN THE Y. M. C. A. WORK!

Harry Hammar has given his offices for the headquarters.

Girls from the Andrews school will be in attendance there to work as stenographers and clerks.

Information and data as to work of Captains and workers generally may be obtained there at all hours. If you have an idea, a suggestion, a dollar or a question, bring it in.

REMEMBER—

This money is for the BOYS. The Y. M. C. A. is the agent that does the work.

And that work?

Well—

"What is the use of our money if our boys are lost?" The boys at the camps say they wouldn't know what to do, if it were not for the Y. M. C. A. rooms at the camps.

Keep the boy from getting lonesome, homesick, from losing his spirit.

WILLOUGHBY BOY'S LETTER FROM CAMP SHERMAN GIVES TRIBUTE TO Y. M. C. A.

The following letter from a Willoughby boy shows very simply what the Y. M. C. A. is doing at the camps. It speaks more eloquently, possibly, than many a brilliant speaker. "There are times when I don't receive any word from any of my friends," he says.

There is more of wistfulness in this line than a dozen "Please write."

If you haven't a soldier boy to write to, better adopt one right away. Miss Dodd at the P. O. will give you a name.

The Woman's City Club of Cleveland has posted the names of a Cleveland regiment on the bulletin. Each member selects a name and will send the boy whose name she takes a good sized Christmas box.

Here's the Willoughby boy's letter.

Camp Sherman, Nov. 4, 1917.

My Dear Friend:

I received your card and package and was very glad to hear from you. The package I enjoyed very much. I received a letter from Mr. ———. I like to hear from home. There are times when I don't receive any word from any of my friends. It is awful lonesome, but since I have got acquainted I feel more at home. The Y. M. C. A. have entertainments every night; if it wasn't for them we would not know where to pass our time away and write our letters. We are having our regular drilling now, guard duty and digging trenches. I felt sorry for some of the boys that worked in offices; they thought their backs would break. I am sorry that I haven't more time to write. Will close, hoping this finds all well and happy as it leaves me the same. With many thanks.

What more effective plea could be written for your contribution to the Y. M. C. A. work this week than the simple line from this soldier boy, as found in the above letter?

MAYOR CARMICHAEL AND PROSECUTOR VON BESELER INDICTED

Mayor Carmichael and Prosecutor Von Beseler, together with Grant Lamos and John Barnes, were indicted by the Federal Grand Jury Tuesday.

The indictments charged two separate offenses. The first was conspiracy to stop trains. The penalty is a $10,000 fine, two years imprisonment or both.

The other indictment charges them with obstructing interstate commerce by flagging and detaining a train at Willoughby and another at Painesville, Nov. 2. This is a misdemeanor, punishable by a fine of $100, six months' imprisonment, or both.

The men will be arragined before Judge Westenhaver, Saurday.

It was reported Wednesday that it was the intention to close the case Saturday on condition that no more coal seizures would be made here.

MRS. BOLTON'S WAR TIME RECIPES

Believing many folks would be interested in retaining and using Mrs. Bolton's war time recipes, the Republican will reproduce one or two from week to week. Mrs. Bolton only recommends those that she has tried and found reliable. Her work at the Andrews school gives her ample opportunity to do this. A request made for corn meal pie crust will be filled and the recipe published as soon as Mrs. Bolton can try it out. The Republican would be glad to receive economical suggestions or recipes that any of our readers may have, also:

RYE BREAD

Four cups sifted rye flour, 1 cake compressed yeast, 2 cups wheat flour, 2 cups milk, 4 teaspoonfuls sugar, 4 teaspoonfuls butter or substitute, ¼ cup luke warm water, 1 extra cup white flour to be used in kneading. Bake 40 minutes in moderate oven.

LOCAL WOMAN'S SUFFRAGE ARGUMENT

Ten men in Willoughby, 'tis said, endeavored to vote on the Fairport ticket at the Willoughby polls. The Fairport tickets had, through error, been mixed with the local ballots.

The men endeavoring to vote expressed some dissatisfaction because they did not know any of the candidates. This occasioned an investigation; but they might have elected the Fairport candidate for mayor of Willoughby, some of the officials remarked.

WICKLIFFE SAVES THE DAY FOR LAKE COUNTY

Little Wickliffe waited expectantly for its mother, Painesville, and its big sister, Willoughby, to say "Come child, and assist in the great Red Cross parade in Cleveland Saturday." But no message came and Friday found Cleveland sending Wickliffe telephone and telegraphic messages to come and do its bit, so a banner was ordered and over night the uniforms were made, "spick and span," and forty patriotic women saved the day for Lake county.

Mrs. Fairman, Secretary.

* * *

WHY IS THIS?

It looks as if they were right over there in Wickliffe.

No use lamenting now,—

But—

Lake county surely should have had a parade of Red Cross workers in line that would have represented the SPIRIT in Lake county for the Red Cross, the Liberty bonds and all other good work.

A big banner down the line decorated with a slogan "These Are the Lake County Red Cross Workers," would surely have been an inspirational sight on the streets of Cleveland.

Out in full force it would surely have called forth some head lines in the Cleveland papers.

And publicity of this sort by arousing a little spirit of rivalry and cooperation, adds to the good work and inspiration everywhere, not to speak of the wee bit of prestige that might have been added to Lake county's growing credit.

See Pages 3 and 4 for additional local news and advertisements.

WILLOUGHBY WILLOWS FORM FAST BASKETBALL TEAM

The Willoughby Willows, Town Basket Ball Team, J. Ray Dickey, manager, has been organized. They have a very fast team and are arranging to have J. F. Potts, recreation commissioner of Cleveland, and former University School and Ohio Wesleyan University basket ball star, bring an all star team to Willoughby to open the season December 15th. The team promises to spring a surprise with their line up for the opening game.

Surrounding towns wishing to play the Willoughby Willows are invited to call or write J. Ray Dickey for dates and arrangements. The team has arranged for the use of the local floor Saturday nights.

LAKE COUNTY'S QUOTA FOR Y. M. C. A. WAR WORK IS PLACED AT $25,000.00

Mostly every one realizes now the work that the Y. M. C. A. is doing in the war. They have heard John R. Mott and Lord Northcliffe and have read or heard the expressions of many other speakers on the subject. The money now collected is not for the Y. M. C. A. It is for the soldiers and the Y. M. C. A. are the best equipped to handle and engineer the great work of giving the soldier comfort and cheer. That is the reason why Lake county wokers feel no fear that the $25,000.00 asked as Lake county's quota will be readily forthcoming during the week. Lake county always responds and is generally first in the running for any good cause.

Harry E. Hammar is chairman of the committee conducting the campaign. R. M. Ostrander is secretary, and W. Albert Davis, secretary. The committee includes T. O. Morley, T. B. West, E. B. George, H. M. Doolittle, B. C. Shepherd, Rev. Freeborn, R. P. Wenham, M. A. Tuttle, C. C. Robbins and C. W. Searl.

TEAM ORGANIZED FOR LOCAL "Y" FUND WORK

Teams were lined up for thorough canvass of Willoughby and Willoughby township in the "Y" campaign, Wednesday night. Willoughby's quota is about $2500.00 or 50c per capita. S. D. Shankland presided and left nothing undone to get the work under way quickly. Mr. Thurwin of France, told of the work of the Y. M. C. A., of the needs of the boys and the haven that the Y. M. C. A. quarters provided for the prisoners as well as the boys from the trenches. Mr. Blanchard spoke of the monumental efficiency of the camp at Chillicothe, and outlined the manner in which the 35 million dollars to be obtained will be spent.

KIRTLAND EXPECTS TO CONTRIBUTE LARGE SUM TO "Y"

Kirtland is well organized and will be most thoroughly canvassed for the "Y" campaign. Kirtland, like Wickliffe usually comes to the front in pretty good shape.

WICKLIFFE EXPECTED TO MAKE USUAL "WESTERN METROPOLIS" RECORD

C. C. Robbins and Mayor Coulby have the "Y" war work fund in charge at Wickliffe. They are expected to make the usual "western metropolis" record.

COUNTY W. C. T. U. HAS MEETING

A county executive meeting of the W. C. T. U. was held at the home of the county president, Mrs. Della Hoose of Painesville, Wednesday, Nov. 14th. A picnic dinner was served. Much work is planned.

PROGRAM FOR WICKLIFFE STUDY CLUB

DR. McCOLLISTER RECEIVES MILITARY APPOINTMENT

Dr. McCollister has just received notice of his appointment as captain in the regular army. Sept. 4th Dr. McCollister received his appointment as second lieutenant. The time of his leaving Wiloughby is indefinite, but he has arranged to have Dr. Green of Chicago take care of his work here when he finds it necessary to go.

DEATH OF MRS. HANNAH GALLAGHER

Mrs. Hannah Gallagher, lifetime resident of Willoughby, passed away at her home on Second street early Thursday morning.

LOCAL FOLK BECOME D. A. R. MEMBERS

Miss Martha Belle and Miss Mary E. Yaxley were accepted as members of the D. A. R., formal admission being made at the Historical room in the city hall at Painesville Saturday last. Word of the acceptance was received from Washington, October 16th.

C. P. AND E. ADOPTS KITTENS

The C. P. & E. freight office has adopted nine kittens, found at the Willowick club by car men after the close of the club.

LADIES INVITED TO ATTEND BOWLING CONTEST

A portion of the bowling alleys at Elm street will be partitioned off and seats arranged for an audience to witness a game between an all star ladies team of Cleveland and a local team, on next Thursday night. A special invitation is issued to the ladies to witness this game.

The Y. M. C. A. acts only as agent in distributing the funds collected this week. Every dollar is used to give cheer, courage and comfort to a soldier.

Born, November 1st, to Mr. and Mrs. Wayne Roper of Vine street, a 7¼ pound girl.

Today Is Different

Most of us have never lived through a real war.

We've got to do it now.

War winning means men and money.

We have the men, but we must get the money. Swelling the difference between what you get and what you spend is the only way. That means save, save, save—more than ever before, more than you ever thought you could—every minute, every day, everywhere.

Our Willoughby Office offers you all the facilities of a bank that has more depositors than any other bank in Ohio; all the safety of an organization with resources of $60,000,000.00 and pays you 4 per cent interest on savings accounts.

Make savings your business and begin today.

Opera House

Avery Hopwood's latest and finest farce, "Fair and Warmer," the most brilliant success of many seasons past in New York, will be presented at the Opera House the week commencing next Monday. This amusing tale begins with a scene of family disagreement which progresses even to the plans for divorce before it concludes. Laura Bartlett complains that Billy, her husband, is too good for mortal woman—too faithful, too prosaic, too utterly unromantic. In a word, she will have none of him, and she is going that very night to the opera with an old admirer, and leave Billy to the peace and quiet of his home. Just as she is leaving, Jack and Blanny Wheeler enter, and it transpires that Jack is going out, leaving Blanny to the peace and quiet of the Wheeler home.

Through some indiscret admissions, neatly doevtailed by Author Hopwood, the angelic Blanney Wheeler and the innocent Billy Bartlett discover that they are both being outrageously treated by their giddy marriage partners, and instantly they are left aolne they plan a revenge.

Selwyn and Company, who present this record-breaker of Avery Hopwood's, have assembled an excellent cast including Edna Hibbard, Maud Andrew, Florence Ryerson, John Arthur, William H. Sullivan, Chester Ford, John Morris and Ralph Simone. The engagement includes a special priced Wednesday matinee.

PROSPECT THEATER

The story of the cabaret singer, Ellen Neal, in "Common Clay," coming to the Prospect Theater next week, is an appeal to the hearts and minds of every playgoer. Her temptations and struggles to "come back" are an uplift to those who are struggling against the adversities of environment. Mr. Thomas E. Shea and his own special company will present this play, Mr. Shea taking the character of Judge Filson. Those who have seen Mr. Shea in his characterizations of Mathias in "The Bells" and "Dr. Jekyll and Mr. Hyde" must realize that the part of Judge Filson must be worthy of his best efforts.

The usual bargain matinees will be given on Tuesday, Thursday and Saturday.

Colonial Theatre

"Very Good Eddie" is with us again, starting Monday night. The musical comedy has been seen here previously. The music is by Jerome Kern, the book by Philip Bartholomae and Guy Bolton. Georgie Mack, well remembered in Cleveland through his visits with this offerings, as well as his work in stock, at the same theatre, is one of the newlyweds again, while Theodora Warfield is the other. Denman Maley plays the hotel clerk. Helen Raymond and Harry Lingley are seen as the towering mates. The music is typical of Kern. It is sufficient to mention that he wrote the score to "Oh Boy" in addition to deal of other music.

The Miles

To the Miles next week returns the old favorite of mystery, psychic power and the unexplained readings of the future. She is Anna Eva Fay and she offers a program similar to that in which she has been seen in the years gone by. In support of the main act, Irene and Douglas Carberry do a dancing and singing act. Daisy Jerome is a comedienne with songs. "A Holiday in Dixieland" is a musical skit by colored performers. Frank Mullane does a monolog. June Caprice in "Miss U. S. A." is the featured photoplay.

GRAND THEATRE

As the offering of the third week of its rejuvenated regime, the Grand offers Capt. Sorcho, deep sea diver, in an act of startling originality. Sorcho works in submarine affairs in a glass tank on the stage in full view of the audience. He is the inventor of the submarine telephone which is demonstrated at each performance. Storm and Marston have a clever skit "Apple Blossom Time" is a musical novelty. Rose Berry sings and plays. Morris and Allen have a comedy act. "The Scarlet Pimpernell," featuring Dustin Farnum, is the photo play.

It seems fairly certain that the original home of the well-known potato was South America and that the explorer Pizarro, who found it cultivated by the Incas in Peru, introduced it into Spain.

Priscilla Theatre

Masiroff's Gypsies head the bill at the Priscilla the coming week. This is a singing act, replete with operatic selections, and one of the best on the popular priced circuit. Dacing is interspersed. The Guy Bartlett trio renders a varied repertory. Hal Hart, slack wire artist, offers sensational stunts. Azalea and Delores present a novelty. Barton and Josephine have a varied musical act. "The Mystery Ship," the Universal feature photo play, with Ben Wilson and Nerva Gerba, is featured.

Liberty Theatre

The Piano Girls, young ladies who can both play and sing, headline the bill at the Liberty. Perry and Davis present a rube act with a deal of rustic comedy. Francis and Nord, female impersonators, offer many surprises in their skit. Barnold's Dogs introduce Dan, the drunken dog, well remembered from previous vaudeville engagements, and five chimpanzees. It is an act for the children. Orr and Hager sing and dance. Billy Broad is an eccentric comedian. On Sunday, William S. Hart is featured in "The Last Card."

Star Theatre

The third edition of Max Spiegel's "Merry Rounders" comes to the Star Monday for the week. Abe Reynolds and Florence Mills are the featured principals. There is a big supporting cast, well balanced, and it is said, shapely and songful. "The Merry Rounders" is announced as one of Spiegel's best shows, which is saying a great deal. In the old days, before he became a picture star, Crane Wilbur wrote "The Belle of Bohemia," playing the leading male role in the burlesque under the direction of Spiegel.

EMPIRE THEATER

"Girls from Happyland" are to be seen the next week at the Empire. This is burlesque of the good old fashioned trend. It is in the conventional form, with opening and closing tabs. "Me, Him and I," in which Bickel, Watson and Wrothe, starred in the years ago, proves its vaim as the opener. "The Suffragette's Jail" closes the program. Bennie Small, John Bowman, Tiney Filson, Teresa Adams, George Niblo, Helen Spencer, William Murphy, Lee Hickman and a shapely chorus are mentioned by the veracious press agent.

Standard Theatre

Week of November 18, the management of the Standard theatre has again secured for its patrons the clever star, Madge Kennedy, in "Nearly Married," a clever comedy, and the part is even more fitted for this star than her last picture, Baby Mine. It's a joyous play with lots of laughs and heart interest from start to finish. The story is of an almost bride, a not quite bridegroom. The man finally elopes with his own wife and the complications that are displayed from there on until all ends well are the funniest that were ever seen in any picture.

Autos smashed, garage burned, couple arrested and a thousand more mishaps and as usual they live happily ever after.

HIPPODROME

The stage of B. F. Keith's Hippodrome during the first two days of the coming week will be occupied by Harry Lauder on his farewell appearance of America. Lauder is presenting a new repertoire of songs and is surrounded by a vaudeville program of exceptional quality.

Following the Lauder engagement the Hippodrome will revert to its usual vaudeville policy and will present a big fall festival of vaudeville features including as it will eleven featur numbers. Among the names presented will be those of Dorothy Regal and company; Hallen and Hunter; "Fantasia;" James C. Morton and company; Cheyne Days and eleven other surprises.

FAREWELL TOUR OF HARRY LAUDER, DIRECTION OF WILLIAM MORRIS

Harry Lauder, the famous Scotch comedian, who comes to B. F. Keith's Hippodrome Monday and Tuesday for his farewell tour of America, can guage his working time by minutes in the week. He works only six days a week—for no price will he consent to give a performance on Sunday—and in those six days, with two performances a day, he is on the stage for four hundred and eighty minutes. With his salary as a basis, it works out that his earning capacity is $1.41 2-3 a minute. The average man's wage is $1.16⅔ a day, according to statistics. So William Morris, Lauder's manager, in this country, is paying the comedian for every minute he labors, more than the average employer is paying the average employe in a day.

THE SPIRIT OF DISCONTENT

"Contentment is cracked up as a virtue a great deal more than it ought to be," says Mr. L. W. Phillips, located at 2027 Euclid avenue, Cleveland, dealer for the Standard Eight.

"As a matter of fact," he says, "contentment of a certain undesirable kind simply blocks the wheels of progress and throws sand in the gear. It puts the quietus on improvements of any kind.

"Take the Standard Eight for example. It was built in a spirit of discontent and placed in the market by men who were determined to produce a great advance in their type of car, men who absolutely refused to listen to the siren song of contentment and smug satisfaction.

"The result is that the Standard Eight has been a climber from the very start—a climber in sales and a climber in action. This magneto equipped '8' is a wonderful performer with its 80 h. p. cataract of might always at your command. Contentment may be all right in its place, but it never broke any records in the automobile business."

WINTER ENTERTAINMENTS

Wednesday and Friday, Nov. 7 and 9, were opening nights in the M. E. churches at Little Mountain and Mentor for a winter course of community service and social [illegible]. These [illegible] during the winter. They will consist of entertainments and patriotic sings. Motion pictures will be used, giving travelogues, fairy stories for children and educational and religious teachings. The initial program was greeted by crowds and the course promises to be one of exceptional value to the churches and community. The next entertainment will be Nov. 21 and 23, when "The Old Homestead," by Denman Thompson, will be given.

INTEREST IN MISSIONS

Great interest is being manifested by the class in missions at the M. E. church. It opened Sunday evening, Nov. 11, with an attendance of fifty. A Cleveland librarian, a labor foreman and the pastor related some personal experiences with Italians. Appreciation of the Italians was heightened by a review of the wonderful service and sacrifice which the present Methodist Garibaldi family has made in this war, and the reading of one of the letters which Timoteo di Stasera wrote from the front to his Epworth League. The textbook, "Sons of Italy," is being supplemented from time to time with special music and brief talks on Italian composers, paintings and sculpture with expositions on the artists, illustrated lectures and moving pictures, and one special address by a worker among the Italians at Alta House, Cleveland. The class meets each Sunday evening at 7:30.

BIBLE COURSE

The superintendent of the Sunday school, Mr. H. C. King, has instituted a Bible course consisting of questions and answers, which when completed will give the scholars a comprehensive knowledge of the contents of the Bible. This course consists of a three minute review each Sunday during the study period. A regular secretary has charge of the work and gives monthly examinations. To stimulate a greater zeal among the children for committing choice scripture verses, the adult Bible classes of the school have offered one penny each to all children of grades including the seniors, for every verse committed with reference, until Christmas.

MENTOR-SALIDA

The indications last Sunday were that New Jerusalem went very wet instead of dry as we hoped.

PLENTY OF WOOD

George Hagenberger has the contract for cutting the twenty acres of woods at the lake belonging to Mr. Berger. The wood will be used for heating purposes. Mr. Berger is evidently anticipating an indefinite coal shortage. Those who have woods are very fortunate. We buy coal when we can get it; if we can't get, well, there's the wood pile. Splendid exercise, too.

Frank Stockwell is planning on a trip to Michigan as soon as he gets his fall work done.

Miss Jennie Youmans received about fifty letters in the past few days. The shower was a complete surprise and very much appreciated.

Mr. and Mrs. Albin Lord of Painesville, are the proud parents of a boy, arrived Nov. 9th.

Mr. and Mrs. Ed Hyde of Willoughby and Ralph Hyde and family of Cleveland were calling at the Bryson home last Sunday.

A. M. Bryson is staying with his brother at present. He will remain there for some time.

Fred Perry and family of Painesville were visiting A. L. Perry's last Sunday.

NEWS FROM WAITE HILL

Mr. and Mrs. Erwin Hadlock are the happy parents of a little daughter who put in an appearance on Wednesday of last week. Weights 8 pounds. She has been given the pretty name of Bertha May. All are doing well. Mrs. Hadlock's mother, Mrs. Rockafellow, is caring for her.

Mr. and Mrs. Christopher and two children of Cleveland were over Sunday guests of her father, Mr. F. O. Carr and wife.

Mrs. Hagar of Cleveland is visiting her daughter, Mrs. J. J. Lilley and family for a few days.

Mr. and Mrs. Perry Johnson of Cleveland were recent guests of her parents, Mr. and Mrs. L. B. Sanborn.

Mrs. Sarah Cox is visiting her children here in this neighborhood.

Mrs. C. C. Webster has been quite ill for a week or so. Dr. Tanner was called.

INDIAN SUMMER

Our little Indian summer put in its appearance Sunday, and everybody was so happy and wanted to "go somewhere," but some had to work in the "taters" but we enjoyed the sunshine just the same.

BIG POTATO CROP

The farmers around here are hustling to get their potatoes dug as that big snowstorm last week caught many a field not yet touched. One neighbor, Lyman Fenner, had seven acres and one piece yielding 212 bushels to the acre. Oh, yes, Lyman knows how to raise potatoes.

The Lilley family were Cleveland visitors Sunday a week ago.

That cold spell with so much snow two weeks ago injured the grape crop considerably, so we've been informed. Although there have been a great many truck loads drawn passed here, but from whence they come we know not.

Miss Sylvia Lilley and Miss Gladys Johnson were callers at the Lilley home Sunday a week ago.

Mrs. Brewster and daughter, Miss Manila, were shopping in Cleveland Saturday.

Lewis Presley raises potatoes that he [illegible]. He weighed 10 and they weighed 15 pounds. It wouldn't take many of this size for a meal for a small family, would it.

Announcing
The New Edison Diamond Disc Phonograph
We have secured a franchise under which we are licensed to merchandise the New Edison Phonograph, an instrument that is the latest product of the Thomas A. Edison's laboratory. We shall introduce the New Edison to the people of Willoughby and vicinity by demonstrations that will be given daily in our Edison Department. We cordially invite you to these demonstrations.
THE S. S. WILSON CO.
Willoughby, Ohio.

A soldier, Carl Shuer, got a 36-hour leave from camp life and was calling on Kirtland friends Sunday. His sister from Cleveland was with him. When our soldier boys get a little leave off they make the most of it.

Mrs. Button has gone to East Claridon to spend the winter.

The Kirtland paving is gaining and the work is being done by "local talent," and if we could only have a week or two of good weather they might possibly finish the job before winter sets in, and we're all praying for that good weather.

Mrs. Mason is assisting at the Hadlock home for a time, helping to look after little Bertha May and help keep her out of mischief.

It's reported the Swartz family and Mrs. Waite have moved to the city.

HENS ON STRIKE

Our hens are on a strike and really believe us they've not laid an egg for over two weeks. They don't seem to see the policy of laying when "egg fruit" is way up to "G," and besides they're not paying any attention to the conservation rule as practical. They're eating between meals.

We were glad to note the election of James Maloney to the office he was seeking. Congratulations, "Jim."

MERE ERROR

We note by the Kirtland correspondent that Miss Elsie Martin is not attending Normal School as we stated in a recent letter. It seems our informant was mistaken. We hope nothing serious will result from the little mistake.

Well, we've not been "threshed yet," but the threshing machine is here and it looks as though we might catch it soon.

We note by last weeks' paper that it's Mrs. Viola McFarland that purchased her father's, the late Enos Metcalf's farm, instead of Walter Metcalf.

OH THAT SUGAR

We received a letter recently from a sister in Montana and in it she says what do you think, we can't get only 10 pounds of sugar at a time here. Oh, my! If we only lived in Montana. We might have a pie once in a while, but when one can only get a pound of sugar at a time, pies have to be scarce.

Manager Doddingham is in Virginia. That colossal barn on the Tannenbaum farm is getting skyward fast.

NEWS FROM KIRTLAND

OFF FOR MEXICO

Mr. Charles Wilson, who has been delivering groceries for J. A. Becker, started Monday for Roswell, New Mexico, for his health. This is the same place where Ralph Allen is staying. Mrs. Wilson and the children will remain here for the present.

Ralph Allen writes that the weather in Roswell is fine, only one day since he has been there that the sun didn't shine all day, but an overcoat is needed as soon as it goes down. He is gaining every day and feels fine.

Mrs. Geo. Stokes is rejoicing over the advent of a new little granddaughter who arrived about midnight Friday night in the home of Mr. and Mrs. Edward Stokes in Willoughby.

Mrs. Ada Markell spent a few days with Mrs. F. S. Allen last week.

John Ulmann and family expect to move to Nottingham this week Thursday.

Charlie Strang and family have moved into the old Sleeman place which Mr. and Mrs. J. B. Barton recently vacated, having rented C. P. Clapp's farm.

STAY ALL WINTER

Rev. and Mrs. Chenoweth have rented furnished rooms of Mrs. Lamoreaux in Wilson's Mills and moved there last week. They will stay through the winter, as it will be much easier for Rev. Chenoweth to serve the two churches of which he is the pastor.

Mrs. Geo. Morse was a Painesville visitor Sunday.

The Misses Blanche Grover and Katherine Markell spent an afternoon last week visiting Miss Page's school room, observation work being a part of the required normal school course.

A party was given at the hotel last Thursday evening for Leon Whitcomb, Lois Barstow and Agatha Holmes, who have left school and have taken the examinations for enlisting in the army. The party was composed of schoolmates and friends and a very pleasant evening was passed.

THE BUSY STORK

The stork visited the home of Mr. and Mrs. Irwin Hadlock last week and left a fine little girl.

Miss Rose Hunkin is spending some time visiting friends in South Newbury and Chagrin Falls.

Miss Nellie Whitcomb was at home over Sunday.

Miss Ella Andras, who has made her home with Mr. and Mrs. Geo. Booth for over a year, returned to her parents in Cleveland last Tuesday.

Mr. John Brooks is improving in health and is able to go about the house and yard a little.

Mr. F. D. Morley of Mentor was a Sunday guest of Dr. and Mrs. Russel.

The Reds gave the Blues a pleasant time Saturday evening. After a short program prepared by Miss Mildred Markell, one of the Red captains, some time was spent in impromptu story telling and then refreshments were served.

THANKFUL FOR AUTO

Mrs. C. E. Fleming motored to Akron Friday and returned Monday. She was thankful indeed that she had her auto for all the street cars and suburban lines were tied up by the strike which started at 3 o'clock Monday morning.

Harvey Morse was at home Sunday.

PLENTY OF YARN

There is now plenty of yarn for knitting socks, sweaters, etc., for the Red Cross. If there are any ladies who can help in this work will they please call up Mrs. N. P. Crawford and let her know. For the last month 15 pairs of socks, two sweaters, one pair of wristlets, three dozen wash cloths were finished and sent in to headquarters. More sweaters are needed and it is hoped there will be a number of volunteers for this work.

Mr. and Mrs. Wm. Groevr and Mr. and Mrs. C. E. Fleming were among the number who attended the surprise party for Mr. Fenton on the Lake road in Willoughby Monday evening.

Miss Mary Fleming was at home over Sunday from the Andrews Institute.

Schram District

There will be an oyster supper at the school house Saturday evening, November 24 for the benefit of the Red Cross.

Mrs. Sophia Hager of Cleveland was a guest at the Garnett home last Friday.

Mr. and Mrs. Walter Pease moved to Cleveland last Thursday. A family from near Painesville have moved into their home.

The Miller family moved to their new home in Nottingham last Thursday. Also the people in Mrs. Maxfield's house have gone.

The McLeod and Hoenig families expect to go to Madison to their new home this week. It is with a feeling of sadness that we see our old associates go from among us.

Mrs. Alvin Garnett attended church at Wickliffe last Sunday and was a dinner guest of the Misses Alice and Ruth Greene.

Herbert Leuty of S. Euclid, visited his parents Saturday and Sunday.

Mrs. Lucius Willis had a nephew and niece from Cleveland with her over Sunday.

Alvin Garnett visited his father in Nottingham last Monday.

At last report Grandma Fields was getting well again.

A number of our young people gave Miss Doris Bornemann a surprise last Saturday night.

C. C. Grover was elected a member of the school board.

With the fine weather of last week most of the potatoes were taken care of hereabouts.

TOWNSHIP SUNDAY SCHOOL CONVENTION COVERS MANY POINTS OF INTEREST

The township Sunday school convention was held in the Church of Christ last Friday evening. The audience, while not large, showed a good representation of the Sunday school workers of the township. A program interesting and helpful to those engaged in Sunday school work was presented. Rev. Bates, pastor of the Congregational church, at Fairport Harbor, illustrated in the opening exercises of the convention methods of opening a Sunday school by which the interest and attention of the junior scholars might be gained and maintained.

Several departmental superintendents of the county work were present and told of the particular work that their departments were expected to do. The principal address of the evening was given by Rev. Christy of Painesville, on the work of the Sunday school teacher as a soul winner. He emphasized the fact that while the teacher must teach the lessons and thus enable their scholars to gain Bible knowledge that beyond that they were to lead these scholars to Christ.

The following officers, who were elected at the last convention less than six months ago, were re-elected: President, Mrs. Horace Parks; vice president, Claude Richards; secretary-treasurer, Mrs. Florence Gillette; teacher training, Rev. J. V. Axtell; elementary, Miss Olive Tinkham; intermediate, Mrs. Geo. Rockafellow; adult, Rev. L. P. McCulloch; home department, Miss Emma Hayden; temperance, Mrs. Helen Pierce; missionary, Rev. H. C. Stocking; visitation, John Boesch.

A constitution that would conform with the constitution of the county Sunday School Association was read by Rev. J. V. Axtell of Wickliffe and by unanimous vote the convention agreed to adopt it as the constitution of the township association. Mr. Ernest Birkholz led the singing in a most acceptable manner.

THREE HUNDRED AND FORTY-ONE PLEDGE CARDS SIGNED IN WILLOUGHBY

The Food Conservation campaign in Lake county resulted in 3807 families signing the pledge cards, with some outlying district still to report. The people, as a whole, have responded splendidly. In the outlying districts of the county the extremely bad weather and impassable roads made it impossible to reach many people, who doubtless would have signed if opportunity were given. Those who refused to sign formed a small percentage of the whole, and nearly all were non-English speaking families, many of whom could not be made to understand the purpose of the movement. People who were absent from home when the canvassers called may yet obtain cards at the office of the county chairman, F. H. Kendall.

Perhaps the best feature of the campaign is its high educational value. The people now realize, in a very definite way, that there is a real food problem, which only concerted work on the part of all the people will solve.

The information given by the Food Department in the saving and substitution of foods is in itself worth all the effort.

Great credit is due to the large number of willing workers who toiled hard and faithfully to achieve this fine result.

WIFE OF WELL KNOWN NURSERY MAN SUCCUMBS

Unusually sad was the sudden death of Mrs. W. B. Cole, wife of the well known nurseryman of Painesville, who died Saturday afternoon, following a minor operation in the morning at Lakeside hospital in Cleveland. Mrs. Cole was the mother of six sons who with her husband survive, Clarence L. Shepard of Painesville, Gilbert S. Cole of Pittsburgh, Alfred Cole who had commenced a three months' course in agriculture at Cornell university only the Tuesday before his mother's death, Barrett Cole who is attending Dennison university, Kenneth and Victor Cole.

The fueral services were held at the residence on Monday afternoon and were conducted by the Rev. M. W. Foshay of the First Baptist church, of which Mrs. Cole was a prominent member and most faithful and capable worker.

Only 99 Savers Out of Every 1000 Americans

Conservation is the all-absorbing topic of the day. Large groups of prominent and influential men and women are being mobilized to assist in the conservation of food and supplies. This is absolutely essential, but the biggest problem during these war times is the conservation of money.

Note the number of savers out of every 1000 people in each of these allied countries:

France	England	Italy	United States
346	302	220	99

This is conclusive proof that we, Americans, are mighty poor savers. There are now many new and imperative reasons for saving—Liberty Bonds—Taxes—Red Cross—Y. M. C. A. Mobilize your dollars against future needs. Arrange to join The Guardian Thrift Club which opens for membership Monday, November 19th.

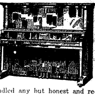
An Epidemic of Piano Sales Now Raging



An epidemic of this nature, like most epidemics, should be avoided; however, it is good as an educator, for it teaches the buying public to always go to A REAL ONE-PRICE PIANO COMPANY, and it shows THE DIFFERENCE BETWEEN PLACES where pianor are handled and a real piano house. It also educates the public to know that

The Real Place to Save Money, Time and Worry Is to Buy From the Manufacturer

Who never conducted a puzzle scheme and who never handled any but honest and reliable instruments with a factory back of them with unuestioned financial strength.

Isn't It Better to Buy Direct from This Reliable Manufacturer

Who always sells pianos direct from his own factory, thereby saving the purchaser the middleman's profit, and doing business on a strictly one-price basis (the honest way) than to go to A PLACE where sales are both epidemic and chronic, where so many different prices prevail that when to buy is an expensive puzzle hard to solve? You will save money time and worry if you come directly here and buy. However, if you feel that you should see one of these epidemic sale pianos before buying, do so. Then BY ALL MEANS COME HERE and compare our players and pianos, and our way of doing business.

You Will Find Different Methods Here; We Are Piano Manufacturers

And do not, like they do in some places, attempt to excite you into buying by trying to make you believe that if you buy at a certain hour, or a particular day, you will save $93.97. Our business is transacted differently; we take it for granted that you are intelligent; and we treat you accordingly. Players and pianos of quality have a standard price; that price is never reduced without a real reason, and if you become acquainted with that reason you won't buy a sale piano.

Our Prices Are Never Reduced—New Pianos From $265 up to $1100—New Player Pianos From $460 up to $1000.

Each instrument is fully guaranteed by us, the manufacturers. As we build each new piano we sell, it is not hard to understand why we sell them at lower prices than is possible for a dealer or agent to sell instruments of like quality. After calling here and comparing our pianos and prices with the sale piano you will agree that you do not want an epidemic sale piano in your home.

You Have a Right to Know

Who manufactured the piano you are thinking of buying; insist on knowing; find out. THEN DO SOME INVESTIGATING YOURSELF BEFORE PURCHASING. You will probably buy just one instrument; you want a piano or player that you are not ashamed of; you want one always ready to play, one that has tone, that will last; that is guaranteed and

At the Right Price—You Can Get It Here

LEGAL NOTICE

Robert Huckvale, whose place of residence is unknown, will take notice that Noah S. Good, administrator of the Estate of Ada E. Huckvale, deceased, on the [illegible] day of [illegible], 1917, filed a petition against him and others in the Probate Court of Cuyahoga County, Ohio, alleging that the personal estate of said decedent is insufficient to pay the debts and charges of administering said estate, and that said decedent died, seized in fee simple of the following described real estate, to wit:—

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as sublot No. 74 in J. G. Bingham's Day Homestead subdivision of part of original Euclid Township tract No. 15, as shown by the recorded plat in Vol. 33 of Maps, page 17 of Cuyahoga County Records, being 30 feet front on the easterly side of East 173rd St. and extending back of equal width 115 feet deep, as appears by said plat, subject to all legal highways.

The petition further alleges that William E. Huckvale claims dower in said premises and that Byron Jackson claims a mortgage lien.

The prayer of said petition is that the said Byron Jackson be compelled to show what lien, if any, he has in said premises; that the dower of said William C. Huckvale be assigned to him, or the value thereof paid to him out of the proceeds of the sale of the said property, and for authority to sell said premises for the payment of the debts and charges as aforesaid. Said petition is No. 81031 and the above named Robert Huckvale is required to answer the same on or before the 1st day of December, 1917.

NOAH S. GOOD, Administrator of the Estate of ADA E. HUCKVALE, Deceased.

AN OFFICER CRIED

A Prussian Officer—captured recently by the French—was led to the crest of a knoll.

On the plain below were Pershing's troops—grim, determined—thousands of them—fitting for the trenches.

The sight stunned the prisoner. America meant business!

And as the truth swept upon him he broke down and cried. His dream of a world-conquering fatherland was shattered.

The ruthless Frost King soon will hurl his battering cohorts against your comfort.

Your first line of defense will, of course, be Gas Service.

Gas Service will hold the cruel autocrat at bay—will take away his "punch."

But now and again his famous Zero "42's" and his picked Blizzard Battalion may break through the line—unless you can rush up reserves.

To make your home "safe for comfort"—show King Winter that you, too, mean business.

Have an auxiliary heating appliance to answer the zero guns—mobilize some extra fuel for a counter attack.

The combination will break Winter's heart—we almost said it would make "Com-Fort" impregnable.

It will end the coming cold-war sooner and you'll never again dread winter's onslaught.

We have an expert "council for defense" that will advise you free.

To Keep Boot Prices Within the Reach of All

This is the ambition of this big store—to offer boots of unimpeachably correct style and with the dependability of quality the Stone imprint is always a synonym of—AT THE ABSOLUTELY LOWEST PRICES POSSIBLE.

To know how thoroughly we have attained this ambition you must see our displays, never as diversified as now, and see how superbly our boots have been built to meet every demand of fashion and service. No price higher than $15—we say this with considerable pride these days of inflated costs of all materials.

How Bond Saves You Money

Suppose you could buy at a store which is not, in the strict sense of the word, a retail establishment—and therefore does not take a profit on the wholesale price of the merchandise and charge you still an extra amount for operating expenses.

Such a store would naturally be able to sell at a lower price and still give you real quality—and Bond's is just that kind of a store.

YOUR CHOICE

SUITS, TOPCOATS, OVERCOATS, RAINCOATS, EVENING CLOTHES

Just One Prcie **$17½** Worth $5 to $10 More

Save $10 on Your Overcoat

With the price of everything on the rise, you may have the idea you cannot save money no matter how you try—but you can save money on your overcoat if you buy it at Bond's because Bond's price is $5 to $10 lower than any retailer will ask you for the same quality. There's just one sure way to be convinced and that is to convince yourself by seeing these garments and trying some on.

Direct to You From New York

If we operated the same as the ordinary manufacturer and you had to buy Bond's Clothes of a retailer, you'd pay at least $10 more for them. But we save you that much by selling to you direct. You keep in your pocket what you'd pay for the profit and selling expenses incurred by the usual wholesaler-to-retailer-to-you plan.

The May Company's Shoe Business is One of the Largest in the Whole World—Why?

There is Nothing "Wonderful" About This Shoe Business—It Is Natural and Logical—

This Shoe business of ours has grown beyond local fame. Its achievements are singular – therefore its reputation has spread throughout the country. What is back of its great extension and development? Four things: Reliable Shoes Good Service Fair Prices – and your appreciation.

That's the foundation, the superstructure and the key-arch of our Shoe success. Simple enough. We invite you to choose from a stock of Shoes that has no worthy rival.

Women's Shoes

Women's Boots, 8-inch lace model, black kid vamps, ivory kid tops, plain toe, welt soles, leather Louis heels $6.45

Women's Boots, 9-inch lace model, mahogany brown kid vamps, ivory kid tops, plain toe, leather Louis heels; very smart $8.00

Women's Boots, lace model, dark tan calfskin, 1 5-8-inch Cuban heel, imitation wing tips. These Boots specially designed for walking........ $9.00

Women's Boots, ideal walking model, soft calfskin vamps, gray buckskin tops, tipped toes, light welt soles, 1 1-2-inch heels—all sizes $10.00

Women's Boots, 8-inch lace model, black kid vamps, rich brown kid tops, plain leather Louis heels. Very new and practical; per pair $10.00

Laird, Schober & Company Boots, high-cut lace models made of tan calf in many shades, English walking heels. They are faultless in style and will yield long and comfortable service.. $12.00

Men's Shoes at $5.00

That "aggregation is economy" was never so fully proven as by our Men's Shoes at $5.00

There are sixty-one different styles for you to select from. Sixty-one distinct types of Shoes, each type in all length and width sizes, mean aggregation, and aggregation is economy.

Leather costs more than it used to, but our Men's $5.00 Shoes are every bit as good as they were before the prices of leather rose.

Determination to meet expectations is the father of initiative, and money is the route around all high-price evil. Cash plus vast retail outlet are the sources of our Shoe power, and they are combined here in your interests. These Shoes at $5.00 are witnesses.

EDWIN CLAPP SHOES AT $12.00
THOMAS CORT SHOES AT $13.00

Twelve and thirteen dollars open the way to the real aristocracy of Shoedom. In a land with democracy as its natural ideal, there will aways be an aristocracy of art. Clapp Shoes and Cort Shoes have attained this position. They hold leadership—a leadership that expresses quality and character.

LEGAL NOTICE

John Bellmuth and the unknown [illegible] devisees, legal representatives [illegible] of John Bellmuth, all of [illegible] residence are [illegible] filed a petition against them as defendants in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that she is the owner in fee simple and in actual possession of the following described real estate:— Situated in the City of Cleveland, County of Cuyahoga and State of [illegible] One Hundred Acre Lot No. 416, as shown by the recorded plat in Volume 5 of Maps, page 22 of Cuyahoga County Records, and bounded and described as follows:—

Beginning on the northeasterly line of Buckeye Road, S. E. (formerly South Woodland Avenue), 80 feet wide, at the Southeasterly corner of a parcel of land deeded to Ernst F. Hallm and Nancy Hallm by deed recorded in Volume 575, page 342 of Cuyahoga County Records; thence southeasterly along the northeasterly line of Buckeye Road, S. E. 30 feet to the southwesterly corner of a parcel of land deeded to John Fedor by deed recorded in Volume 864, page 384 of Cuyahoga County Records; thence northerly along the westerly line of land so deeded to said John Fedor to the southerly line of Cumberland Avenue, S. E. (formerly Cumberland Street); thence westerly along the southerly line of Cumberland Avenue, S. E. 25-11-100 feet to the northeasterly corner of land so deeded to said Ernst F. Hallm and Nancy Hallm; thence southerly along the easterly line of said land so deeded to said Ernst F. Hallm and Nancy Hallm to the place of beginning, be the same more or less but subject to all legal highways.

The petition alleges that the defendants claim some interest and estate adverse to the plaintiff in the said premises by reason of the fact that on or about April 27th, 1894, one John Bellmuth, who was then the owner of said premises, by John B. Ruhland, his duly authorized attorney of record, conveyed said premises to John Ruhland by deed recorded in Vol. 576, page 193, of Cuyahoga County Records of Deeds; that said deed was actually executed and acknowledged by said grantors in the City of Chicago, and State of Illinois, but that the officer who took the acknowledgement to said deed of conveyance, prepared the acknowledgment on a separate piece of paper and attached it to the deed conveying the premises above described to said John Ruhland, and by reason thereof, a cloud is cast upon the title of the plaintiff to said premises.

The petition alleges further that the claims of each and all of said defendants are without any right whatever, and that the said defendants, nor any of them have any estate, right, title or interest whatever in said land or premises or any part thereof; that the plaintiff and her predecessors in title have been in the continuous, open, actual, notorious, exclusive and adverse possession of the premises above described for more than twenty-one years last past and that the said defendants have no interest in said premises whatsoever.

The prayer of said petition is that all of the defendants may be notified of the pendency and prayer of the petition in this action, according to law; that they and each of them be required to answer, setting up any and all interest they have or claim to have in the premises described above, and that upon final hearing of the said petition, the claim of each of said defendants and of those claiming under them, may be adjudged null and void; that plaintiff's title to said premises may be quieted against any and all of the claims of said defendants and those claiming under them, and for relief. Said petition is No. 159298 and the defendants above named are required to answer the same on or before the 1st day of December, 1917.

How Far is Fifteen Minutes?

In these days of high speed, distance has to be considered in terms of time.

Home comfort is thought of as so many miles from business—usually too many. Long-headed enterprise has seen the way to reconcile time, comfort and distance and Shaker Heights is the practical answer—ten miles far, fifteen minutes near—the Rapid Transit does it.

How much? Well, a lot less now than when it is completed.

TWENTIETH YEAR—NO. 42 WILLOUGHBY, O., NOVEMBER 23 1917 ONE DOLLAR A YEAR IN ADVANCE

WILLOUGHBY MAKES EXCELLENT SHOWING IN "Y" CAMPAIGN FUND; SMALL CONTRIBUTORS SWELL RETURNS

Willoughby has exceeded its quota of $2500 and Wednesday had a total to its credit of $2887.98 for the "Y" campaign. The matter has been most systematically arranged by S. D. Shankland at the Andrews school. The small contributors were the ones who swelled the total.

* * *

American Clay contributions amounted to $358.25.

* * *

Each man at the Standard Tire gave a half day's work. Results will be totalled payday.

* * *

The K. of P. lodge contributed $150. Mayor Carmichael, chancellor commander, had this in charge and worked hard on the matter.

* * *

The public schools contributed $425.00, collected by Mrs. Viall.

Students and teachers at the Andrews school gave $161.00, collected by Mrs. Seelye.

* * *

E. M. Otis collected the largest amount, having secured $402.00.

* * *

H. E. Talbot secured $197.50 at the Plains and Lost Nation road, considered a very good showing.

* * *

Another excellent showing was made at South Willoughby, where H. E. Barnes secured $127.75.

* * *

District No. 1 school children gave $57.50.

* * *

Willoughby has occasion to be much pleased with the showing made, and it was the small contributors who did the work.

MENTOR SCHOOLS CONTRIBUTE TO Y FUND

Mentor special schools contributed $67.50 to the "Y" fund for war relief and the West Mentor schools, $66.00.

LAKE COUNTY "Y" FUND CAMPAIGN

Returns for the "Y" fund campaign had reached about $20,500.00 Wednesday. That the quota of $25,000.00 would be more than reached before the close, was anticipated.

MANY LETTERS FROM CAMPS READ AT PATRIOTIC SOCIAL

Not so very long ago it would hardly have been possible to think that a patriotic social where letters from American soldier boys at many points would be read as the main feature of the evening, could be planned. But Tuesday evening just such an affair was held when the patriotic social announced to be given at the home of Mr. and Mrs. Van Gorder occurred. The rooms were well filled. Letters from many Willoughby boys were read. The Talbots, Carrel, Sherman, Walker, Newman, Gillette, Barnes, Barber, Marble and many other families were represented. The letters from the boys showed optimism, patience, humor, patriotism and courage to a marked degree. There was a splendid uniformity of fineness and interest in all the letters read. Willoughby surely has occasion to be proud of the writers. Dr. Pickard gave a brief talk, speaking of the unusual character and interest attached to the occasion.

L. W. Penfield gave a talk connecting reminiscences of the civil war and incidents of the present in a delightfully interesting manner. It was an affair that will be long remembered as all assured the host and hostess.

Two solos by Miss Marion Saunders added much to the enjoyment of the evening.

ASSISTANT PASTOR ARRIVES

The congregation at the Methodist church Sunday morning were much pleased at the announcement that an assistant pastor had arrived at the parsonage at 4.40 Sunday morning. The young man has not been named as yet.

MANY CONDITIONS ENTER INTO LOCAL COAL CASE

Mayor Carmichael, Prosecuting Attorney Von Beseler and Messrs. Barnes and Lamos were placed under one thousand dollars bail Saturday last following the recent holding of a Lake Shore train in an effort to secure coal for the village. The federal court will convene December 10. At that time 40 cases of various natures will come up for hearing and information as to when the trial will occur will be given then. Talking of the case on Thursday morning, the district attorney of the federal court stated that there was nothing personal in a case of this kind. Serious conditions all over the country, he said, makes the transportation question of great moment. Supplies for abroad were upon the train, which was held for 5 1/2 hours, and this, he said, gave the serious aspect to the case. Had the cars been standing upon a siding the matter would in all probabilyt have been disregarded. No one was more sorry than he, he said, that any action had to be taken. Railroads, individuals and towns lose their individuality, and are merged in the effort for the common good during present times was the information he conveyed.

WHERE IS 25 PERCENT OF $41,000 COLLECTED FOR THE RED CROSS

Lake county has 25 per cent of the $41,000.00 collected in July, coming to it for its local Red Cross work, according to the government report. Enquiry is being made as to when the 25 per cent will be distributed to the Lake county workers. They are becoming anxious to receive it.

"Y" CAMPAIGN BRIEFS

One thousand dollars was subscribed at the meeting in Wickliffe Thursday last when Lieutenant Pickard spoke. C. C. Robbins started the ball rolling with $100.00.

* * *

Cleveland Crane & Car Co. office girls flagged all automobiles passing through Wickliffe Friday last. They waved the "Y" pennant and raised a substantial sum to Wickliffe's credit thereby.

* * *

Cleveland Crane employes subscribed $200.00.

E. P. WALSH BUYS HARDWARE STOCK

E. P. Walsh of A. T. Hill and Co., has purchased from the trustees the stock of hardware of the George Romey? his store. Mr. Walsh has not decided as yet as to what he will do with it.

IMPROVEMENTS IN ALLOTMENT BEING INSTALLED

The installation of the sewer in the McNutt-McCall Co.'s allotment is now under way. The contractor has the sewer pipe in place on Waldmere avenue, and has begun operations. A steam shovel is used in excavating the trench. This, in addition to other modern methods being employed, will result in this work being completed very rapidly. Stone and cinders for a [illegible] stretch of sidewalk are also in place on the property. Laying of the water mains will also begin at an early date.

Numerous sales of its lots are reported to have been made by the company within the last two weeks. The indications are, with complete improvements actually in course of installation, that the exceptionally desirable property will sell out very rapidly.

LAKE WATER REACHES COUNTY LINE AT WICKLIFFE

Lake water is now being piped to the county line at Wickliffe. Wickliffe residents are expressing the hope that the "city dads" will pipe it right on for Wickliffe residents.

MAN FALLS FROM ROOF AT J. H. R. PRODUCTS PLANT

NEW WICKLIFFE PLANT MAKING SHIPMENTS

The new chemical plant at Wickliffe, the Kessler-Clark Co., are beginning to make shipments. Five or six cars of Epsom salts per week are being shipped.

ANDREWS GIRLS SELL DOUGH NUTS; MAKE "Y" MONEY

Many ways and means are taken advantage of, in which to raise money for the various war causes now coming up. For the "Y" fund recently, Andrews girls took orders for doughnuts. There was only one trouble with their plan. There weren't enough doughnuts to fill the orders of all who wanted them. After the girls had taken orders for 480, they announced they had reached the capacity limit. They sold at 20c per dozen.

K. OF P. LODGE GOES "WAY OVER TOP" FOR THE "Y" FUND

Wednesday evening, Nov. 21, Willoughby lodge K. of P., and visitors to the number of about two hundred, witnessed the exemplifications of the page rank on fourteen candidates. The work was put on in the dramatic form by members of Golden Rod Lodge No. 467, from Bedford in a very pleasing and efficient manner. Initiation was followed by an oyster supper served as the entertainment committee well knows how. At the meeting it was reported that the lodge had gone way over the top in subscribing over $250.00 for the Y. M. C. A. war fund, and more money still coming in.

SINGERS CLUB HAS PATRIOTIC OCCASION

The opening of the Singers club at the Statler Tuesday night was in the nature of a patriotic occasion, each table being presided over by a captain and lieutenant in costume of the Allies. France, Italy, Spain, England and other countries were represented. James McMahon was a local guest.

A POST CARD FROM CAMP SHERMAN

"Editor Willoughby Republican:

I am sending you a copy of the Camp Sherman edition of the Scioto Gazette. It may be of interest to you and it contains much information on Camp Sherman. Received paper O. K. and enjoyed John A. Mack's interesting description of his trip to Camp Sheridan. Your paper affords me much pleasure and I look forward to it every Sunday. Best wishes.

Very truly yours,
"JOHN W. RYAN."

The Republican is very glad to receive the splendid camp edition of the "Gazette" and will publish extracts of interest from time to time. The Republican has received many words of praise from various readers in regard to the letters published from the camps and we are more than glad to have the pleasure of publishing these personal letters from the Willoughby boys at Camp Sherman and Camp Sheridan.

Wickliffe Gives Over $4,000 To "Y" Fund

Something will have to be done about those people over in Wickliffe. Left to go on the way they are, they surely will think that no one in the county can come up to Wickliffe when it comes to raising Liberty bonds, "Y" funds and such. C. C. Robbins was immensely interested in Willoughby's showing Wednesday. He was also immensely pleased with Wickliffe's record. "We just raised a trifle over four thousand," he murmured deprecatingly. This is the way they did it. $1202.00 was taken in when Lieut. Pickard spoke there last Thursday evening. There were 205 individual contributors and no subscriptions of over $50.00 each. Then Mayor Coulby, the Interstate Steamship Co. and the Corrigan & McKinney Co. gave $2150.00. The total contributions amounted to $4149.90. It was estimated that the quota assigned them was about $1000.00.

Mr. Robbins is always delightfully polite.

But we might be pardoned for thinking that he did take an unusual amount of interest in telling folks what the rest of the county was raising.

But there isn't any getting around it. Wickliffe is some place.

KIRTLAND RAISES $700 FOR "Y"

Dr. G. C. Russell and W. R. Crary and their helpers have canvassed the town for the Y. M. C. A. fund and on Monday met the workers from the other parts of the county in Painesville to hand in their reports. Nearly $700 was raised in our little town, a very good sum considering the fact that most of the city people living here had already given their donations to the city canvassers.

PROSPECT THEATER

Whitney Collins the author of "A Good for Nothing Husband," which shows at the Prospect theatre next week, has given to the stage one of the best comedies presented this season. Mr. Collins has taken for his hero a man of the common, ordinary type met in every day life who serves as a pivot for an exceedingly amusing tale. Barney Mollow has a penchant for inventing and through a nagging wife and business blunders is forced to call in the assistance of the village Shylock. The financial difficulties are finally straightened out through the success of one of his inventions and the family begin to come into their own. There is considerable drama interwoven into the plot. The cast supporting Jack Fleming, who plays the leading part, includes such well known players as Dorothy LaVerne, who will be remembered as one of the principals in "Within the Law," "Peg o' My Heart," and "The Third Degree." Marie Davidson, Harry Gurvey and George Bean are also members of the cast. The usual matinees given on Tuesday, Thanksgiving day and Saturday.

Standard Theatre

Week of November 25th the Standard theater presents the second superb production of the Fox Kiddies in "Aladdin and the Wonderful Lamp." This production is unquestionably the greatest picture of its kind that has ever been put on the screen, and it appeals to persons of every age. Master Francis Corbin and Dainty Virginia Corbin Lee play the leading role and their work is the greatest that was ever achieved by children their age. The story is well remembered by most all people and those that have never read it will never forget it after seeing it on the screen. The settings are most wonderful and elaborate, and many interesting scenes, one of them the great sandstorm on the desert. So to miss this is to miss two hours of happiness.

Colonial Theatre

"Good Morning, Rosamond," a comedy with an interesting cast, is offered next week at the Colonial. Lily Cahill, who was the leading woman of the Colonial players last summer, is one of the featured members. Others are Lowell Sherman, Charles Reigel, Annie Hughes, Bob Adams, Dwight Meade, Lillian Cooper and Arthur Allen. The production was staged under the direction of Jessie Bonstelle and the play is presented by herself and the Shuberts. Constance Skinner is named as the author, and the production goes from here to Broadway.

Opera House

"Cheating Cheaters" is a mighty clever play of the crook variety. It comes the next week to the Opera House. Max Marcein, so it is said, wrote the drama on a bet that he could give a new twist to a play of the underworld variety and get away with it. Evidently he succeeded, for it has been a big success. There is a well balanced cast presenting it, and the story is said to hold from the first moment to the tag. The cast includes Edward Ellis, Cathleen Nesbitt, Frank Monroe, Edouard Durand, Anne Sutherland and many othres well known.

HIPPODROME

Fall festival week at B. F. Keith's Hippodrome next week will be celebrated by the presentation of a program of thirteen feature acts making one of the biggest shows presented at the popular playhouse during the present season. Heading the big bill will be Eddie Leonard, one of the most popular mistrel men on the stage today and a composer of note. Leonard is famous not only for his comedy, his original manner of singing songs but for the popular melodies he has created as well. He is the author of the famous "Ida," "Roly Boly Eyes" and others and is this year singing a new one, "Sweetness Honeysuckle Mine." is presenting an original sketch of the old south "The Minstrel's Return," in which he is supported by a large company of singers and dancers.

Other features of the program include Mlle. Marydon Vadi and Ota Gygi; Mabel Russel, Marty Ward and Company; Bonita and Lew Hearn; McConnell and Simpson; Guiran and Newell; Jimmy Lucas and company; Merian's Dogs and many others.

Star Theatre

Joe Hurtig's "Social Maids" will visit Cleveland for a space of a week, opening next Monday at the Star. George Stone, who will be recalled for his work in previous seasons, heads the organization. With him is Etta Pillard. The offering is a musical burlesque, "The Boys From Home," and the supporting cast includes Willie Barrows, Sam Wright, Teddy Depont, Jack Pillard, Jessie Hiatt and others well known to followers of this form of entertainment. There is also a mighty nifty chorus.

EMPIRE THEATER

"The Lady Buccaneers" will commit feminine piracy at the Empire next week, when this burlesque organization presents "Spending a Million" for the delectation of local burlesque followers. Flossie McCloud and Bert Bertrand are featured, the one as 'flapper," for the "flapper" has reached burlesque, the other as a Hebrew pawnbroker. Mermaida and her diving models is a big feature of the olio. Special diving contests, open to all comers, will be staged the week.

Priscilla Theatre

Norris' animals will headline the bill at the Priscilla next week. Other bookings are Marie Eline, the original Thanhouser Kid in "Apple Blossom Time;" Monarch Dancing Four, Nainoa, Hawaiian singer and instrumentalist; Dawson and Bennett, black face comedians; Virginia Grannis, "the girl with the diamond harp;" Adair and Adair, in fearless, funny feats; Wolf and Wilton in a golf skit; Tommie Dayton, clever entertainer. Motion pictures will be shown.

Grand Theatre

Charles H. Miles since opening the Grand theatre three weeks ago in a spick and span condition, has enjoyed profitable business. The headliner for the coming week is the "Old Soldier Fiddlers," who made the hearts of soldiers glad back in '61. Regan and Mack have a comedy act full of fun, dance and song. Florence Timponi, a singer direct from London, is bound to please. Ali Noda, the American comedian; Odiva, in a dancing act, together with Sonia Markova in "The Painted Madonna," close the bill.

"THE BACKBONE OF THE STANDARD EIGHT

The crankshaft is the backbone of your car.

"What kind of a crankshaft will you have?" is just as important a question for the shopper along Motor Lane to ask himself as the better known question: "How many cylinders will you have?"

"The way a car stands up under the hammering of mileage depends largely upon the manner in which its crankshaft behaves. The shorter and more rigid the crankshaft the keener the zest with which friend car whangs away at mileage. Hence the perennial favoritism of the four-cylinder engine.

The eight-cylinder engine, which is a twin-four, has the marked advantage over sixes and twelves of the short, rigid crankshaft of the four, in addition to gaining the advantage of the continuous torque due to overlapping power impulses, as in the six.

"Much of the popularity and performance of the Standard 8 is due to its efficient crankshaft," declares Mr. L. W. Phillips, located at 2027 Euclid avenue, Cleveland, dealer for the Standard 8.

"The short, stocky, rugged crankshaft which delivers the power of this 80-horsepower car to the rear wheels largely explains its wonderful ability on hills, mountains, bad roads, and wherever the real stamina of a car is put to the test.

"Men in this territory who know motor cars are tremendously impressed with Standard 8 standards of performance, and the demand for new models, especially the handsome four-passenger roadster, is taxing production facilities to the utmost."

The Standard 8 is built by the Standard Steel Car Company, of Pittsburgh, old established makers of railway equipment.

The Miles

Mary Norman in her famous character roles will present an act entirely new, starting Monday at the Miles. Master Paul and the Mystic Bird, a young man who plays the violin accompanied by bird songs is sure to please. Hal and Francis and Gordon and Gordon, both in comedy sketches, are among the attractions. A wire act by Togan and Geneva and a William Fox picture featuring Virginia Pearson in "All for a Husband," complete the bill.

Liberty Theatre

Mme. Medici's nude models are the big attraction at the Liberty next week. The models give a correct picture of the wonderfu pieces of architecture in Venice. Schooler and Dickinson, piano and song entertainers, will share honors with the models. Others on the bill are Wastika with trained seals; Symoa, Brazilian athlete; Ferguson and Sunderland in a series of songs and dances, while Neal Abie, a former minstrel, will close the vaudeville end of the bill. There will be a special matinee for children Saturday. Mack Sennett-Paramount comedies are shown at each performance. An all feature show will be given Sunday.

LEGAL NOTICE

Frank Spiller, whose residence is unknown, will take notice that The Schulte Real Estate Company as plaintiff has filed a petition against him in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that said plaintiff is a corporation organized and existing under and by virtue of the laws of the State of Ohio, and that it is now and at all times mentioned in said petition was the owner in fee simple of the following described premises:—Situated in the City of Cleveland, County of Cuyahoga and State of Ohio and known as being sublot No. 1 in the plat made by J. M. Lundy and others as recorded in Vol. 3 of Maps, page 33 of Cuyahoga County Records, and are described as follows:—Beginning in the easterly line of W. 25th St. (formerly Pearl Street) at a point 9 ft. 6 in. northerly of the southwesterly corner of lot No. 493 in Barber and Lord's allotment; thence southerly along the westerly line of W. 25th St. 87 ft. 4 in.; thence north 77 degrees east 100 ft; thence north 63 degrees east to the center of W. 23rd St; thence northerly along the center of W. 23rd St. to land formerly owned by G. W. Jones. Thence westerly along said Jones land to the place of beginning.

The petition alleges that the defendant, Frank Spiller, claims some interest or lien against said premises by reason of a certain paper writing purporting to be an affidavit to obtain a mechanic's lien, which paper writing was filed on or about March 16th, 1907 and is recorded in Vol. 48 at Pages 530 aand 531 of Cuyahoga County Records of Liens. Plaintiff alleges that it did not at that time nor does it now owe the defendant any money whatever, and that the said defendant did not then have or does not now have any right, title, interest or claim by way of lien or otherwise in or to said premises, [illegible] the said unsupported affidavit or lien constitutes a cloud on plaintiff's title. Plaintiff alleges that by reason of the filing of the above paper writing, he has been damaged in the sum of $500.00.

The prayer of said petition is for judgment against the said defendant for $500.00 and costs of suit; that the said affidavit or lien may be ordered released and cancelled of record; that plaintiff's title to, said premises be quieted as to the same, and for relief. Said petition is No. 159468 and the above named defendant is required to answer the same on or before the 8th day of December, 1917.

How Far Is Fifteen Minutes?

In these days of high speed, distance has to be considered in terms of time.

Home comfort is thought of as so many miles from business—usually too many. Long-headed enterprise has seen the way to reconcile time, comfort and distance, and Shaker Heights is the practical answer—ten miles far, fifteen minutes near—the Rapid Transit does it.

How much? Well, a lot less now than when it is completed.

LEGAL NOTICE

Clara DeMoss Hawley and Lee Carroll Hawley, who reside at Santa Paula, California, will take notice that George Rowland Lawrence as plaintiff, has filed a petition against them and others as defendants in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that the plaintiff is the owner of and entitled to the possession of an undivided one-third interest in the following described real estate, to-wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and being known as sublots Nos. 41, 42, 43 and the westerly forty (40) feet of sublot No. 44, in George and Celia B. Deming's subdivision of part of original One Hundred (100) acre lot No. 342, as shown by the recorded plat in Vol. 11 of Maps, page 13 of Cuyahoga County Records, and forming a parcel of land 190 feet on the southerly side of Linwood Avenue, and 151.51 feet deep on the easterly line and 151.08 feet deep on the westerly line and 190 feet in the rear, and that the said defendant Clara DeMoss Hawley is a tenant in common with the plaintiff in said premises.

The prayer of said petition is for partition of the above described premises, and if the same cannot be done without manifest injury to the value thereof, then that the said premises be sold and the proceeds distributed to the parties entitled thereto, according to law, subject, however, to a mortgage of $2,000 in favor of Clara Alice Lawrence.

Said petition is No. 159771 and the defendants above named are required to answer the same on or before the 5th day of January, 1918.

FIXING THE ROADS

The Tannenbaum force of men and teams have commenced leveling off the gravel knoll on the Wells place recently purchased by Mr. C. A. Otis. They are donating a large amount of the gravel for the road leading from Hobart's corners to the town line, which was in a fearful condition in some places. They have taken off the bank at the corner which was so dangerous to motor travel. Mr. Chapman, road supervisor, is directing the job. Messrs. Hobart, Hoose and Rice have each donated a day's work with their teams and other neighbors have promised to help. But the Otises are surely doing their part with giving the gravel and 10 or 12 men and 3 or 4 teams working day after day, which amount to a pretty good sum of money of the town had to foot the bills. I'm sure we'll all appreciate the good road when it is finished. Thanks to the Otis firm.

ENGLAND'S PATRIOTISM

The Parent-Teachers are getting up a sort of lecture talk on England and her patriotism during the war. Mrs. Haskell of Geneva, will give the talk at Kirtland chapel Tuesday evening, the 27th at 7:30. Everybody invited to attend. No admission will be charged but a silver collection will be taken. Mrs. Haskell sailed for England on the very next passenger steamer after the Lusitania was sunk and remained a year. The talk will probably be of much interest, so come one and all and fill up the hall.

BERTHA MAY DIES

Bertha May, the little daughter that came to gladden the home of Mr. and Mrs. Irvin Haddock, passed away after only one week's stay, and everybody around are grieved to hear of its departure, as we all thought what happiness that wee girl would bring to that family, but of such is the kingdom of heaven and it is said everything that happens is all for the best, but it is hard to think so in this case. The family has our deepest sympathy.

Ford
THE UNIVERSAL CAR
ONE HUNDRED THOUSAND FORD CARS ON ORDER AT FORD PLANT
During the month of October the Ford Motor Company made 79,675 cars. In the last six months their production was 469,135 or at the rate of 938,270 per annum. The estimated production for the year was placed at 900,000, about 3,000 per day, but there is small doubt that unless war conditions prevent that there will be more than one million Ford cars made within the Ford fiscal year, August 1, 1917, to August 1, 1918. Staggering as are these figures this tremendous triumph of manufacturing possibilities, it is equally astonishing to know that demand is ever ahead of production, and that there has not been a day, since August 1st last, that there has not been orders on hand for more than 100,000 cars for immediate delivery.

PASING TRIBUTE TO MRS. HANNAH GALLAGHER

A useful life terminated last week in the passing of Mrs. Hannah A. Gallagher of Second street. Burial took place from Immaculate Conception church on Saturday.

Hannah O'Connell was born in Cleveland, January 21, 1854, but most of her life was spent in Lake county. In 1880 she married James Gallagher of Mentor, whose death occurred six years ago. For the past twenty-five years she has been a resident of Willoughby and an active member of the Catholic church here.

Her faithfulness to her duties in church, home and community is too well known to need mention. Her life of charity, patience and self-sacrifice, being devoted entirely to the service of others, speaks for itself.

Mrs. Gallagher is survived by two sisters, Miss Agnes O'Connell and Mrs. Katherine Walker, both of Cleveland; also her children, Mrs. J. C. McCarthy, Mrs. F. J. McGroder, Florence Gallagher and Ed Gallagher, all of Willoughby.

These and many others mourn the loss of one who well fulfilled all the requirements of sister, mother and friend.

DEATH OF MARY DELSANTRO

Mary Julia Delsantro passed away at her home Saturday, November 17. Mary was born in Cleveland in 1903, but had spent most of her life in Willoughby, her parents moving here some time ago. Her father is employed at the Andrews [illegible] and one of the brothers, Charles, is engaged at the Cleveland Trust Co. Mary had suffered from a [illegible] illness [illegible] New York, and the 29th of [illegible] suffered a stroke of paralysis, which deprived her of speech and was the cause of her death. The father and mother, [illegible] and three brothers survive. Funeral took place Monday at the church of the Immaculate Conception. Interment [illegible] Willoughby cemetery.

The estate of Harold H. Hill, deceased. Notice is hereby given that on the 31st day of October, 1917, Thomas W. Hill, 11035 Bellflower Rd., Cleveland, O., was duly appointed and qualified as administrator of the estate of Harold H. Hill, deceased, late of Wickliffe, Lake County, Ohio.

PATRIOTISM AND THANKSGIVING

(By Rev. McCulloch)

"This year the union Thanksgiving service will be held in the Methodist church, at 7:30 p. m., Wednesday, Nov 28. There has never been a time within the life of the present generation when the patriotism of the American people was under such obligation to respond to the President's call for the observance of this historic festival. We are involved in the greatest war of all history; have we anything to be thankful for? What should be our attitude toward life and toward God?

There will also be an opportunity to show our spirit of brotherhood. In Armenia and Syria hundreds of thousands of women and children are starving and dying from exposure, and the call comes again for Americans to help. Two years ago the kind hearted people of Willoughby made their contributions to this cause and thereby saved hundreds of lives. Let us, whose homes and farms and shops are safe, do what we can again this year for these neighbors whose faces we have not seen. The offering to be taken at the Thanksgiving service will be sent to the American committee for Armenian and Syrian relief. If you find it impossible to be present, send your offerings.

WICKLIFFE RED CROSS NOTES

Wickliffe knitters and Wickliffe sewers are now separated at the Wickliffe Red Cross circle. "Do you knit?" is the inquiry made at the door, by the white capped door attendant. Upon receiving a negative reply, a request is made for any woman sewing on shirts who knits, to rise. If the non-knitter is a shirt maker, she is then given the shirt maker's place and the knitter is sent to the knitting room, where a bevy of knitters are at work.

Exchanges are made in this way on any class of work.

The Wickliffe circle has been averaging an attendance of 74 at a meeting lately.

BOY SHOT IN PAINESVILLE

Vernon Ray, 17, son of Orville Ray, [illegible] street, a member at the C. P. & A. power house and former engineer at the Lake county court house, was shot and instantly killed late Monday afternoon by a rifle in the hands of [illegible] Watson, 15, son of Frank Watson, Bank street, salesman for the [illegible], Painesville. The shooting took place on the grounds of the Indian Mound Golf club on East [illegible] street.

[illegible] Mayor [illegible] ordered that all rifles in the hands of boys in the city be confiscated. The boy is well known in Willoughby, having lived here a number of years. His grandmother, Mrs. [illegible] [illegible]

WICKLIFEE SCHOOL NEWS

Report of the Wickliffe School (Jackson)
(Received too late for last week)

The [illegible] November 2 proved to be a great success. About $105 was spent with much enjoyment. Such characters as fortune tellers, [illegible] man, wild men, [illegible] girl, [illegible] were especially enjoyed. A mock court was enjoyed by the older people. The police arrested people for such things as being late, laughing, talking with married people and other things.

A fine was charged to each person. Basket ball games given by the boys of the 7th and 8th grades, also the 5th and 6th, were enjoyed by quite a few people. Fairyland, given by the primary grades, gum, cookies, peanuts and popcorn were sold by boys from 7th and 8th grades. Sandwiches, doughnuts and other things were sold by some of the older people. Each pupil and teacher wish to thank everyone that helped to make it a success. Now we will have a playground and you helped to make it.

Only 99 Savers Out of Every 1000 Americans

Conservation is the all-absorbing topic of the day. Large groups of prominent and influential men and women are being mobilized to assist in the conservation of food and supplies. This is absolutely essential, but the biggest problem during these war times is the conservation of money.

Note the number of savers out of every 1000 people in each of these allied countries:

France	England	Italy	United States
346	302	220	99

This is conclusive proof that we, Americans, are mighty poor savers. There are now many new and imperative reasons for saving—Liberty Bonds—Taxes—Red Cross—Y. M. C. A. Mobilize your dollars against future needs. Arrange to join The Guardian Thrift Club which opens for membersnip Monday, November 19th.

The keenest pleasure, and one of the happiest events in our lives is in planning and building a home, making our dreams come true.

In the home and around it centers all that is best in life. To have a home of one's own should be his first aim. It pays the biggest dividends in happiness, and in cold dollars and cents.

But the first thing necessary is the lot. An exceptional opportunity to get fine big lots in the best property in Willoughby, fully improved, carefully restricted, certain to increase in value, at attractive prices, and on easy terms is offered in

Willoughby-Euclid Avenue Subdivision
60x200 $480 up, 80x200 $680 up

Buy your lot now, and have your plans ready for spring building. Prompt action will insure the best location and lowest prices. We will be glad to co-operate in planning and financing your home. Representatives on the property Saturday afternoons and Sundays.

ATTACHMENT NOTICE

Before William J. Zoul, a Justice of the Peace of Shaker Heights, Cuyahoga County, Ohio.

Anna Young, Plaintiff, vs. Mr. Brady F. M. U., Defendant.

On the 4th day of September, 1917, said Justice issued an order of attachment in the above case for the sum of $39.00 and $10.00 probable costs. Said case is set for hearing on the 30th day of November, 1917, at 6 p. m.

Frank E. Brown, residence unknown, but whose last known residence was Alpines, West Indies, will take notice that Gertrude Brown filed a petition against him in the Court of Insolvency of Cuyahoga County, Ohio, praying for divorce, custody of children and relief on the ground of gross neglect of duty and wilful absence for more than three years last past. Said petition is No 7157 and will be for hearing on and after December 21st, 1917.

LEGAL NOTICE

Clara DeMoss Hawley and Lee Carroll Hawley, who reside at Santa Paula, California, will take notice that George Rowland Lawrence as plaintiff, has filed a petition against them and others as defendants in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that the plaintiff is the owner of and entitled to the possession of an undivided one-third interest in the following described real estate, to-wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and being known as sublots Nos. 41, 42, 43 and the westerly forty (40) feet of sublot No. 44, in George and Celia B. Deming's subdivision of part of original One Hundred (100) acre lot No. 342, as shown by the recorded plat in Vol. 11 of Maps, page 13 of Cuyahoga County Records, and forming a parcel of land 190 feet on the southerly side of Linwood Avenue, and 151.51 feet deep on the easterly line and 151.08 feet deep on the westerly line and 190 feet in the rear, and that the said defendant Clara DeMoss Hawley is a tenant in common with the plaintiff in said premises.

The prayer of said petition is for partition of the above described premises, and if the same cannot be done without manifest injury to the value thereof, then that the said premises be sold and the proceeds distributed to the parties entitled thereto, according to law, subject, however, to a mortgage of $2000 in favor of Clara Alice Lawrence.

Said petition is No. 159771 and the defendants above named are required to answer the same on or before the 5th day of January, 1918.

How Far Is Fifteen Minutes?

In these days of high speed, distance has to be considered in terms of time.

Home comfort is thought of as so many miles from business—usually too many. Long-headed enterprise has seen the way to reconcile time, comfort and distance and Shaker Heights is the practical answer—ten miles far, fifteen minutes near—the Rapid Transit does it.

How much? Well, a lot less now than when it is completed.

REO
For the Professional and Business Man

THE SIX AND FOUR CYL. REO Roadster is ideal for that constant service required by the man who uses his car several times every day.

SUCH A CAR MUST be ready and on the job all the time. It must be absolutely reliable in performance, and as free from mechanical faults as it is humanly possible to make it. And, above all, the upkeep must be low.

MORE REO ROADSTERS are in service in hands of professional and business men—Doctors, Lawyers, Contractors, Salesmen, Solicitors, Overseers, etc.—than of any other make of similar size and price.

AND THAT IS BECAUSE of the wonderful sturdiness and the low upkeep of this Reo.

IT IS EASILY and readily manipulated through the densest of traffic with the Reo one rod control. Switches, spark and throttle control are mounted on the steering column and within handy reach of the driver in his natural driving position.

EQUIPPED WITH Reo-Remy starting, lighting and ignition system—than which none is better—it is a complete and efficient Roadster ready at all times for instant use.

WHERE ELSE CAN YOU, for that price, obtain such a classy Roadster and one with a Reo reputation?

Death From Dirty Flues

Do you fully realize the importance of the CHIMNEY to your heating or cooking appliances?

Do you know that unless the chimney is kept clear, poison gases, caused by incomplete combustion, will pollute the inside air and may cause death by asphyxiation?

No matter what fuel you burn—coal, wood, coke or gas—your safety demands that you keep the chimneys clear so that these deadly gases will escape to the outer air.

Furthermore, you should make sure that you have no SOLID DAMPERS.

Every damper should have a hole in the center and even then it should never be closed tight, because a closed damper forms soot.

Play safe. Have your flues inspected today and if you do not find a clear air passage have them cleaned IMMEDIATELY.

It makes no difference whether you are a user of Gas Service or not. This is a matter of vital importance to everyone. Prompt action today may save a life tomorrow.

For your assistance and protection, our experts will advise you free on this subject.

THE AUTOMOBILE BUSINESS HAS BECOME RECOGNIZED AS THE LEADING INDUSTRY OF THIS COUNTRY.

The most important factor to follow the Automobile business is the STORING of automobiles and the selling of accessories.

The congestion of population in the larger cities where so many apartment houses must be built to accommodate the people, does not nermit of private garages being built.

The need of large public garages in thickly populated districts, was seen by the organizers of The Service Auto Storage Company, as a result of which the Company has already purchased three sites of land in districts that are built up all around with apartment houses.

Site No. 1 is located at East 79th and Hough Avenue and will accommodate 400 machines.

Site No. 2 is located at Euclid and Hosedale Avenues and will accommodate 150 machines.

Site No. 3 is located at Hartshorn and Lake Front and will accommodate 100 machines.

The land we own is worth approximately $100,000.00.

We are incorporated for $500,000.00, under the laws of Ohio. All stock is common stock.

The purchaser of a small amount of stock shares in the profits of the Company equally in propor-tion to the stock owned.

We are not paying large commissions to a fiscal agent to sell our stock.

No officer of this company can draw any salary until the dividends on all stock issued is in excess of 10 per cent.

We will sell tires, accessories, etc., and handle the agency for several good machines.

Our garages will be built at actual cost as the president of the company is a practical and successful builder of Cleveland.

We firmly believe that the income from rentals of storage space at East 79th and Hough Avenue will pay 10 per cent on the entire capitalization.

This is not a stock-jobbing proposition but an actual reality as the location at East 79th and Hough Avneue has the foundation and steel work there already and the building will soon be carried to completion.

This company will become a National Institution, with garages throughout the United States.

Now is the time to get in on the ground floor.

The men who will handle the reins of this company are conservative business men of Cleveland.

A. M. GORDON, President,
JOS. NEWMAN, Vice President.
IRWIN HARRIS, Sec'y. and Treas.

and take advantage of this issue of stock.

Fully 90 Days

earlier than our best calculation, we are now laying 700 feet of switch track and the first unit of the building (62x410 feet) is now being laid out and nothing but the most inclement weather will interfere with the making of tires and tubes in this plant by August 1918.

Mr. W. C. Owen, president of the company and head of the firm of W. C. Owen & Co., architects and engineers, who has designed 14 rubber factories, will have personal charge of the engineering and constructon work and this is assurance of a model plant and an undoubted saving of thousands of dollars for the stockholders.

Our sale of stock has been beyond our fondest hopes and proves to us that the public wants to buy rubber stocks and recognizes the peculiarly good features of this stock.

It is our only regret that we can not personally see each prospective investor and make him familiar with all of the facts regarding our company.

The unknown heirs and devisees of Edward Gleeson, Leroy Scovill and the unknown heirs and devisees of Leroy Scovill, Adaline A. Scovill and the unknown heirs and devisees of Adaline A. Scovill, all of whose places of residence are unknown and the names of the unknown heirs and devisees being unknown, will take notice that Edward H. Green as plaintiff, has filed a petition against them as defendants in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that he is the owner in fee simple and is in actual possession of the following described real estate, to wit:

Situated in the Township of Independence, County of Cuyahoga and State of Ohio, and known as being part of the original Independence Township lot No. Twenty-nine (29) in Tract Three (3) west of the River, and bounded and described as follows:

Beginning at a stake in the northwest corner of said lot No. 29; thence southerly along the center line of Brecksville Road, 20 rods; thence easterly parallel with the northerly line of said original lot No. 29, 42 rods; thence northerly parallel with the first described course, 20 rods to the northerly line of said original lot No. 29; thence westerly along the northerly line of said original lot No. 29, 42 rods to the place of beginning, containing 5 1-4 acres of land, be the same more or less, but subject to all legal highways.

The petition alleges that the defendants, the unknown heirs and devisees of Edward Gleeson, deceased, claim some interest in said premises hostile and adverse to plaintiff's rights, by reason of a certain mortgage recorded in Vol. 123, page 435 of Cuyahoga County Records, dated September 27th, 1857, executed by the then owners of the property above described in favor of the minor heirs of Edward Gleeson, which mortgage has never been cancelled of record, but the same has been fully paid; that the defendants, Leroy A. Scovill and the unknown heirs and devisees of Leroy A. Scovill, Adaline A. Scovill, and the unknown heirs and devisees of Adaline A. Scovill, claim some interest in said premises hostile and adverse to plaintiff's rights by reason of a certain warranty deed recorded in Vol. 109, page 81, of Cuyahoga County Records, dated September 28th, 1859 and executed by Leroy A. Scovill and Adaline A. Scovill in favor of Benjamin F. Sharp, in which deed no consideration is mentioned, altho a full and valuable consideration was paid by the said Sharp to the said Scovills.

The petition alleges that said defendants and each one of them have no interest in said premises whatsoever, and any claim they make is barred by the lapse of time and statute of limitations, but that the alleged claim they make constitutes a cloud on plaintiff's title; that none of said defendants, nor any one of them nor anyone claiming thru or under them have ever attempted to convey or to enforce any interest in said premises since July 27th, 1860, and that as against each and all of the said defendants this plaintiff and his predecessors in title have had, held and been in actual, open, notorious, continuous and adverse possession of saidpremises for more than twenty-one years last past.

The prayer of said petition is that each and all of the said defendants may be compelled to answer and show what, if any interest they have or claim to have in said premises, or be forever barred from asserting the same, and that said interest be adjudged to be null and void, that plaintiff's title to said premises be quieted as against each and all of the said defendants, and for relief.

Said petition is No. [illegible] and the above named defendants are each of them required to answer the same on or before the 5th day of January, 1918.

Suits and Overcoats $25.00 and $30.00

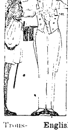
These Suits and Overcoats, in style, materials, tailoring and fit, are equal to the ones we sold three years ago at $25.00 and $30.00. HOW CAN WE DO IT? The answer is easy—by selling more of them, by increasing the volume of sales. After overhead-operating-expenses are met—the additional business done represents a larger margin of profit—or enables us to sell on a smaller percentage of profit.

You, our patrons, have done splendidly by us—you have given us a tremendous trade—and this permits us to continue offering exactly the same character of values that has made our Clothing department so pre-eminent.

A multitude of Suits and Overcoats at $25.00 and $30.00—thousands of them—and every one sustains our long-established standard of quality—of excellence and elegance.

Society Brand Clothes

Garments for Social Thanksgiving



No Clothes uplift movement—no reforming zeal—will ever abolish the Swallow-tail. It is firmly intrenched in popular favor, and is a vital part of the traditions of our social life. It provides the proper *ENSEMBLE*. Few tailors have mastered the art and the science of cutting a Full Dress Suit. The skill of **SOCIETY BRAND CLOTHES** designers and cutters has earned for them the title of the Michelangelo of the Swallow tail. Every curve, slope, line and drape shows classic grace.

DINNER JACKETS—Tuxedo—are the diminutives of the Swallow-tail—abbreviations, but in their way, just as important.

ENGLISH CUTAWAYS have their distinctive place in the scheme and economy of Men's Dress. These, together with Dress and Fur-lined Overcoats, are to be found here in complete assortments, and their tax upon your purse is lighter than you may think. For example:

Full Dress Coats and Trousers, made of plain or herringbone worsted; **$30.00 to $60.00.**

Dinner Jackets and Trousers, made of plain or herringbone worsted. Prices range **$30.00 to $50.00.**

Trousers made of pin and needle striped worsted—perfect in fit and hang; **$7.00 to $12.00.**

English Cutaway Coats and Vests, black or oxford vicuna or unfinished worsted; **$30.00 to $50.00.**

Dress Overcoats, made of vicuna or unfinished worsted, black or oxford; **$30.00 to $50.00.**

Fur-lined Overcoats—broadcloth shells, nutria, marmot, muskrat and mink; **$60.00 to $325.00.**

ONE DOLLAR A YEAR IN ADVANCE

COMMITTEES, PROGRAM AND SPEAKERS ARRANGED FOR WILLOUGHBY FARMERS

Following are the committees appointed and a portion of the program outlined for the Farmers' Institute to be held in Willoughby, February 4 and 5, 1918:

Women's section—Mrs. W. P. Sherman.

Boys and girls—Prof E. M. Otis.

Program—Wm. Little, Rolfe Brown, S. G. Brown.

Three state speakers have been appointed for the institute. Mr. Myron H. Bachtell of Columbus, will talk on "Soils and Fertilizers," Mr. R. R. Robertson, Norwalk, on "Horticulture and Potatoes," and Mrs. Ida A. Durbin, Fredrickstown, for the women's section.

It has been planned to hold a baking contest for girls under eighteen. Prizes will be given for the best loaf of bread, layer and loaf cake and butter.

Boys under eighteen will be offered prizes for the best section of seed corn, appes and potatoes.

The forenoon of the first day will be given over to the boys and girls, the program consisting of a spelling contest, composed of the champion spellers of each district and grade school, also a debate.

Further notices will be given in due time.

LAKE COUNTY CHAPTERS SEND LARGE AMOUNT OF RED CROSS WORK FOR NOVEMBER

The National Red Cross had to buy in the market 550,000 sweaters during November, in addition to the large number of knitted articles forwarded from chapters. Major Murphy reports that the demand for sweaters, wristlets and socks is impossilble to meet.

The Lake County Red Cross sent the following amounts of supplies to the Lake Division in November:

Bed socks, 48 pairs; handkerchiefs, 276; bed sheets, 65; draw sheets 75; pillowcases, 190; hand towels, 132; dish towels, 600; Turkish towels, 12; wash cloths, 1152; sweaters, 114; knitted socks, 175 pairs; mufflers, 23; wristlets, 24 pairs; sleeping caps, 3; shoulder wraps, 180; comfort bags, 137; blankets, 1; nine-inch compresses, 137 packages, each package containing 20 compresses.

The November output was somewhat smaller than had been expected but the Red Cross workers hope that December will show an improvement.

Major Murphy has stated that the United States output of surgical dressings must be increased to 5,000,000 a month. It has been about 3,000,000.

PARTICULARS ABOUT BREACH OF PROMISE CASE TO BE HELD IN WILLOUGHBY

On account of the importance of the case, the committee having charge of the details of the Mock Court Trial to be given under the auspices of Willoughby Branch Red Cross Chapter, in High School Auditorium on Wednesday evening, December 5th, has secured the services of Col. A. V. Newton of Worcester, Mass., as prosecuting attorney, while the defendant, not to be outdone, has retained Geo. C. Von Besler to defend his hitherto good reputation.

Col. Newton is widely known as an

F. M. Gray has received an appointment as first lieutenant in the aviation corps. Local friends are glad indeed to learn of his promotion as that of other Willoughby boys whose progress is being frequently reported.

NOTED SINGER SENDS GREETING TO BOY

Some Willoughby folks were traveling to Columbus the other day. They occupied seats in the parlor car. The little boy in the party grew restive and began to turn around in his seat. A kindly faced woman in the seat back smiled at him.

They grew to be great friends. Now the little boy has a letter from the pleasant faced woman, saying, "Hello to the dear little boy," and saying that she hopes to meet him again, also that he is to have her picture.

The woman was Madame Schumann-Heink.

The boy was the little son of Frederic Wood, district school superintendent.

DR. GEORGE H. REEVE RECEIVES COMMISSION

Dr. George H. Reeve, assistant superintendent of the State Hospital, who enlisted as doctor of mental hygiene has received first lieutenant's commission and orders to report at the barracks in the western division.

SUMMER COTTAGE HOMES RANSACKED

Nine summer homes on the Plains road were recently entered and ransacked by thieves. The homes entered included those of E. E. Flickinger of Indianapolis, C. W. Gunn, Harry Sherman, S. S. Wilson, Dr. McClanahan, A. J. Fawcett, Fred Bond, Wm. Brown, former justice of the peace, East Cleveland, and —— Burrows. The only loss sustained, so far as ascertained by Constable Moloney Wednesday, was that of A. J. Fawcett, who lost a large assortment of guns and rifles, amounting, it is reported, to $300.00. Mr. Fawcett was out at the cottage a week ago Sunday when everything was found intact. The houses were entered during the week and the fact discovered when Mr. Fawcett came out last Sunday. Bureaus had been ransacked and general search through the houses made.

HAND MADE ARTICLES AWAIT BUYERS AT ANDREWS SCHOOL

At the Andrews school they are piling up a tempting array of hand made articles beautifully finished under garments, waists, cushions, a fascinating sweater, aprons, towels, art work, and later delicious things to eat will appear. The girls have been devoting their spare time for possibly a month to the making of the dainty and beautiful articles.

They will be offered for sale at a Bazaar to be given in the Andrews gym, Saturday, December 8th, at 3 p. m. Tickets are now on sale. As if the acquiring of these beautiful articles for gifts for oneself and others was not sufficient, one has the added reward of knowing that all the funds will go to the aid of the French war orphans. A lecture is also being arranged for 7:30, and the sum of ten cents will admit one to all.

Light refreshments will also be served. It is to be a gala affair.

MR. AND MRS. FULLER RETURNING FROM SOUTH AMERICA

Mr. and Mrs. S. S. Fuller are returning from South America. Mr. Fuller is the manager of the Good year branch at Rio Janeiro. Mrs. Fuller is a daughter of Capt. Eaton. En route they will stop at Panama, where they will visit Ward [illegible] who is in military service there. They will probably arrive in Willoughby around Christmas time and remain for several months.

MEN'S CLUB HAVE INTERESTING MEETING

The Men's Club at the Episcopal church had an interesting meeting last Friday night. The club is well organized and promises to have some entertaining features during the winter. Much interest was taken in the talk given by Mr. Rentschler of the J. H. R. Products Co. Mr. Rentschler is an excellent teacher. His talk on catalysis was so clear that all had an excellent understanding of the subject as presented. He was recalled after the close of his talk, and as an "encore" talk, told of conditions in Germany when he was studying there.

INTERESTING FEATURES

DAUGHTER OF MR. AND MRS. N. C. SMITH PASSES AWAY

Word has been received of the sudden death, Tuesday a. m., of Mrs. Notona Weber, wife of Dr. John Weber, of Akron, and daughter of Mr. and Mrs. N. C. Smith. This is the week of the golden wedding anniversary of Mr. and Mrs. Smith, and they had gone on to New York to be with their son there during the time. Considerable pathos is added to the sadness of the death by these circumstances. Arrangements for the funeral were pending Wednesday.

MRS. BOLTON'S WAR TIME RECIPES

RYE MUFFINS

One and one-half cup sifted rye flour, ½ cup wheat flour, 1 tablespoonful melted butter, 1 cup milk, ½ teaspoonful salt, 4 teaspoonfuls baking powder. Mix and sift dry materials; beat eggs; add milk; then the dry materials and melted butter. Bake 25 to 30 minutes.

HUSTLE WHILE YOU WAIT

"Y" FUND PASSES THREE THOUSAND

The Willoughby "Y" fund is growing. It is passing three thousand. This is a most excellent showing and is attributed almost entirely to the smaller contributions, such as those who gave a dollar each. Cards are being sent in by mail, and folks who were not at home when the solicitors called, are hastening to contribute. The spirit of the givers in Willoughby is most commendable, and has been highly spoken of. The manner in which the contributions have been tabulated at the Andrews school is most comprehensive. The name of every donor and every sum, no matter how small, is carefully set forth.

"Nothing like system in handling other people's money," S. D. Shankland remarked.

Hippodrome

Another very diversified program of vaudeville will be offered at B. F. Keith's Hippodrome during the coming week when Evelyn Nesbit will head a very clever program.

Miss Nesbit who in the past has delighted countless thousands with her graceful dancing has added two new accomplishments to her repertoire and is now an actress as well as beautiful singer. With Bobbie O'Niell she is presenting a delghtful little skit, "A Roseland Fantasy."

Others on the bill wil include Fox and Ward who have been vaudeville partners since 1867 and who are celebrating their golden jubilee as vaudeville performers; Sam Mann and company in a new comedy sketch, L. Gautier's animated toy shop, the Four Mankayos, the only Japanese girl singers on the stage today, and numerous other feature acts.

In accordance with the expressed wish of President Wilson the Hippodrome will offer a special performance on the morning of Friday, Dec. 7, for the benefit of the Red Cross. For this performance the president has decreed that no war tax shall be charged on the tickets sold. Every one connected with the Hippodrome has donated his or her services and the entire recipts will be devoted to the American Red Cross.

Prospect Theater

One of the most successful dramas of the year, "One Girl's Experience," will be offered to the patrons of the Prospect beginning next Monday night and continuing throughout the week with the usual matinees on Tuesday, Thursday and Saturday. The story has to do with a young working girl who has a hard time in avoiding the temptations and pitfalls offered her in a large city. It is the old, old story told in a different way and the author and producer have left nothing undone to make it the success that it is. Drama, comedy, mingled with tears, elaborate mechanical effects and scenry make it one of the best evening's entertainments seen here this season. Among the cast are such well known players as Joseph E. Reed, Arthur Lines, James H. Wilson, Lillian Morris, Beulah Baker, Lee H. Barclay and Genevieve Gilbert.

Empire Theater

There are burlesque shows and burlesque shows, as the discriminating followers of burlesque have long since discovered, but the universal verdict is that the Biff! Bing! Bang! show is a production which strikes the high water mark in burlesquedom. This show will be seen next week at the Empire theatre and it is sponsored by George F. Belfrage, one of the most progressive of burlesque producers, and one who has been much in prominence since his last season's feat of launching the Hip, Hip, Hooray Girls, who won the banner business on the Columbia Circuit and who were awarded the high honor of playing the long summer engagement at the Columbia theatre in New York city. It may be said with perfect honesty that Mr. Belfrage is giving the American Circuit as wonderful a production in Biff! Bing! Bang! as he gave the Columbia Circuit last year in the Hip, Hip, Hooray Girls.

Miles Theater

If there has been any doubt of the quality of the shows at the Miles it is not from an attendance standpoint, for the Miles is packing them in at all performances and the reason for this is that the motto is big show all the time and heading the bill for week of December 3 is Winfred Walker and her troupe of dancing girls with an elaborate stage setting. Many pretty girls and a wealth of pretty costumes that go to make a high class attraction; Hall Kassman and company, in "This Way Out," a comedy dramatic sketch, full of great pathos and clever comedy; Brown and Jesson, in their clever singing and talking skit; Seamon and Seamon, in their great musical act, they are experts on all musical instruments and go to make a wonderful entertaining act; the three Macks, with their aerobatic skit, do some of the most wonderful feats of strength, and to fill out this wonder bill is Gladys Brockwell in a "Branded Soul," a Wm. Fox movie production.

Grand Theater

Have you ever taken a trip to the new Grand theater? The patrons of this house have named it the "doll house," for it is all the name implies. It is one of the most beautiful theaters in the city of Cleveland and is playing high class vaudeville and feature pictures, and is located on the corner of East 9th and Bolivar road, right near Prospect. Now when it comes to attractions you will wonder how you can see such a show for 35, 25 and 15 cents. Now to give you a surprise that will make you talk, the feature attraction for the week will be the greatest of all musical comedy stars, the famous Fritzie Scheff, who has played in more successful musical comedies than any other woman in that line of endeavor, and next on the bill will be Jack Flood and his big musical comedy company in "A Trip to Holland." In this big company will be found a world of great artists, comedy and otherwise, with a carload of scenery and wonder electrical effects. Brandt and Williams, the dance fiends, who do some very novel dancing steps and then comes another big surprise in Elgin and Friedrick, a wire act that do everything from singing to dancing on the tight and slack wire. Farrel and Banks come in a very neat novelty musical act which go a long way to put music on a high class plane. Then comes another great feature in the fact that Chas. H. Miles has booked the famous movie star, Mae Murray, in "Princess Virtue," a Blue Bird movie production with a real story and a great punch.

Standard Theater

Rex Beach's novel, "The Auction Block," in photoplay, has been secured by the management of the Standard theater for the week of Dec. 2. This story is without a doubt the greatest story ever written by this famous novelist, and tells nothing that could not occur in every day life. There are no situations that are not legitimate, and there are plenty of genuine thrills. This picture was made under the direct supervision of the famous author, and is a stirring life drama of a million girls in America's big cities and small towns. The story is of a young girl, the daughter of a small town politician and an ambitious mother. The girl is so beautiful that her parents determine to make capital of it and put her on the matrimonial market for all she will bring by putting her on the auction block to be knocked down to the highest bidder. She is bought in marriage by a millionaire and from then on the story keeps you stirred up through a lot of events until you are finally satisfied that she is well taken care of and that you have seen one of the best pictures of the season.

Star Theater

A new twist has apparently been given to the presentation of burlesque in the production that will be seen at the Star theatre, commencing with the usual Monday matinee, when the "Maids of America" will appear in an original two set travesty called "Somewhere in America." A coherent story of sustained interest is said to develop many scenes and incidents that are at once novel and intensely amusing with the result that an endless series of ingenious and intensely funny episodes are worked out greatly to the amusement of the spectators. During the action of the travesty, vaudeville specialties and musical numbers that are said to have the advantage of newness are prodigally introduced and in a way that does not disturb the thread of the narrative. The principals in the cast embrace several popular and talented burlesque players among whom are Al. H. Hall, Bobby Barry, Harvey Brooks, Florence Rother, Mieretta Symonds, Joseph Weston, Clara Gibson, Robert Calvert, Tony Sloan, Edward Bieland and others. A large chorus of good looking, active girls are announced as one of the most attractive elements of the show, the scenery, costumes and electrical effects are described as fine, in keeping with the present day standard of advanced burlesque.

JUST A WORD ABOUT THE FAST GOING REO

The Reo Roadster today offers about the fastest means to get home after one's day's work is done.

The 6 and 4 cylinder roadsters is all that can be claimed for any automobile or like mechanical equipment.

The Reo has been especially constructed for business and professional men, men who do business every day in Cleveland and reside within 20 to 40 miles from the bustling city.

It doesn't make a lot of difference with the Reo as to its going—whether its summer or winter it takes you home at the minimum of upkeep and at a modest cost of motive power.

The 4-Roadster with coupe top is about the most comfortable vehicle that can be enjoyed equipped with every essential and also with every luxury.

All of these splendid cars are on exhibition at the headquarters of the Rio Company, 1117-25 Chestnut avenue, Cleveland.

GIVE THE SOLDIERS PAIR OF MILITARY BOOTS

There is no gift so appropriate now for the soldier in camp as a pair of military boots—a gift that will long be remembered and fully appreciated by the recipient. These are shown in great array at the Stone Shoe Co., 312-318 Euclid avenue, Cleveland.

After a man has been in the trenches all day at Chillicothe or Mongomery a change of footwear is most heartily welcomed, so two part of boots are just the thing for the gallant fighters, one to work in and one pair for "dress parade." These boots are appropriate for both officers and privates, and the assortment is extensive. It is a fact that all army men favor the military boot and as these are especially designed for him, nobody will make a mistake if the boys in khaki are made happy at this Thanksgiving period.

The Stone Shoe Co. is making an effort to show this special line of shoes and have them in different styles that any purchaser may be satisfied as to price and workmanship.

Kirtland News

Kirtland, Nov. 27, 1917.

Last Tuesday, Nov. 20th, was the golden wedding anniversary of Mr. and Mrs. Fennel. They were married by the Church of England, and after three years they came to this country with their two babies. Mr. Fennel was an engineer of stationary engines in Cleveland until about twenty years ago, when he bought his farm and moved to Kirtland with his wife and became a farmer. Four of their five sons with their families and other relatives to the number of twenty-seven came to celebrate the occasion on Sunday, several of them not being able to leave their business on Tuesday. One of the sons, Frank, has his home in Colorado and was unable to take the long trip at this time. On Tuesday Mr. and Mrs. Fennel invited several of the near neighbors to help celebrate the real day.

YIELD NICE SUM FOR RED CROSS

A merry crowd of people met at the school house last Saturday night for an oyster supper. The school room was nicely lit up and decorated with the national colors. With the long tables laden with eatables and decorated with flowers it all presented a fine appearance. The supper was a decided success, as every one had keen appetites. The sum of $42.38 was taken for supper and the left-overs which consisted of oysters, escalloped potatoes, buns, celery, fried cakes, milk and butter. Mrs. Geo. Foss gave a towel with crocheted lace on the ends, and a wash cloth with a crocheted edge, to the person guessing the nearest on a number of pins in a bottle. Ten cents was charged for guessing. The exact number was 815 and George Senning captured the prize by guessing 825. It was a nice prize and no doubt his best girl would get it for an Xmas present. The amount taken in at this contest was $9.20, which with the other made $51.58 and after a few expenses a nice sum remained for the Red Cross, also a social time spent in visiting, music and singing. The old checker-board also was in evidence. As we are smaller in number and poorer in purse, we can not raise money like our neighbor Wickliffe, but feel that we do our best at least.

BREACH OF PROMISE CASE

(Continued from Page One)

eloquent off-hand speaker, but Geo. C. Von Beseler will make the battle of his life and will undoubtedly make it exceedingly warm for the gentleman from Worcester.

As there is a general desire to know who are to take part in the trial, we publish the list in full. It will be a long time before so many of our prominent people are again seen in such a relation, and it will be well for all who enjoy an evening of rare enjoyment to be present and hear what they have to say about the breach of promise case.

This is the make up of the court:
Judge—L. W. Penfield
Clerk—Prof. Otis
Plaintiff—Ethel G. Vial
Defendant—J. Ed. West
Defendant's Attorney—Geo. C. Von Beseler
Prosecuting Attorney—Col. A. V. Newton of Worcester, Mass.
Court Officer—S. D. Stanklan
Crier—W. C. Collister
Witnesses—Dr. Pinama, Chester, Mrs. A. H. Van Gorder, Mr. Claude Hern, Mr. Edw. Walsh, Mr. Rentschler.
Jurors—Capt. Burgess, Mr. Van Gorder, Jas. Maloney, John Ohmn, H. F. Kennedy, Rev. Bright, Rev. McCulloch, E. J. Dickey, Palmer Gallette, Orrin Talbot, Theo Kaiser.

Florence Wason will sing, Mrs. McCollister will whistle and James McMacken will sing. Three favorites who will add much to the pleasure of the evening.

A NOVEL ENTERTAINMENT

Public Trial In Which Prominent People Will Participate

Among the most successful and popular entertainments of the times is the Mock Court Trial given under the direction of an expert, Col. A. V. Newton, lawyer-lecturer of Worcester, Mass.

Many cities in various parts of the country have been greatly excited over them, as attested by the lengthy and favorable reports in the leading newspapers, and best of all by the great audiences that have packed the largest halls and opera houses to the doors; in many cases the interest being so great that every seat has been sold in advance and hundreds turned away unable even to obtain standing room.

One of these popular entertainments will be given under the auspices of Willoughby Branch Red Cross Chapter, in high school auditorium, on Wednesday evening, December 5th.

It will be assumed that one of our most respected citizens has been trifling with the affections of a young and beautiful widow of this [illegible] and will have to answer to the breach of promise suit brought against him, and there will be fun without limit.

Indeed, it is safe to predict that it will be many moons before [illegible] of the audience will [illegible] with so much laughter [illegible] on that occasion. Additional [illegible] will be created [illegible] that a large number of our prominent citizens will be participants. [illegible]

Judge Ny has become greatly interested in knitting. That is, he has not started knitting as yet, but he believes that all the girls at the court house ought to use all their spare moments in knitting. The girls, in turn, 'tis said, think the men ought to conserve their tobacco funds, and devote said savings to the Red Cross. Both the judge and the girls being right, it is hard to say just which side will start to follow the other's suggestion first.

FUNERAL OF MRS. AURILLA GRAY

Mrs. Aurilla Gray, wife of H. Gray, died at their home on the Lake road Saturday evening. Mrs. Gray had been sick for some time and death resulted from a complication of diseases. Her husband, adopted daughter and a brother and sister survive her. Funeral services were held in the home Monday afternoon at 1:30, with burial in Mentor.

DEATH OF GEO. H. ROBINSON

Funeral services for George H. Robinson, who died in Painesville Thursday last, were conducted by Rev. McCulloch Friday afternoon. Friends from Willoughby and a son from Chicago were in attendance. Interment was made in Painesville.

Mr. Robinson came to Willoughby three years ago, and had acted as caretaker at the Presbyterian church, Willoughby Inn and at Clark and Pike.

He was employed by many local folks also who found him a reliable and conscientious worker, and among whom he had made many friends during his residence in Willoughby.

A. B. C. STARTER PLEASE MANY FORD OWNERS

The wise buyer of an electrical starting and lighting system for Ford cars before making his purchase will ask himself several pertinent questions.

Is the system efficient? Is it sufficiently light in weight that it will not interfere with the operation of the car? Is it easily installed? Is it accessible in itself and does it leave the motor parts easily accessible? Does it provide for the easing off of strain in back-firing? Does it put a heavy or light "drag" on the motor power? In operation does it place the strain where Ford designers intended the strain should be put? Is its imple in operation? Is it so constructed that it can be easily transferred from your old Ford to a new one? Is the weight evenly distributed on either side of the car?

The Ford owner who buys an electrical starting and lighting system in which there is not to be found a satisfactory answer to each of the above questions is buying something that will later spell for him trouble and dissatisfaction. "A chain is no stronger than its weakest link," and an electrical starting and lighting system, likewise, is no better than its weakest component part.

The A. B. C. Starter is handled in this territory by the Cleveland A. B. C. Starter Co., No. 1729 East 12th street. The price of the starter is $95 installed.

QUARTERLY MEETING AT THE ANDREWS INSTITUTE

The regular quarterly meeting of the board of trustees of the Andrews Institute for Girls was held in the office of the Institute Tuesday, November 27, 1917. The following members were present: H. F. Kennedy, secretary and treasurer; Hon. W. J. Carmichael, G. C. St. John and R. N. Whitcomb. Trustees absent: Gov. James M. Cox, Hon. H. J. Emerson and A. H. Van Gorder, president. There were also present H. F. Hannear, attorney for the Institute; Sidney S. Wilson, general manager, S. D. Shankland, superintendent, Franz C. Warner, associate architect and Mr. A. E. Duram, president of the New York Steam Company.

In the absence from the meeting of President A. H. Van Gorder, R. N. Whitcomb acted as president pro tem. Minutes of the meeting of Sept 19 were read and approved. Quarterly report by Mr. Wilson was read and on motion by Mr. Kennedy, seconded by Mr. Whitcomb was approved and adopted.

Mr. Duram, of the New York Steam Co. presented his views on the present financial condition of the company, and the plan of financial assistance to the Steam Co. was outlined in the report read by Mr. Wilson.

It was moved by Mr. Carmichael, seconded by Mr. St. John that the attorney for the school be instructed to proceed through proper legal channels to have defined by the court whether or not the board of trustees shall report to the Probate Court. The affirmative vote W. J. Carmichael, G. C. St. John and R. N. Whitcomb, carried; no, H. F. Kennedy.

An ample supply of coal is on hand to carry the school through the winter.

LAKE COUNTY TO HAVE A RED CROSS CHRISTMAS DRIVE

It will be a Red Cross Christmas this year. The American Red Cross Christmas drive, beginning December 17 and continuing until Christmas eve, will give every person in Lake county the privilege of becoming a member of the Red Cross, or of taking out a membership for some one else for Christmas. The American Red Cross expects to increase its membership from five to fifteen million in December. Lake county's quota is about 2500 memberships.

A feature of the Christmas drive will be the transparent service flags bearing the Red Cross emblem. These flags will be placed in windows of homes, and will have as many emblems upon them as there are members of the Red Cross in the home. Stores and banks will display them to indicate their memberships.

As a climax to the Christmas drive the local chapters thruout the country will have Red Cross workers, juniors or seniors, march thru the neighborhoods singing carols, Christmas eve. Lighted candles will be placed behind the service flags in the homes, to give expression to the universal character of the Red Cross. It it also planned to have the church bells rung on Christmas eve.

The executive committee of Lake county has placed the membership drive in charge of women workers, to relieve the men who have so generously contributed their time to the June campaign and to the Liberty Loans.

The work is being planned like the June campaign, being divided among team captains who choose teams of ten or twelve. Thus the territory is easily covered.

Your Neighbor Owns His Home—You Can Also Own Yours

Like the great majority of happy, contented home-owners, he began by buying a lot, a little down, a little a month. Then he and his family made it their aim to pay it off as quickly as possible. They saved money that otherwise would have been spent.

With his lot paid for, it was easy to get a building loan and put up his house. Now he pays on the loan what he otherwise would pay out in rent—but lives in his own home. He, and not his landlord, is getting the benefit of its increase in value. He will have it clear of debt in a little while, and in the meantime, has paid nothing but rent.

What Nature Forgot

Out west there's marvelous fertility stored in soil hundreds of feet deep—vast areas level as a floor—all-the-year-sunshine.

But Nature forgot to provide rain when rain was most needed. Dry-farming, by dint of exact science and hard work, produces crops but not maximum crops in spite of Nature's lapse.

So man built dams and dug ditches. Irrigation came as an accessory to the weather. Each ranch has its own little system.

And now the desert blooms like a rose. We get the full benefit of the wonderful soil and sunshine.

Nature stored a wonderful fuel in the earth. At a cost of fifty million for equipment, and with the aid of thousands of skillful men, a great company brings this natural resource to Cleveland.

Cleveland thus enjoys the best and cheapest Gas Service in the world.

But Nature forgot something else the periods of extreme cold which she sends each Winter are not accompanied by a corresponding increase in the flow of gas.

So the householder, in order to get the maximum heat-comfort, should provide some independent means of supplying extra heat at such times.

For year-round comfort, economy and convenience, have Gas Service plus an auxiliary heating appliance.

Our experts will tell you free what to recommend when Nature forgets.

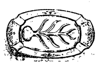
Your Thanksgiving Table

THE KINNEY & LEVAN CO

Every woman takes especial pride in the appearance of her table on Thanksgiving Day, whether the occasion is formal or a simple home dinner.
A dainty dinner set, a silver service, the needed piece to complete the sparkling crystal set, appropriate favors and the very essential utensils required to prepare and serve a perfect meal and lend that charm to the service which the hostess of today strives to attain.



Chippendale Period Sheffield Silver Service

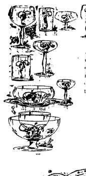
A complete dinner service of Hollow and Flatware can be had in this period design.

Reproducing the graceful, artistic lines of the old Chippendale patterns in Sheffield Silver each piece is modeled and finished to compare favorably with Sterling Silver in appearance and service.

Meat Platters, 14" to 22" $11.50 to $30.00
Well and Tree Platters, 16" to 24" $23.50 to $36.00

Carving Set, 3 pieces $12.00
Game or Steak Sets 2 pieces $4.00

This is but one of the many complete patterns we are carrying in Sheffield Silver.



"Princess" Table Glassware

A dainty copper plate etching on clear sparkling crystal, this is one of the best of this season's offerings. The shapes are out of the ordinary and add a charming touch to the table.

Goblets	$7.50 Doz.
Tall Sherbets	$7.50 Doz.
Low Sherbets	$7.00 Doz.
Cocktails	$7.00 Doz.
Wine	$7.00 Doz.
Parfait	$7.50 Doz.
Finger Bowls and Plate	$20.00 Doz.
Grape Fruit	$21.00 Doz.

Proper Utensils are necessary for the success of any dinner. You will find in our House-furnishing Department a full line of kitchen equipment. Many of the unusual devices for fancy or decorative cooking are here and you need not look further after a visit to this Section.

Self Basting Roasters, Aluminum, Enamel or Steel....$1.25 to $5.00
Universal Percolators $3.50 to $8.25
Brown Bread, Pudding and Cake Molds ....35c to $1.50

Strainers, Cranberry Molds, Food Choppers all priced to meet your needs.

In our Favor and Gift Section you will find many novelties for decorations, and we will gladly help you plan any original decorative scheme.

Thanksgiving Favors, Place Cards, Nut Cups, Greeting Cards, Artificial Flowers

Flower-Pot Pattern Coalport China

The flower pot pattern, from the famous Coalport potteries, is one of the most beautiful designs we have in stock. The shapes and decoration are of such a type that they grow more pleasing with each using.
The combination of enamel colors beautifully blended, blue, pink and red flowers with green leaves and vines and brown stems and a brown line on edges and handles.

Suits and Overcoats for young men, and to keep men young. Styles for the dapper; styles for the doughty. Even Clothes are dandy or draggy—dull or sparkling. There are models that zip out signs of success. They are in tune with the spirit of regular fellows—sprightly fellows who take life well-dressed, and meet fate with a grin. They have no sector or zone. Seen everywhere—in the trenches and in the stores, in camps and at desks, in Pullmans and on fighting turrets, in bi-planes and in by-plays. They are on the job without strut or sulk—full of punch and a hop ahead of the crowd.

How Far is Fifteen Minutes?

In these days of high speed, distance has to be considered in terms of time.

Home comfort is thought of as so many miles from business—usually too many. Long-headed enterprise has seen the way to reconcile time, comfort and distance and Shaker Heights is the practical answer—ten miles far, fifteen minutes near—the Rapid Transit does it.

How much? Well, a lot less now than when it is completed.

TWENTY-FIFTH YEAR—NO. 44 WILLOUGHBY, O., DECEMBER 7, 1917. ONE DOLLAR A YEAR IN ADVANCE

LARGE AUDIENCE WITNESSES INSTALLATION OF EASTERN STAR OFFICERS

A large audience witnessed the impressive service attendant upon the installation of officers at the Eastern Star local order, Monday night. Guests from Conneaut, Bedford and Cleveland were in attendance. Mrs. Olga Glasier of Cleveland, acted as installing officer and Mrs. Mary Ingram as grand marshal. Mrs. Grace Ingalls of Conneaut, was grand chaplain.

Gifts of affection and esteem were presented to Mrs. Ella Heath, the retiring worthy matron. H. C. Sandburg, W. P., presented her with the Past Matron's pin, also a personal gift of a book. Mr. Sandburg also presented the gifts to the installing officers. A gift of a cut glass vase was presented to Mrs. Heath from her officers by Frank White of Wickliffe. Mrs. Cora Gaines Carrel presented Mrs. Heath with the past matron's bouquet; while Mrs. Kennedy presented the incoming worthy matron, Mrs. Honeywell, with her bouquet.

In addition to the elected officers previously published, the appointives installed included:

Adah, Genevieve Ackerman; Ruth, Mrs. Francis Nelson; Esther, Mrs. Jessie Davis; Martha, Mrs. Francis Lawton of Wickliffe; Electa, Miss Lillian Barnes; Warder, Mrs. Emma Fairley; Sentinel, Edwin J. Lawton, of Wickliffe.

Music by Mrs. Rockafellow and Mrs. Nelson was happily interspersed, and refreshments of a war time nature, but most appetizing, were served to possibly 150 guests.

Lieutenant F. M. Gray, who was present, received special mention and salute during the evening.

LIEUT. F. M. GRAY IN WILLOUGHBY

Lieutenant F. M. Gray has been in town for a few days this week. In company with Mrs. Gray, he has been at their home on Euclid avenue, pending his departure Friday, to Camp Kelly, San Antonio, Texas. He will have charge of a squad of aeroplane workers there. Mr. Gray is probably the first acutal Willoughby product to be made lieutenant. He says he intends to tell the Texas folks a lot of interesting things about the good points of Willoughby when he gets down there. He says he is glad he has his chance to do his bit, and surely, as has been said before, Willoughby has much to be proud of in its boys. Mrs. Gray will be in East Cleveland for a short time after which she will join her husband in Texas The home here will be sold or rented.

Ward Gillette, Wheeler Glenn, Carl Sodon and Stewart Elwell are other lieutenants coming from this section.

Much pleasant entertaining has been done for Mr. and Mrs. Gray. Sunday night Mr. and Mrs. F. O. Andrews were their dinner hosts. Tuesday evening, Mrs. Isaac Reynolds entertained for them and Mr. and Mrs. A. J. Penfield at dinner Wednesday evening.

GIRL DEVOTES YEAR AND HALF TO MAKING SCARF; WILL SELL IT AT THE ANDREWS BAZAAR

Mildred Dunkle, pupil at the Andrews Institute last year, has devoted spare time during a year and a half to making a beautiful lace centered linen table scarf. It is on exhibit in the Andrews office at present. It is a beautiful piece of work, and Miss Dunkle has given it to be sold at the bazaar for the French orphans at the Andrews Gym Saturday night. Some one will acquire a treasure.

AN ECONOMICAL WAY TO PEEL POTATOES

Drop washed potatoes in a vessel of rapidly boiling water and allow them to remain 10 minutes. Remove and strip the thin skin as when potatoes are peeled after thorough cooking by boiling. The potatoes will still be practically raw and may be handled like raw peeled potatoes in preparing any dish, as scalloped, French or German fried potatoes, potato chips, etc.

One excellent way to cook the skinned potatoes is to bake them. The entire potato, including the thin, golden-brown crust may be eaten.

This recipe for economical peeling of potatoes was furnished by a housewife and tested by the United States department of Agriculture. The department will be glad to have other housewives write of thrift practices which they have found useful in their homes.

DR. QUAYLE TO ADDRESS LIFE INSURANCE PRESIDENTS

Dr. John H. Quayle of the Plains, will be one of the speakers at the eleventh annual meeting in New York December 6th and 7th of the Association of Life Insurance Presidents. Herbert Quick and many other nationally well known men are upon the program. Dr. Quayle will speak upon the "Reclamation of Men Rejected by the Draft and Its Relation to Life Insurance."

PLEASANT AFFAIR AT BARNHISEL HOME ON LAKE ROAD

A most enjoyable time was spent at the home of Mr. and Mrs. Barnhisel last Saturday evening. About 25 of the neighboring friends from the vicinity turned out to enjoy the oyster supper which was put up in a most pleasing style. All reported a good time and hope for another such event.

MRS SCHUPP ILL

Mrs. J. W. Schupp, of Kirtland, who has been ill for the past two weeks, is recovering. Robert Sanborn and wife and Janet Schupp were recent visitors at the home.

KIRTLAND PAVING RESUMED

Work on the road paving at Kirtland was taken up again Wednesday. Pavement is being laid on the hill and it is expected the work will be pushed through to completion now.

WESTERN UNION MAY TAKE MAN FROM OFFICE HERE

Scarcity of men at various points may make it necessary to remove Paul Jett, present operator at the telegraph office here, to some other point. In that event, the railway company would have to take care of the local telegraph business ass well as circumstances would permit.

SPONGE SQUARES

Bake in a dripper and when cool cut into squares with a sharp knife. Ice these squares with a chocolate, vanilla or orange icing. They are very nice with ice cream: Four eggs, one cup flour, one cup of sugar, one teaspoon of baking powder. Beat yolks until thick and sugar and continue beating, then add flour sifted with baking powder. Fold in whites of eggs beaten until stiff. Bake in a slow oven. Measurements are level in this recipe.

TWENTY-FIVE PER CENT OF LAKE COUNTY RED CROSS FUND TO BE DISTRIBUTED.

The 25 per cent of the Lake County Red Cross contribution will be distributed to the branches in the form of materials for work. Such portion of expenses as were incurred by the campaign will be met from the 25 per cent of the $40,000.00 obtained.

SOLDIER TO SPEAK AT ANDREWS SCHOOL

R. D. Pinkerton of the Sherwin-Williams Co., Cleveland, will speak at the Andrews Gym at 7:30 Saturday night, in connection with the bazaar for the French orphans.

Mr. Pinkerton has served in the trenches and was a member of the first volunteer corps that went into action as the First Battalion London Scottish regiment. He served a year and three months. Considerable effort has been expended to secure a speaker for the occasion who could deliver a vital, first hand talk.

JAMES McMAHON TO SING FOR THE SOLDIERS

Saturday of this week James McMahon will go down to Chillicothe and sing for the soldiers. They'll surely have a good time—both the soldiers who listen—and the men who go to sing to them.

STANDARD TIRE RECEIVES THREE CARS OF COAL

The Standard Tire & Rubber Co. received three cars of coal Monday and are well taken care of for winter requirements, according to Mr. Shaw. The factory is wornikg overtime part of the time now.

CHRISTMAS SHOPPING AND THE LOCAL MERCHANTS

Christmas is coming on apace.

Shopping for Christmas gifts is now in order.

Make it a local Christmas.

Good roads, better stores, better schools, high level bridges, needed improvements everywhere come from the prosperity of the business men backed by the consumer

Sears-Roebuck and distant merchants are not called upon for local improvements or assistance in enterprises.

They are devoting their funds to enterprises in their own localities.

No contributions, funds or earnest work are ever noted upon any records made in Lake county from Sears-Roebuck, or distant merchants.

So in this time of Christmas shopping, get acquainted with the stocks of the local stores.

Make it a rousing Buy-at-home Christmas.

If the merchants haven't what you want; if the prices aren't uniform, write to the secretary of the local merchants board.

They will be only too glad to have your suggestions.

Co-operate!

Get together!

Do your share and resolve to help the merchants make the local stores the best to be found anywhere. Form a committee of one to buy all you can at home.

The government says: "Patronize your local merchant"

Start now.

Keep the Christmas trade at home.

INTERESTING SPEAKER TO BE HEARD AT THE AUSTIN HOME

An interesting event will occur Wednesday afternoon next when Mrs. Lena Leonard Fischer will address the Foreign Missionary Society at the home of Mr. and Mrs. Samuel Austin.

Mrs. Fischer is a speaker of well known interest and ability and it is expected there will be a large gathering to hear her.

It is probable that Mrs. Cary of Cleveland may also be present and address the assemblage.

TELLS OF CAMP LIFE IN TALK AT ANDREWS SCHOOL

Pupils at the Andrews Institute learned much of camp life when Lieutenant Sodor, nephew of Mrs. Van Gordon, talked to them most interestingly of Camp Oglethorp, officers' training camp, at the school, Monday, at 12:30.

MRS. HARRY COULBY ILL

Mrs. Harry Coulby, who has been absent from the Wickliffe Red Cross for two weeks, account of illness, was welcomed back to the circle by the workers Wednesday.

WHO HAS FORGOTTEN THE OLD MOTHER GOOSE STORIES?

Have you forgotten the tales of Mother Goose? Sure not. You will want to see them all enacted. And refresh your memory, too, the night of December 14th. Sixty local small folks will give you one of the delightful entertainments of the year that night. Remember: Friday, the 14th.

The Methodist church will be the scene of the play. The little folks know how delightfully they can portray each fairy part. They expect YOU to be there to see them.

SALAD AND TEA-SANDWICHES AND SUCH—

Salad and tea, delicious sandwiches made by Andrews sandwich making experts are on the menu for the Saturday night tea, which will be served at the Andrews school Saturday night, in connection with the bazaar in the gym, at 5 o'clock. There is to be a separate tea shop, where tea will be served. All of course, for the public.

ALL STAR WILLOUGHBY PRODUCTION MAKES BIG HIT IN BREACH OF PROMISE CASE

One feature was demonstrated most thoroughly Wednesday night, when a prominent assemblage of local folks appeared in the breach of promise case given as a play for the benefit of the local Red Cross. And that feature was the dramatic ability of some of the Willoughby and Painesville residents. They surely missed their calling in being assigned to the tasks of prosecuting attorney, business men and such.

The curtain rose, finding Judge L. W. Penfield and Geo. C. Von Beseler who acted so excellently as prosecuting attorney, and the balance of the company upon the stage, with the exception of the jurors. They afforded much merriment and

ALL WICKLIFFE RED CROSS SHIPMENTS CREDITED TO LAKE CO.

Some discussion has been made in regard to the work of the Wickliffe circle, which is large in volume, being credited to Cleveland.

All the work of the Wickliffe workers goes to the credit of Lake county. Each box when packed and shipped, bears the inscription:

"Wickliffe Auxiliary, Painesville Chapter, Lake County."

The inscription is painted upon the boxes when they arrive at Cleveland and are thus forwarded abroad.

MISS BROOKINS UNDERGOES OPERATION

Miss Twila Brookins of the Andrews school office, was operated upon at the Huron Road hospital Saturday last. She is doing nicely and will probably be at the hospital for two or three weeks.

Dr. McCollister, who recently received his appointment as captain, left for Washington Wednesday last. Mrs. McCollister will join him there the coming week.

MASONIC ORDER ELECTS OFFICERS

The local Masonic order held their annual election of officers, Tuesday last. About 50 attended the gathering. Following are the list of those elected:

Philip Neumann, worshipful master; H. C. Sandburg, senior warden; George F. Law, secretary; A. K. Carrel, treasurer; Charles D. Clark, senior deacon; J. A. ePnfield, junior deacon. Officers appointed include L. W. Penfield, chaplain; stewards, E. F. Birkholz and Burt Cole.

H. F. Kennedy, trustee.

Invitations have been issued for the installation of the officers Tuesday, Dec. 11.

SATURDAY NIGHT DANCES ARE POPULAR

Earl Bales reports that 65 to 70 couple are regularly attending the Saturday night dances in Bond hall.

"YOU NEVER CAN TELL" TO BE PRESENTED AT LAKE ERIE

The Drama Club of Lake Erie College will present "You Never Can Tell," a four-act comedy by Bernard Shaw, on Saturday, December 8, at 8:15, in Memorial hall. Clever lines, ridiculous situations and amusing characters make this play unusually entertaining. Miss Eda Heinemann, head of the department of expression, is coaching the presentation.

EASTERN STAR INSTALLATIONS IN CLEVELAND

Many Eastern Star installations will occur in Cleveland this week. There are fourteen chapters in that district. Mrs. Cora Gaines Carrel will act as installing officer at the Forest City chapter in Collinwood Friday night, and Tuesday night at Heights chapter.

RED CROSS
Willoughby Branch

The Junior Red Cross, a branch of the service to interest children in the work is to be organized during the coming weeks. Some of the work may be done in the schools in sewing classes, and possibly in manual training classes. Some of the boys in the Painesville grades are already learning to knit. However most of the work will be done outside of school, the girls probably forming groups to work at Red Cross headquarters in the various Lake county branches.

The Junior Red Cross will follow the same plan of organization as the senior, the branch chapters in the county reporting to the Painesville chapter. The chapter school committee, to take charge of organizing the work, is composed of Mrs. Bartlett Shepherd, John Williams, Mrs. J. J. Kirby and Mrs. Arthur Colby, secretary-treasurer. The committee has written to each of the Red Cross branches to form school chapter committees in the districts.

The plan is to have a school auxiliary in every school in the county. Membership in the Junior Red Cross may be taken out by the schools as a whole, or by individuals, the cost being the equivalent of 25 cents for each member.

THEATERS GIVE A DAY TO THE RED CROSS

The theatrical profession of the United States has manifested a fine expression of patriotism and self-sacrifice by making Friday, December 7, Red Cross theater day, throut the nation. On that day a special Red Cross performance, the entire receipts of which are to be donated to the Red Cross war fund, will be given in theators throut the United States.

No war tax is to be collected on theater tickets that day, because the proceeds go solely to the Red Cross. Arrangements for theater day are in charge of a special committee under the leadership of Erlanger, Albee, Belasco, Dillingham, Ziegfeld, Cohan and other well known theater managers. From producer and star down to the minor actor and musician, all have offered their services free to the Red Cross on that day. Stage hands are expected to take similar action thru their unions.

RED CROSS WILL FURNISH SUPPLIES AT COST

The Red Cross has arranged to buy material for surgical dressings, hospital garments, and knitted articles, to be sold at substantially cost prices to the chapters throughout the country to be made up by the women of America. The cost will be $3,457,-2000.

WHAT THE RED CROSS IS DOING

The American Red Cross is assisting in caring for the Belgian orphans who were carried by their captors into Germany and who are beginning to be released. The first groups, consisting of 500 children each, have been received back into the allies' territory.

The return of the first liberated orphan prisoners in Belgium is reported in a cablegram from the American Red Cross commission to France. These homeless children, sick and under-nourished, all between four and thirteen years of age, will receive the best possible care from the American Red Cross, which recognizes in them Belgium's hope for it coming generation. The cable says:

"The Red Cross is aiding the work of the queen of the Belgians for the children of her country. Thousands of under-nourished, sick and orphan children are in Belgium today, and a home and care must be provided for them. The Germans are willing to allow some of these children to be sent out of the country.

"Twenty miles from Limoges in the southern center of France, on a hill outside of a little town called Troche, stands the famous monastery of La Grande Chartreuse unoccupied now. The climate is wonderful. Roses bloom all the year round. There is plenty of fresh running water. The buildings are superbly placed and strongly built, including all kinds of constructions adapted to housing, feeding and providing for more than a thousand people. Permission was given to use this place for the Belgian children, and it was rented from the government by the Red Cross, which supplies the funds for the work, while the personnel and management are provided by the Belgian committee.

"On October 15 the first 500 little Belgian boys and girls between four and thirteen years old arrived after their long trip thru Grmany, a week later 500 more, all collected by the Secours National de Belgique. In this wonderful old monastery the Red Cross hopes to bring back to life and vigor these children in whom lies the hope of Belgium."

RED CROSS HAS CHILDREN'S XMAS BOOK

The American Red Cross has acquired the rights to "Red Cross Stories for Children," a book by Miss Georgene Faulkner, "The Story Lady." The book recounts the true stories of men and women who have given their lives to humanity's cause, and is intended to furnish examples to boys and girls who are giving patriotic service all over the country through the junior auxiliaries of the Red Cross.

The stories, in book form, are the property of the American Red Cross, which is making them available as a Christmas gift to junior members. The book is to be on sale at book stores. The price is 50 cents, the profits going to the Red Cross. Doughaday & Co., Chicago, are publishers.

Your Neighbor Owns His Home—You Can Also Own Yours
Like the great majority of happy, contented home-owners, he began by buying a lot, a little down, a little a month. Then he and his family made it their aim to pay it off as quickly as possible. They saved money that otherwise would have been spent.
With his lot paid for, it was easy to get a building loan and put up his house. Now he pays on the loan what he otherwise would pay out in rent—but lives in his own home. He, and not his landlord, is getting the benefit of its increase in value. He will have it clear of debt in a little while, and in the meantime, has paid nothing but rent.

Plans for the Red Cross Christmas membership drive are now well under way, the executive committee having held its first meeting, Friday, November 30, at Lake County Court House. Mrs. G. S. Austin of Painesville explained the purpose of the drive and the plans. The national Red Cross expects to add 10 million new members to its number. Lake county must add about 2500. Its present membership is 2898, and its apportionment is 5100. The Red Cross intends to show Germany that the full united strength of the United States is back of the fighting man.

V. E. Wyman, chairman of the Lake County War Savings Committee, explained the team plan of campaign, so successful in the June war fund drive of which he was treasurer. This plan is to be followed in the Christmas drive, the team captains being appointed by the executive committee.

County headquarters will be located in the [illegible] of George K. [illegible] Main Street, Painesville. Red Cross buttons will be given to every member. Service flags to indicate memberships are a special feature of the Christmas campaign. The beautiful ceremony which is planned for Christmas eve, when lighted candles are to be placed behind these transparent flags in every window, will be described in advertising matter during Christmas week.

Advertising space in scores of national magazines has been pledged to help in the Christmas drive, over 17 million readers being reached in this way. Thousands of stores will give window display space during the week of the campaign for 10 million new members.

The Lake County executive committee is trying to carry out the complete plan of the national Red Cross, and will probably engage speakers of note to assist.

GARFIELD POST ELECTS OFFICERS FOR THE YEAR

The G. A. R. Garfield Post met in Mentor Saturday, December 1st, and elected officers for the year. They include:

Commander, Matthew Dickey; senior vice commander, C. L. Baldwin; junior vice commander, F. Call; sergeant, M. A. Cleveland; chaplain, E. Hayden; quartermaster, S. Baker; officer of the day, W. Call; officer of the guard, A. J. Phelps; delegate to state encampment, M. A. Cleveland; alternates, E. Hayden, H. B. Rayl.

C. P. Lilley and other local G. A. R. men were in attendance.

ELKS CONDUCT FUNERAL FOR OLD PAINESVILLE RESIDENT

John Darrow, 70 years old resident of Painesville, died Saturday, Dec. 1. Mr. Darrow was born in Painesville in a house now standing on Erie street, but which was originally located where the Elks home now stands. Miss Lou Post is a surviving grandchild. Painesville relatives include Mrs. O. W. Kile, Mrs. L. G. Taylor, Mrs. Walter Malin and Mrs. Ellen Huntington.

The funeral occurred from the Elks home Monday, under the auspices of the order, of which Mr. Darrow was a member.

MENTOR PIONEER DEAD.

Levi Pinney, 73, one of Mentor's pioneer citizens, passed away at his home Saturday last. Funeral occurred Tuesday. Numerous friends mourn the loss of this well known and universally liked Mentor resident.

SMALLPOX CASE

Chas Heth, plumber, Vine St., is quarantined with a case of reported smallpox. Dr. Moore was called after the case was pronounced smallpox and vaccinated men at the American Clay who had been exposed. Heth had been superintending the heating operations for the Austin Co. in the American Clay new building, and is said to have contracted the disease from Cleveland workmen in the employ.

Heth protests that his case is not one of small pox, and states that he was the only one ill in the home. Some reports as to the illness of his daughter had been prevalent.

Friends and credit pursue the man who does not need them.

MEETING OF LAKE COUNTY PUBLIC HEALTH LEAGUE

The Willoughby Republican.

Dear Editor:

At the meeting of the Lake County Public Health League we were so much impressed by the report given by our county nurse as being a work of very greatest value for the children, that I was asked to prepare a brief comment on the report and ask the press of the county to publish it. Accordingly I enclose the copy which I have prepared, hoping that you will give it space as an item of public interest.

You doubtless know that the nurse is a county officer, paid by the county, with a small contribution from the health League for expenses.

Very truly yours,
N. W. BATES.

ARE YOUR CHILDREN CARED FOR

Have your children defective teeth or adenoids or other physical defects that hinder their progress? Our county nurse is continually helping parents to know the physical condition of their children, by examination of them in the schools.

The extent of this work is shown by the report of the nurse to the County Health League on last Saturday. During the past month she has examined 606 children, 287 of whom were referred to a dentist because of defective teeth, and 95 were referred to a dentist because of various physical defects. She has made 37 visits to homes and visited four cases of tuberculosis.

Parents can assist in this work by hearty co-operation in carrying out the suggestions for the welfare of their children.

FARMERS HAVE EXTENSION SCHOOL

This is the week of the Farmers' Extension school at Painesville. Officers were elected as follows:

President, Hubert J. Wright, Perry; vice president, N. C. Frost, Mentor; secretary, Earl Johnson, Painesville; and treasurer, F. H. Murray, Concord.

The directors named include R. P. Wenham, Painesville; Roy Harrison, Concord; G. L. Ostrander, Leroy; Ralph Brown, Willoughby; C. C. Huff, Mentor; J. Homier, Madison; Charles Manchester, Perry; W. R. Crary, Kirtland.

The school will extend over Saturday of this week.

Interest, as they filed in. H. F. Kennedy, representing William H. Taft, headed the list. Considerable applause occurred when Chas. E. Hughes was found to be represented by James Moloney. Henry Ford appeared in the person of Theo Kaiser; John D. Rockefeller, A. E. Frost; Senator Pomerene, Capt. Burgess; Woodrow Wilson, Rev. McCulloch; E. J. Dickey, Gov. Cox; Palmer Gillette, Dr. Fred A. Cook; Admiral Peary, Orrin Talbot; Theodore Roosevelt, John Ohm; John L. Sullivan, Percy Saxton. Many amusing plays and references to local names and persons were made.

Mrs. Ethel Viall acted the part of the plaintiff with all the feeling that would naturally be evidenced by any widow in like circumstances.

J. Edw. Weit stood the ordeal bravely of having the widow and the witnesses' testify against him. Col. Newton, of Worcester, Mass, who staged the play for the Red Cross, defended the plaintiff so well that she won the case. It may be said that the jurors were probably greatly influenced by the remarks of Judge L. W. Penfield, who not only took his part well, and delivered his lines clearly and effectively, but also looked the part in a most becoming and handsome wig. E. M. Otis was excellent as clerk. H. C. Collister acted as crier and S. D. Shankland as court officer.

C. D. Hern was an excellent witness and did splendidly. He brought his camouflage right with him he said. In fact every one on the stage had such a happy time it was difficult to tell whether the actors were reading lines or adding impromptu thoughts.

James McMahon, M. J. Rentschler, Dr. Pharnia Chesbro and Edward Walsh as witnesses took their parts naturally and entertainingly. Mrs. Van Gorder as the niece of the plaintiff, and who was engaged to J. Edw. Weit, the defendant, told her story with engaging frankness. The house was crowded and success surely crowned the efforts of all who worked upon the matter.

Willoughby is also particularly favored in having available such musical talent as Mr. and Mrs. McMahon and Florence Wasson. Feeling, charm and expression enter into their offerings, and it is always a joy to hear them. They opened the evening's entertainment.

GOVERNOR COX RECOMMENDS HEALTH INHERITANCE AS RESULT OR DR. QUAYLE'S PLAN

Dr. Quayle's plan of war reclamation, has had the official endorsement of Governor Cox, as evidenced by the following public communication:

STATE OF OHIO
EXECUTIVE DEPARTMENT
Columbus, Nov. 16, 1917.

To Whom It May Concern:

After consultation and investigation of Dr. John H. Quayle's plan for the reclamation of rejected men, it impresses me as a measure not only worthy but absolute necessary to the attainment of our maximum efficiency, and as well to immeasurably increased efficiency, in those times of peace for which civilization is fighting as well as praying.

The war has opened our eyes to evils of which we had no conception and, as Dr. Quayle calls them, "twentieth century habits." Among the greatest and gravest of the revelations which have come to us is that which deals with our national physical deficiency.

A surprisingly large per cent of the men who volunteered and the men who were chosen under the selective draft according to geographical location were rejected for physical unfitness. If ten per cent of these rejected men can be made whole again, the plan is well worth the cost. Dr. Quayle maintains that 90 per cent can be so reclaimed.

The bill introduced by Senator Pomerene providing an appropriation to establish this work and to carry it on is now in the committee of military affairs in the senate and I am advised, will be reported out in the next session. I, for one, hope that report will be unanimous.

To adopt this plan will be to hand down to posterity an inheritance of health instead of disease.

(Signed) JAMES M. COX.

IN MEMORY OF NORMA JEANNETTE SMITH WEBER

Mrs. Norma Jeannette Smith Weber, daughter of Mr. and Mrs. N. C. Smith, whose death in Akron, was recorded last week, numbered hosts of friends in this vicinity. She was born here and her girlhood was spent here. The Ward and the Smith families have been closely associated with the history of Willoughby.

Mrs. Weber graduated from the Willoughby high school in 897, and from the Woman's College of Western Reserve in 1901. Her record as a pupil in both cases is recalled as especially fine. From 1903 to 1905 she taught in the high school here, and was married to John H. Weber in 1906. Dr. Weber is now known as one of Akron's prominent surgeons. Willoughby friends have enjoyed many happy times in the tasteful and well appointed home there, Mrs. Weber being of a social nature, and loving to entertain her friends. Four children were born to the couple. The third child, a girl, passed away in 1913. The husband and three boys, the parents and a brother, J. Allan Smith, survive. An additional mark of sorrow is added to the sadness of the death by the fact that the 26th of November was the 50th anniversary for Mr. and Mrs. N. C. Smith. Norma died the morning of the 27th. Plans that she and her brother had made for the golden wedding event could not materialize.

A fund of sympathy is felt in the community for the loss that Mr. and Mrs. Smith have sustained.

SECRET SERVICE MEN CALL AT WILLOUGHBY

Secret service men representing the U. S. marshal of the federal court, called at Willoughby the latter part of the week. Henry Zimmer, an employee of George Waite; and James Wilson of Vine street were taken to Cleveland by Orrin Spear and Marshal-elect Moloney. Zimmer was questioned as to alleged pro-German utterances and Wilson was asked to explain the reason for non-registration.

He is a Canadian and had no naturalization papers. He expressed a willingness to enlist either in Canada or the United States. Zimmer was released with a permit to work in Willoughby.

Patriotism vs. Over Conservativeness
Patriotism is shown in the decreasing of necessities and eliminating luxuries.
But, as most of our wrongs are innocent pleasures carried to extreme, we must not be over-conservative.
Christmas Gift Giving can be done patriotically by giving jewelry.

MANY CLASSES AND CLUBS IN WILLOUGHBY RECEIVE BENEFIT AT HIGH SCHOOL GYM

Prof. E. M. Otis has written a series of articles under the head of a school survey, for publication in the local papers. This is article No. 2 of the series:

* * *

The following schedule submitted by the superintendent of schools is a good index of the popularity of the high school gym:

Daily, 8:30 to 2:30—All grades in the main building.

Daily, 11:30 to 12:30—Township high school pupils.

Daily, 2:30 to 5:15—High school varsity fives.

Monday evening—5 to 6, Miss Yarnell's Sunday school class; 7 to 8:15, Junior Y. M. C. A.; 8:15 to 10:00, Senior Y. M. C. A.

Tuesday evening, 5 to 6—Andrews Girls group; 7 to 10, Independent Girls' team.

Wednesday evening, 7 to 10—Willoughby town team.

Thursday evening—7 to 10 Willoughby Home Guards.

Friday evening—5 to 6, Andrews Girls group; 7 to 10, high school varsity games (Interscholastic).

Saturday evening—7 to 10, games with independent teams.

The only restriction on the use of the gym to school pupils is the requirement regarding the wearing of slippers or rubber-soled shoes. This rule is necessary to preserve the floor and keep it as free from dust and dirt as possible. Independent organizations are required to pay a fee covering light and extra janitor service. Judging from reports from other schools and from investigations made by the superintendent while visiting other institutions in this part of the state, we are second to none in the wide use of our gymnasium facilities. In some places no provision is made for independent organizations, in others a fee is required of the pupils themselves, and a large number do not allow grade pupils access to the gym floor but permit high school students to monopolize it. It is estimated that over three hundred people use our gymnasium for play purposes daily.

MR. AND MRS. DAVISON OF THE RED CROSS, VISIT THE OTIS FARM

Clevelanders who met Mr. and Mrs. H. P. Davison when they were in the city for the Red Cross celebration and parade have been inspired by the fine spirit of the family in taking part in the war.

Mr. Davison, the leading man in the banking firm of J. P. Morgan and Company, New York, has practically given up all private work to devote his whole time to the management of Red Cross interests in the United States. He and Mrs. Davison came to Cleveland purposely to take part in the celebration. On the day of the celebration, Mr. Davison spoke at the Chamber of Commerce at noon, and Mrs. Davison was in Mrs. Charles A. Otis' party of ladies who attended.

In the afternoon Mrs. Davison marched with Mrs. E. S. Burke in the parade. The evening was also given to Red Cross interests.

The following morning, Sunday, they drove with Mr. Otis to his farm in Willoughby for recreation. Sunday afternoon, at the Otis city home, a number of friends called informally and met the visitors.

Mr. and Mrs. Davison are giving their children to war work. The elder son was in the aeronautic squadron, organized at Yale college by Mr. Davison. He trained with much success. On the day set for his test flight to win a pilot's license, he was feeling ill but went up anyway. In alighting his machine collapsed and he was badly injured, for a time his life being despaired of. He is rapidly recovering.

The younger son has won his license, and in a short time will become an aviator in France. The daughter is studying wireless telegraphy for the purpose of becoming an operator.

Examples of sacrifice such as this are a splendid inspiration to others to do what they can to help their country.—Cleveland Topics.

REGULAR MEETING W. C. T. U.

The W. C. T. U. met with Mrs. Nettie Gillette on Tuesday afternoon, nineteen ladies being present.

The devotions were in charge of Mrs. Goldsack.

Among the business of the hour was a motion that the $13.00 of the dry campaign fund remaining in the treasury be used toward the debt of $15,000 for street car advertising that fifteen of our dry workers were obliged to assume, one of them mortgaging his home to meet the payment.

An informal report of the Lake County convention held in Painesville, at which 14 of our members were present, was given.

Mrs. J. Barnes gave a fine talk on the "Do Everything Policy" of the W. C. T. U., in which she told us of many departments of work with which most of us are not familiar, there being no call for work in these lines in a small town.

Mrs. Stillings gave a short sketch of the life of Neal Dow and Mrs. Ed. Wells one of Lillian Stevens.

Mrs. Parker then gave two humorous readings in a most pleasing manner.

We adjourned to meet with Mrs. Taylor on Second street, January 2.

The temperance educational calendars were displayed and many were sold. They sell at 25c and may be had from members of the Union. Better buy one and put it in your home.

DRY LEADER IS MARRIED

James A. White Weds Attache of State Headquarters

Columbus, Dec. 1—James A. White, superintendent of the Ohio Anti-Saloon League, and Miss Myrtle Grow, Williamstown, W. Va., were married here late today.

Rev. Howard A. Russell, Westerville, founder of the Anti-Saloon League, officiated.

White, as president of the Ohio Dry Federation, conducted the recent state dry campaign, the most successful ever staged by Ohio drys. Miss Grow has been secretary in the state league headquarters the past six years.

MRS. MOSELEY CONTRIBUTES RECIPE; PLEDGE CARD PLAN

Mrs. Benjamin Mosley has devised a simple plan of filing out the pledge card left during conservation week, recently:

She has a wall card filled in with the seven days of the week. For each wheatless and meatless meal, she makes a mark. It is then a simple matter to fill out her pledge card record at the end of seven days. Many might find this a simple and useful way of filling in their pledge cards. Mrs. Mosley also contributes a "tried and true" economical recipe, which she is using at present. Here it is:

BOILED RAISIN CAKE

One cup raisins, 1½ cup water, 1 egg, 2 cups flour, 1 cup sugar, 1 teaspoonful soda, 1 teaspoonful cinnamon, 1 teaspoonful each cloves and nutmeg, ½ teaspoonful vanilla, ½ cup shortening. Boil the raisins slowly in the water until there is one cupful of water left and the raisins are plump; and allow the mixture to cool. Then add the sugar, egg and flour which have been mixed and sifted with the soda, wet with three teaspoonfals of boiling water and the melted shortening. If the cake is to be eaten within a day or two, the amount of shortening may be reduced to a ¼ cupful.

Dr. Garfield's official declaration that it is the duty of every American to save coal this winter means, among other things, that the man who lets his ashes go unsifted is not a perfect patriot.

GOVERNMENT CONTRACTS

amounting to over

Eighteen Million Dollars

This is the very fortunate position in which a very reliable company finds itself. The company has done a successful business for over 25 years. The usual 6 per cent dividend has been paid year after year. Eighteen million dollars' worth of orders from the government and the work now being done and payments received from the government every week would indicate the probability of much larger dividends. None of the stock held by the company or the officers is for sale, but a small block subscribed for and never paid for in full is available. If interested write at once for full particulars.

Hippodrome

An unusual number of novelty attractions will grace the vaudeville program to be offered at B. F. Keith's Hippodrome during the week beginning Monday matinee. Occupying the headline position will be charming Lucile Cavanagh, whose beauty and figure have made her a big favorite in musical comedy circles. Assisted by Frank Hurst and Ted Doner, Miss Cavanagh is presenting kaleidoscope of dance, color and song, a feature that will be surprising to those who love excellent dancing.

Another feature of the program will be the presentation by Dorothy Regel of five of the mystery farce, "Playing the Game." Miss Regel is well remembered by vaudeville lovers through her presentations of character studies. "Playing the Game" is a delightful story with a melodramatic twist which will furnish many an original thrill,

Other features on the program will include "The Six Honey Boy Minstrels" in a new black face offering, "At Home"; Ferry, the famous frog man; Wright and Dietrich in a delightful musical comedy skit; John and Winnie Hennings, vaudeville's best satire artists; La France and Kennedy, novelty artists and other attractive features.

Miles Theater

General Manager Charles H. Miles of the Miles theater has just returned from New York where he has been looking over attractions for the Miles theater and he comes back with a great line of shows and the Miles will have the great musical comedy show, "Apple Blossoms Time," a big 25 people musical show, with a bevy of pretty girls and funny comedians and a carload of special scenery.

Rob Roy and company come next with a great line of comedy and dance. Sinclair and Rooney in the taxi driver who present a comedy skit full of "wonder" laughs. Bell and Mayo come next with their famous dramatic sketch, "Wanted a Man," and then comes the ever popular Ray Mack with her wonderful personality and pretty wardrobe and a new line of songs. Next comes the William Fox photoplay production entitled "Babes in the Woods."

Grand Theater

General Manager Charles H. Miles of the Grand theater has just returned from New York, where he has been looking for big acts for the Grand, and he comes back with a message to his patrons that he has booked one of the greatest head line attractions for the week in Molly King, who has been featured in many moving picture productions with Pathe films, having played many parts in many serial photoplays. She will tell you how photoplays are made and will sing to make you happy and wear many pretty gowns. Macy and Freed present "In a Trip to the Moon," doing all their comedy and singing from an airship. Carter and Mills in their great thrills and many new feats. Marcy and Marcy in a novel juggling act. Then comes another big feature act in "New York After Dark." Tinny and Tinny, who play all kinds of musical instruments. The movie part of the program is supplied by Doris Kenyon in "The Great White Trail."

Standard Theater

For the week of December 9, the Standard theater will present "The Garden of Allah," one of the most spectacular romances of the desert productions ever filmed. Miss Helen Ware as the star, and Thomas Santschi as the co-star, need no introduction and play their respective parts in fine manner, as well as the rest of the cast. The scenes are laid in Algeria, and many other desert cities. Many interesting scenes are displayed, amongst them the great sandstorm on the Sahara, the raid of the desert pirates and their capture, the different Moorish temples and the worshippers of the Mohammedan belief, also the dancing palaces of this wonderful race. There is a wonderful story that runs all the way through, of two people seeking peace on the quiet sands of the desert. Love finally unites them but a guilty conscience again separates them and each live their life out in their own respective way.

Opera House

"Parlor, Bedroom and Bath," farce comedy, by C. W. Bell and Mark Swan, is fresh from a four-month run in Chicago, where it was liked very much indeed. Al Woods is the producer, and the company is headed by John Cumberland of "Fair and Warmer" fame, and Florence Moore, long a vaudeville favorite. The plot, and there really is one, has to do with the adventures of a bashful young husband whose bride believed him to be a lady killer. He almost was, although he didn't mean to be. Chicago says "Parlor, Bedroom and Bath" is pretty much of a riot.

Colonial Theater

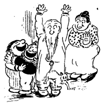
"The Knife," latest and perhaps most powerful of Eugene Walter's dramas, is at the Colonial for the week with May Buckley and Norman Hackett in the leading roles. It is the story of a surgeon who avenged the wrongs of his fiance by inoculating two criminals with the germs of a dread disease. He got into trouble over the experiment, and out of it, but there are plenty of thrills without this last act's startling denouement. Walter writes good plays, pretty much always, and "The Knife" seems to have more of what goes by the name of "punch" than any of its predecessors.

Star Theater

"The Spiegel Revue of 1917" is the Star's burlesque attraction next week. It's a mixture of drama, burlesque, vaudeville, travestied opera, fashion and minstrelsy, and the cast of characters promises well. Midgie Miller is the headliner and others in the cast are Harry Sheppel, Callahan brothers, Johnnie Walker, Mae Clinton, Emma Cook, the California Trio and Marie Allen. Marie Allen, by the way, is running a perfect figure contest, prizes and all, on Tuesday and Friday nights.

Empire Theater

Wainstock's "Military Maids" comes to the Empire next week with a brand new show under a well-remembered name. George Clark, the Scot with the bagpipes, heads the cast, and others worth a note are: Leona Fox, a beauty contest winner, Charles Fagan, eccentric dancer, Myrtle Franks, a blackface comedienne, and Harry Van. A new dance, the humbulalu," is a promised feature.



"Hans and Fritz," at the Prospect Theatre, Cleveland, Next Week.

Prospect Theater

"Hans and Fritz," two comical cartoon creations known to all readers of the comic pages are headed this way. The two are to appear at the Prospect theater next Monday evening and for the entire week, with special bargain matinees on Tuesday, Thursday and Saturday.

"Hans and Fritz" are not to be the whole show as with them will be found a great big singing and dancing organization, as well as a crowd of comedians and real old-fashioned funny men. Gus Hill is presenting the cartoon heroes, who have made life so pleasant for Uncle Heinie. The offering is to be presented in musical comedy form, with a large chorus and all the stage finery an offering of this sort calls for. In addition to the story of the play being told by a number of correct stage characters, representing the men and women connected with all the various cartoons depicting the two funny little fellows, a vast amount of special features and song numbers will be interwoven so as not to hinder the action of the play, which is fast from the beginning to the very end.

Priscilla Theater

Lillian Mortimer heads the Priscilla vaudeville bill next week in the playlet, "How to Manage a Wife." She has a supporting cast of five. Others on the promising bill are Gruet, Kramer and Gruet in "Circus Day in Georgia," George and Marie Brown, singers and dancers; Scott and Douglass with the skit, "It's All Wrong;" Warren and Wade, with another skit, "Just Like a Woman;" Rosario, the accordionist, and others. The photo play feature is the fourth episode of "The Mystery Ship."

Arthur Edward Harrison, residence unknown, will take notice that Theresa Margaret Harrison filed a petition against him in the Court of Common Pleas of Cuyahoga County, Ohio, praying for divorce, injunction and relief on the ground of gross neglect of duty and habitual drunkenness for more than three years. Said petition is No. 155510 and will be for hearing on and after December 11th, 1917.

BEVERA

At home there is no drink that goes quite so well with any meal—as Bevera. It a is good appetizer when you "do not feel hungry." Any meal will taste better if Bevera is served. Let the kiddies have it too—it is good for them—as it is for grown ups.

Next time you are downtown—shopping in crowded stores and feel tired—and worn out—step to the nearest soda fountain and order a bottle of Bevera—instantly, it will refresh you with its invigorating goodness.

Then when you get home—order a box of 24 bottles from your grocer or druggist—and your box will be delivered at once.

CHRISTMAS THIS YEAR

On this war-stricken earth Christmas glows again with brilliance and promise akin to the star in the East of long ago with the promise of peace on earth and good will to all men. This year, of all years, we need the spirit of love and good will that Christmas brings us. To make others happy—than this there can be no greater happiness for any of us. Cherished indeed will be the symbols of good cheer at this time, more than ever before—for the gifts will mean so much.

How Far Is Fifteen Minutes?

In these days of high speed, distance has to be considered in terms of time.

Home comfort is thought of as so many miles from business—usually too many. Long-headed enterprise has seen the way to reconcile time, comfort and distance and Shaker Heights is the practical answer—ten miles far, fifteen minutes near—the Rapid Transit does it.

How much? Well, a lot less now than when it is completed.

factory in this beautiful suburb. Careful consideration of the site convinced us that we have an exceptional property.

Stockholders and investors are invited to visit the property and inspect the work now being done. Switch track is being installed and the foundations for the buildings are under way. We have no desire to boast, but the sale of stock so quickly, has absolutely assured the future of this company and work will proceed without delay, weather permitting.

If you are not already a stockholder we invite you to join us. Full details are available for the asking and you are not obligated in any sense for same.

Our Preferred Stock has maximum earning power of 14 per cent.

Important Notice
For Your Protection

To prevent deaths from flueless heating and cooking appliances, the city of Cleveland, some years ago, in passing the Building Code ordinance, included the following:

"Flue connections. All boilers, furnaces, fireplaces, ovens, and all other heating or cooking apparatus, irrespective of the fuel used, shall be connected to a flue, chimney or stack in such a manner that all the products of combustion shall be conducted to the flue."

Therefore your safety demands that you:

FIRST: Never use a gas appliance without a flue connection.

SECOND: Inspect your chimney today—see that there is no soot or refuse to prevent fumes from escaping to the outer air.

THIRD: See that the dampers are not closed tight.

FOURTH Be sure that each appliance has sufficient draft to carry off the fumes.

In doing your part as suggested, the protection of yourself and family is assured.

The city is doing its share and we are co-operating in every way possible.

Our employes are forbidden to connect a meter where there are no flues or chimneys.

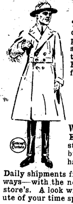
All Bond's Clothes Are Sold With a Definite Guarantee

How else could it be possible for Bond's organization to become, in a little over two years, a powerful factor in the clothing world, unless it was by fulfilling our every promise, backing up our every claim and guaranteeing definitely every garment we sell?

We know exactly what goes into every Bond suit and overcoat. We know exactly how they are tailored. We know it costs us less to "distribute" our merchandise and we know Bond's Clothes sell for about $10 less than the ordinary retailers charge for the same quality.



DIRECT TO YOU FROM OUR NEW YORK FACTORY

That is the foundation of our success. We put these clothes on your back for about the same price retailers pay to get the same quality of merchandise into their stores. On top of this price a retailer asks you enough to take care of his profit and operating expenses, but Bond has but one profit to make, and that is made at the factory.

SUITS — OVERCOATS — EVENING CLOTHES

Just One Price **$17½** Worth $5 to $10 More

WHAT STYLE DO YOU WANT—BOND HAS IT.

Every man has some sort of "hobby" when it comes to style. Some prefer one thing; others like something else but no matter what you like, if it's a good style, Bond has it.

Daily shipments from our New York factory keep our stock complete, always—with the newest styles many months in advance of any other store's. A look will convince, but does not obligate you to buy. A minute of your time spent in looking over Bond's Clothes may save you $10.

Overcoats with collars of Astrachan and other materials, $17 1-2.

LEGAL NOTICE

The unknown heirs and devisees of Edward Gleeson, Leroy Scovill and the unknown heirs and devisees of Leroy Scovill, Adaline A. Scovill and the unknown heirs and devisees of Adaline A. Scovill, all of whose places of residence are unknown and the names of the unknown heirs and devisees being unknown, will take notice that Edward H. Green as plaintiff, has filed a petition against them as defendants in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that he is the owner in fee simple and is in actual possession of the following described real estate, to wit:

Situated in the Township of Independence, County of Cuyahoga and State of Ohio, and known as being part of the original Independence Township lot No. Twenty-nine (29) in Tract Three (3) west of the River, and bounded and described as follows:

Beginning at a stake in the northwest corner of said lot No. 29; thence southerly along the center line of Brecksville Road, 20 rods; thence easterly parallel with the northerly line of said original lot No. 29, 42 rods; thence northerly parallel with the first described course, 20 rods to the northerly line of said original lot No. 29; thence westerly along the northerly line of said original lot No. 29, 42 rods to the place of beginning, containing 5 1-4 acres of land, be the same more or less, but subject to all legal highways.

The petition alleges that the defendants, the unknown heirs and devisees of Edward Gleeson, deceased, claim some interest in said premises hostile and adverse to plaintiff's rights, by reason of a certain mortgage recorded in Vol. 123, page 435 of Cuyahoga County Records, dated September 27th, 1857, executed by the then owners of the property above described in favor of the minor heirs of Edward Gleeson, which mortgage has never been cancelled of record, but the same has been fully paid; that the defendants, Leroy A. Scovill and the unknown heirs and devisees of Leroy A. Scovill, Adaline A. Scovill, and the unknown heirs and devisees of Adaline A. Scovill, claim some interest in said premises hostile and adverse to plaintiff's rights by reason of a certain warranty deed recorded in Vol. 100, page 81 of Cuyahoga County Records, dated September 25th, 1859, and executed by Leroy A. Scovill and Adaline A. Scovill in favor of Benjamin F. Sharp, in which deed no consideration is mentioned, altho a full and valuable consideration was paid by the said Sharp to the said Scovill.

The petition alleges that said defendants and each one of them have no interest in said premises whatsoever, and any claim they make is barred by the lapse of time and statute of limitations, but that the alleged claim they make constitutes a cloud on plaintiff's title; that none of said defendants, nor any one of them nor anyone claiming thru or under them have ever attempted to convey or to enforce any interest in said premises since July 27th, 1860, and that as against each and all of the said defendants this plaintiff and his predecessors in title have had, held and been in actual, open, notorious, continuous and adverse possession of said premises for more than twenty-one years last past.

The prayer of said petition is that each and all of the said defendants may be compelled to answer and show what, if any interest they have or claim to have in said premises, or be forever barred from asserting the same, and that said interest be adjudged to be null and void; that plaintiff's title in said premises be quieted as against each and all of the said defendants, and for relief.

Said petition is No. 160042 and the above named defendants are each of them required to answer the same on or before the 5th day of January, 1918.

Men Seem to Want Shirts More at Holiday Time

SHIRTS

—and it is very natural that they should. Prone to assume business days as matters of course, men and young men "take" to Shirts at holiday time as a vent, perhaps, to their gala feelings.

This is a very good time to give Shirts to men as Christmas presents—or to make due preparation therefor.

Especially are the assortments interesting here—Silk Shirts, no longer regarded severely as luxuries—others of serviceable madrases and [illegible] clearly fitting collar bands [illegible] masculine particular.

Silk Shirts, $3.85 to $12

Silk-mixtures, $2.00 to $3.50

Madras and Percales, 95c to $2.50

NOTICE TO CONTRACTORS TO BID

Sealed proposal for the construction of the Junior High School Building will be received at the office of the Clerk of the Board of Education of East Cleveland City School District, at 930 Williamson Building, Cleveland, Ohio, until 12:00 o'clock M., Central Standard time, on Monday, the 10th day of December, 1917, and will be open at the next meeting of the Board of Education, for work, labor, and material for masonry, steel and iron, rofing, sheet metal, and fire doors, lath and plaster, marble and sanitary floors, carpentry, painting, heating and ventilating, heat regulating, electric wiring, plumbing, gas fitting and sewers.

Bids will be received separately on any of the above items or trades, or general bids will be received for all of said work. Drawings and specifications are now on file and may be seen at the office of the Architect, Charles F. Schneider, 2258 Euclid Avenue, City. Each bid must contain the full name of every person or company interested in the same, and be accompanied by a certified check on a solvent bank in Cuyahoga county, payable to the Clerk in an amount equal to ten per cent of the amount of the bid. Condition that if said bid be accepted, a contract will be entered into and it performed promptly to the satisfaction of said Board of Education, and upon compliance with said conditions, said check shall be returned. Checks accompanying unsuccessful bids will be forthwith returned. The Board of Education of East Cleveland City School District reserves the right to reject any and all, or part of any and all bids. All bids must be on blanks furnished by the Architect and must be sealed up, addressed to the Clerk and endorsed on the outside, plainly showing the items bid upon and the name of the bidder.

CHAS. AMMERMAN, Clerk.

NOTICE TO CONTRACTORS

Sealed bids will be received by Charles Ammerman, Clerk of the Board of Education of East Cleveland City School District, at his office in the Shaw High School, Euclid Avenue, East Cleveland, Ohio, until 12 o'clock, noon, Central Standard Time, December the 17th, 1917, for furnishing all materials and performing all labor required in the erection of a brick fireproof building entitled Shaw Technical High School, to be erected in the rear and adjoining to Shaw Auditorium on Prospect Street, E. C., and the making of certain alterations and connection between the Shaw High School Building and the Shaw Auditorium Building; all in accordance with the plans and specifications prepared by W. H. Nicklas, Architect, 1900 Euclid Building, Cleveland, Ohio.

The plans, specifications, bidding blanks, form of contract and bond, etc., are on file at the office of the Architect.

Contractors who can give satisfactory references as to their responsibility and competency can secure duplicate copies of said plans and specifications for estimating purposes from the Architect.

All bids shall be made and submitted on blank forms to be obtained from the Architects and the price for labor and material must be stated separately. Each bidder may submit bids for any or all of the following items of construction or which comprise a combination of any of the items:

Item 1—Excavating, Foundation [illegible] Grading.
Item 2—[illegible] reinforced Con[illegible]
Item 3—Mason Work.
Item 4—Wterproofing.
Item 5—Cut Stone Work.
Item 6—Cement Work.
Item 7—Steel and Iron Work.
Item 8—Lathing and Plastering.
Item 9—Sheet Metal Work, Roofing and Skylights.
Item 10—Carpenter Work and Glazing.
Item 11—Painting and Varnishing.
Item 12—Sewer Work and Roof Drains.
Item 13—Alterations and Connections.

The time for completion of the work and the competency of the bidders will receive consideration before awarding all contracts.

Each bidder shall be held to have visited and examined the premises of the proposed building before submitting his bid for that purpose, acquainting himself with existing conditions.

Each bid must contain the name of every person interested in it and must be accompanied by a guarantee of some disinterested person in an amount not less than ten per cent (10%) of the total amount of the bid, as a guarantee that if the bid is accepted a contract will be entered into and its performance properly secured.

A corporate surety bond for fifty per cent (50%) of th amount of the bid satisfactory to the board is required on all contracts.

All bids must be sealed, addressed to the clerk and indorsed on the outside plainly showing the items bid upon and the name of the bidder.

Contractors, in order to have their bids considered, must bid on the basis of the materials, fixtures, devices, systems of fireproofing, etc., as shown and called for by plans and specifications. But they may also submit therewith alternate bids on the basis of other materials, fixtures, devices, systems of fireproofing, etc., which in their opinion would serve the purpose equally well or better if adopted in whole or in part by the Board of Education. Descriptions, drawings or specifications, or both, pertaining to such alternate bids shall accompany the bids and shall be attached thereto.

Bids will be opened at the board room in the Shaw High School, at seven o'clock p. m., Central Standard time, December the 17th, 1917.

The Board of Education reserves the right to reject any and all or parts of any and all bids, and to waive defects in favor of said Board.

By order of the Board of Education of East Cleveland City School District.
CHARLES AMMERMAN, Clerk.

LEGAL NOTICE

Eliza J. Tillotson, the unknown heirs and devisees of Eliza J. Tillotson, all of whose places of residence are unknown, and the names of the unknown heirs and devisees being unknown, will take notice that Peter Schneider as plaintiff, filed a petition against them, as defendants in the Court of Common Pleas of Cuyahoga County, alleging that he is the owner in fee simple and actual possession of the following described real estate, towit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being sublots Nos. 4 and 5 in Alphonso Holly's subdivision of part of original one hundred acre lot No. 269, as shown by the recorded plat in Volume 1 of Maps, page 30, of Cuyahoga County Records.

Said sublot No. 4 being 30 feet front on the southerly side of Pittsburgh Street (now known as Broadway S. E.) and extending back of equal width, 132 feet deep to an alley in the rear, as appears by said plat, be the same more or less, but subject to all legal highways.

Said sublot No. 5 is bounded and described as follows:

Beginning on the southerly line of Broadway S. E. (formerly Pittsburgh Street) at the northeasterly corner of said sublot No. 4; thence easterly along the southerly line of Broadway S. E., about 23 feet 1 inch to the westerly line of East 26th Street (formerly Holly Street); thence southerly along the westerly line of East 26th Street 97 feet 5½ inches to the northerly line of an alley; thence westerly along the northerly line of said alley, about 91 feet 8 inches to the southerly corner of said sublot No. 4; thence northerly along the easterly line of said sublot No. 4, 132 feet to the place of beginning, be the same more or less, but subject to all legal highways.

The petition alleges that the defendants above named claim some interest in said premises hostile and adverse to plaintiff's rights by reason of a certain mortgage executed on the 7th day of January, 1867, by Charles Dwyer, then the owner of said premises, in favor of the defendant, Eliza J. Tillotson, which mortgage is recorded in Vol. 144, page 618, of Cuyahoga County Records of Mortgages, and which mortgage, tho paid, is uncancelled upon the records.

The petition further alleges that the said defendants have no interest whatever in said premises, but the alleged claim they make constitute a cloud upon plaintiff's title; that none of said defendants has ever sought to convey or attempt to enforce any interest in said premises, and that as against said defendants, this plaintiff and his predecessors in title have had and held actual, open, continuous, notorious, uninterrupted, exclusive, hostile and adverse possession to said premises for more than twenty-one years last past, and that any right or title that the defendants or anyone of them ever had in said premises, has long since been barred by the lapse of time and the statute of limitations.

The prayer of said petition is that the mortgage above referred to may be cancelled on the records; that plaintiff's title may be quieted in and to said premises as against defendants and the claims of said defendants and for relief.

Said petition is No. 160395 and the above named defendants are required to answer the same on or before the 26th day of January, A. D. 1918.

GUARRDIAN MEN GIVEN PROMOTIONS; McINTOSH RETIRES

When J. A. House, first vice president of the Guardian Savings and Trust Co., became president of the institution upon the retirement of H. P. McIntosh from the presidency to the chairmanship of the directorate, a long series of promotions was set under way on the bank staff.

H. C. Robinson, second vice president, became first vice president and also was made a director of the bank; George F. Hart, third vice, became second vice president; J. A. Mathews continues as fourth vice president; H. P. McIntosh, jr., fifth vice president, became third vice president; C. E. Siegerth became fifth vice president; A. G. Stucky, assistant secretary and trust officer, was made sixth vice president, and C. P. Zurlinden was elected assistant secretary.

President House is 46 years of age. In September he accepted an offer from M. A. Hanna & Co., and expected to resign the vice presidency of the Guardian in January, but the Guardian directors have now prevailed upon him to remain. He began with the bank upon its organization twenty-three years ago as bookkeeper.

LEGAL NOTICE

Notice is hereby given that The Ohio Christian Missionary Society, through its trustees, A. R. Teachout, H. E. McMillin, Noyes P. Gallop, W. H. Cowdery and S. M. Parks has filed its petition in the Court of Common Pleas of Cuyahoga County Ohio, alleging that they are the duly cualified and acting trustees of The Ohio Christian Missionary Society of Ohio, that the said Society is a religious society duly organized and acting under and by virtue of the laws of the State of Ohio, and it is owner and holder in fee simple in the name of Albert R. Teachout, Treasurer, of the following described real estate, to wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being sublot No. 20 in H. J. Johnson, trustee's Reallotment of part of F. R. Elliott's Subdivision of original Brooklyn Township lot No. 3, as shown by the recorded plat of said reallotment in Vol. 14 of Maps, page 19 of Cuyahoga County Records, and being forty feet front on the westerly side of Golden Street and extending back of equal width, 129 feet deep to an alley in the rear, as appears by said plat.

The petition further alleges that said property is owned and has been held for investment purposes; that there is no building on said property, nor has the same been used for church purposes, and that no part of the same has been used or occupied as a burial place for the dead.

The prayer of said petition is for authority to sell said premises and for relief. Said petition is No. 160506 and any person, church, corporation or organization having or claiming to have any objection to the prayer of said petition may appear and defend on the 4th day of January, 1918, at 10:00 o'clock a. m., or as soon thereafter as the Court will hear the same.

SWEARS AT HIS SOCKS

Mrs. Jubb—Do you darn your husband's socks?

Mrs. Jones—I'm afraid I address them in even stronger language than that.

SPECTERS OF MISERY IN DRINK CURSED

Heart Cries of Wives Reach Neal Institutes

Those to Whom Thanksgiving Was a Dreadful Mockery Can Enjoy a Merry Christmas Through the Aid of the Neal Treatment

Christmas and the holidays are coming, but they hold forth little promise of joy in the home in which loved ones are in the dread bondage of drink. Several pathetic incidents recently occurred at the Neal Institute.

"This is Thanksgiving," wrote one wife, "but oh, what a day for a drunkard's wife. I have done everything in my power to stop my husband's drinking, but it does no good."

And another letter that bared the misery in a drink cursed home made this revelation: "I am an unhappy wife and mother of four children—the youngest only 13 months old. My husband does not realize that he is so fond of drink. This is Thanksgiving night and he is lying so drunk that he is altogether helpless. He was not here for dinner or supper and it makes my heart ache when my oldest boy only eight years old, asks:

"'Mamma, what's the matter with Papa?' He cannot stand up.' I just dread a holiday time. He is getting worse all the time and for his sake and for my childrens' sake I pray to God he may be saved."

There are thousands of men like that who cannot appreciate their danger or realize the awful dread that is tugging at the hearts of their loved ones.

The Neal Treatment has saved thousands of drink victims during the seven years that John D. Rockefeller's old homstead has been open to Cleveland's Neal Institute for the cure of alcoholism.

Three days of the Neal Treatment—a harmless vegetable remedy—taken internally, and with no dangerous hypodermic injections—are sufficient to change a hard drinker into a teetotaler. Drink appetite so-called is caused by the accumulated poison of alcohol found in the system of every drinker. The Neal Treatment quickly neutralizes and eliminates all this poison. With the poison knocked out, all desire for drink goes too.

If you have a husband, brother or friend who drinks to excess you can save him and enjoy with him the merriest sort of a Merry Christmas. Investigate. Send for booklet, "The Neal Way." Write or phone The Neal Institute, 2026 Euclid Avenue, Cleveland, Ohio. Telephone Rosedale 3490. Other Neal Institutes at Cincinnati, Pittsburgh and Detroit.

HERE IS WHERE COAL CAN BE BOUGHT AND DELIVERED

Anything pertaining to the fuel supply, under present war conditions, and scarcity of coal, to our readers, any information to alleviate suffering the coming winter, must be of interest.

Relief for East Cleveland and suburbs from coal shortage is assured by the opening of a new coal yard on Doan avenue and Nickel Plate railroad in East Cleveland.

The Morse Crable Company have purchased the property formerly owned by Fred Reaker, and will be ready to start active business by December 10th. They will have coal on hand at all times and will either deliver or allow the consumer to haul his own coal. Their slogan will be, "Any amount in yard from one hundred pounds to one ton. Come and get it."

The active officers are S. H. Needs, president; C. J. Crable, secretary, and F. W. Morse, general manager. Frank Morse and C. J. Crable have been associated with the Cuyahoga Coal Company for a number of years and are thoroughly experienced retail coal men.

Mr. Needs has been connected with the coal business some thirty years and is now vice president and general manager of the Bergholz Coal Mining Company, and his associates are operators of various mines which will insure the yard at all times against a shortage of coal. This paper predicts for the new firm a successful career in business, judging from the personnel of its directors.

LEGAL NOTICE

The unknown heirs, the unknown devisees, the unknown administrators and the unknown executors of Leonard Platt, deceased, the unknown heirs, the unknown devisees, the unknown administrators and the unknown executors of ——— Wieden, whose real name is unknown, being the unknown widow of Joseph Wieden, also known as Joe Wieden, also known as John Wieden, deceased, the unknown heirs, the unknown devisees, the unknown administrators and the unknown executors of Joseph Wieden, also known as Joe Wieden, also known as John Wieden, deceased, and the unknown heirs, the unknown devisees, the unknown administrators and the unknown executors of Rosie Smith, formerly, and also known as Rosie Wieden, deceased, the widow of Jacob Wieden, deceased, all of whose places of residence are unknown, and the names of the unknown heirs, devisees, administrators and executors being unknown, will take notice that John Wilkens as plaintiff, has filed a petition against them as defendants in the Court of Common Pleas of Cuyahoga County, Ohio, alleging that he is the owner in fee simple and in actual possession of the following described real estate, to-wit:

Situated in the City of Cleveland, County of Cuyahoga and State of Ohio, and known as being sublot No. 105 in Schmitt, Hunting, Bading, Kimmel and Waldenmeier's subdivision of a part of original Newburgh Township lots Nos. 283, 284, 285, and 287 now in said City. Said sublot No. 106 has a frontage of 40 feet on the northeasterly side of Kimmel Road, S. E., (formerly Kimmel Street), and extends back of equal width 140 feet deep along the southeasterly line of Sykora Road S. E. (formerly Sykora Street), as per plat of said subdivision recorded in Volume 5 of Maps, page 13 of Cuyahoga County Records.

The petition alleges that the defendants, the unknown heirs, devisees, administrators and executors of Leonard Platt, deceased, claim some interest in said premises adverse to plaintiff's rights, which constitutes a cloud on plaintiff's title for the reason that in a deed executed by Rosie Platt, also known as Rosa Platt, who was the wife of Leonard Platt, which deed was dated July 19th, 1892 and recorded in Vol. 534 at page 340, of the Records of Cuyahoga County, Ohio, the said Leonard Platt failed to join in said deed or to release his dower therein, but that the said Leonard Platt and no one claiming thru or under him has any interest in said premises for the reason that said Leonard Platt died previous to the death of his wife; Rosie Platt, also known as Rosa Platt, and that the dower of the said Leonard Platt never vested and that said real estate is free from the dower of the said Leonard Platt.

The petition alleges that the defendants, the unknown heirs, devisees, administrators and executors of ——— Wieden, real name unknown, the unknown widow of Joseph Wieden, also known as Joe Wieden, also known as John Wieden, deceased, and the unknown heirs, devisees, administrators and executors of Joseph Wieden, also known as Joe Wieden, also known as John Wieden, deceased, claim some interest in said premises adverse to plaintiff's right, which constitutes a cloud on plaintiff's title, for the reason that in an action before the Probate Court of Cuyahoga County, Ohio, in case No. 17526 wherein Leonard Platt, executor was plaintiff and Rosa Platt, et al, were defendants, Joseph Wieden, also known as Joe Wieden, also known as John Wieden, was described in the caption and petition in said action as John Wieden, and in which action the said Joseph Wieden, also known as Joe Wieden, also known as John Wieden, executed a waiver of summons and entry of appearance as defendant and consent to sell and signed the same, as Joe Wieden.

The petition alleges that said defendants have no interest in said premises whatsoever for the reason that the defendant John Wieden, named in the caption and body of said petition, was the same person as Joe Wieden who entered his appearance and executed a waiver of summons and consent to sell in said action, and was also the same person as the Joseph Wieden who executed a deed of the above described premises to Weronika Wieden on July 19, 1892, and recorded in Vol. 534 at page 340 of the Cuyahoga County, Ohio, Deed Records.

The petition alleges that the defendants last above named also claim some interest in said premises by reason of the fact that in the deed last referred to, Joseph Wieden, also known as Joe Wieden, also known as John Wieden, failed to describe himself as being married or unmarried, and no wife joined with him or released dower in said deed, but that said defendants have no interest in said premises for the reason that the said Joseph Wieden, also known as Joe Wieden, also known as John Wieden, and the unknown widow of said Joseph Wieden, also known as Joe Wieden, also known as John Wieden, have both since deceased, and the dower of said ——— Wieden, widow of said Joseph Wieden, aforesaid, was never set off to her.

The petition alleges that the defendants, the unknown heirs, devisees, administrators and executors of Rosie Smith, formerly and also known as Rosie Wieden, the widow of Jacob Wieden, deceased, claims some interest in said premises adverse to plaintiff's rights which constitutes a cloud on plaintiff's title for the reason that in a deed executed by Jacob Wieden on July 19, 1892 and recorded in Vol. 534 at page 340 of Cuyahoga County, Ohio, Deed Records, no wife joined with the grantor or released her dower in said premises.

The petition alleges that at the time of the execution of said deed the said Jacob Wieden was married and his wife's name was Rosie Wieden; that thereafter, the said Jacob Wieden and the said Rosie Wieden were legally divorced from each other, but that the above named defendants have no interest in the above described premises whatsoever, for the reason that the said Jacob Wieden has since deceased and that the said Rosie Wieden, who afterwards became the wife of one ——— Smith, real and first name unknown, has since deceased, and that the dower of the said Rosie Wieden, who afterwards became Rosie Smith, was never set off to her.

The prayer of said petition is that the defendants may be compelled to show their interest, if any, they have in and to said real estate; that the same may be adjudged to be null and void; that plaintiff's title to said real estate may be quieted against the said defendants, and the claims of said defendants, and for relief.

Said petition is No. 160033 and the above named defendants are required to answer the same on or before the 5th day of January, 1918.

A Letter From Harold R. Shaw, at Camp Sherman, Former New York Central Agent at Willoughby

The following interesting letter is received from Harold R. Shaw, formerly New York Central agent at Willoughby. Mr. Shaw is now with the U. S. Army, Sanitary Train 308, Camp Sherman:

Dear Friend Shipman:

Your letter received some time ago and would have answered before, but to tell the truth, they surely are smashing through the work and cramming first aid and medicine and other things as well, in our heads, for we are to be slipped out of here before long, for we are getting more clothes and our trench socks, and too, we have heard around the barracks that we are to go to Italy, but of course this is only a rumor.

You ask about drills. To tell the truth about it, we get very little drilling, but what we get is in the morning squad drills, which consist of about facings, right and left, right and left face, column right and left, on right and on left into line, and 4 right and left, right and left oblique, column of platoons, right turn and left turn, detachment right and left double time. This is in squads of 6 to 8 men, and later in the morning the whole company goes out for platoon drills and this is when we are put through the tests and all of these are up to the first four men in each platoon. In our company we have 83 men and there are four of them in this camp, and our company is in two platoons. I am number one man in the first platoon and I am to keep my head or take a bawling out, which I have not received to date, and am hoping that such will not happen, and if it is up to me I think that such will not be the case.

The reason for their thinking we will be the ones, is because we are considered the best drilled company of the four hospital companies, and all the boys are looking forward to our trip over. Of course it may be a different question, but do not think they will wince any. We will not be here, I think, by Xmas, and possibly not then. Of course we are not sure when we will go or where to.

I sure thank you for your kindness in your offer. I have a pair of wristlets and a pair of mittens and I know of some socks being knitted for me, and am sure a muffler would come in handy. Of course they will have to be of regulation color. I also have two sweaters, one given to me by outsiders, these for the whole company, and then one from a woman who told me she would knit me one as soon as I got away, and had not been here over two weeks when I received the sweater.

Well I must close and wish all the family and fellows at the shops the best of wishes and success.

Very Resp'y,

"SHAW"

Now that we are learning to get along with a pound or two of sugar a month, what is the matter with salt? We give up pie and cake. Chop wood. And now no salt for vegetables which we are urged to use freely. Can't even buy corn meal half the time. What next?

NEWS FROM WAITE HILL

Waite Hill, Dec. 4, 1917.

We're thankful we have no casualties of any kind to report among our Thanksgiving items, or deaths from overeating that big dinner which is quite remarkable after being used to conservation. Oh, those meatless, wheatless and sugarless days, will they ever end?

* * *

Mr. and Mrs. L. B. Sanborn were guests of their daughter, Mrs. Perry Johnson and husband, of Cleveland, over Thanksgiving.

* * *

The mumps are around again, but don't get "skeered," as they don't bother much.

* * *

Lyman Fenner and family were entertained on Thanksgiving by her parents, Mr. and Mrs. Asa Ferry at Chesterland, where a large family gathering was held.

* * *

Mr. and Mrs. L. B. Sanborn are expecting to leave Monday for Florida, where they will spend the winter. They enjoyed themselves there last winter immensely. We are wishing them a pleasant trip and a safe return.

* * *

Ernest Jennison and family ate Thanksgiving dinner with his parents, Mr Albert Jennison of Willoughby.

* * *

TWENTY-ONE FEAST

The Yaxey family enjoyed a picnic dinner Thanksgiving day at Mrs. George Yaxley's. Twenty-one people make quite a table full. Henry and family, Melvin and family from Willoughby, and Francis and wife and daughter and Mrs. Rachel Yaxley of Bainbridge, were all there and a merry time was enjoyed. Francis was the first one there in the morning. He motored from Bainbridge in one hour and a quarter, which is driving some for this time of year. And using the words of Mrs. Yaxley, we certainly had a glorious time.

* * *

Thursday afternoon Mr. L. F. Wyford and family of Collinwood and Henry Warner of South Willoughby, were callers at W. S. Hobart's.

* * *

Mrs. Hagar returned to Cleveland last Wednesday, having spent over two weeks with her daughter, Mrs. J. J. Lilley and family.

* * *

The Misses Katie Hill and Sylvia Lilley and Mable Rice were home from Andrews over Thanksgiving.

* * *

THEY GO INTO THE DITCH

A good many people are getting into the ditch around here on Waite Hill lately. Now is it because Ohio did not go dry or is it because our new strip of road was frozen before it was finished, which left it in bad shape? But it will be all smoothed up when the weather will permit them to work on it.

* * *

No sugar! Guess we'll have to patronize the mail order houses again, after we've been trying to be good and were buying at home.

* * *

TOO HARD FOR THE PIGS

We noticed an ad in The Republican recently of "hard corn" for sale. Now everybody in this neck of woods is complaining about their corn being soft. We've not had any hard corn only when it froze last week. Then it was so hard the pigs couldn't eat it until we thawed it out for them.

* * *

Mr. and Mrs. George Ellsworth and daughters Fannie and Georgiana were guests Thanksgiving day of Mr. and Mrs. Will Nash of Maple Grove.

* * *

Dr. Mars Carpenter and family of Cleveland were guests Thanksgiving of his brother, Mr. J. C. Carpenter and wife.

* * *

INSTRUCTIVE TALK.

There was a good attendance at the Parent-Teachers' entertainment at the chapel in Kirtland Tuesday evening last week. Mrs. Haskell of Geneva was the speaker of the evening and her talk was very interesting.

* * *

Mr. and Mrs. Raymond Francis were guests on Thanksgiving of her cousins, Mr. and Mrs. Kick of Munson.

* * *

Worth Baldwin and wife of Chardon were Sunday guests of their parents, Mr. and Mrs. W. Baldwin.

* * *

LAST DINNER

Mr. and Mrs. C. C. Webster had a family gathering on Thanksgiving day. Twenty-four was the number of children and grandchildren that did ample justice to a sumptuous dinner and as Mr. and Mrs. Webster are moving away, it probably will be the last "all get together" for some time.

* * *

Mrs. Maude Reese and daughter Althea of Willoughby, were over Sunday guests at D. M. Sanborn's.

* * *

A birthday surprise was gotten up by the Pedro Club for Mr. George Cross last Saturday evening. Some 60 or more were in attendance, refreshments were served and a jolly good time was enjoyed.

* * *

Cecil Webster returned Monday to Mt. Vernon where he is attending school.

* * *

Mr. Roesch of the firm of Roesch & Lesher is on a business trip to Oil City.

* * *

Mr. and Mrs. Lesher expect to spend Xmas at their home in Oil City.

* * *

Mr. Tom Brewster is at the home of his mother at the Kirtland hotel for an indefinite stay. He had the misfortune to have a limb taken off in an accident in Virginia a short time ago.

* * *

A little neighborhood gathering was held Monday evening for Mr. and Mrs. C. C. Webster who leave soon for a visit to their son Fred in Canada.

* * *

The W. C. T. U. will meet with Mrs. Oliver Cox next week Tuesday.

* * *

Mr. D. M. Sanborn has been suffering with bronchitis for some weeks.

* * *

HEAR SHE IS MARRIED

We understand that Miss Margaret Abell is married, but as yet we have not the particulars. She was formerly a Waite Hill girl, but now of New Jersey. She'll be remembered as the daughter of Margaret Wells Abell.

* * *

Now someone told us they had a roast pig for Thanksgiving dinner, but for the life of me I can't think who it was. But suffice it to say it was good, and we'll let it go at that.

* * *

Miss Helen Mackey was a guest of Miss Sylvia Lilley from Wednesday until Sunday. Also Kenning and Eva Brichford were guests of Miss Sylvia on Thanksgiving day.

* * *

At Andrews last Wednesday there was a test in sewing among a class of 9 or 10 girls to see which could draft a pattern and make a shirt waist the quickest. Sylvia Lilley won the honor and feels pretty good over it.

KIRTLAND RED CROSS REPORT

One new member has been added to the Red Cross, making the enrollment now 105. It is now required of all Red Cross chapters to send in a monthly report of all work accomplished during the month. We must all "do our bit" to make our report compare favorably with the others. The report for November was as follows:

55 towels,
3 doz. pillow cases.
5 sweaters.
21 pair socks.
3 doz. wash cloths.
1 pair wristlets.

The material for the work last month was furnished free to the societies from the R. C. surplus war fund obtained last June and amounted to $65.06 for Kirtland. It is expected that such material will be sent as long as the fund holds out—not long at present prices.

* * *

Stereopticon Show

There will be a stereopticon entertainment by Mrs. Tracy of Cleveland for the benefit of the Red Cross on Dec. 15th, at the town hall. The lecture will be on "India." Mrs. Tracy gives her time and service free of charge so the entire profit of the entertainment will be for the Kirtland Red Cross. Admission 25 cents.

There must be no breakdown on the farm if we expect to teach the Prussians a lesson once for all.

The program given at School district No. 10 was a success. Much praise is due the teacher and pupils. It was well attended. The play, "Rip Van Winkle," and the song "The Rheumatiz," were the favorites.

FORD FACTORY HAS 30,000 ON PAYROLL

Detroit has been often spoken of as the "Wonder City," owing to its marvelous growth in population, jumping from 465,766 in 1910 to 915,448 in 1917 doubling itself in the past seven years. The automobile industry is solely responsible for this miraculous growth. Detroit makes more than two-thirds of all the motor cars made in America and the Ford Motor Compan produces better than two-thirds of all the motor cars made in Detroit. So probably the greatest factor in the growth and general development of Detroit is the Ford Motor Company. About the first question the visitor to Detroit asks is "Where is the Ford?" 18,445 visitors passed through the Ford factory during the month of October. Think of it! They come from every part of the civilized world, and go away in pleased amazement over the aggressive efficiency they have witnessed. Probably the highest tribute this efficiency could receive lies in the fact that these thousands of visitors are conducted through the Ford factory every month without in the least disturbing the even regularity of the more than 33,000 worker.

DEFEAT AND VICTORY IN OHIO

Ohio's women have been deprived of the presidential suffrage by Ohio's chivalrous voters, but don't say defeat in Ohio where General Harriet Taylor Upton can hear you. "It's a great victory," she says. "Look at the gains in the suffrage column. We had no time for a campaign, but the tide of sentiment has turned toward suffrage in Ohio as elsewhere. Now we will work for the Federal suffrage amendment and Ohio women will vote for President in 1920 just the same, as will all the other women of the country."

Moreover, Lakewood, suburb of Cleveland, has flashed into place as a new star in Ohio's crown of municipa suffrage victories.

"Ohio is wild over the victory in New York!" wires Mrs. Upton.

A THANKSGIVING SONG

By Mrs. Martha E. Bales

A little sparrow on its branch,
One chill November day,
Upraised its little feathered head
And sang its feeble lay.
The cold breeze roughed its dingy coat.
The branch was bare and gray;
Chill rains had damped its cheery home.
Now mouldering in decay.
Yet it tried to sing its thanks to God,
With praise in its feeble way.

A little thoughtless wind-tossed child
Came trudging by that way,
And stopped to listen to the bird,
As it sang that chilly day;
And a winsome smile broke o'er her face,
Sweet as a sunbeam's ray.
She caught the spirit of the song,
And raised her eyes of blue,
And in her tender little heart
She tried to thank God, too.

A widow, heavy-hearted, sad,
With step both tired and slow,
Paused as she passed, her drooping head
With sorrow bending low.
She saw the little ruffled bird
That sang upon the spray,
And lifting up her eyes to Heaven,
She softly tried to pray.

We, like the sparrow, may do good
Even in a humble way.
What though the chill rains sometimes fall,
And clouds o'er cast the day?
The sun will soon shine out again.
With warm and pleasant ray;
So let us thank God all we can,
And do good while we may.

With thankful hearts and cheerful smile
O' let us sing and pray;
And let our thoughts e're heavenward rise
To seek his guide and stay.
A lesson well we all can learn
From little things each day,
E'en from a humble sparrow's song
Upon a leafless spray.

QUITTERS AND STARTERS

Do not be a quitter
With fear within your heart;
And do not be a starter
Of things that should not start.—Judge

LETTERS EX IN REGARD TO LIFFE'S RED C ATTENDANCE CHALLENGE

West Lebanon Circle Husks Corn and Delivers With Mule Team.

Attendant upon the interest felt at the Wickliffe Red Cross Circle in any unusually large attendance reported by any branch, Mrs. Coulby, leader of the Wickliffe circle, noted the excellent report recorded in the Lake division news of the branch at West Lebanon, Ind. She thereupon wrote to the chairman as below, receiving the attached letter in reply:

Chairman of West Lebanon Red Cross.

Dear Madam:

The village of Wickliffe, Lake county, has a population of less than one thousand inhabitants, of which more than one third are foreigners—who are not working in the Red Cross, as few speak English. We have a membership of one hundred and seventy-eight and a working membership of ninety-five members, working Wednesday and Friday afternoons and the first Tuesday of each month is an all day session, when reports are read.

An attendance record is kept, each worker marking her presence on a card at the door.

We are running eighteen sewing machines and fifteen gauze tables. In this section we have no mark for attendance, and your notice in the "News" naturally interests us.

May we ask what your exact daily attendance is each day in the work room? We infer it is sixty each day. And what you have for equipment?

If your daily attendance is sixty, I shall give myself the pleasure of visiting your Red Cross, if you will permit me—in order to learn and copy your methods of arousing patriotism.

We may be of mutual benefit to each other, so I beg of you the honor of an early reply.

West Lebanon, Ind.,
November 19, 1917.

Mrs. Harry Coulby,
Wickliffe, Ohio.

My Dear Mrs. Coulby:

I am somewhat at a loss as to the answer to make to your letter of almost a month ago. We were hardly responsible for the report you read at that time and I must confess that enthusiastic as we are, that report was slightly exaggerated. We had occasion to report to our state chairman for purely local reasons the comparative attendance of our own unit and the attendance of the one located at the county seat. Like you he felt we were doing a wonderful work, so he wrote it up for the News.

We sent a copy to the committee who waited on him at the capitol, asking that corrections be made to the editor of the paper. The corrections were sent immediately but the article had already gone to print, so we were, quite against our wills, the talk of the Central West.

When I read your letter I could not wonder that you were excited over being eclipsed. You surely are a very lively unit and must be turning out a lot of work. We have a membership of two hundred and fifty. Our average attendance in the work shop is between thirty-five and forty. That includes sewers and knitters. We are doing no gauze work since we felt we were not large enough to cover it. We never try to run more than ten machines and no one is allowed to stitch who does not do perfect work. Our patriotism is not confined to women. Saturday our leading grocer gave us ten per cent of his cash sales giving us a nice little sum of $22.04. We are anxiously waiting for the corn to dry as one of our large land owners is giving us all the corn we women can husk and deliver in one day with one team of mules. The farm is one mile and a half out. The elevator, not to be outdone, is offering us $2.25 per bushel for it.

Nothing succeeds like success so our attendance is steadily on the increase. We would be very glad to have you visit our work shop, but do not expect anything miraculous of us.

Very cordially yours,

MAMIE N. JUDY,

(Mrs. M. A. Judy.)

WESTERN RESERVE NOTES

Western Reserve went over the top in the Y. M. C. A. war work campaign. The quota was $10,000. $12,951.25 was raised. The average contribution per student was $10.50. The College for Women quota was $3,500. $4,902.25 was raised there. Adelbert with a quota of $2,500 raised $3,606.50.

The Western Reserve chapter of Sigma Delta Chi, national journalistic fraternity, gave a dinner at the University club last Saturday evening. Mr. Victor Morgan, editor-in-chief of the Cleveland Press and a member of Sigma Delta Chi, was the honor guest and the principal speaker.

Clark L. Mock, '20, president of the Adelbert College Y. M. C. A., announces a series of "Campus Night" dinners to be held weekly on Tuesday evening. Members of the faculty, alumni and prominent business and professional men will address these informal dinner meetings.

C. L. Howells, president of the Junior class, announces that a limited number of Junior parties will be held. Cards will be limited in price to one dollar. The initial party will be a military dance. The students will attend in their new uniforms.

KEEPING RECORDS ON THE FARM

(By Clayton L. Long, Lake County Farm Agent.)

Farming land is increasing in value, is harder to get each year. Today many farmers have more invested in land than many city men have invested in their business. Labor is scarce and as a result high in price. The cost of machinery has increased tremendously. Fencing, lime, fertilizer are rising. It is true that farm products are bringing a much higher price but the point of this article is this: The farmer today is handling more money than ever before, he is doing a big business. Years ago there were not many expenses so it was not necessary to bother much about coming out even at the end of the year. Under the changing conditions it is necessary that one know just what his business is doing each year if the capital invested is to be made to pay interest and the farmer paid for his labor and management. It is profitable [illegible] to keep a record of the [illegible] business and strengthen [illegible] places in the farm organization [illegible] show up.

TWENTY-FIFTH YEAR—NO. 45 WILLOUGHBY, O., DECEMBER 14, 1917. ONE DOLLAR A YEAR IN ADVANCE

Not Merely a newspaper BUT a NEWS-paper.

SERVICE FLAG IS PRESENTED AT MASONS' INSTALLATION OF OFFICERS

The intangible something called atmosphere, which was referred to most happily by Rev. Mr. Mc Culloch in his talk, was in evidence at the Masonic gathering for the installation of officers in their club rooms Tuesday night. It may have been created by the splendid and forceful remarks made by Frank Shankland, retiring Worshipful Master, at the opening of the ceremonies, or possibly by the happy manner in which L. W. Penfield, who acted as installing officer of the evening, started his work. At any rate everyone enjoyed the evening and found the ceremonies attendant upon the installation of the officers of much interest. S. D. Shankland acted as installing mar-

HEATLESS DAY IN WILLOUGHBY?

The severe weather, following the storm Saturday night, caused the coal shortage to be felt more keenly than at any other time this season. Heatless days appeared imminent in many homes. At the Cleveland Trust block the supply has been running low for some time, and it was reported that a quantity to help out temporarily, was secured through coal received for the Sherman garage Wednesday. The Willoughby Inn block is well supplied, having secured a car in the summer. From one to two or ten days' supply, and in some cases none, was the report in many places.

Wednesday the Wickliffe Supply Co. were entirely out.

SAMUEL AUSTIN TO TELL OF JERUSALEM

In view of the recent war reports, the announcement that Samuel Austin will tell of his personal trip to Jerusalem, is of special interest. He will give an illustrated lecture upon the city of Jerusalem at the Methodist church Sunday, December 16th, telling of his personal travels there.

HIGH SCHOOL NEAR COAL FAMINE

It was expected that the Willoughby high school might be obliged to close Thursday night, but a delivery of coal Wednesday tides the school over for this week. Thirteen schools closed in Cleveland Wednesday.

The Willoughby high school was practically the only school in the county open Monday. The Painesville schools and the district schools closed. In the morning drills were conducted in the W. H. S. gym, a teachers' meeting was held and considerable work accomplished. An unusually large attendance was recorded.

A LINE FROM DR. PICKARD

Dear Editor:

We will appreciate your kindness if you will forward the Republican to us at Park House, St. Petersburg, Fla.

We leave Chicago Tuesday, Dec. 11, and hope to arrive the 13th if the Queen & Crescent is not drafted by Uncle Sam by that time.

W. B. PICKARD.

Dec. 5, 1917.

Do your buying in Willoughby.

SUGGESTION FROM POSTMASTER WEBSTER

Here is a suggestion from Postmaster Webster: the postoffice doesn't often make suggestions, but Mr. Webster wants you to consider the thrift stamps now being offered in the light of Christmas gifts. It is a splendid idea. It has economic features. They are a splendid investment and they are as patriotic as anything can be.

Mr. Webster would like to explain some of their splendid features to you, and will gladly do so if you will call at the window.

SPENDS 91st BIRTHDAY IN FLORIDA

Mrs. Mary L. Bond, who makes her home with her son, E. L. Bond, and family at 21 Orange avenue, reached Tuesday of this week, her 91st year and is a remarkable woman for her age. No celebration of the event was made but Mrs. Bond received the congratulations of relatives and friends and their good wishes that she may have many more birthdays. Mrs. Bond was born in Saco, Maine, in 1826. She moved from Saco to Kirtland, Ohio, in 1843. In 1847 she was married to Ezra Bond who died December 25th, 1908. Mrs. Bond has been spending the winters in Florida for 25 years or more, but since the death of her husband has made her home in Daytona, going North quite often in the summer to spend all or a part of it with relatives at Willoughby, Ohio. She owns residence property on South Palmetto avenue but for several years past has been renting it and living with her son and family. She refers to Mr. Bond as her baby, although he has several grandchildren. Although of such advanced age Mrs. Bond takes an active interest in what is going on around her and is particularly fond of the "movies," which she attends regularly.—Daytona, Fla. Daily News.

SOLDIER RETURNS AFTER LONG ABSENCE

Post Quartermaster Sergeant Frank W. Hanlon, now stationed at Quantico, Va., who will be remembered as a Mentor boy, has just terminated a short visit with his mother, Mrs. R. A. Cobb, 68 Second street, after an absence of eight years in the service of the United States Marines, having served three years in Pekin, China, during the boxer uprising. He is hoping he will be one of the chosen ones to be sent across.

"POOR RICHARD'S" WAR CLUB FORMED

Ten young ladies of Painesville have formed the first war savings association in Lake county and applied to the United States Secretary of the Treasury for a charter for the club. It is organized under the name of Poor Richard's War Savings Association. The charter members are the Misses Mary M. Frost, Esther L. Wise, Agnes Bitzer, Melinda C. Ward, Laura A. Moodey, Florence E. Gage, Harriet McRitchie, Mary Moodey and Ruth Grant.

This club is the first step of the Lake County War Savings committee in organizing such clubs in societies, schools, neighborhoods, etc. The purpose of the clubs is to teach people to save money in small amounts and loan it to the government for war purposes.

The club members receive recognition from the government in the form of badges made by the United States mint. There are badges for five different ranks in the "army of thrift," soldier, captain, major, colonel and general. A "liberty torch" is stamped on each badge. Melinda C. Ward is chairman protem of the Poor Richard club.

A LINE FROM CORONADA

Coronado, Fla., Dec. 6.

Dear Republican: I am very pleasantly situated at this place. It is so warm we do not need wraps. The roses are blooming profusely and a great many other flowers. Please send this week's paper and the two weeks previous to this, that I have not had and oblige.

Mrs. C. M. Pomeroy.

Dr. J. Allen, veterinary, is now here to take care of Dr. McCollister's business. Phone 165.

THE WILLOUGHBY REPUBLICAN MOVES TO LARGER QUARTERS

The Willoughby Republican has moved its office from Erie street, to a first floor location in the Kennedy block, on West Spalding street, just back of the Kennedy & Rockefeller store.

This move has been contemplated for some time, it being necessary for The Republican to have larger quarters.

The new location affords considerable more floor space, and being on the ground floor, is considerably more accessible to the public.

A large Babcock press will be installed, so that all classes of printing may be done.

A comfortable office will be fitted up, so that news matter that our readers may have may be conveniently prepared there when desired.

The Republican believes that a newspaper is a public utility. It belongs to the public, and is the means of expression of the community.

In its new quarters, the Republican will have room to grow.

Having no party or personal allegiances of any kind, it can at all times give full expression to any side of any community question.

The Republican is adding to its subscription list daily. Its circulation has practically doubled.

Forty copies are sold regularly each week at Cottrell's newsstand.

The Republican aims to publish the NEWS of Willoughby and the surrounding county, and to co-operate and aid in every public benefit by its columns.

This is YOUR paper.

Come and see us in our new location.

It is YOUR co-operation that has aided in The Republican's growth.

"Willoughby a city in 1920" is a slogan advocated by Mr. Von Beseler. We want to adopt it, and that of growth, progress and improvement by way of a first class county paper.

THE WILLOUGHBY REPUBLICAN, West Spalding street.

LAKE COUNTY KNITTERS SET PACE FOR RED CROSS WORKERS; NEWS OF CHRISTMAS DRIVE

The Red Cross Christmas membership drive is not consuming all of the time of Red Cross workers. The output of Red Cross supplies for December will be enormous if all keep up with the pace of the knitters. On December 8 the Lake county headquarters had received 170 pairs of socks, and 165 sweaters.

The Christmas membership drive will be one long to be remembered. Many persons have expressed the wish to present Red Cross memberships as Christmas gifts this year, and the idea is becoming very popular.

Supplies for the membership campaign, such as buttons, service flags, and Red Cross literature, arrived at headquarters Saturday, and were distributed to team captains and work-

WATER AND LIGHT AFFECTED BY THE COAL SITUATION

Mayor Carmichael was in telephone communication with Homer Johnson and Mr. Cavanagh Wednesday in an effort to secure coal to relieve the C. P. & E. situation. It was arranged that coal would be shipped on to Painesville from Ashtabula. Willoughby, it is said, would be without water or light if the C. P. & E. were deprived of coal.

CONGESTED TRAFFIC CAUSES PLANT TO CLOSE DOWN

Owing to the congested traffic condition of the railways, the J. H. R. Products Co. have been obliged to close the main portion of their plant. The class of products they make freeze very readily, and shipments are made only in car load lots. A car shipped in September for export, is still in New York, and another car has been in Buffalo since November.

BUNGALOW FOR RENT

7 rooms, with store room and bath, hot water heat, garden space. 19 Wright St. Inquire Eugene Sherman.

RECORD OF RED CROSS WORK IN WICKLIFFE

Lake County Red Cross work is made up of work from Painesville, Willoughby, Madison, LeRoy, Perry, Unionville, Kirtland, Schaum district, Mentor, Concord, Fairport and Wickliffe. The supplies shipped for November were as follows:

Bed socks—8 pairs.
Handkerchiefs—276.
Bed sheets—63.
Draw sheets—35.
Pillow cases—190.
Hand towels—132
Desk towels—600.
Turkish towels—12.
Wash cloths—1152.
Sweaters—114.
Knitted socks—175 pairs.
Mufflers—23.
Wristlets—24 pairs.
Sleeping caps—3.
Shoulder wraps—180.
Comfort bags—137.
Compresses (9x9)—2740.

As the Wickliffe shipment for the month did not arrive before the list went to press that must be added to the above:

Compresses (9x9)—13,200.
Wristlets—[illegible] pairs.
Mufflers—2 (no longer wanted).
Knitted socks—55 pairs.
Sweaters—39.
Absorbent pads—106.
Surgical shirts—240.

WILLOUGHBY HAS CHAMPION KNITTERS

Knitting is not a fad in Willoughby. It is a serious, carefully pursued business. Witness the results. Fifty sweaters and eighty pairs of socks are now completed and ready for shipment. The Willoughby women are justly proud of their record.

SOLDIER BOY ENTERTAINED BY HIS CLASSMATE

Post Quartermaster Sergeant Frank W. Hanlon was entertained at a pleasant party given for him by Mrs. Clyde Allen, a former classmate, recently. Mr. Hanlon returned home Thanksgiving day, as will be noted in another column, and the party was given the Saturday evening following. About 15 school friends were in attendance, all having attended school together at Mentor. The gathering occurred at the home of Mrs. A. M. Seaghone.

COAL SITUATION SERIOUS AT C. P. & E.

The coal situation at the C. P. & E. was far from satisfactory Wednesday, according to Mr. Flint. The supply was very low and while they have coal on the way, unless it is received within a very few days, they may have to discontinue service. Between Willoughby and Cleveland hourly car service was maintained during the storm period; no limiteds. Between Painesville and Willoughby there was no service at all Monday, with hourly service Tuesday. Limiteds are not yet running, many cars becoming crippled during the storm.

THE RECORD OF

THE CITIZENS LOAN & BUILDING CO.

This Company was chartered in 1889, from a small beginning. We have steadily grown to resources over a QUARTER OF A MILLION DOLLARS.

We have received and disbursed millions of dollars and no person has ever lost a penny. But our greatest satisfaction is in the real good we have accomplished.

The past and purpose of this Company is to "HELP FOLKS TO HELP THEMSELVES."

All of every account on our books carries with it a story of vital human interest.

"THRIFT" IS NO NEW SLOGAN. WE HAVE TAUGHT IT FOR MORE THAN 28 YEARS.

Our transactions pulsate with life. We come in close touch with its hopes, ambitions and sorrows.

We have fostered the parents' pride when the savings account for the baby was opened; we have taught school children thrift; we have offered a safe and convenient place for wage earners to make pay-day deposits and provide for the "Rainy Day;" we have invested the funds of widows and orphans so as to yield the largest returns consistent with absolute safety; we have cared for many old age funds; our savings accounts have softened the sorrows of sickness, and perhaps best of all, we have satisfied the heart craving of many people for homes of their own at the lowest possible cost, which would have been impossible except for us.

We have paid from 5 to 51-2 per cent interest for more than 28 years.

Such is our record. We have made good. You can make good by dealing with us.

WE HAVE NO PAID SOLICITORS.

DR. HOUSE, PAINESVILLE, SUCCUMBS

Dr. Chas. Francis House, physician well known all over the county, passed away at his home in Park Place, Painesville, Tuesday morning.

Dr. House was 68 years of age, his demise occurring upon his birthday. He was born in Painesville and had practiced medicine there for 40 years. He was prominent in Masonry and many times president of the Lake County Medical society. He is survived by his wife, Isabel Radcliff House; a sister, Mrs. A. E. Cowles, of Buffalo, and a brother, J. H. House, who for a number of years conducted an industrial school in Greece. Funeral is arranged for Friday afternoon, from the residence. Friends throughout the county and state will miss the well known doctor.

ers at a meting held Tuesday, December 11, at the Court House in Painesville.

Mrs. George W. Stumm will be official manager at headquarters, 333 Main street, Painesville. A large Red Cross sign has been painted to be hung in the window so that all out-of-town workers may find the place without difficulty.

Transparent paper service flags have been furnished to be distributed to all Red Cross homes. There is one large Red Cross on the flag. Smaller Red Crosses are to be put on the flag, one for each additional Red Cross member in the family. If the entire family belong to the Red Cross, a white star is to be placed in the center of the large Red Cross. Large flags are provided for stores, factories, etc. Lake Erie college is making a mammoth cloth flag, which will display a Red Cross for every girl and for every member of the faculty. One cloth flag, home made, for a store in Painesville, cost only 65 cents. It is about two feet by three and a half, and made of sateen.

Christmas carol groups will be greeted everywhere by the lighted candles placed behind the Red Cross service flags. Christmas eve will this year be of special significance, for the Red Cross spirit will be fittingly joined to the Christmas spirit.

SIDE LIGHTS

It is reported that every garage in town had a machine waylaid by the storm Saturday night, in the effort to answer calls of folks desiring to reach their homes.

J. H. Smith has a palm leaf fan in his window; wondering about the whys and wherefores of the fan. One's thoughts are temporarily diverted from the subject of coal probably.

At the Willoughby Republican office they have burned up everything but the waste basket.

STORM CAUSES EXCITEMENT AT E. M. CROWTHER'S STORE

An incident resulting from the storm Saturday night, which fortunately had no serious ending, caused E. M. Crowther considerable distress Saturday night. D. H. Proper, left early for Kirtland, not realizing the severity of the blizzard. Mr. Crowther became worried about him as the storm increased in volume and phoned the Kirtland home. Finding he had not arrived, and subsequent telephoning bringing forth the same reply, a searching party was sent out from Kirtland and upon getting in touch with Marshal-elect Moloney about 12 p. m., he also started out through the storm to look for the missing man. He met the searching party from Kirtland. It developed that Mr. Proper had been picked up by Curry's automobile. They then met with a mishap in a snow drift at the foot of Whiting hill. Mr. Proper was taken in and given accommodations for the night at one of the Moore cottages.

What might have been a most serious experience was avoided, but it caused Mr. Crowther and many others a sleepless night.

ANDREWS BAZAAR AND BLIZZARD OCCUR SAME NIGHT—SOLDIER FROM FRONT PORTRAYS REALISTIC SCENES.

The bazaar given for the benefit of the French orphans Saturday last was well patronized, despite the fact that the worst storm of many seasons raged during the evening. R. D. Pinkerton, the speaker scheduled, took his listeners through his experiences on the firing line from the time of entering the army until the time he was discharged. He told of the nightmare of the boys who have passed through attacks; of the burying of his pal, and of the gruesome sights that the boys meet. He is a boyish appearing fellow and told his story simply and graphically. About $125 was cleared by the sales made at the bazaar.

Personal Mention -:- Social Happenings

The McCullough family, recent purchasers of the Dr. Smith home on Euclid avenue, are expecting the son, Ernest L., home from Camp Pike, Little Rock, on a furlough soon. Mr. McCullough is the regimental supply sergeant. He is a member of the Singers Club and the Hermit Club of Cleveland.

Mrs. E. T. Ford, writing from St. Petersburg, says that her rooms were full of roses brought to her at the time of writing, by Mrs. Henry Stewart. She tells of a trip up the river, which she greatly enjoyed, in company with Mrs. Taylor, Mrs. E. Hill, Mrs. Raymond Hill and others. Just 78 degrees in her room at the time of writing and they are enjoying new potatoes. Many pleasant auto trips through the country are enjoyed in Mrs. Eglan Taylor's Maxwell, also.

* * *

A good program and a pleasant time was enjoyed by the attendants at the Foreign Missionary Society meeting at the home of Mrs. Austin Wednesday afternoon. Mrs. Fischer, the scheduled speaker, was not able to come, account of the inclement weather.

* * *

Miss Rosie Hunkin of Kirtland is now employed in Benjamin Moseley's jewelry store as clerk.

Mrs. Claire Caldwell and Mrs. Charles Martin of Niles, arrived at the home of Capt. Burgess Thursday, to spend a day or so.

Miss Ida Roe was taken to Charity hospital and operated on Wednesday. She was reported as doing nicely on Wednesday night. Her mother, Mrs. J. N. Roe, planned to spend Thursday in town with her daughter.

* * *

Catherine Otis was taken to Lakeside hospital Tuesday for slight operations. It was expected she would be able to return home Wednesday.

* * *

The senior class gave a pleasant party at tse home of Elsie Spaller on Friday evening last. A most enjoyable evening was spent.

* * *

The eighth grade class enjoyed a bob sled party to Mentor Tuesday night, Barnes' team being called into play for a jolly party.

"Mother Goose and her party will hold full sway at the Methodist church Friday evening, the 14th.

* * *

Women who are not fully supplied with winter or early spring garments should notice Miss Rossiter's announcement in another column.

* * *

Frozen pipes and radiators caused considerable damage at the home of Mrs. Jessie Yaxley, now occupied by the McDonald family, this week.

Mrs. Martha Eddy has left for the city to spend some time with her son, Dr. Ray Eddy.

* * *

Willie Billson left Monday for Texas, where he will serve in the aviation field.

* * *

Mr. and Mrs. E. W. Hull left Saturday last for Eustis, Fla., where they will spend the winter.

* * *

Mrs. Clara Roe of Macedonia, has been visiting at the home of her sister, Mrs. J. N. Roe of Breezy Hill.

* * *

Miss Alice Hanscom has been indisposed with a severe cold. Miss Hanscom and Dr. Chesbro expect to occupy their new Euclid avenue home some time in February.

* * *

"The World in Cleveland, Missionary exhibit and program attracted many Willoughby people who are enthusiastic in their praise of the excellent program rendered.

* * *

The Woman's Missionary Society of the Presbyterian church met with Mrs. Brott Wednesday afternoon.

GALA OPENING FOR BASKETBALL TEAM

The Willows vs. the All Stars will have an auspicious opening of the season at the high school gym Saturday night. Mayor Carmichael will open the evening with a brief address. A large crowd is expected. After the game, the visiting team will be treated to lunch at the high school, prepared by the domestic science girls. Saturday week the Willows have accepted a challenge to play a Cleveland Congregational church team in Willoughby.

MAN BURNED IN ELM STREET FIRE

An explosion of a gasoline stove at the home of L. B. Rickerson on Elm street, resulted in serious injury to Mr. Rickerson Wednesday afternoon. He was filling the stove with gasoline when the explosion occurred.

Davis' ambulance took him to the Painesville hospital. Dr. Kenning, who attended him, reports that while badly burned, he may recover, unless too badly affected by the shock.

The fire department was called, the house having taken fire from the explosion.

KIRTLAND ROAD

Mr. and Mrs. H. R. Shatford spent Sunday in Nottingham.

* * *

Mr. Lewis Barstow writes from Ft. Hamilton New York, that he is getting along fine. He hopes to spend his Christmas back here at his friends and relatives.

* * *

Mr. Ira Rhodes and family extend thanks to his many friends who helped him in his critical moment. The winter days are cold to be without many clothes, theirs being burned in the late fire.

* * *

Snow drifts around here are up to the waist. We don't mind the snow if it wasn't so cold.

* * *

The Rhodes family are living in the house across from the school house, where Jacobs used to like. "We like it fine here but miss our neighbors," the girls say.

* * *

Mr. and Mrs. I. D. Rhoades and family thank every one who was so kind during the fire and afterward.

PAINESVILLE PIONEER PASSES

Frank Brown, one of Painesville's pioneer residents, passed away Monday morning at his home on East Erie street, having attained the age of 78 years.

Mr. Brown was born in Germany, coming to this country in his early youth. Fifty-six years of his life has been passed in this city.

Previous to his retirement he was engaged in the manufacture of cigars.

He is survived by his wife and four children.

The funeral services were held from St. Mary's church, Thursday morning and interment made at Evergreen cemetery.

ANDREWS NOTES

About $125.00 was cleared at the bazaar given for the French orphans. The girls and all connected with the affair have occasion to be proud of the result. Many expressions were heard as to the fine and dainty character of the needle work shown.

* * *

Mr. Brookins is doing nicely at Charity hospital, following the operation.

The Christmas dance at Andrews will be given Tuesday, the week before Christmas. The party for the younger set will be given Wednesday evening. Vesper service Friday. The school will close from December 21 to January 3.

* * *

Margaret Hull is ill with the mumps.

* * *

Marie Spence of Lakewood, visited her sister Mildred Monday.

TWO ORGAN RECITALS IN THE PRESBYTERIAN CHURCH

Mr. Gatty Sellers, organist in Queen's Hall, London, will give two organ recitals in the Presbyterian church, one on Saturday evening, Dec. 22, and one on Sunday afternoon, Dec. 23. We are able to have this famous organist here only because there were open dates with him and he agreed to come for whatever free-will offering he might receive. Usually he demands a guarantee of fifty dollars and stipulates that no tickets be sold for less than thirty-five cents. The church will gladly pay the local expenses in order to bring these unusual entertainments to the community. Ours is not a large organ, but Mr. Sellers says that the test of a real organist is his ability to secure artistic results from a small instrument.

Your Neighbor Owns His Home—You Can Also Own Yours

Like the great majority of happy, contented home-owners, he began by buying a lot, a little down, a little a month. Then he and his family made it their aim to pay it off as quickly as possible. They saved money that otherwise would have been spent.

With his lot paid for, it was easy to get a building loan and put up his house. Now he pays on the loan what he otherwise would pay out in rent—but lives in his own home. He, and not his landlord, is getting the benefit of its increase in value. He will have it clear of debt in a little while, and in the meantime, has paid nothing but rent.

REPORTED DESERTER RETURNS TO MONTGOMERY

Thos. McManus of Painesville, was reported as having deserted from the camp at Montgomery. He was stopping in Willoughby and the case was reported to Cottrell. McManus gave his name to Cottrell as Rollins and while Cottrell stopped in a store to phone the sheriff, the man quietly slipped away. He returned to his place at Montgomery, arriving there within the time limit of his furlough.

NEWS of the PLAINS

The Plains, Dec. 12, 1917.

Saturday night several Cleveland young men in a large Cadillac were on their way to Salida Beach where they intended to spend Sunday. About 11 o'clock they went into a ditch on Lost Nation road and here they stayed till morning. Two teams finally succeeded in pulling them out Sunday morning. A number of machines had to be pulled out of snow drifts on the same day on this road.

NEWS FROM WAITE HILL

Our letter this week will have to be short on account of the telephone being out of commission, as during that fierce blizzard Saturday night a tree blew down and smashed every wire from Hobart's corners on south and they're flat on the ground this Tuesday a. m. and no mail yesterday and doubt if there'll be any today as the roads are drifted so badly. So we feel as though we were cut off from the outside world. There isn't a bit of news of any kind, as we did not see one sleigh pass Monday. Sunday W. Hobart had a sick horse and had to go down to the Tannebaum farm to phone for a veterinarian, which took a lot of time. It seems as though when we need the telephone most it's out of commission. We probably wouldn't know how to appreciate our telephone service if it didn't go back on us once in a while.

* * *

That new dairy barn on the Tannenbaum is all inclosed but will not be finished on the interior until next spring. It is 160 by 83 feet and will house a lot of cattle.

* * *

Mr. and Mrs. John Abel of New Jersey announce the marriage of their daughter, Margaret Louise, to Lee Steward Heller of Newark, New Jersey. Miss Abell will be remembered as the granddaughter of Mr. and Mrs. H. O. Wells, all former Waite Hill residents.

* * *

Mr. Ed Tryon is here on a visit to his sister, Mrs. H. O. Wells and family. Mr. Tryon's home is now in Wenatchee, Washington, and this is the first time he's been back since leaving Willoughby seven years ago.

* * *

Manager Doddington of Tannenbaum farm was at the Chicago stock show with some 35 or 40 head of the famous shorthorn cattle.

* * *

Oh, joy, the linemen are repairing the telephone lines this minute.

* * *

Mrs. Sarah Cox was visiting relatives on Waite Hill several days the past week.

HARD LUCK

The elements are against our paving job here, as after working two days a number of farmers nearby turning out to give the contractor a lift, along comes old blizzard, six below zero Sunday and Monday morning and puts an end to all thought of road work, though teams have been today making their way up the hill. One wants daylight to make the trip every time.
